The Honorable Nanette Barragán
U.S. House of Representatives
2312 Rayburn House Office Building
Washington, DC 20515

Dear Colleague:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your and your sibling's proposed trip to Tanzania, scheduled for June 24 to 29, 2023, sponsored by United Nations Foundation and Eleanor Crook Foundation.

You must complete a Member/Officer Post-Travel Disclosure Form and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. You must also report all travel expenses totaling more than $480 from a single source on the “Travel” schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

Because the trip may involve meetings with foreign government representatives, we note that House Members may accept, under the Foreign Gifts and Decorations Act (FGDA), gifts “of minimal value [currently $480] tendered as a souvenir or mark of courtesy” by a foreign government. Any tangible gifts valued in excess of minimal value received from a foreign government must, within 60 days of acceptance, be disclosed on a Form for Disclosing Gifts from Foreign Governments and either turned over to the Clerk of the House, or, with the written approval of the Committee, retained for official use.

1 Please be aware that the Committee’s review of the proposed trip does not extend to either the security situation in the destination country or security related to foreign travel in general. We recommend you contact the Office of House Security (OHS) for a safety and security briefing prior to your departure. OHS may be reached at (202) 226-2044 or ohsstaff@mail.house.gov. House travelers should also register for the U.S. State Department’s Smart Traveler Enrollment Program at https://step.state.gov.
If you have any further questions, please contact the Committee’s Office of Advice and Education at extension 5-7103.

Sincerely,

Michael Guest  
Chairman

Tanzania is a USAID Nutrition Priority Country (NPC), prioritized for support and investment with the goal of improving nutrition to save lives, enhance cognitive and physical development, build resilience, increase economic productivity, and advance development.

Tanzania was also among eight countries selected as new Feed the Future targets in June 2022 and was prioritized based on a combination of underlying food insecurity, poverty, and malnutrition, including impacts from Russia’s invasion of Ukraine, as well as the opportunity—and each government’s commitment—to tackle these deep-rooted issues in partnership with the U.S. Feed the Future programming responds to each country’s level of need and harnesses the power of agriculture to drive economic growth and transform food systems in the country and the region.

In preparation for their visit to Ruaha National Park, the delegation will be further briefed on how USAID and its partners are working to conserve threatened wildlife habitats in Tanzania and reduce poaching of iconic wildlife species, while concurrently addressing underlying challenges that threaten these efforts such as pervasive rural poverty and unsustainable natural resource management practices.

The delegation will meet with a collection of NGOs (listed below) to discuss conservation challenges in Tanzania and how civil society organizations are working to advance legislative priorities and public awareness initiatives designed to enhance the protection of the country’s natural landscapes and wildlife and ensure that Tanzania becomes a regional leader in natural resource management and sustainable development.

**Invited NGOs:**

- The Nature Conservancy
- Frankfurt Zoological Society (FZS)
- African Wildlife Foundation
- Western Indian Ocean Marine Science Association
- Wildlife Conservation Society Tanzania
- World Wildlife Fund
- Jane Goodall Institute
- Conservation International Rainforest Trust

8:25am – 8:30am  Transit via hired car to Ruaha National Park, Head Office

8:30am – 9:30am  **Meeting with Mr. Godwell Ole Meingataki, Chief Park Warden of Ruaha National Park**

In preparation for the day’s programming, the delegation will meet with Mr. Godwell Ole Meingataki, Chief Park Warden of Ruaha National Park to learn about the history of wildlife poaching and multi-dimensional environmental threats in the Ruaha-Rungwa ecosystem and how the Park was supported by UNDP via the “Strengthening the Protected Area Network in Southern Tanzania” (SPANEST) Project.

SPANEST was designed to address several issues related to protected areas’ management in Tanzania and to increase the effectiveness of the Tanzania National Park Authority’s capacity to protect biodiversity and provide for the long-term ecological, social, and financial sustainability of the system, as well as reduce anthropogenic pressures on the sites. SPANEST, among many other initiatives, included the deployment of technical support that reduced barriers in national park management structures, the establishment of new anti-poaching and law enforcement park ranger trainings; upgrades in physical resources and park infrastructure, and the allocation of anti-poaching radar monitoring equipment and digital communication tools.

9:30am – 10:00am  **Meeting with Wildlife and Environmental Conservation Communities and Wildlife Management Areas (WMAs) Participants**

The delegation will meet with community leaders who are participating in Tanzania’s Wildlife Management Areas program. WMAs are a 5-year project led by the Ministry of Natural Resources and Tourism, with support from UNDP and the Global Environment Facility (GEF), designed to combat poaching and the illegal wildlife trade by increasing a sense of wildlife ownership and shared natural resource responsibility among the local populations. The delegation will learn how WMAs have helped increase involvement of local communities in wildlife enforcement and monitoring activities, which has, in turn, led to a reduction in natural resource degradation-based conflict and improved opportunities for non-intrusive income generating activities.

*Location: Ruaha National Park, Head Office*

10:00am – 10:15am  Transit via hired car to Msembe Airstrip and board Tanzania National Parks Aircraft

10:15am – 11:15am  **Ruaha National Park Aerial Briefing, Conducted by Mr. Godwell Ole Meingataki, Chief Park Warden of Ruaha National Park**
The delegation will receive an aerial briefing, which will highlight the size, scope, and scale of the park and UN-supported efforts to combat poaching and the illegal wildlife trade, while protecting vulnerable habitats and water access points from cattle grazing and other detrimental human activities.

Ruaha National Park is located just south of the central midpoint of Tanzania and encompasses an area of 7,809 square miles (roughly the size of Massachusetts), making it the second largest national park in Tanzania and one of the largest in Africa. Ruaha’s landscape is one of Tanzania’s most important conservation areas, harboring 10% of all lions left in the world and the 2nd largest global elephant population. Ruaha-Rungwa is also one of three historically active poaching sites in Tanzania and for many decades has driven a large component of Tanzania’s illegal wildlife trade.

The Great Ruaha River, in addition, is the lifeblood of the surrounding savanna, providing a crucial source of freshwater that helps sustain the region. However, unsustainable agriculture and long droughts have dried up the river in recent years, leaving wildlife and plant species parched during the dry season. Despite its natural assets, the park typically only receives 20,000 tourists annually (as opposed to the 350,000 that visit Serengeti), indicating there is a clear potential to increase local income from wildlife-based tourism in the region.

11:15am Return to Msembe Airstrip

11:15am – 12:00pm Transit via hired car to Ruaha River Lodge

12:00pm – 1:30pm Working Lunch with Mr. Patrick Codjia, Chief of Nutrition, UNICEF in Tanzania; and Stella Kimambo, FAO Food and Security Officer, FAO in Tanzania

The delegation will have a working lunch with UNICEF and FAO nutrition experts to learn about the overall nutrition profile of the region and how the local and regional government is partnering with the UN to achieve improved health outcomes.

*Location: Kopje Dining Room, Ruaha River Lodge*

1:30pm – 2:00pm Check-in to hotel (all guests must be escorted to their rooms by Maasai)

2:00pm – 4:00pm Executive Time

4:00pm – 6:30pm Conservation Field Drive and Expert Briefing

The delegation will receive an expert field briefing from Ruaha National Park Rangers and/or Ruaha National Park Conservation Officers. During the drive, the delegation will learn about various conservation projects, including UNDP’s ongoing “Combating Poaching and the Illegal Wildlife Trade in
Tanzania through an Integrated Approach” Project and its impact on Ruaha conservation and anti-poaching efforts.

The UNDP Project, which is being conducted in partnership with the Government of Tanzania and is planned to be operational from 2019-2024, aims to increase the number of inspections/patrols, seizures, arrests and prosecutions of poachers and illegal wildlife traders on national and regional levels by 50% by 2024, and significantly increase benefits for local communities from community-based wildlife and natural resource management. These efforts, it’s estimated, will reduce the rate of lion and elephant poaching by 90% across the Ruaha-Rungwa ecosystem.

Wednesday, June 28 --- Ruaha/Tungamalenga Village/Dar es Salaam

Attire: Field Dress/Casual.

6:30am – 7:15am Breakfast at the hotel (please have luggage packed and leave on front porch)

7:15am – 8:00am Transit via hired car to Tungamalenga Village, Idodi ward, Iringa Rural District Council

8:00am Arrive Tungamalenga Village

8:00am – 10:00am Village Health and Nutrition Day Visit (VHND), Organized by UNICEF and FAO

The delegation will partake in Tungamalenga’s Village Health and Nutrition Day, organized by UNICEF and FAO. Village Health and Nutrition Days are
hosted quarterly by village and ward level authorities, in close collaboration with Community Health Workers and nearby health facilities to offer people living in rural areas easier access to integrated health and nutrition services. VHND’s emphasize the importance of monitoring growth and weight gain by screening the nutritional status of children under age 5 to identify those who are stunted or underweight. Children who are found to be severely malnourished are referred to health facilities for treatment. Children also access services like deworming, immunizations, and Vitamin A supplements.

Additional UN-supported health interventions include complementary healthy food cooking demonstrations, counseling sessions for parents and caregivers on the importance of child stimulation and socialization, birth registration, and preventive services for pregnant women. Activities during Tungamalenga’s VHND will help develop a report on nutrition status of participating children and a plan of action. The delegation will meet with village and community leaders, local participants, health workers, and be briefed by UNICEF and FAO staff on the health and nutrition challenges in Tungamalenga Village and the larger Iringa region.

12. Description of the sponsor’s interest in the subject matter of the trip and its role in organizing and/or conducting the trip:

The UN Foundation (UNF) works to educate all Americans, including the U.S. Congress, on the importance of a strong U.S.-UN relationship. Over the course of this trip, the delegation will meet with several high-level UN and U.S. officials, offering policymakers an opportunity to learn more about how the UN is working to prevent, detect, and treat acute malnutrition; promote improved development and health outcomes; and support and strengthen biodiversity and wildlife conservation efforts across Africa’s 5th largest country.

The Eleanor Crook Foundation (ECF) was founded in 1997 with a single goal: to eradicate global malnutrition. ECF invests in research that proves what methods work, policy analysis to
drive systems reform, and advocacy that makes the case for urgent action to address this global crisis. In 2017, the Foundation pledged $100 million towards the elimination of global malnutrition.

UNF is organizing all aspects of the program/logistics. UNF handles all outreach to congressional offices and is the contact for planning purposes. UNF received a grant from ECF to partially support this trip. ECF has not played any role in organizing this trip and has not been involved in the selection or invitation of the trip participants.

13c. If travel will be first class, or by chartered or private aircraft, explain why such travel is warranted:

Roundtrip travel from Dar es Salaam to Ruaha National Park/Iringa will be via chartered flights, operated by Auric Air Services Limited. Given the size of the delegation, reaching these destinations is not possible via commercial means and severe logistical constraints on the ground render charter travel the only way to accommodate the travelers’ schedule for these trip events.

15b2. Provide the reason for selecting the location of the event or trip:

Sustained by steady economic growth over the past 20 years, Tanzania has made significant progress in social and human development. This progress, however, has been unequal. Agriculture has long been the country’s most dominant foreign exchange earner and while the national industry produces enough food to feed its population, the poorest and most marginalized families have limited access to it. As a result, although Tanzania has seen a gradual decline in malnutrition, its overall malnutrition rates are still above the African average, with nearly 32% of children suffering from chronic malnutrition and 3.5% affected by severe acute malnutrition. With a growing population—and the compounding impacts of inadequate access to health services and poor feeding practices among many rural communities—the absolute number of undernourished people in Tanzania is increasing.

Tanzania is also among the world’s most biodiverse countries, home to one third of all total plant species and 20% of the large mammal species in Africa. These unique assets have propelled nature-based tourism to become Tanzania’s second-largest foreign exchange earner and made the country’s rich wildlife and remote landscapes a critical economic diversification instrument, amounting to 9% of its GDP. Rapid population growth, rural poverty, competition for land, deforestation, wildlife poaching, and other negative human activities and conditions, however, have seriously endangered Tanzania’s robust biodiversity, with the country losing approximately one third of its important ecosystems over the last several decades. The Government of Tanzania, the UN, and USAID have committed significant resources to addressing this problem and are working towards ambitious national targets for biodiversity conservation. The country, however, faces a complex challenge of balancing locally led approaches to biodiversity conservation with the imperative to generate employment and diversify incomes.

Over the course of three and a half days, the delegation will examine the key drivers of these interconnected challenges up close, meeting with Minister of Foreign Affairs of the United Republic of Tanzania, the UN Resident Coordinator, UN Country Team, U.S. Embassy, and
visiting site projects in Dar es Salaam, Ruaha National Park, and Iringa to better understand how the UN is working with the Government of Tanzania and the U.S. to improve nutritional outcomes for its most vulnerable populations, promote inclusive economic growth in rural communities, strengthen national biodiversity conservation efforts, and invest in locally-led natural resource management initiatives.
