The Bill & Melinda Gates Foundation is interested in expanding opportunities for all students to be able to complete a high-quality, affordable postsecondary education that leads to a sustaining career. Toward that end, it is important to help policymakers better understand federal student aid programs and the roles of the Free Application for Federal Student Aid (FAFSA), student loan servicing, and repayment programs.

The Kresge Foundation is committed to increasing opportunities for low-income and students of color to enter and succeed in undergraduate education. The Foundation supports a range of efforts designed to help students and families understand the type of federal aid that is available to them, including receiving assistance filling out the FAFSA. A more nuanced understanding of the complexities that families face when navigating the FAFSA and the student loan system will hopefully lead to simplifying the FAFSA and the consideration of student-centric improvements to the student loan servicing system.

PNPI created the agenda, developed the invitation list and is managing all event logistics. None of PNPI's funders, the Bill and Melinda Gates Foundation, the Lumina Foundation or the Kresge Foundation, have played a role in organizing the referenced Congressional trip or in the selection or invitation of travel participants. Decisions regarding travel participants have been controlled by and were at all times under the sole discretion of, PNPI.

The seminar will also deepen participants' understanding of student loan borrowing patterns, student loan debt, the federal student aid repayment programs, and student loan servicing.

Lumina Foundation is interested in increasing postsecondary education attainment, including through the support of activities that ensure students, policymakers and other stakeholders deepen their understanding of the opportunities and barriers presented by federal student aid programs.
