Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to Kenya,¹ scheduled for April 7 to 15, 2023, sponsored by Cooperative for Assistance and Relief Everywhere, Inc. (CARE), Save the Children Action Network (SCAN), and Bill & Melinda Gates Foundation.

Committee travel regulations require that you submit your complete pre-trip approval request to the Committee at least 30 days before the commencement of the trip or it will not be granted. Despite your failure to do so in this instance, we are approving your current request. However, any future requests should adhere to the 30-day requirement.

You must complete a Member/Officer Post-Travel Disclosure Form and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. You must also report all travel expenses totaling more than \$480 from a single source on the "Travel" schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

Because the trip may involve meetings with foreign government representatives, we note that House Members may accept, under the Foreign Gifts and Decorations Act (FGDA), gifts "of minimal value [currently \$480] tendered as a souvenir or mark of courtesy" by a foreign government. Any tangible gifts valued in excess of minimal value received from a foreign government must, within 60 days of acceptance, be disclosed on a Form for Disclosing Gifts

¹ Please be aware that the Committee's review of the proposed trip does not extend to either the security situation in the destination country or security related to foreign travel in general. We recommend you contact the Office of House Security (OHS) for a safety and security briefing prior to your departure. OHS may be reached at (202) 226-2044 or ohsstaff@mail.house.gov. House travelers should also register for the U.S. State Department's Smart Traveler Enrollment Program at <https://step.state.gov>.

Addendum C: Sponsors and Responsibilities

Save the Children Action Network (SCAN)'s mission is to build bipartisan support to make sure every child has a strong start in life with focus areas in high-quality early learning and ending child hunger. The purpose of the trip is to educate members of Congress on the pressing global hunger and child health situation in East Africa so that they can be the voices for children and strongly support U.S. programs and investments in children globally.

Cooperative for Assistance and Relief Everywhere, Inc. (CARE) is a leading humanitarian organization focused on combating global poverty. In line with CARE's mission to combat global poverty by promoting community development and comprehensive humanitarian response, this trip was organized to show how US investments are combating the hunger crisis in East Africa.

CARE and SCAN are joint hosts to the delegation and responsible for logistics and content of the trip. Both organizations have talked with participants to the trip, developed the itinerary for the trip, and will be sharing all costs evenly.

Representative Jonathan Jackson
1641 Longworth House Office Building

Dear Representative Jackson:

We are pleased to approach you with a special opportunity to join us on a Learning Tour to Kenya and Somalia over the April 2023 recess. This trip will focus on the drivers and response to the global hunger crisis with particular emphasis on East Africa. It will take place the week of April 10th (final dates to be determined based on member availability) and include a bi-partisan, bicameral delegation of policymakers.

As you may know, CARE has been leading Learning Tour trips with members of Congress all over the world since 2009. Save the Children Action Network is excited to co-lead this opportunity to see first-hand the challenges created by the hunger crisis and how the U.S. is responding to save lives and livelihoods.

The Learning Tour will take you off the beaten path to spend time in communities directly benefiting from U.S. investments. We will prioritize time in the field, visiting program sites that allow you to meet with community members and local organizations. Our experience implementing Congressional education trips, and strong ties in many of the communities you will visit, allow us to bring delegations to uniquely remote and challenging contexts. The trip will feature a wide array of implementing partners beyond CARE and Save the Children Action Network for you to get a deeper understanding of the work being done. Throughout the trip, you will have a chance to understand both the successes and the challenges facing communities in Kenya and Somalia, often articulated directly by the program participants themselves. Our goal is to present a comprehensive view of what interventions supported through U.S. investments can accomplish, and the challenges that remain.

Somalia currently teeters on the brink of famine. The record-breaking drought, compounded by the Ukraine conflict, has affected half the population and the United Nations predicts Somaliland could suffer its worst famine in half a century without urgent intervention. Kenya also sits on the front lines of the hunger crisis, experiencing both chronic food insecurity and acute humanitarian need. More than a quarter of young children in Kenya are stunted, an indication that they have had too little to eat over a long period of time. Seventy percent of the rural population depend on increasingly difficult small-scale agriculture for their living while the country also hosts thousands displaced from elsewhere in the region. In both contexts, women and girls bear the brunt of the crisis, with higher rates of malnutrition and increased rates of child marriage when resources are scarce. Even so, we are seeing tremendous success from the investments in resilience the U.S. and other donors have made since 2011. Emergency food aid has helped to save lives in immediate danger and programs like Feed the Future have supported communities in building long-term resiliency. On this Learning Tour, you will meet leaders of these communities return to Capitol Hill with a deeper understanding of the challenges and ways in which US is investing to save lives, protect livelihoods and build resilience for the future.

We hope you can join us. Please let us know soon if you are interested in joining this Learning Tour. We are also happy to provide any additional information that would be helpful or discuss ways we can tailor this opportunity to meet your needs and availability. I have asked Emily Byers in Save the Children Action Network's Washington, DC office to follow up. You can also reach her directly at 202-664-9021 or by email at ebyers@savechildren.org.

Sincerely,

This letter is submitted in response to your request regarding a learning trip beginning April 9, 2023. The Bill & Melinda Gates Foundation made a grant to CARE USA on October 9th, 2019 to fund various activities, including congressional tours to provide learning opportunities on U.S. foreign assistance programs.

I send this to confirm that the Bill & Melinda Gates Foundation is aware of this project and provided support, through the assistance of grant funding, to CARE USA for this project for the purpose of providing members of Congress, Congressional staff, other key decision-makers and influential individuals with the personal experience and knowledge of U.S. Government programs in the developing world and to provide follow-on information to tour participants, selecting countries that have a broad array of U.S. Government development projects.

However, the Foundation did not play a significant role in the project, or in organizing the related trip, and has not been involved in the selection or invitation of travel participants. Decisions regarding travel participants have been controlled by and under the sole discretion of CARE USA. This funding has not been directly or indirectly earmarked to finance any aspect of this trip.

If we can provide any additional information, please contact me at kim.webber@gatesfoundation.org, or 202.662.8194.

Sincerely,

Kim Webber

CARE and CARE Action Now Structure Explained

CARE, a 501(c)(3) organization, is a leading international humanitarian organization fighting global poverty that places special focus on working alongside poor women who, equipped with the proper resources, can assist whole families and entire communities escape poverty through improved basic education, prevent the spread of HIV, increase access to clean water and sanitation, and expand economic opportunities and the protection of natural resources. CARE also delivers emergency aid to survivors of war and natural disasters, and helps people rebuild their lives.

CARE established CARE Action Now in October, 2007 as a related but separately incorporated 501(c)(4) organization. Served by a mostly independent Board of Directors, CARE Action Now undertakes a variety of programs and activities in furtherance the organizations' comparable missions, most notably directly influencing policymakers through public awareness campaigns, briefings, reports, meetings, testimony and other areas based on CARE's experience of working with poor people around the world over more than 60 years. The two organizations share facilities and resources, allocating the costs between them based upon use, as is common in the nonprofit sector. CARE provides periodic funding to CARE Action Now using a written grant mechanism to support the range of its advocacy and lobbying activities. CARE Action Now is increasingly raising funds independent of CARE. This is a common structure for related nonprofit organizations, where a 501(c)(3) organization uses some of its limited funding on lobbying to support a related 501(c)(4) rather than doing the lobbying directly itself.

CARE serves as common paymaster for both organizations, so that all shared employees receive one paycheck from CARE for services provided to either CARE or CARE Action Now. CARE Action Now provides to CARE its allocable share of salary, benefits, and payroll taxes. All staff time that qualifies as "lobbying activity" under the Lobbying Disclosure Act that is conducted by staff registered as lobbyists for CARE Action Now is charged to CARE Action Now under this arrangement, although those employees may also perform non-lobbying services for CARE. CARE Action Now treats its reimbursement payments to CARE as expenditures for salary and related items on its books.

This relationship which is consistent with customary practice leads us to conclude that CARE has properly completed this form, including that it does not employ or retain lobbyists. However, we include this additional information in the interests of full transparency so that the committee may make this determination for itself.
