4. This study tour is intended for district directors of the United States House of Representatives; FMC invited senior congressional staff from the House of Representatives who have previously expressed interest in Japan and U.S.-Japan relations. In addition, staff whose Members serve on committees relevant to the trip’s issues area – in particular, security, energy, and trade – were invited. Please find a list of all participants.

7. a. and c.

Hagerup: Milwaukee, WI
Sims Wilmes: Indianapolis, IN
Jumde: Little Rock, AR
Kelly: Denver, CO

12. FMC – a congressional chartered 501(c)(3) non-profit organization – administers the Congressional Study Group on Japan through its international program. Through the Study Group, FMC creates constant channels of communication and dialogue for U.S. Members of Congress and their staff to interact in a meaningful way with their counterparts in Japan. The 2018 Study Tour offers senior congressional staff a unique educational forum to explore key issues in the bilateral U.S.-Japan relationship and supports CSGJ’s and FMC’s educational mission. FMC is the sole sponsor of the trip and is responsible for organizing the itinerary and arranging meetings with officials, expert speakers, and local leaders. FMC is solely responsible for all invitations to and communications with trip participants, as well as the funding for the 2018 State Director Study Tour to Japan.

15. b. 2) Tokyo is the financial and political hub of Japan, and the senior staff delegation will meet with American and Japanese government officials, journalists and issue experts on issues ranging from security, women’s status to trade. Additionally, through meetings with students and cultural figures as well as an educational visit to Meiji Shrine, participants will gain a holistic understanding of Japan’s rich history, culture and religion.

Tohoku, the northeastern portion of Japan that includes Fukushima and Sendai, was the epicenter of the March 2011 Great East Japan earthquake and resulting tsunami and nuclear disaster at Fukushima Daiichi nuclear power plant. This disaster caused the deaths of tens of thousands of Japanese citizens as well as two American citizens. The earthquake and tsunami resulted in major damage to coastal areas and was compounded by nuclear contamination from the damaged Fukushima Daiichi plant, which forced the evacuation of tens of thousands of Japanese whom remain displaced to this day. Through meetings and site visits, trip participants will hear from local leaders and experts on how the disaster has impacted their community, how the U.S. has supported the region in the aftermath of the disaster, and what challenges remain with regards to energy needs and decontamination efforts.

Ms. Megan Sims Wilmes, District Director, Office of Rep. Andre Carson (D-IN)

Dear Colleague:

It is our pleasure to invite you to join The Congressional Study Group on Japan’s inaugural Study Tour for District Directors from June 16, 2018 to June 23, 2018. The theme of this trip is “science and technology cooperation” and the delegation will visit Tokyo, Sendai and Fukushima.

The Congressional Study Group on Japan – a 501(c)(3) non-profit – has more than twenty years of history conducting successful, high-level, discussion-driven study tours for Members of Congress and senior congressional staff, which complement an active calendar of year-round programs on Capitol Hill. Fervently non-partisan and non-advocacy, our model promotes an active, substantive discussion among all principals. Our model avoids lengthy speeches or formal presentations that hinder the development of lasting working relationships based on mutual respect and understanding.

The Study Tour for District Directors provides an exciting new opportunity to build U.S.-Japan relationships at the regional and local levels of government and civil society, beyond the traditional Washington-Tokyo relationship. Our Congressional Study Group on Germany has convened similar trips for District Directors in 2016 and 2017, both of which have seen great success. The 2018 Study Tour to Japan will visit Tokyo and Tohoku (Sendai and Fukushima) with the thematic focus on science and technology. Together with a variety of leading officials and experts from academia, civil society, industry, the media, and government, you will have the opportunity to discuss topics of mutual concern and areas for cooperation in science and technology, including:

- Innovation: transportation, start-up culture, public-private partnership,
- Energy: renewables, the future of nuclear energy
- Demographic change: robotics, artificial intelligence, medical device development

During the trip, you will also have an opportunity to learn other issues, including the U.S.-Japan security alliance, regional and bilateral trade, and the roles of the district offices in Japan.

We have obtained funding for eight District/State Directors from the House and the Senate and are able to provide economy-plus airfare on ANA for this bipartisan delegation. All lodging, transportation, and scheduled meal costs will be paid for by the U.S. Association of Former Members of Congress (FMC), a congressionally-chartered, 501(c)(3) non-profit organization, with the generous support of the Japan-U.S. Friendship Commission, an independent federal agency created by Congress in 1975. Please note that this privately-sponsored trip will be submitted to the Ethics Committee for congressional approval.
This invitation is non-transferrable, and participation is available on a first-come, first-served basis for a diverse, bipartisan delegation. We look forward to traveling with you, and thank you in advance for your consideration.

Best,

Sabine Schleidt

Dear Ms. Sims Wilmes:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to Japan, scheduled for June 16 to 23, 2018, sponsored by the U.S. Association of Former Members of Congress.

You must complete an Employee Post-Travel Disclosure Form (which your employing Member must also sign) and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. If you are required to file an annual Financial Disclosure Statement, you must also report all travel expenses totaling more than $390 from a single source on the “Travel” schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

Because the trip may involve meetings with foreign government representatives, we note that House employees may accept, under the Foreign Gifts and Decorations Act (FGDA), gifts “of minimal value [currently $390] tendered as a souvenir or mark of courtesy” by a foreign government. Any tangible gifts valued in excess of minimal value received from a foreign government must, within 60 days of acceptance, be disclosed on a Form for Disclosing Gifts from Foreign Governments filed with the Committee, and either turned over to the Clerk of the House, or, with the written approval of the Committee, retained for official use.
If you have any further questions, please contact the Committee’s Office of Advice and Education at extension 5-7103.

Sincerely,

Visit to Meiji Jingu Shrine, and tour guided by priest

Meiji Jingu, dedicated to Emperor Meiji, the first emperor of modern Japan, is of Shinto origin, a religion native to Japan which centers on polytheistic nature worship and whose origin goes back to primitive times. Over its long history, Shintoism has developed into a religion that has become truly unique in the world, adopting continental influences to combine with its own indigenous traditions. Japanese spiritual and daily life is deeply rooted in Shintoism, and participants will learn of the significant role it plays in the life and mindset of Japanese citizens and politicians.
