Office of the Honorable Joe Barton
2107 Rayburn House Office Building
Washington, DC 20515

Dear Ms. Murphy:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to San Francisco, California, scheduled for April 12 to 16, 2017, sponsored by the Software Education Foundation d.b.a. Software.org: the BSA Foundation ("Software.org"). We note that this trip includes two days at your personal expense.

You must complete an Employee Post-Travel Disclosure Form (which your employing Member must also sign) and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. If you are required to file an annual Financial Disclosure Statement, you must also report all travel expenses totaling more than \$390 from a single source on the "Travel" schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.

Attachment 2 – Questions # 12 – Sponsor’s interest and role

Software.org, the BSA Foundation is a is an independent and nonpartisan international research foundation that helps policymakers and the broader public better understand the impact that software has on our lives, our economy, and our society. We believe that by working together to examine these issues we can better prepare for the future and help shape government policies and industry culture that will promote both technological advancement and widespread growth.

Software.org seeks to take Congressional staff on an educational tour of global software companies at their San Francisco Bay Area based facilities. We have invited staff whose members are on the Judiciary, Ways & Means, Energy and Commerce, Homeland Security Committees, the House Committee on Science, Space & Technology or are in leadership offices in order to educate them about the software industry and issues of importance to the industry, including its economic impact, the need for computer science education, trade, privacy, intellectual property rights, and other issues. Software.org planned and organized all aspects of the trip, made lodging and travel arrangements, and corresponded with businesses involved to set up events and tours at each location. software.org is the sole sponsor for this trip, including responsibility for covering cost of meals throughout the trip.

Attachment 3 – Question #16 – Reason for selecting hotel accommodation.

Grand Hyatt San Francisco was chosen as the lodging for this trip because the cost met the per diem rate and because of its location and proximity to each site visit, alleviating the loss of time associated with downtown traffic.
