The Honorable Ami Bera
U.S. House of Representatives
172 Cannon House Office Building

Dear Colleague:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your and your spouse's proposed trip to Japan,¹ scheduled for February 18 to 25, 2023, sponsored by United States Association of Former Members of Congress and Sasakawa Peace Foundation USA.

You must complete a Member/Officer Post-Travel Disclosure Form and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. You must also report all travel expenses totaling more than the reporting threshold from a single source on the "Travel" schedule of your annual Financial Disclosure Statement covering this calendar year. That reporting threshold is currently \$415 but is set to adjust in 2023. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

Because the trip may involve meetings with foreign government representatives, we note that House Members may accept, under the Foreign Gifts and Decorations Act (FGDA), gifts "of minimal value [currently \$415] tendered as a souvenir or mark of courtesy" by a foreign government. Any tangible gifts valued in excess of minimal value received from a foreign government must, within 60 days of acceptance, be disclosed on a Form for Disclosing Gifts from Foreign Governments and either turned over to the Clerk of the House, or, with the written approval of the Committee, retained for official use.

¹ Please be aware that the Committee's review of the proposed trip does not extend to either the security situation in the destination country or security related to foreign travel in general. We recommend you contact the Office of House Security (OHS) for a safety and security briefing prior to your departure. OHS may be reached at (202) 226-2044 or ohsstaff@mail.house.gov. House travelers should also register for the U.S. State Department's Smart Traveler Enrollment Program at <https://step.state.gov>.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.

Sincerely,

policies. Additionally, through meetings with students and cultural figures, participants will gain a holistic understanding of Japan's rich history, culture and religion.

Hiroshima is an important economic and cultural city in the Chugoku region of Japan. The program in Hiroshima includes discussions with local experts, professionals, and officials, which will provide Members with a better understanding of Japan outside of the capital region. Engagement with the Hiroshima Peace Memorial Museum and with an atomic bomb survivor will give Members critical insight into the legacy of the atomic bombing on Hiroshima and its impact on present-day Japan, creating a better understanding of our ally. Further, a visit to regional manufacturers and businesses will provide members with a greater understanding of regional economic drivers and the role of Japanese industry in global trade.

The Island of Itsukushima, commonly known as “Miyajima,” has been a holy place of Shintoism since the earliest times of modern Japanese civilization. The island’s main shrine—also named Itsukushima—is of Shinto origin, a religion native to Japan which

centers on polytheistic nature worship and whose origin of which goes back to primitive times. Over its long history, Shintoism has developed into a religion that has become truly unique in the world, adopting continental influences to combine with its own indigenous traditions. Miyajima Shrine is also directly beside a Buddhist temple, Daiganji, where the two have coexisted since the temple's construction in the 13th century. This physical proximity mirrors the important cultural and historical closeness of both religions in Japan, where the religions are viewed as complementary, and many people consider themselves both Shinto and Buddhist.
