The Honorable Jay Obernolte
U.S. House of Representatives
2433 Rayburn House Office Building

Dear Colleague:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your and your spouse's proposed trip to Italy,¹ scheduled for April 3 to 9, 2026, sponsored by Aspen Institute, Inc. We note that this trip includes two days at your personal expense.

You must complete a Member/Officer Post-Travel Disclosure Form and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. You must also report all travel expenses totaling more than \$525 from a single source on the "Travel" schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

Because the trip may involve meetings with foreign government representatives, we note that House Members may accept, under the Foreign Gifts and Decorations Act (FGDA), gifts "of minimal value [currently \$525] tendered as a souvenir or mark of courtesy" by a foreign government. Any tangible gifts valued in excess of minimal value received from a foreign government must, within 60 days of acceptance, be disclosed on a Form for Disclosing Gifts from Foreign Governments and either turned over to the Clerk of the House, or, with the written approval of the Committee, retained for official use.

¹ Please be aware that the Committee's review of the proposed trip does not extend to either the security situation in the destination country or security related to foreign travel in general. We recommend you contact the Office of House Security (OHS) for a safety and security briefing prior to your departure. OHS may be reached at (202) 226-2044 or ohsstaff@mail.house.gov. House travelers should also register for the U.S. State Department's Smart Traveler Enrollment Program at <https://step.state.gov>.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.

Sincerely,

Michael Guest

The Honorable Jay Obernolte

**U.S. House of Representatives
Washington, DC 20515-0306**

Dear Representative Obernolte,

I would like to invite you and Heather to our bipartisan, bicameral congressional conference on ***Securing U.S. Advantage in an Era of Evolving AI in Bellagio, Italy, April 6-11, 2026***, including travel dates. Please get back to us with interest to attend the conference **by Friday, January 16, 2026**. These conference spots fill up quickly due to heavy interest, so we may have to move you to a waitlist if we don't hear back in time. This invitation does not guarantee your participation in the conference.

Artificial Intelligence has emerged as a defining force shaping the global economy and the international balance of power, with profound implications for U.S. economic competitiveness and national security. Control over a complex ecosystem of strategic assets—including compute, data, energy, critical minerals, and human capital—will determine technological leadership and resilience in an era of intensifying competition with China and other global actors. Through roundtable discussions and exchanges with leading policy experts, Members of Congress will examine how advances in AI are reshaping U.S. business, infrastructure, and defense; assess regulatory and trade-offs; and explore integrated strategies to secure technological advantage, manage systemic vulnerabilities, and help shape global regulatory and ethical standards that advance American vitality and security.

Conference attendance is by invitation only. No outside observers, no lobbyists, no congressional staff, and no media are allowed to participate. All conference sessions are off-the-record. No foreign governments are accepted to fund the Aspen Institute Congressional Program. As required by the Senate and House ethics rules, we will provide congressional participants with completed and signed ethics private sponsor forms.

Travel expenses, including business class airfare, meals, and lodging will be paid for by the Aspen Institute; no expenses for entertainment or recreation are paid for in compliance with ethics rules.

The Congressional Program is part of the Aspen Institute, Inc. a nonprofit organization founded in 1949. The Congressional Program was created to promote leadership on public policy by bringing legislators together from both political parties with internationally renowned scholars for high level discussions and analysis. Since our program's inception, more than 639 members of Congress have participated in our 167 domestic and international conferences.

We hope you can join us for this important conference.

Sincerely,

Charlie Dent

AI and Military Power: The Future of Warfare and National Security

Speakers:

- **General Timothy D. Haugh**, *former Director of the NSA and Commander of U.S. Cyber Command - Confirmed*
- **Joel Predd**, *Director, Center for the Geopolitics, Rand*

From autonomous weapons systems to AI-driven intelligence analysis, artificial intelligence is fundamentally transforming how militaries operate, make decisions, and compete for strategic advantage. The United States and its adversaries are racing to integrate AI across every domain of warfare — and the decisions made today will affect both the militaries and civil populations for years to come.

11 – 11:15 AM: Break

11:15 AM – 1:00 PM: Roundtable Discussion:

AI and Reality Distortion: The Security Risks of the Information Ecosystem

Speakers:

Nabiha Syed, *CEO of Mozilla Foundation*

Peter Munford, *CEO of Vantix Partners*

Artificial intelligence is transforming how information is created, distributed, and consumed at a scale and speed that is outpacing the ability for both businesses and

public policy to keep up. This session examines the sweeping implications from AI-generated content flooding news feeds to the shift of unreliable chatbot responses and how this will affect an everchanging world.

Question 12: For each sponsor required to submit a sponsor form, describe the sponsor's interest in the subject matter of the trip and its role in organizing and/or conducting the trip.

Aspen Institute's Congressional Program provides nonpartisan educational forums for members of Congress on public policy issues and organizes the conferences along with selecting members. The conference will take an in depth look at the Artificial Intelligence and how the development of AI will continue to influence industries, economies, and governance structures in the U.S. and across the globe. Federal policymakers will learn to understand a rapidly evolving technology that impacts every day life which includes communications, privacy, and ethics. This will continue to be a leading topic of conversation across all aspects of public policy. Aspen Institute has a special interest in Artificial Intelligence as signified by having a Digital Department within the Institute. Aspen Institute Congressional Program is paying for airfare, ground transportation, other transportation, meals and incidentals, and lodging.
