Version date 4/2013 by Committee on Ethics
Ms. Veronica Bonilla  
Office of the Honorable Norma J. Torres  
1713 Longworth House Office Building  
Washington, DC 20515

Dear Ms. Bonilla:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to Sierra Leone,¹ scheduled for August 4 to 11, 2018, sponsored by the Cooperative for Assistance and Relief Everywhere, with financial support from the Bill and Melinda Gates Foundation.

You must complete an Employee Post-Travel Disclosure Form (which your employing Member must also sign) and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. If you are required to file an annual Financial Disclosure Statement, you must also report all travel expenses totaling more than $390 from a single source on the “Travel” schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

Because the trip may involve meetings with foreign government representatives, we note that House employees may accept, under the Foreign Gifts and Decorations Act (FGDA), gifts “of minimal value [currently $390] tendered as a souvenir or mark of courtesy” by a foreign government. Any tangible gifts valued in excess of minimal value received from a foreign government must, within 60 days of acceptance, be disclosed on a Form for Disclosing Gifts from Foreign Governments filed with the Committee, and either turned over to the Clerk of the House, or, with the written approval of the Committee, retained for official use.

¹ We note that the U.S. Department of State (State Department) has issued a travel warning concerning travel to Sierra Leone, available at https://travel.state.gov/content/travel/en/international-travel/International-Travel-Country-Information-Pages/SierraLeone.html. You may wish to contact the State Department regarding the safety of your proposed trip.
Ms. Veronica Bonilla

ADDENDUM B
There are some slight variances in the agenda as detailed below:

- On August 7th, the briefing with the U.S. Mission in Sierra Leone was switched with our scene-setter briefing, in order to accommodate the Ambassador's availability to attend the U.S. Mission briefing that Tuesday morning. The Ambassador also requested that the reception be held on Thursday, August 9th instead of on the 7th, so this is also updated in the enclosed agenda. In addition, the Minister of Health and Sanitation expressed interest in meeting with the delegation in addition to a separate meeting that was confirmed with the President and Vice President of Sierra Leone, both of which are reflected in the updated enclosed agenda. Lastly, due to the change in the date of the Ambassador's reception, we moved the "Ebola Deep Dive" conversation with epidemiologists to Tuesday evening as well.

CARE and CARE Action Now Structure Explained
Updated: September 2, 2016

CARE, a 501(c)(3) organization, is a leading international humanitarian organization fighting global poverty that places special focus on working alongside poor women who, equipped with the proper resources, can assist whole families and entire communities escape poverty through improved basic education, prevent the spread of HIV, increase access to clean water and sanitation, and expand economic opportunities and the protection of natural resources. CARE also delivers emergency aid to survivors of war and natural disasters, and helps people rebuild their lives.

CARE established CARE Action Now in October, 2007 as a related but separately incorporated 501(c)(4) organization. Served by a mostly independent Board of Directors, CARE Action Now undertakes a variety of programs and activities in furtherance the organizations’ comparable missions, most notably directly influencing policymakers through public awareness campaigns, briefings, reports, meetings, testimony and other areas based on CARE’s experience of working with poor people around the world over more than 60 years. The two organizations share facilities and resources, allocating the costs between them based upon use, as is common in the nonprofit sector. CARE provides grant funding to CARE Action Now to support the range of its advocacy and lobbying activities. CARE Action Now is increasingly raising funds independent of CARE. This is a common structure for related nonprofit organizations, where a 501(c)(3) organization uses some of its limited funding on lobbying to support a related 501(c)(4) rather than doing the lobbying directly itself.

CARE serves as common paymaster for both organizations, so that all shared employees receive one paycheck from CARE for services provided to either CARE or CARE Action Now. CARE Action Now reimburses CARE for its allocable share of salary, benefits, and payroll taxes. All staff time that qualifies as “lobbying activity” under the Lobbying Disclosure Act that is conducted by staff registered as lobbyists for CARE Action Now is charged to CARE Action Now under this arrangement, although those employees may also perform non-lobbying services for CARE. CARE Action Now treats its reimbursement payments to CARE as expenditures for salary and related items on its books.

This relationship which is consistent with customary practice leads us to conclude that CARE has properly completed this form, including that it does not employ or retain lobbyists. However, we include this additional information in the interests of full transparency so that the committee may make this determination for itself.

This letter is submitted in response to your request regarding a learning trip beginning August 4, 2018. The Bill & Melinda Gates Foundation made a grant to CARE USA on January 5, 2017 to fund various activities, including congressional tours to provide learning opportunities on U.S. foreign assistance programs.

I send this to confirm that the Bill & Melinda Gates Foundation is aware of this project and provided support, through the assistance of grant funding, to CARE USA for this project for the purpose of providing members of Congress, Congressional staff, other key decision-makers and influential individuals with the personal experience and knowledge of U.S. Government programs in the developing world and to provide follow-on information to tour participants, selecting countries that have a broad array of U.S. Government development projects.

However, the Foundation did not play a significant role in the project, or in organizing the related trip, and has not been involved in the selection or invitation of travel participants. Decisions regarding travel participants have been controlled by and under the sole discretion of CARE USA. Foundation funding has not been directly or indirectly earmarked to finance any aspect of this trip and, as defined in the grant agreement, grant funds, may not be earmarked for activities that are considered lobbying under the tax law provisions governing private foundations. Furthermore, the Bill & Melinda Gates Foundation does not retain or employ a registered federal lobbyist or foreign agent.

If we can provide any additional information, please contact me at Kimberly.Webber@gatesfoundation.org or 1.202.662.8195.

Sincerely,

Kim Webber

Dear Veronica,

We are approaching you with a special opportunity to join CARE’s next Learning Tour to Sierra Leone during the August Congressional recess from August 4-11, including travel. This trip will examine U.S. investments in global health, maternal and child health, nutrition and women’s empowerment. In addition to members of Congress, the delegation will include key leaders from the corporate sector, technical experts, and the media working on these issues.

On your journey, you will visit programs and meet with beneficiaries in Sierra Leone to see firsthand how critical U.S. investments are making a difference. You’ll learn from experts on the ground — including the government, private sector and local partners who are working toward solutions at the community level, as well as government decision-makers who implement those solutions on the national and regional stage.

For years following the country’s nearly decade-long civil war, Sierra Leone has grappled with pervasive poverty and very weak health indicators, particularly for maternal and child health and nutrition. Approximately 77.5 percent of the population lives in extreme poverty and more than 16 percent of children will not survive beyond five years of age. This immense poverty was compounded by the 2014 Ebola outbreak in West Africa, which devastated Sierra Leone’s health infrastructure, capacity and workforce. Despite being one of the countries worst affected by Ebola, the Sierra Leonean government and the international community quickly mobilized resources to quarantine new cases and initiate a widespread public health campaign to contain the outbreak. Thanks to these efforts, Sierra Leone was declared Ebola-free in 2016.

In Sierra Leone, international investment is actively working to improve these realities. Investments from U.S. agencies such as USAID and the CDC are strengthening health systems to be able to effectively prevent and respond to disease. And women in Sierra Leone are proving to be critical change agents to achieving better health outcomes. When women can live free from gender-based violence, they can fully engage in their communities and change health behavior norms. When mothers are equipped with financial resources, they’re able to afford health services for children in those critical first two years of life. And when women and girls have access to family planning and maternal health services, they can healthfully time and space their pregnancies, significantly reducing maternal and child mortality.

This Learning Tour will be a unique opportunity to explore these issues on the ground and return to Capitol Hill with a deeper understanding of how U.S. investments equip millions of women and communities around the world with the knowledge and resources necessary to pull themselves and their families out of poverty.

In order to allow sufficient time for planning, we would appreciate a response indicating your interest by Friday, July 6. I have asked Kamille Gardner in CARE’s Washington, DC office to follow up. You can also reach her directly at Kamille.gardner@care.org or (202) 459-8572.

Thank you for your ongoing support and for considering this opportunity.

Sincerely,
