Dear Colleague:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your and your spouse's proposed trip to Israel,¹ scheduled for November 2 to 10, 2019, sponsored by American Israel Education Foundation.

You must complete a Member/Officer Post-Travel Disclosure Form and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. You must also report all travel expenses totaling more than \$390 from a single source on the "Travel" schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

Because the trip may involve meetings with foreign government representatives, we note that House Members may accept, under the Foreign Gifts and Decorations Act (FGDA), gifts "of minimal value [currently \$390] tendered as a souvenir or mark of courtesy" by a foreign government. Any tangible gifts valued in excess of minimal value received from a foreign government must, within 60 days of acceptance, be disclosed on a Form for Disclosing Gifts from Foreign Governments and either turned over to the Clerk of the House, or, with the written approval of the Committee, retained for official use.

¹ Please be aware that the Committee's review of the proposed trip does not extend to either the security situation in the destination country or security related to foreign travel in general. We recommend you contact the Sergeant at Arms (SAA) for a safety and security briefing prior to your departure. SAA may be reached at (202) 226-2044 or ohsstaff@mail.house.gov. House travelers should also register for the U.S. State Department's Smart Traveler Enrollment Program at <https://step.state.gov>.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.

Sincerely,

9:30 AM-12:30 PM *Strategic Survey of Jerusalem – Part I:*
The Old City and the Holy Basin
Guided survey of the Old City

The Old City of Jerusalem & the Holy Basin

The Old City of Jerusalem is home to the holiest shrines of the three monotheistic religions, including the Temple Mount, the Church of the Holy Sepulchre, and the Al-Aqsa Mosque. During the Camp David II talks, the Palestinians and Israelis differed on the Jerusalem question, namely the Old City, the status of Arab neighborhoods just outside the Old City, and religious sites such as the Temple Mount.

The Holy Basin is the historic location of Jerusalem and refers to the land surrounding the Old City, including the Mount of Olives, which is believed to be the departure point for Jesus' final entry into Jerusalem and where Jews have been burying their dead for 2,500 years. The Holy Basin also includes the Western Wall, Judaism's holiest site, and the Temple Mount (Haram al-Sharif), sacred ground for Jews, Muslims, and Christians. Control over these sensitive areas remains among the largest disputes in the Middle East.

The professionally-guided survey will walk through these sites and others, educating trip participants on their historical impact and their role in today's political discussions.

Israeli Politics Primer

It is critical for trip participants to understand how Israel's parliamentary party system works, how coalitions rise and fall, and how Israeli politics differ from American politics. Since the group will

be visiting with government officials throughout the week, we believe it's important to provide this overview early in the seminar. This seminar will take place during Prime Minister Benjamin Netanyahu's second attempt at forming a coalition, which comes after recently-held second elections and the dissolution of the government. Lahav Harkov will explain the Israeli political system, and also provide an update on the unprecedented political dynamics currently taking place in the Jewish state.

Strategic Survey of Jerusalem – Part II:

Post-1967 Neighborhoods and the Security Barrier

Post-1967 Neighborhoods

When Jerusalem was reunified in 1967, following 19 years of division, the State of Israel extended the city's boundaries to include the strategic hills surrounding Jerusalem. These hills served as launching pads between 1948 and 1967 for sniper and mortar attacks on Israeli parts of the city by the Jordanian Army. Since 1967, these hills have become vibrant neighborhoods, fully integrated into the fabric of Jerusalem. It is vital for those discussing the issue of Jerusalem to understand these neighborhoods' strategic importance and their relationship to the areas in the immediate vicinity.

Security Barrier

After scores of suicide bombings and daily terrorist attacks against its civilians launched following the breakdown of the Camp David II talks, Israel began construction of a security barrier near the pre-1967 "Green Line" between Israel and the West Bank to prevent Palestinian terrorists from infiltrating into Israeli population centers. Since its construction began, the number of attacks declined by more than 90% and the number of Israelis murdered and wounded decreased by more than 70% and 85%, respectively. The barrier is approximately 455 miles long. To Israel, the security barrier serves as a necessary obstacle to protect its people. To the Palestinians and others in the world, the barrier represents a physical and symbolic divide.

This seminar will survey the security barrier at different points along its route to see first-hand the barrier's construction, the operation of crossing points in and out of Palestinian areas, and the

technology that facilitates its operation. Both en route to the barrier, and at the barrier itself, the group will explore the competing arguments raised by the Israelis, Palestinians and the international community.

9:15-11:15 AM *The Meaning of the Holocaust in the Israeli Psyche*
Visit to the Yad Vashem Holocaust Memorial and Museum

Yad Vashem

One cannot understand Israel's position on Iran's nuclear program without understanding the trauma of the Holocaust. Israelis view threats to its destruction in light of the events of the 1930s and 1940s, when the German government's threats to exterminate the Jewish people were not taken seriously by the international community. This museum provides an important reference point as to how Israelis interpret the threat of an Iranian nuclear program and Iranian leaders committed to Israel's destruction.

Yad Vashem, the Holocaust Martyrs' and Heroes' Remembrance Authority, was established in 1953 by an act of the Israeli Knesset. Since its inception, Yad Vashem has been entrusted with documenting the history of the Jewish people during the Holocaust period, preserving the memory and story of each of the six million victims, and imparting the legacy of the Holocaust for generations to come through its archives, library, school, museums and recognition of the Righteous Among the Nations. Located on Har Hazikaron (the Mount of Remembrance) in Jerusalem, Yad Vashem is a sprawling complex of museums, exhibits, archives, monuments, sculptures, and memorials.

Every foreign leader that travels to Israel visits Yad Vashem. Yad Vashem has become a symbol of the Jewish people and its transformation from total helplessness to self-reliance and strength.

Thus, a visit to Yad Vashem provides a historical context for the Jewish state. The museum's professional docent will guide the group through the main exhibit hall and the children's memorial.

SACH is committed to saving lives by improving the quality of cardiac care for children from developing countries and creating centers of medical competence in these countries. SACH Israel has saved the lives of over 3,700 children from 50 countries where adequate medical care is simply unavailable. Approximately 50% of these children are from the Palestinian Authority, Jordan, Iraq and Morocco (countries with whom Israel has either no diplomatic relations or who are in a

state of war with Israel). More than 30% are from Africa, and the remainder are from Asia, Eastern Europe, and the Americas. These children are treated at the Wolfson Medical Center and housed at the Legacy Heritage Children's Home of Save a Child's Heart, both located in Holon.

12:15-1:15 PM *Living Under the Threat of Missiles*
Meeting with Michal Zur, Local Resident
-at Kibbutz Erez

Living Under the Threat of Missiles

Since 2001, Israeli communities bordering the Gaza Strip have been living under the threat of rocket fire. Since the Israeli withdrawal from the Gaza Strip in 2005 and the Hamas takeover of the Gaza Strip in 2007, the volume, range, and accuracy of the rockets has only increased. The summer of 2014 witnessed Operation Protective Edge, which returned the issue of rocket fire from Gaza to international headlines. At Kibbutz Erez, participants will be able to see the border between Israel and the Gaza Strip, to better comprehend the landscape of the region, as well as the unique challenges faced by this area. The visit to Kibbutz Erez and meeting with a local resident will help the participants better understand the reality of living just kilometers from Israel's border with Gaza, to learn how over 15 years of rocket fire has shaped those living in the communities most affected, to discuss the advent of Hamas "terror tunnels" into Israel's border towns and how communities have sought to cope with the threat on their doorstep, both physically and psychologically.

In 2019, he started the Blue and White Party—named after the colors of the Israeli flag – along with Yair Lapid and Moshe Ya'alon. In the March elections, the new opposition party, The Blue and White Party, managed to attain the same number of seats as Prime Minister Netanyahu's Likud party. Netanyahu, tasked with forming a coalition government, was unable to do so, and Israelis had a second election in September. Prime Minister Netanyahu was again tasked with forming a coalition, and talks will be underway during this seminar.

On a clear day one can see almost 70 percent of the country, as far as Jerusalem to the East. The importance of this visit is to provide participants a geostrategic viewpoint from which to understand the narrow waistline of Israel, which at its narrowest spans 9 miles from the Mediterranean to the West Bank. Additionally, the area visible from this vantage point—referred to as the Gedera-Hadera corridor—comprises a small rectangle of land that can be covered lengthwise in under an hour. This section of Israel includes over 50% of Israel’s population, economic infrastructure, as well as its only International Airport.

11:00 AM-12:00 PM *Israel's Narrow Waist Line*
Briefing with Ian Stern
-at Alfei Menashe

Alfei Menashe

Alfei Menashe is a Jewish community located on the western edge of the West Bank. Less than 10 miles from the Mediterranean Sea, Alfei Menashe provides a unique vantage point to discuss Israeli settlement policy, the routing of the security barrier, as well as Israel's narrow waistline.

The sliver of Israeli land west of the West Bank is often referred to as the Hadera-Gadera rectangle, with the city of Hadera denoting the northern point, and the city of Gadera the southern point. The Hadera-Gadera rectangle is home to over 50 percent of Israel's population, as well as civilian infrastructure. The area is also home to Israel's "Silicon Valley," as well as Ben Gurion international airport.

The discussion at Alfei Menashe will allow participants to see firsthand the proximity of Jewish and Arab neighborhoods in both Israel and the West Bank; as well as the strategic threats faced by the Israeli population living in Israel's narrow waistline.

Male members of the Druze community serve in the Israel Defense Forces (IDF), and many have attained top positions in Israeli politics and public service. This lunch will allow participants to visit a traditional Druze village and have lunch with a family there.

1:30 PM Depart for the North

3:30-4:30 PM En route briefings:
The Jezreel Valley and the Upper Galilee

The Jezreel Valley

Our tour guide will spend an hour during the drive from Israel's center to the north to provide the delegation a briefing on the Jezreel Valley and the Upper Galilee and the challenges facing these regions of the country.

For thousands of years, the Jezreel Valley served as a land bridge linking Africa, Asia and Europe, and serving as a thoroughfare for ancient caravans and, more frequently, armies. In modern times, during World War I, for example, the British and Turkish forces fought a number of pitched battles in the valley. In 1948, following Israel's establishment, the combined forces of Iraq and Jordan attempted unsuccessfully to capture the valley in order to split the just-born Israel into two parts. In the early 20th century, after decades of neglect, Jewish pioneers drained the swamps in the valley, transforming this region into Israel's "breadbasket" known for wheat, cotton, sunflowers, and fish ponds. The Jezreel Valley is also home to historical and biblical sites including Tel Megiddo and Nazareth.

Today, it is an important symbol of Israel's complex and diverse political reality. The Jezreel Valley, together with the areas of the Lower and Upper Galilee, is home to the majority of Israel's Arab citizens. A survey of this area provides an opportunity to discuss and learn about Israel's Arab citizens—20 percent of the population—each of which has full democratic, social, and welfare rights, the right to vote and serve in the Knesset, and the opportunity to serve on Israel's Supreme Court. These issues are not widely-known, and this segment gives trip participants the opportunity to understand Israel's relationship with its largest minority group.

Upper Galilee

The Upper Galilee is home to the largest variety of ethnic communities in Israel including Druze, Circassian, Arab Muslim, and Arab Christian villages. The Galilee is also home to ancient Jewish and Christian holy sites that provide additional historical and political context to regional tensions. Just as in the case of the Jezreel Valley, the area illustrates the role of minorities in Israel.

At the same time, the Upper Galilee is home to some of the most prominent industrial hubs. Best known among them is the Tefen Industrial area, home to numerous enterprises established by the region's residents – Jewish and Arab. In 2006, Upper Galilee's ISCAR Metal Working Company was purchased for \$5 billion by Warren Buffet's conglomerate holding company. Since then, a number of American investors have become partners in some of the region's hi-tech and bio-tech companies.

While time does not permit for sites visits, a drive through the region allows for expanding on the importance of the area in the context of the U.S.–Israel relationship.

She is the founder/director of Alma, an educational research center focusing on the security issues of Israel's northern border. Zehavi has authored many position papers focusing on Lebanon, Syria, and

Israel's national security challenges, and continues to brief delegations on these topics. She holds an MA in Middle East Studies from Ben Gurion University and is a resident of the northern Galilee region. As part of the seminar's focus on the complex religious fabric of Israeli society, the group will be visiting several of the most sacred sites for Christians in the Holy Land. Included is a guided survey and discussion of some of the most important events in the life of Jesus by the Sea of Galilee. Just as strategic surveys in Jerusalem focused on Jewish, Muslim, and Christian history and claims to the land, the site visits to the Christian sites help provide context for the competing religious narratives for the land of Israel. For example, we will be visiting the Mount of Beatitudes, where Jesus delivered the Sermon on the Mount, the most studied and read speech of any religion in history. Our guide will also lead a discussion through St. Peter's Church.

Captain (Res.) Ilan Shulman, a disabled IDF veteran, divides his time guiding geopolitical tours on the Galilee and Golan Heights, lecturing to students, giving geo-political briefings for delegations through various Israeli foreign ministry programs, and fulfilling his IDF reserve duties in the Northern Command's intelligence unit. Shulman was raised in Kibbutz Merom Golan near Israel's border with Syria, where one of his favorite jobs was herding the kibbutz cattle. Shulman served in the IDF's paratrooper's unit, rising to the position of company commander. He holds a BA in Israel and Middle East Studies. During this session he will take participants to the border between Israel and Syria and provide an overview of the Syrian civil war.

Travel back to Jerusalem via the Jordan Valley

2:00-3:00 PM En route briefing:
Israel's Relations with the Hashemite Kingdom of Jordan

Israel's Relations with the Hashemite Kingdom of Jordan

The tour guide will spend approximately an hour during the drive through the Jordan Valley to explore several topics related to Israel's eastern neighbor—specifically, Israeli-Jordanian strategic cooperation, as well as the implications of the Syrian civil war on the Kingdom.

The Hashemite Kingdom of Jordan became the second Arab country after Egypt to recognize Israel when it signed a comprehensive peace agreement that ended nearly five decades of warfare. Shepherded by United States President Bill Clinton, the accord signed on Oct. 6, 1994, marked the onset of a new era of economic, cultural, and political dialogue and cooperation between the two countries.

In recent years, the two countries have worked together to combat the increased threat from terrorism by coordinating their security efforts and preventing infiltrations across their shared border. Today, Jordan hosts over 1.4 million Syrian refugees fleeing civil war. Following our discussion with Israeli soldiers patrolling the Syrian border, our guide will address how the influx of Syrian refugees and the threats in the region impact Jordan internally, as well as relations and further potential for strategic partnership between Jordan, the United States, and Israel.

Reflections on the Sabbath in Jerusalem

Israel, the only Jewish country in the world, boasts the unique tradition of honoring the Jewish Sabbath from Friday sundown until Saturday sundown. Eighty percent of the Israeli population will commemorate the Sabbath, in various forms, which typically include a family dinner and special blessings. The Sabbath is especially significant in Jerusalem, home to the holiest site for Jews worldwide, holding the remains of the First and Second Temple.

The dinner will include: a discussion on the importance of Jerusalem to the Jewish, Christian, and Muslim populations; the potential for a final status agreement on Jerusalem (arguably the most sensitive final status issue); and the diplomatic challenges faced by Israel and the United States regarding Israeli urban development in the area.

Jericho Road and the E-1 Corridor

Jericho Road and the E-1 Corridor

On the drive from Jerusalem to Masada, the group will travel on the highway known as the “Jericho Road” is the strategic importance of the area east of Jerusalem. In 1948 and in 1967, the Jordanian army attacked Jerusalem from the east; the 1948 attack resulted in the city’s division that lasted until 1967. Since then, Israel has established the City of Ma’ale Adumim east of Jerusalem, today home to some 40,000 residents. To the Palestinians, however, Ma’ale Adumim is the largest settlement on the West Bank. When Israel attempted to expand Ma’ale Adumim’s boundary into

an area known as “E-1”, the U.S. State Department stepped in and asked that no construction take place there. The issue needs to be examined with those discussing the future of Jerusalem in the context of the Israeli-Palestinian negotiations.

9:00-10:00 AM

History and Geopolitics of the Roman Empire
Guided survey of the Masada National Park

Masada

The Sabbath in Israel begins Friday afternoon and concludes on Saturday evening. During the Sabbath, virtually everything in the country is closed including all government offices, businesses, newspapers etc. Therefore, for years, we have used Saturdays to expose our congressional members and staff delegations to some of the key historical and cultural sites in Israel such as Masada. Masada, which was excavated in the 1960s, is considered one of the most important archeological sites in Israel and, indeed, in the whole world.

Masada was the site of the last stand of the Jews in Israel after the Romans destroyed Jerusalem and the Holy Temple in 70 A.D. A group of Jewish zealots fled to the Judean Desert and lived in the former mountaintop fortress of King Herod known as Masada for two years resisting the onslaught of the most powerful army in the world. Determined to break the resistance, the Romans finally scaled the mountain to capture and enslave the Jewish rebels. However, when they finally arrived, they found that all the men, women and children had killed themselves as a last act of defiance. They refused to give in to the Romans and become their slaves.

The ancient story of Masada has important contemporary relevance for the modern State of Israel. “Masada shall never fall again” has become the watchword of the country which has faced existential threats since its founding in 1948. Israel’s elite military units, for example, are sworn in on top of Masada in a symbolic act of defiance against Israel’s contemporary enemies. These soldiers along with the thousands of Israeli school children who visit Masada each year learn the lesson that Israel should never become so weak again that it would ever face national suicide as an option.

We will spend approximately one hour atop of Masada with a professional guide. The time at Masada with the guide is focused on three areas: 1. surveying the magnificent ancient excavations; 2. learning the narrative of Jewish resistance to the Romans backed by the archeological and historical evidence; and 3. discussing the importance of the Masada story to the contemporary Middle East and the threats in the region.

- at Herods Hotel

Dead Sea Region

During our drive to and from the Dead Sea area, as well as during our visit to the Dead Sea, our tour guide will discuss a variety of issues integral to understanding the region, the country, and relations with both the Palestinians and Jordanians.

It is important to note that the region is mostly desert. For decades, Israel has been challenging this arid area and developing its agricultural potential. While the Middle East is suffering from water shortages, Israel, through modern technology and water conservation policies, including the recycling of over 80 percent of water used for domestic purposes and transferring it to agriculture, has literally “made the desert bloom.” Some of this technology is already being shared with Jordan and the Palestinian Authority. All sides realize that a comprehensive regional water policy will ensure food production necessary to satisfy the Middle East’s growing population. For example, in late 2013, the three parties agreed to build a Red Sea-Dead Sea water project to address the shortage of fresh, clean water in the region and the rapid loss of water at the Dead Sea. This highlights the growing importance for Israel and her Arab neighbors to work together on joint environmental projects.

The key regional players also face serious environmental issues in the Dead Sea region. One of the major environmental concerns is the receding of the Dead Sea and the appearance of sinkholes, which cause the earth above to collapse. Roads, fields, and buildings have collapsed due to this phenomenon, and experts are concerned that the tourist infrastructure along the Jordanian and Israeli shores of the Dead Sea are also in danger. This issue has led to unprecedented cooperation between Israelis, Jordanians, and Palestinians and serves as a model for regional cooperation.

Dear Representative Roby,

On behalf of the American Israel Education Foundation (AIEF), we would like to invite you and your family guest to participate in an educational seminar in Israel for a group of bipartisan Congresswomen. The trip will depart Saturday afternoon, November 2, and return to the U.S. on Sunday morning, November 10. Congresswoman Debbie Wasserman Schultz is the senior member on the trip.

This seminar will delve into some of the most difficult issues facing Israel and the region. Israeli leaders from across the political spectrum, along with Palestinian leaders, will explore the peace negotiations and the obstacles to peace, the myriad of security threats facing the region, and the strategic relationship between the United States and Israel.

Participants will hear a wide array of viewpoints, including discussions with: members of the Israeli Knesset and the Palestinian Authority; U.S. government officials; military leaders; heads of non-governmental organizations; and prominent academics and journalists. The program will also include visits to historic and religious sites in Jerusalem and the Galilee.

All trip-related expenses will be paid for by AIEF, and all aspects of the trip will be in full conformity with House Ethics rules. AIEF will provide additional information to assure your compliance with ethics rules.

We hope you will be able to join us on what promises to be a rich, insightful and educational trip. To confirm your participation, please return the **Participant Confirmation Form** to jperetz@aiefdn.org. If you have any questions, please contact Marilyn Rosenthal at (202) 639-5338.
