The Honorable Chrissy Houlahan
U.S. House of Representatives
1218 Longworth House Office Building
Washington, DC 20515

Dear Colleague:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to Glasgow, Scotland,¹ scheduled for November 6 to 9, 2021, sponsored by the Climate Solutions Foundation.

This approval represents the Committee's determination that the proposed trip complies with relevant House rules, federal laws, and Travel Regulations promulgated by the Committee. You should engage in your own assessment of the risks and implications of engaging in travel during the current COVID-19 pandemic.

You must complete a Member/Officer Post-Travel Disclosure Form and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. You must also report all travel expenses totaling more than \$415 from a single source on the "Travel" schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

Because the trip may involve meetings with foreign government representatives, we note that House Members may accept, under the Foreign Gifts and Decorations Act (FGDA), gifts "of minimal value [currently \$415] tendered as a souvenir or mark of courtesy" by a foreign government. Any tangible gifts valued in excess of minimal value received from a foreign government must, within 60 days of acceptance, be disclosed on a Form for Disclosing Gifts

¹ Please be aware that the Committee's review of the proposed trip does not extend to either the security situation in the destination country or security related to foreign travel in general. We recommend you contact the Office of House Security (OHS) for a safety and security briefing prior to your departure. OHS may be reached at (202) 226-2044 or ohsstaff@mail.house.gov. House travelers should also register for the U.S. State Department's Smart Traveler Enrollment Program at <https://step.state.gov>.

from Foreign Governments and either turned over to the Clerk of the House, or, with the written approval of the Committee, retained for official use.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.

**COP 26 PROGRAMMING Climate
Solutions Programming
November 7, 2021 – November 9, 2021**

OVERVIEW

The Climate Solutions Foundation has planned a robust schedule of events during the United Nations Climate Change Conference (COP26) in Scotland in November 2021. Our programming includes small and large events to encourage and support the exchange of ideas to advance a bipartisan climate change agenda in the United States, while also actively strengthening relationships with key international leaders. The Climate Solutions Foundation is sponsoring a bipartisan delegation of Members of Congress to come to Glasgow, Scotland and attend the COP.

BIPARTISAN CONGRESSIONAL DELEGATION

We are thrilled that you will be joining your colleague Representative Andrew Garbarino for the Climate Solutions Foundation Educational Trip to Glasgow for COP26.

ABOUT THE CLIMATE SOLUTIONS FOUNDATION

The Climate Solutions Foundation (CSF), chaired by former Senator Mary Landrieu and former Congressman Carlos Curbelo, is a bipartisan 501(c)3 nonprofit dedicated to constructive dialogue about climate change among Members of Congress, global leaders, environmental organizations, and corporate and association executives. Sen. Landrieu and Rep. Curbelo launched the Foundation in 2019 with a series of bipartisan, bicameral gatherings of Members of Congress to discuss climate science, economics, and policies. The Foundation hosts monthly salon-style dinners, educational trips, and bipartisan public summits. CSF supports the work of the Senate and House Climate Solutions Caucuses, of which former-Congressman Curbelo was a founding member and Co-Chair.

Whitelee Wind Farm is the largest wind farm in the United Kingdom. Scottish Power is a vertically integrated energy company based in Glasgow, Scotland. It is the distribution network operator for Central and Southern Scotland, Merseyside, North Wales, and parts of Cheshire and Shropshire. It is also the transmission owner for the south of Scotland. The company also supplies electricity and gas to homes and businesses around the United Kingdom and generates power for supply to the grid. We will discuss their expansion and adaptation of wind power across the United Kingdom.

- 12:45 PM – 2:30 PM** **Lunch Program at Whitelee Windfarm Visitor Centre**

Keith Anderson, CEO of ScottishPower will share the history and story about ScottishPower and how it relates to climate and the spending of billions revolutionizing the distribution network and it has closed coal plants, ditched gas, and built onshore, offshore and solar generation facilities. He will highlight the shift from fossil fuels towards green energy and that it is the defining challenge of our time. ScottishPower providing the energy network infrastructure, new products and green energy solutions that will help to power Glasgow's drive to zero carbon by 2030. The city has also set ambitious targets well ahead of the rest of the UK, to reach Net Zero by 2030 – and ScottishPower have pledged to help them reach this goal. As the first integrated energy company in the UK to generate 100 per cent green electricity, ScottishPower has been leading the journey to a sustainable future. Its HQ has been in the Glasgow area for more than 65 years and it has pledged to make Glasgow the UK's first Net Zero City. For a city like Glasgow to reinvent itself so completely is no mean feat.

He will be joined by Kevin Richards, Vice President and Head of U.S. Government Relations at SAP, to discuss SAP’s climate change actions over the past ten years, their ongoing commitments, and future climate goals. SAP has launched a handful of initiatives, including the Climate 21 program, to build analytical and transactional capabilities into their enterprise applications that can help customers understand and minimize their greenhouse gas footprint of their products. In April 2021, SAP introduced a sustainability management program that provides an expanded portfolio of sustainability-specific solutions, including SAP Product Footprint Management, which was officially launched in September 2021. In addition to customer programs, in 2019 SAP adopted a 1.5° C science-based emissions reduction targets aligned with a net-zero future. They met their first goal set in 2009 of reducing its global carbon emissions to the year-2000 level by 2020. The target was met at the end of 2017, even though SAP grew more than fourfold over the period. SAP aims to have a carbon neutral operation by 2023, two years earlier than expected.

Dear Congresswoman Houlahan,

The Climate Solutions Foundation (CSF) invites you to join us for a delegation trip to Glasgow, Scotland. Programming will begin early afternoon Sunday, November 7th with roundtable discussions, an educational tour, and meetings, followed by one full day of meetings, panel discussions, and participation in COP26, before departing Glasgow to return to Washington, DC on the morning of Tuesday, November 9th. Although we are in the planning stages of this trip, we are in the process of confirming meetings with organizations and executives to discuss pragmatic opportunities for collaboration, and how technology and the reprioritization of energy sources will impact our future. Your work on these topics will be a great asset to our delegation.

CSF was founded in 2019 as an educational, bipartisan 501(c)(3) non-profit organization. Our mission is to bring together ideologically diverse Members of Congress and their staff, global leaders, and corporate and trade executives to discuss climate science, economics, and policy. Foundation Co-Chairs Senator Mary Landrieu and Congressman Carlos Curbelo launched the Foundation in 2019 with a series of bipartisan, bicameral gatherings of Members of Congress, executives, and scientists at Senator Landrieu's dining room table with one purpose: to build trust within the climate change community that inspires collaborative efforts to advance the agenda on climate. Since then, CSF has expanded its programming to include congressional staff briefings, a public climate summit with over 500 virtual attendees, and a congressional fellowship program set to launch in the beginning of 2021.

CSF offers to cover your air travel, ground transportation for your arrival and departure from Glasgow and any ground transportation we arrange for your participation in meetings. We will cover meal expenses related to the trip, in compliance with the rules under House ethics laws.

To ensure submission of ethics materials to the appropriate committees by Thursday, October 7th 2021, please let us know at your earliest convenience if you are interested in participating by calling or emailing our Program Director, Sarah Wiszniak, at (860) 558-9291 or swiszniak@helenmilby.com. Following your interest, we will promptly send you all the materials necessary for you to send to the Ethics Committee for review.

Sincerely,

Meeting with Scottish Power Executive Leadership Team

Whitelee Wind Farm

We will meet with the Scottish Power executive leadership team to discuss their expansion across the United Kingdom. Scottish Power is a principal partner of COP26. They are one of four companies chosen as principal partners due to their commitments in place to help their company reach net zero in the near future. We will learn about how Scottish Power became a model for the rest of the United Kingdom's privatization of energy companies in the 1990s. Scottish Power executives will provide us with information on how they plan to reach net zero emissions by 2050 and take us through programs they have implemented to achieve their goals.

Delegation Attends COP26

Scottish Events Campus, Glasgow

The Conference of Parties, COP, is the decision-making body responsible for monitoring and reviewing the implementation of the United Nations Framework Convention on Climate Change, whose objective is to "stabilize greenhouse gas concentrations in the atmosphere at a level that would prevent dangerous anthropogenic interference with the climate system". COPs happen annually and bring together 197 nations and territories – called Parties – that have signed on to the Framework Convention. We will participate in official COP programming where we will engage in discussions furthering our understanding of climate change impacts globally.

Question # 15 A-2

COP26 is being held in Glasgow and as a bipartisan Foundation we wanted to make sure we had an opportunity to build some programming around the larger events being offered at COP26. This will allow Climate Solutions Foundation (CSF) an opportunity to share ideas and showcase some of the finding related to climate change. In addition, we are planning to collaborate with other partners that are integral in the development of ideas enhancing the solutions to climate change like Scottish Powers with their wind farm and other allies.
