Ms. Stacy Thompson
Office of the Honorable Chrissy Houlahan
1218 Longworth House Office Building
Washington, D.C. 20515

Dear Ms. Thompson:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to Tanzania,¹ scheduled for August 17 to 24, 2019, sponsored by RESULTS Educational Fund and Elizabeth Glaser Pediatric AIDS Foundation, with financial support from Bill & Melinda Gates Foundation.

You must complete an Employee Post-Travel Disclosure Form (which your employing Member must also sign) and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. If you are required to file an annual Financial Disclosure Statement, you must also report all travel expenses totaling more than \$390 from a single source on the "Travel" schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

Because the trip may involve meetings with foreign government representatives, we note that House employees may accept, under the Foreign Gifts and Decorations Act (FGDA), gifts "of minimal value [currently \$390] tendered as a souvenir or mark of courtesy" by a foreign government. Any tangible gifts valued in excess of minimal value received from a foreign government must, within 60 days of acceptance, be disclosed on a Form for Disclosing Gifts from Foreign Governments and either turned over to the Clerk of the House, or, with the written approval of the Committee, retained for official use.

¹ Please be aware that the Committee's review of the proposed trip does not extend to either the security situation in the destination country or security related to foreign travel in general. We recommend you contact the Sergeant at Arms (SAA) for a safety and security briefing prior to your departure. SAA may be reached at (202) 226-2044 or ohsstaff@mail.house.gov. House travelers should also register for the U.S. State Department's Smart Traveler Enrollment Program at <https://step.state.gov>.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.

Sincerely,

A handwritten signature in blue ink, appearing to read "Theodore E. Deutch". The signature is fluid and cursive, with a large initial "T" and "D".

Dear Stacy:

Elizabeth Glaser Pediatric AIDS Foundation and RESULTS Educational Fund are pleased to invite you on a unique Learning Trip to Tanzania, where you will have the opportunity to see firsthand how U.S. investments are working to address Tanzania's key development challenges and to improve the health of vulnerable populations. The trip will take place from August 17 – August 24, 2019 (including travel days) and will include meetings with U.S., Tanzanian, and NGO partners, visits to program sites in the field, and interactions with community workers and beneficiaries.

We hope this trip will be a resource for your office as you consider the U.S. Government's role in overseas development assistance, in particular – HIV and tuberculosis response, maternal and child health, nutrition and early child development. On the trip, you'll visit Elizabeth Glaser Pediatric AIDS Foundation and partner programming focused on solving key challenges in these areas. You'll have the opportunity to interact with community workers and beneficiaries, as well as witness innovative development solutions that are empowering hundreds of thousands of Tanzanians. You'll also dialogue with government officials who implement these solutions on a local and national stage.

After achieving independence from Britain in 1961, Tanganyika and Zanzibar united to form the United Republic of Tanzania in 1964. Tanzania has made significant gains towards stability, economic growth, and improved public health and shared prosperity, but significant development challenges remain: the country is ranked 154 out of 189 countries and territories on the United Nations Human Development Index with low levels of educational completion and access to health facilities. Tanzania is home to over 55 million people, two-thirds of whom are under 25 years of age, which poses challenges for the government to expand health and education services to match the pace of population growth. Tanzania has sustained high economic growth over the past ten years and had the highest real GDP growth rate in the East African Community in 2017. But although the poverty rate has declined, the absolute number of poor citizens has not, due to high population growth. Managing Tanzania's new revenues and equitably sharing their benefits will present new challenges; continued leadership from the government of Tanzania, coupled with the commitment of development partners like the United States, will be needed to make progress against persistent levels of poverty.

We hope that you will be able to participate in this educational and exciting trip. Please note the attached draft trip itinerary for your reference, and feel free to reach out if you have any questions.

Sincerely,

Katie Lapidés Coester
