Attachment 2 – Questions # 12 – Sponsor’s interest and role

Software.org, the BSA Foundation is an independent and nonpartisan international research foundation that helps policymakers and the broader public better understand the impact that software has on our lives, our economy, and our society. We believe that by working together to examine these issues we can better prepare for the future and help shape government policies and industry culture that will promote both technological advancement and widespread growth.

Software.org seeks to take Congressional staff on an educational tour of global software companies at their Boston area based facilities. We have invited staff whose Members are on the Judiciary, Ways & Means, Energy and Commerce, Homeland Security Committees, the House Committee on Science, Space & Technology or are in leadership offices in order to educate them about the software industry and issues of importance to the industry, including its economic impact, the need for computer science education, trade, privacy, intellectual property rights, and other issues. Software.org planned and organized all aspects of the trip, made lodging and travel arrangements, and corresponded with businesses involved to set up events and tours at each location. Software.org is the sole sponsor for this trip, including responsibility for covering cost of meals throughout the trip.

Attachment 3 – Question #15

Meal expenses will be at or below the government per diem rates for Thursday August 3rd and Friday August 4th. We anticipate that the dinner scheduled for Thursday, August 3rd will be slightly higher than per diem rates, around \$40 per person compared to the \$31 dollar per diem allowance. Breakfast and lunch for that day are expected to be provided at costs that meet or are below the per diem rates.

The cost for the dinner on August 3rd is expected to exceed per diem rates because we have been unable to find a venue near the trip hotel or in the downtown Boston area that can accommodate our party for a private dinner at per diem rates. We believe having a private room for the Thursday night dinner will improve the quality of the discussion and presentation that will occur throughout the meal. The average cost of a meal at City Tap House is \$45, higher than the price we were able to secure through negotiation.

We realize that other locations may provide a meal for our group at prices lower than per diem rate, however City Tap House was chosen as our venue for the dinner in order to accommodate our tight schedule and to minimize transportation costs for our attendees.

Thank you for your consideration of this matter. Please do not hesitate to contact Chris Hopfensperger at 202-530-5135 if you need any further information.

Attachment 4 – Question #16 – Reason for selecting hotel accommodation.

We selected the Sheraton Boston Hotel as the lodging for this trip because the cost was at the per diem rate.
