The Honorable Kenny Marchant  
U.S. House of Representatives  
2304 Rayburn House Office Building  
Washington, DC 20515

Dear Colleague:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to Japan, scheduled for February 16 to 23, 2019, sponsored by United States Association of Former Members of Congress and Sasakawa Peace Foundation USA.

You must complete a Member/Officer Post-Travel Disclosure Form and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. You must also report all travel expenses totaling more than $390 from a single source on the “Travel” schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

Because the trip may involve meetings with foreign government representatives, we note that House Members may accept, under the Foreign Gifts and Decorations Act (FGDA), gifts “of minimal value [currently $390] tendered as a souvenir or mark of courtesy” by a foreign government. Any tangible gifts valued in excess of minimal value received from a foreign government must, within 60 days of acceptance, be disclosed on a Form for Disclosing Gifts from Foreign Governments and either turned over to the Clerk of the House, or, with the written approval of the Committee, retained for official use.
If you have any further questions, please contact the Committee’s Office of Advice and Education at extension 5-7103.

Sincerely,

Theodore E. Deutch
Chairman

Addendum

4. This study tour is intended for current Members of the United States Congress; FMC invited Members of the House of Representatives and Senate who have previously expressed interest in Japan and U.S.-Japan relations—in particular, security, energy, trade, and social issues—and serve on committees relevant to the trip’s issue areas. Please find enclosed a list of all participants.

12. The Congressional Study Group on Japan is among the largest and most active parliamentary exchange programs between the U.S. Congress and the legislative branch of another country. The Study Group creates constant channels of communication and dialogue between American legislators and their counterparts in the Japanese Diet through regular roundtables in Washington, DC, throughout the year in addition to trips such as the 2019 U.S. Congressional Member Study Tour to Japan. It offers both Members of Congress and senior congressional staff a unique educational forum to examine issues including the U.S.-Japan security alliance, energy policy, bilateral and multilateral trade agreements, and social issues such as women in workforce and demographic change. FMC’s Congressional Study Group on Japan is responsible for organizing the seminar program, arranging meetings, and inviting expert speakers to the study tour. FMC is solely responsible for all invitations to and communications with trip participants, as well as the budget for the 2019 U.S. Congressional Member Study Tour to Japan.

Sasakawa Peace Foundation USA (SPFUSA) awards grant monies to fund the year-round programming of The Congressional Study Group on Japan as a part of their mission of promoting understanding between the U.S. and Japan. SPFUSA staff assists FMC in securing meetings in Tokyo and organizing logistics such as ground transportation in Japan.

15. b. 2) Tokyo is the financial and political hub of Japan, and the delegation will meet with high-level government officials, journalists and issue experts on issues ranging from security, women’s status to energy policies. Additionally, through meetings with students and cultural figures as well as a visit to Meiji Shrine, participants will gain a holistic understanding of Japan’s rich history, culture and religion.

Tohoku, the northeastern portion of Japan that includes Fukushima and Sendai, was the epicenter of the March 2011 Great East Japan earthquake and resulting tsunami and nuclear disaster at Fukushima Daiichi nuclear power plant. This disaster caused the deaths of tens of thousands of Japanese citizens as well as two American citizens. The earthquake and tsunami resulted in major damage to coastal areas and was compounded by nuclear contamination from the damaged Fukushima Daiichi plant, which forced the evacuation of tens of thousands of Japanese whom remain displaced to this day. Through meetings and site visits, trip participants will hear from local leaders and experts on how the disaster has impacted their community, how the U.S. has supported the region in the aftermath of the disaster, and what challenges remain with regards to energy needs and decontamination efforts.
