David will brief the delegation on critical landscape conservation, including protected areas management and other effective area-based conservation measures (OECMs) like the Maasai Mara conservancies.

ICCF staff will lead a discussion on management challenges of protected areas and OECMs and explore partnership models that make these areas effective. Participants will learn, broadly, how each of these models operates and how they support short- and long-term sustainability throughout the continent. This discussion will inform participants' work on conservation and natural resources by illustrating how different models are successful in their respective contexts.

Protected areas are widely recognized as the "anchors" to any effort to preserve and regenerate nature and restore ecosystems for the benefit of wildlife, human well-being, and Africa's economies. Yet, most African countries lack the funding and capacity necessary to effectively manage protected areas.

OECMs are defined as “a geographically defined area other than a Protected Area, which is governed and managed in ways that achieve positive and sustained long-term outcomes for the in situ conservation of biodiversity, with associated ecosystem functions and services and, where applicable, cultural, spiritual, socioeconomic, and other locally relevant values.”

As both populations and economies have grown in East Asia, the demand for wildlife products has surged, sending the black-market price of ivory, rhino horn, and other products to historic highs. Poaching and wildlife trafficking in Africa are destabilizing economies, decimating iconic species, financing violent insurgent groups and international criminal organizations, contributing to the deterioration of governance, and creating large swaths of land in which insurgent groups can train and operate. The delegation will learn about the poaching risks facing conservation areas as well as recent legislative and policy successes in South Africa and the region.

Oscar will brief the delegation on the park's efforts to work with communities to deter human-wildlife interaction and conflict.

09:30 - 10:00 Break

10:00 - 11:30 Walking tour

One of the local guides will take the group on a walking tour to see the smaller flora and fauna near the camp. It is also an opportunity to show

the delegation how much you can learn about the animals in your environment through tracking footprints, feces and grass breakage.

11:30 - 12:00 Break, freshen up before lunch

12:00 - 13:30 Lunch briefing with David Barron on the Keystone Protected Area Partnership

Natural ecosystems provide immense value for biodiversity and communities. At the first African Protected and Conserved Area Congress held in Rwanda, African leaders issued the Kigali Call to Action for People and Nature, which emphasizes the vital role of protected and conserved areas in contributing to economic development, supporting livelihoods and cultures, and safeguarding nature.

While landscape conservation requires a variety of instruments, legally designated and well-managed protected areas can play an important role by providing safe refuges for species that could rewild landscapes beyond their boundaries, as well as safeguarding critical ecosystem services for millions of people. Well-resourced conservation management of protected areas can radiate both conservation and economic benefits out into the broader landscape. As such, protected areas can become "keystones" for wider landscape conservation.

13:30 - 15:00 Afternoon break

15:00 - 18:00 Field briefing with local guides

SANParks recognizes the need to change the historic perspective of National parks are islands of privilege only for the elite. 18:00 - 20:00 Dinner Briefing with David Barron, ICCF Founder

David will lead a wrap-up discussion that will go over key takeaways from program visits and the important role the legislative branch plays in creating sound natural resource management policies that conserve the environment and ensure economic, food and national security.

The Honorable August Pfluger
U.S. House of Representatives
2202 Rayburn House Office Building
Washington, DC 20515

Dear Colleague:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your and your spouse's proposed trip to South Africa,¹ scheduled for August 15 to 27, 2025, sponsored by International Conservation Caucus Foundation and Gordon and Betty Moore Foundation. We note that this trip includes three days at your personal expense.

You must complete a Member/Officer Post-Travel Disclosure Form and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. You must also report all travel expenses totaling more than \$480 from a single source on the "Travel" schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

Because the trip may involve meetings with foreign government representatives, we note that House Members may accept, under the Foreign Gifts and Decorations Act (FGDA), gifts "of minimal value [currently \$480] tendered as a souvenir or mark of courtesy" by a foreign government. Any tangible gifts valued in excess of minimal value received from a foreign government must, within 60 days of acceptance, be disclosed on a Form for Disclosing Gifts from Foreign Governments and either turned over to the Clerk of the House, or, with the written approval of the Committee, retained for official use.

¹ Please be aware that the Committee's review of the proposed trip does not extend to either the security situation in the destination country or security related to foreign travel in general. We recommend you contact the Office of House Security (OHS) for a safety and security briefing prior to your departure. OHS may be reached at (202) 226-2044 or ohsstaff@mail.house.gov. House travelers should also register for the U.S. State Department's Smart Traveler Enrollment Program at <https://step.state.gov>.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.

Sincerely,

Michael Guest
