Dear Colleague:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to Israel,¹ scheduled for August 4 to 8, 2019, sponsored by American Israel Education Foundation.

You must complete a Member/Officer Post-Travel Disclosure Form and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. You must also report all travel expenses totaling more than \$390 from a single source on the "Travel" schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

Because the trip may involve meetings with foreign government representatives, we note that House Members may accept, under the Foreign Gifts and Decorations Act (FGDA), gifts "of minimal value [currently \$390] tendered as a souvenir or mark of courtesy" by a foreign government. Any tangible gifts valued in excess of minimal value received from a foreign government must, within 60 days of acceptance, be disclosed on a Form for Disclosing Gifts from Foreign Governments and either turned over to the Clerk of the House, or, with the written approval of the Committee, retained for official use.

¹ Please be aware that the Committee's review of the proposed trip does not extend to either the security situation in the destination country or security related to foreign travel in general. We recommend you contact the Sergeant at Arms (SAA) for a safety and security briefing prior to your departure. SAA may be reached at (202) 226-2044 or ohsstaff@mail.house.gov. House travelers should also register for the U.S. State Department's Smart Traveler Enrollment Program at <https://step.state.gov>.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.

Educational Seminar in Israel
Democratic Members of Congress
August 4-12, 2019**

Invitees

Founded in 1990, the American Israel Education Foundation (AIEF) funds Israel Seminars for members of Congress, and other political leaders. These educational seminars allow policy makers to understand the complex historical, religious and geopolitical context of the U.S.-Israel strategic partnership, and the Arab-Israeli conflict. Participants meet with Israeli government officials, military officers, members of the Knesset, U.S. government officials, Palestinian Authority officials and leading academics and journalists. For many of the participants, who make important decisions impacting Israel and the Middle East, these trips are their first, and sometimes, only exposure to the country.

Together with Imam Abdullah Antepli of Duke University, he co-directs the Institute's Muslim Leadership Initiative (MLI), which teaches emerging young Muslim American leaders about Judaism, Israel and Zionism. A renowned author and thought leader, his latest book, the New York Times bestseller, *Letters to My Palestinian Neighbor*, was published by Harper Collins in June 2018 to wide acclaim. 8:00-9:00 AM *Israeli Political Primer*
Breakfast with Professor Reuven Hazan
Political Science Professor, Hebrew University
-at the hotel

Israeli Political Primer

It is critical for trip participants to have an understanding of the parliamentary system in Israel. Professor Hazan explains how the parliamentary party system works, how coalitions rise and fall, and how Israeli politics differ from American politics. Since the group will be visiting with government officials throughout the week, we believe it's important to provide this overview early in the seminar. The group will also be arriving during an unprecedented interim Israeli government, as the Prime Minister was unable to form a coalition. Israeli voters who just went to the polls in March, will be heading back to the polls in September, making for a robust political conversation throughout the country.

Jerusalem

Throughout its 4,000-year history, the city of Jerusalem has changed hands many times. As home to the world's three great monotheistic religions — Judaism, Christianity and Islam — Jerusalem is probably the most disputed city in history. Today, the status of Jerusalem remains the most contentious issue in the Arab-Israeli conflict. Jerusalem has been at the heart of all Israeli-Palestinian negotiations. To understand the current political issues, it is critical to understand Jerusalem's history and the role it has played in shaping the Middle East. This seminar will include site visits to various locations in and around Jerusalem to give participants a first-hand look at the historic significance of the city, as well as its geographic layout.

Old City of Jerusalem & the Holy Basin

The Old City of Jerusalem is home to the holiest shrines of the three monotheistic religions, including the Temple Mount, the Church of the Holy Sepulchre, and the Al-Aqsa Mosque. During the Camp David II talks, the Palestinians and Israelis differed on the Jerusalem question, namely the Old City, the status of Arab neighborhoods just outside the Old City, and religious sites such as the Temple Mount.

The Holy Basin is the historic location of Jerusalem and refers to the land surrounding the Old City, including the Mount of Olives, which is believed to be the departure point for Jesus' final entry into Jerusalem and where Jews have been burying their dead for 2,500 years. The Holy Basin also includes the Western Wall, Judaism's holiest site, and the Temple Mount (Haram al-Sharif), sacred ground for Jews, Muslims, and Christians. Control over these sensitive areas remains among the largest disputes in the Middle East.

The professionally guided survey will walk through all of these sites and others, educating trip participants on their historical impact and their role in today's political discussions.

The City of David

The Israeli-Palestinian conflict has consumed an enormous amount of time and manpower from members of consecutive American Administrations as well as members of Congress. One of the most intractable issues in the conflict has been the question of the future of Jerusalem. Jerusalem's City of David, more than any other site, represents the complexity of this conflict.

The City of David is the site most archeologists agree to be the ancient city of Jerusalem that later became the capital of the united Israelite tribes under King David. This area is one of the most intensively excavated sites in the wider region. To Jewish Israelis, the site represents the beginning of their physical and emotional attachment to Jerusalem that has continued for over three thousand years.

At the same time, much of the site is located in the predominantly Arab neighborhood of Silwan. The residents of Silwan, and the Palestinian Authority leadership are opposed to the archeological efforts being carried out in the City of David. In several instances, homes in Silwan were purchased and then destroyed to open up more areas for excavations. Additionally, Palestinian leadership has denied in their official statements the existence of any Jewish connection to Jerusalem.

1:30-2:30 PM *A View from the Opposition*
Meeting with the Honorable Benny Gantz,
Leader of the Opposition, Blue and White Party

A View from the Opposition

The Honorable Benny Gantz served as the 20th Chief of General Staff of the Israel Defense Forces (IDF) from 2011 to 2015. In 2019, he started the Blue and White Party – named after the colors of the Israeli flag – along with Yair Lapid and Moshe Ya'alon. In the March elections, the new opposition party, The Blue and White Party, managed to attain the same number of seats as Prime Minister Netanyahu's Likud party. Netanyahu, tasked with forming a coalition government, was unable to do so, and Israelis will head to the polls again in September.

2:30-3:30 PM *A View from the UN*
Meeting with Nickolay Mladenov
United Nations Special Coordinator for the Middle East Peace Process
(UNSCO)
-at Olmaya

A View from the United Nations

Nickolay Mladenov is the United Nations Special Coordinator for the Middle East Peace Process (UNSCO). In this capacity, Mladenov is the Secretary-General's Envoy to the Quartet, and the Secretary General's Personal Representative to the Palestine Liberation Organization and the

Palestinian Authority. Mladenov was appointed in February 2015 and has extensive experience in public service and international affairs. Prior to this role he was Special Representative for Iraq and Head of the United Nations Assistance Mission for Iraq (UNAMI). He has served as Minister for Foreign Affairs and Minister of Defence of Bulgaria and was a Member of the Bulgarian Parliament and the European Union. He's held several positions in the intergovernmental and non-governmental sectors, including at the World Bank, the European Institute, the National Democratic Institute, the International Republican Institute, and other international organizations in South Eastern Europe and the Middle East, including Egypt, Iraq, Afghanistan, Yemen, and Morocco. Mladenov holds MAs in War Studies and International Relations.

3:30 PM Depart

4:00-4:45 PM *Strategic Survey of Jerusalem: Part I
Post 1967 Neighborhoods and the Security*

Post-1967 Neighborhoods

When Jerusalem was reunified in 1967, following 19 years of division, the State of Israel extended the city's boundaries to include the strategic hills surrounding Jerusalem. These hills served as launching pads between 1948 and 1967 for sniper and mortar attacks on Israeli parts of the city by the Jordanian Army. Since 1967, these hills have become vibrant neighborhoods, fully integrated into the fabric of Jerusalem. It is vital for those discussing the issue of Jerusalem to understand these neighborhoods' strategic importance and their relationship to the areas in the immediate vicinity.

Security Barrier

After scores of suicide bombings and daily terrorist attacks against its civilians launched following the breakdown of the Camp David II talks, Israel began construction of a security barrier near the pre-1967 "Green Line" between Israel and the West Bank to prevent Palestinian terrorists from infiltrating into Israeli population centers. Since its construction began, the number of attacks declined by more than 90% and the number of Israelis murdered and wounded decreased by more than 70% and 85%, respectively. The barrier is approximately 455 miles long. To Israel, the security barrier serves as a necessary obstacle to protect its people. To the Palestinians and others in the world, the barrier represents a physical and symbolic divide.

This seminar will survey the security barrier at different points along its route to see first-hand the barrier's construction, the operation of crossing points in and out of Palestinian areas, and the technology that facilitates its operation. Both en route to the barrier and at the barrier itself, the group will explore the competing arguments raised by the Israelis, Palestinians and the international community.

4:45 PM Return to hotel

6:30 PM *The U.S.-Israel Relationship: Part I
Meeting with Ambassador David Friedman*

The U.S.-Israel Relationship: Part 1

8:00-9:00 AM *Prospects for Peace*
Breakfast with Tal Becker
Legal Adviser, Israel Ministry of Foreign Affairs

Tal Becker

Since Israel's founding, the Jewish state has sought to reach a just and lasting solution to the Israeli Palestinian conflict. The United States has been closely involved in negotiations between Israel and the Palestinians. Dr. Tal Becker is a senior member of the Israeli peace negotiation team. In this position, he is on the front lines of many of Israel's most pressing diplomatic, legal and policy challenges. He is a veteran negotiator, and key behind the scenes representative, for Israel in a wide variety of contexts. During this session, he will address the prospects for peace in the current

political climate. He will also discuss the complex challenges that have prevented a final status agreement thus far.

9:00 AM Depart for Yad Vashem

9:30-11:30 AM *Remembering the Victims of the Holocaust*
Guided survey of Yad Vashem Holocaust Memorial and Museum

Yad Vashem

One cannot understand Israel's position on Iran's nuclear program without understanding the trauma of the Holocaust. Israelis view threats to its destruction in light of the events of the 1930s and 1940s, when the German government's threats to exterminate the Jewish people were not taken seriously by the international community. This museum provides an important reference point as to how Israelis interpret the threat of an Iranian nuclear program and Iranian leaders committed to Israel's destruction.

Yad Vashem, the Holocaust Martyrs' and Heroes' Remembrance Authority, was established in 1953 by an act of the Israeli Knesset. Since its inception, Yad Vashem has been entrusted with documenting the history of the Jewish people during the Holocaust period, preserving the memory and story of each of the six million victims, and imparting the legacy of the Holocaust for generations to come through its archives, library, school, museums and recognition of the Righteous Among the Nations. Located on Har Hazikaron (the Mount of Remembrance) in Jerusalem, Yad Vashem is a sprawling complex of museums, exhibits, archives, monuments, sculptures, and memorials.

Every foreign leader that travels to Israel visits Yad Vashem. Yad Vashem has become a symbol of the Jewish people and its transformation from total helplessness to self-reliance and strength. Thus, a visit to Yad Vashem provides a historical context for the Jewish state. The museum's professional docent will guide the group through the main exhibit hall and the children's memorial.

10:15 AM Depart for the North

11:00 AM-12:00 PM *Israel's Narrow Waistline*
Strategic Briefing at Alfei Menashe

Alfei Menashe

Alfei Menashe is a Jewish community located on the western edge of the West Bank. Less than 10 miles from the Mediterranean Sea, Alfei Menashe provides a unique vantage point to discuss Israeli settlement policy, the routing of the security barrier, as well as Israel's narrow waistline.

The sliver of Israeli land west of the West Bank is often referred to as the Hadera-Gadera rectangle, with the city of Hadera denoting the northern point, and the city of Gadera the southern point. The Hadera-Gadera rectangle is home to over 50 percent of Israel's population, as well as civilian infrastructure. The area is also home to Israel's "Silicon Valley," as well as Ben Gurion international airport.

The discussion at Alfei Menashe will allow participants to see firsthand the proximity of Jewish and Arab neighborhoods in both Israel and the West Bank, as well as the strategic threats faced by the Israeli population living in Israel's narrow waistline.

12:00-2:00 PM *Settlements in Focus*
Lunch with:
▪ Yariv Oppenheimer, Former Head of Peace Now
▪ Oded Revivi, Mayor of Efrat

Settlements in Focus

Israeli settlement policy is one of the more complex issues in the ongoing negotiations between Israelis and Palestinians. Mayor Revivi is the Mayor of a settlement in the West Bank; Yariv Oppenheimer is the former head of Peace now. This session provides an opportunity for members to get an insider's perspective on Israeli settlement policy, the differing views among Israeli citizens, and the role settlements play in the current political climate.

8:30-11:00 AM *Historical Significance of the Sea of Galilee*
Visit to Historical and Religious sites around the Sea of Galilee

- Mt. of the Beatitudes – Sermon on the Mount
- St. Peter's Church – Primacy of Peter
- Capernaum – Jesus's Village

Christian Sites at the Sea of Galilee

As part of the seminar's focus on the complex religious fabric of Israeli society, the group will be visiting several of the most sacred sites for Christians in the Holy Land. Included is a guided survey and discussion of some of the most important events in the life of Jesus by the Sea of Galilee. Just as strategic surveys in Jerusalem focused on Jewish, Muslim, and Christian history and claims to the land, the site visits to the Christian sites help provide context for the competing religious narratives for the land of Israel. For example, we will be visiting the Mount of Beatitudes, where Jesus delivered the Sermon on the Mount, the most studied and read speech of any religion in history. Our guide will also lead discussions through Capernaum and St. Peter's Church.

11:00 AM Depart for the Golan Heights

12:00-1:00 PM *Northern Border Concerns, Part II*
The Syrian Border
Strategic Briefing with Captain (Res.) Ilan Shulman, Northern Command
-at Har Bental

Israel's Northern Border Concerns: Syria

Captain (Res.) Ilan Shulman, a disabled IDF veteran, divides his time guiding geopolitical tours on the Galilee and Golan Heights, lecturing to students, giving geo-political briefings for delegations through various Israeli foreign ministry programs, and fulfilling his IDF reserve duties in the Northern Command's intelligence unit. Shulman was raised in Kibbutz Merom Golan near Israel's border with Syria, where one of his favorite jobs was herding the kibbutz cattle. Shulman served in the IDF's paratrooper's unit, rising to the position of company commander. He holds a BA in Israel and Middle East Studies. During this session he will take participants to the border between Israel and Syria and provide an overview of the Syrian civil war.

1:15-3:00 PM *Ethics in the Israel Defense Forces (IDF)*
Lunch with IDF soldiers
-at Habokrim

Ethics in the IDF

Ruach Tzahal (Literally, 'Spirit of the IDF') represents the values of the Israel Defense Forces and stands as the foundation for the responsibilities of Israel's army. This overarching ethical code, and the guidelines and operation resulting from it, shape the mode of action applied by all IDF soldiers and units, both in peace and at war. During basic training, every IDF soldier studies and analyzes

the code of ethics together with their commanders. It is customary for a framed copy of the code to be hung in every commander's office as a constant reminder of the IDF's values and guidelines. During lunch, participants will be joined by soldiers in the Northern Command, who will discuss the challenges of serving in a region overtaken by the Syrian civil war.

3:00 PM Depart for Jerusalem

3:00-4:00 PM *En route briefing:
Jordan: Relations with Israel, and the Growing Refugee Crisis*

Jordan: Relations with Israel, and the Growing Refugee Crisis

The tour guide will spend approximately an hour during the drive through the Jordan Valley to explore several topics related to Israel's eastern neighbor: specifically, Israeli-Jordanian strategic cooperation, as well as the implications of the Syrian civil war on the Kingdom.

The Hashemite Kingdom of Jordan became the second Arab country after Egypt to recognize Israel when it signed a comprehensive peace agreement that ended nearly five decades of warfare. Shepherded by United States President Bill Clinton, the accord signed on Oct. 6, 1994, marked the onset of a new era of economic, cultural, and political dialogue and cooperation between the two countries.

In recent years, the two countries have worked together to combat the increased threat from terrorism by coordinating their security efforts and preventing infiltrations across their shared border. Today, Jordan hosts over 1.4 million Syrian refugees fleeing civil war. Following our discussion with Israeli soldiers patrolling the Syrian border, our guide will address how the influx of Syrian refugees and the threats in the region impact Jordan internally; as well as relations and further potential for strategic partnership between Jordan, the United States, and Israel.

Afternoon Republican Delegation Arrives

8:00-10:00 PM *Reflections on the Sabbath in Jerusalem*
Sabbath dinners with Jerusalem families

Reflections on the Sabbath in Jerusalem

Israel, the only Jewish country in the world, boasts the unique tradition of honoring the Jewish Sabbath from Friday sundown until Saturday sundown. 80 percent of the Israeli population will commemorate the Sabbath, in various forms, which typically include a family dinner and special blessings. The Sabbath is especially significant in Jerusalem, home to the holiest site for Jews worldwide - the remains of the First and Second Temple.

The dinner will include a discussion on the importance of Jerusalem to the Jewish, Christian and Muslim populations; the potential for a final status agreement on Jerusalem (arguably the most sensitive final status issue); and the diplomatic challenges faced by Israel and the United States regarding Israeli urban development in the area.

10:00 PM Overnight at the King David Hotel, Jerusalem

SATURDAY, AUGUST 10, 2019

- 7:30 AM Breakfast on own
- 8:00 AM Depart for Masada
- 9:30-11:45 AM *History and Geopolitics of the Roman Empire*
Guided survey of the National Archeological Park at Masada

Masada

Masada, which was excavated in the 1960s, is considered one of the most important archeological sites in Israel. Masada was the site of the last stand of the Jews in Israel after the Romans destroyed Jerusalem and the Holy Temple in 70 A.D. A group of Jewish zealots fled to the Judean Desert and lived in the former mountaintop fortress of King Herod known as Masada for two years resisting the onslaught of the most powerful army in the world. Determined to break the resistance, the Romans finally scaled the mountain to capture and enslave the Jewish rebels. However, when they finally arrived, they found that all the men, women and children had killed themselves as a last act of defiance. They refused to give in to the Romans and become their slaves.

The ancient story of Masada has important contemporary relevance for the modern State of Israel. "Masada shall never fall again" has become the watchword of the country which has faced existential threats since its founding in 1948. Israel's elite military units, for example, are sworn in on top of Masada in a symbolic act of defiance against Israel's contemporary enemies. These soldiers along with the thousands of Israeli school children who visit Masada each year learn the lesson that Israel should never become so weak again that it would ever face national suicide as an option.

We will spend approximately two hours atop of Masada with a professional guide. The time at Masada with the guide is focused on three areas: 1. touring the ancient excavations; 2. learning the narrative of Jewish resistance to the Romans backed by the archeological and historical evidence; 3. discussing the importance of the Masada story to the contemporary Middle East and the threats in the region.

- 11:45 PM Depart for Dead Sea
- 12:00-2:15 PM *Exploration of the Dead Sea Region*
Lunch
-at Herods

Dead Sea Region

During our drive to and from the Dead Sea area, as well as during our visit to the Dead Sea, our tour guide will discuss a variety of issues integral to understanding the region, the country, and relations with both the Palestinians and Jordanians.

It is important to note that the region is mostly desert. For decades, Israel has been challenging this arid area and developing its agricultural potential. While the Middle East is suffering from water shortages, Israel, through modern technology and water conservation policies, including the

recycling of over 80 percent of water used for domestic purposes and transferring it to agriculture, has literally “made the desert bloom.” Some of this technology is already being shared with Jordan and the Palestinian Authority. All sides realize that a comprehensive regional water policy will ensure food production necessary to satisfy the Middle East’s growing population. For example, in late 2013, the three parties agreed to build a Red Sea-Dead Sea water project to address the shortage of fresh, clean water in the region and the rapid loss of water at the Dead Sea. This highlights the growing importance for Israel and her Arab neighbors to work together on joint environmental projects.

The key regional players also face serious environmental issues in the Dead Sea region. One of the major environmental concerns is the receding of the Dead Sea and the appearance of sinkholes, which cause the earth above to collapse. Roads, fields and buildings have collapsed due to this phenomenon, and experts are concerned the tourist infrastructure along the Jordanian and Israeli shores of the Dead Sea are also in danger. This issue has led to unprecedented cooperation between Israelis, Jordanians and Palestinians and serves as a model for regional cooperation.

- 2:15 PM Depart for Jerusalem
- 3:45 PM Arrive at hotel
- 4:00 PM Depart for Bethlehem (optional)
- 4:30-5:30 PM *Visit to the Church of the Nativity*
-in Bethlehem

Bethlehem

One of the main objectives of the seminar is to provide participants with a deep understanding of the Israeli-Palestinian conflict. The city of Bethlehem is located just three miles from Jerusalem but already lies in a different country. Bethlehem is under full control of the Palestinian Authority. It is separated from Jerusalem by a security barrier and those traveling between Jerusalem and Bethlehem need to pass through a border checkpoint. By visiting Bethlehem, participants witness firsthand Palestinian self-rule. They also observe how the border checkpoint operates – this is especially important because each day thousands of Palestinians enter through such checkpoints on their way to work in Israel.

Additionally, the New Testament identifies Bethlehem as the birthplace of Jesus, making it one of the most significant religious sites in the world.

10:00-11:00 PM *The Ninth of Av*
Optional: Old City night tour to see worshipers at the Western Wall

The Ninth of Av

Tisha B'Av, the 9th day of the month of Av (August 10-11, 2019), is the saddest day on the Jewish calendar, on which Jews fast, deprive themselves and pray. It is the culmination of the Three Weeks, a period of time during which Jews mark the destruction of the Holy Temple in Jerusalem. Several devastating events in Jewish History occurred on the 9th of Av – both holy Temples in Jerusalem were destroyed, the Bar Kochba revolt against the Romans in 133 CE ended in defeat, the Jews of England were expelled in 1290, and the Jews of Spain were banished in 1492. On the ninth of Av, thousands of Jews from all over Israel gather at the Western Wall to pray.

Agriculture, Volcani Institute

Volcani, or the Agricultural Research Center (ARO) is the Israeli Ministry of Agriculture's research center. The Israeli government has undertaken an effort to become one of the world leaders in agricultural innovation. The objective of the delegation's visit is to learn about Israeli innovation in Agriculture, and to explore potential future U.S.-Israel collaborations and partnerships in this field.

Cybersecurity, Ben Gurion University

The United States and the State of Israel are working together to protect their cyberspace from attacks. In July, U.S. Homeland Security cybersecurity experts spent a week in Israel sharing their know-how and experience with their Israeli counterparts. Both teams spent half of the time at the Cyber Security Research Center at the Ben Gurion University of the Negev in Beer Sheeva. The hub is home to a number of multi-nationals who are working with Israeli experts, including the Cyber Bureau in the Office of the Prime Minister, the Cyber Warfare department of the Israel Defense Forces, and those engaged in research at the university. This coming fall, a larger U.S. Homeland Security team is expected to spend time at the hub.

Track 3: Missile Defense, Palmachim

10:15 AM Arrive at Palmachim Air Force base
10:30 AM Orientation with Officer
10:45 AM Site visit to Arrow 3 and drones
11:45 PM Lunch on the base with soldiers
12:20 PM Depart

Missile Defense, Palmachim

The close partnership between the United States and Israel has yielded leading military technologies, particularly in the field of missile defense. Jointly developed by the two allies, the Arrow is among the world's most sophisticated missile shields. It is the only operational system that has consistently proven that one missile can shoot down another at high altitudes and supersonic speeds. A centerpiece of the interaction between the two militaries has been combined missile defense training, including the biannual Juniper Cobra exercise. In this maneuver, U.S. and

Israeli forces practice cooperative tactics to counter the growing threat from ballistic missiles and long-range rockets.

Track 4: Port Security, Ashdod

10:15 AM	Arrive at Ashdod Port
10:30 AM	Orientation with Yigal Maor, Director General of Ministry of Transport, and Dov Frohlinger, Deputy CEO-New Terminal Operations
10:45 AM	Site visit of the port and security facilities
11:45 AM	Lunch at the port
12:30 PM	Depart

Port Security, Ashdod

The Port of Ashdod is one of Israel's two main cargo ports, along with the Port of Haifa. The port is located in Ashdod, about an hour south of Tel Aviv. Its establishment significantly enhanced the country's port capacity. It handles the largest volume of cargo containers annually of all Israeli ports. Ships carrying humanitarian aid for the Gaza Strip also unload their cargo at Ashdod. Both Haifa and Ashdod face shelling threats—the former, from Hezbollah rockets in Lebanon and the latter from Palestinian rockets from the Gaza Strip. The port's security center includes a command center that is manned 24 hours a day, 365 days a year. Security procedures include the examination of crews and passengers on cargo ships as well as tourist ships exiting and entering the State of Israel thru the Port of Ashdod.

Track 5: Water and Desalination, Mekorot National Water Plant

10:15 AM	Arrive
10:30 AM	Orientation and introduction to water and desalination
11:00 AM	Site visit to Mekorot National Water Plant
12:00 PM	Depart Lunch at Kibbutz Masuot Yitzchak

Water and Desalination, Mekorot National Water Plant

Israel is the world leader in innovation designed to overcome water scarcity. Due to its own need for sustainable water, Israel supports innovative methods, technologies, and holistic water resource management. Overcoming the challenges of an arid climate and scarce natural water reserves has always been a vital necessity for the growth of Israel's population and economy since the founding of the state. This has led to continuous improvements in Israel's water sector, through innovation in technology, practice and long-term planning. Israel treats and reuses almost all of the nation's domestic waste water for irrigation in the agricultural sector. Almost half of Israel's drinking water comes from innovative desalination efforts. Dozens of countries from around the world – including the United States – come to Israel to learn its water saving methods.

Track 6: Energy, Noble Energy

10:15 AM	Arrive at Noble Energy
10:30 AM	Briefing on energy distribution to neighboring countries
11:30 AM	Survey of Center
11:45 AM	Lunch
12:30 PM	Depart

Energy, Noble Energy

It has been United States policy since 1973 (the Arab boycott during the Yom Kippur War) to aid the State of Israel in ensuring the country is not cut off from energy sources. Over the years the U.S. has worked with its European allies to help Israel diversify its energy sources. At the same time, the U.S. government encouraged American energy companies to establish working relations with their Israeli counterparts. Yet, due to the continuing Arab boycott, the Americans refrained from investing in Israel for fear of being cut off from much larger Arab markets. Finally, Houston-based Noble Energy decided to partner with Israel's Delek company in exploring areas in the Mediterranean Sea which could potentially hold significant natural gas deposits. Within a few years, significant deposits were found. At present Noble Energy is pumping enough natural gas to supply about a quarter of Israel's energy needs. At the same time, Noble Energy has begun to sell natural gas to Israel's neighbors – Jordan and Egypt – as well as to some European countries, and it expects to recoup its original investment in the next two to three years, while at the same time helping Israel to become energy independent and eventually a natural gas exporter.

1:00-1:30 PM Groups reunite at Iron Dome

U.S.-Israel Strategic Cooperation
Visit Iron Dome battery

The Iron Dome

The Israel Defense Forces (IDF) typically honors our request to visit an Iron Dome battery, the joint U.S.-Israel funded rocket defense program. The military typically approves any visit to an Iron Dome location the week before the trip due to the constantly shifting security situation on the ground. A visit to an Iron Dome battery includes meeting with the soldiers and the commanding officer.

Meet with local kibbutz residents
-at the Netiv Ha'asara Peace Wall, Kibbutz Netiv Ha'asara

Israel's Southern Front

Since 2001, Israeli communities bordering the Gaza Strip have been living under the threat of rocket fire. Since the Israeli withdrawal from the Gaza Strip in 2005 and the Hamas takeover of the Gaza Strip in 2007, the volume, range and accuracy of the rockets has only increased. The summer of 2014 witnessed Operation Protective Edge, which returned the issue of rocket fire from Gaza to international headlines. During the strategic overview (several locations), participants will be able to see the border between Israel and the Gaza Strip, to better comprehend the landscape of the region, as well as the unique challenges faced by this area. The visit to Kibbutz Netiv Ha'asara and meeting with local residents will be an opportunity to better understand the reality of living just kilometers from Israel's border with Gaza, to learn how almost 15 years of rocket fire has shaped those living in the communities most affected, to discuss the advent of Hamas "terror tunnels" into Israel's border towns and how communities have sought to cope with the threat on their doorstep, both physically and psychologically.
