Mr. Daniel Bleiberg
Office of the Honorable Lois Frankel
2305 Rayburn House Office Building
Washington, DC 20515

Dear Mr. Bleiberg:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to Malawi,¹ scheduled for November 2 to 8, 2019, sponsored by Cooperative for Assistance and Relief Everywhere, Inc. (CARE) and The Bill & Melinda Gates Foundation.

You must complete an Employee Post-Travel Disclosure Form (which your employing Member must also sign) and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. If you are required to file an annual Financial Disclosure Statement, you must also report all travel expenses totaling more than $390 from a single source on the “Travel” schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

Because the trip may involve meetings with foreign government representatives, we note that House employees may accept, under the Foreign Gifts and Decorations Act (FGDA), gifts “of minimal value [currently $390] tendered as a souvenir or mark of courtesy” by a foreign government. Any tangible gifts valued in excess of minimal value received from a foreign government must, within 60 days of acceptance, be disclosed on a Form for Disclosing Gifts from Foreign Governments and either turned over to the Clerk of the House, or, with the written approval of the Committee, retained for official use.

¹ Please be aware that the Committee’s review of the proposed trip does not extend to either the security situation in the destination country or security related to foreign travel in general. We recommend you contact the Sergeant at Arms (SAA) for a safety and security briefing prior to your departure. SAA may be reached at (202) 226-2044 or ohstaff@mail.house.gov. House travelers should also register for the U.S. State Department’s Smart Traveler Enrollment Program at https://step.state.gov.
If you have any further questions, please contact the Committee’s Office of Advice and Education at extension 5-7103.

Sincerely,

Theodore E. Deutch

RE: CARE Learning Tour to Malawi (November 2-8, 2019)

To Whom It May Concern:

Over the past ten years, the CARE Learning Tours program has provided policymakers and influential opinion leaders the unique opportunity to see firsthand the impact of U.S. foreign assistance investments on health and development worldwide. CARE has engaged members of Congress and key staff from both political parties as well as influential opinion leaders on these Learning Tours.

On this CARE Learning Tour, we will be sponsoring a trip to Malawi, which will include members and Congressional staff of the House of Representatives. This trip has been funded through the assistance of a grant provided to CARE by the Bill & Melinda Gates Foundation, with the purpose of raising awareness about the importance of U.S. investments in confronting global poverty. A portion of the activities funded by this grant include Congressional travel, and CARE is using some of the grant funds to support this specific trip. The Bill & Melinda Gates Foundation did not play a role in organizing the trip and has not been involved in the selection or invitation of travel participants. This funding had not been earmarked for this specific trip as stated in Item 7 on the Private Sponsor Travel Certification Form.

We are committed to ensuring adherence to all Ethics Committee rules and regulations. For further information about CARE's advocacy and lobbying structure, please see the attached description. If you have any questions, please feel free to contact me at (202) 569-7027.

Sincerely,

Rachel Hall
Director, Learning Tours

CARE and CARE Action Now Structure Explained

CARE, a 501(c)(3) organization, is a leading international humanitarian organization fighting global poverty that places special focus on working alongside poor women who, equipped with the proper resources, can assist whole families and entire communities escape poverty through improved basic education, prevent the spread of HIV, increase access to clean water and sanitation, and expand economic opportunities and the protection of natural resources. CARE also delivers emergency aid to survivors of war and natural disasters, and helps people rebuild their lives.

CARE established CARE Action Now in October, 2007 as a related but separately incorporated 501(c)(4) organization. Served by a mostly independent Board of Directors, CARE Action Now undertakes a variety of programs and activities in furtherance the organizations’ comparable missions, most notably directly influencing policymakers through public awareness campaigns, briefings, reports, meetings, testimony and other areas based on CARE’s experience of working with poor people around the world over more than 60 years. The two organizations share facilities and resources, allocating the costs between them based upon use, as is common in the nonprofit sector. CARE provides periodic funding to CARE Action Now using a written grant mechanism to support the range of its advocacy and lobbying activities. CARE Action Now is increasingly raising funds independent of CARE. This is a common structure for related nonprofit organizations, where a 501(c)(3) organization uses some of its limited funding on lobbying to support a related 501(c)(4) rather than doing the lobbying directly itself.

CARE serves as common paymaster for both organizations, so that all shared employees receive one paycheck from CARE for services provided to either CARE or CARE Action Now. CARE Action Now provides to CARE its allocable share of salary, benefits, and payroll taxes. All staff time that qualifies as “lobbying activity” under the Lobbying Disclosure Act that is conducted by staff registered as lobbyists for CARE Action Now is charged to CARE Action Now under this arrangement, although those employees may also perform non-lobbying services for CARE. CARE Action Now treats its reimbursement payments to CARE as expenditures for salary and related items on its books.

This relationship which is consistent with customary practice leads us to conclude that CARE has properly completed this form, including that it does not employ or retain lobbyists. However, we include this additional information in the interests of full transparency so that the committee may make this determination for itself.

This letter is submitted in response to your request regarding a Learning Tour to Malawi scheduled to take place November 2-8, 2019. The Foundation made a grant to CARE USA on January 5, 2017 to fund various activities, including congressional tours to provide learning opportunities on U.S. foreign assistance programs.

I send this to confirm that the Bill & Melinda Gates Foundation is aware of this project and provided support, through the assistance of grant funding, to CARE USA for this project for the purpose of providing members of Congress, Congressional staff, other key decision-makers and influential individuals with the personal experience and knowledge of U.S. Government programs in the developing world and to provide follow-on information to tour participants, selecting countries that have a broad array of U.S. Government development projects.

However, the Foundation did not play a significant role in the project, or in organizing the related trip, and has not been involved in the selection or invitation of travel participants. Decisions regarding travel participants have been controlled by and under the sole discretion of CARE USA. Foundation funding has not been directly or indirectly earmarked to finance any aspect of this trip and, as defined in the grant agreement, grant funds, may not be earmarked for activities that are considered lobbying under the tax law provisions governing private foundations. Furthermore, the Bill & Melinda Gates Foundation does not retain or employ a registered federal lobbyist or foreign agent.

If we can provide any additional information, please contact me at kim.webber@gatesfoundation.org or 1.202.662.8195.

Sincerely,

Kim Webber

Dear Mr. Bleiberg:

It is with great pleasure that I write to invite you to join CARE’s next Learning Tour to Malawi to examine the impact of U.S. foreign assistance in promoting maternal and child health and women’s empowerment. This trip will take place on November 2 – November 8, 2019 (including travel) and will include other congressional staff members, as well as key leaders from the Administration, corporate sector, and technical experts. We would be honored if you would join.

On your journey, you will explore issues of women’s economic empowerment through savings and loans groups and technical training, food and nutrition security interventions, innovative health systems improving maternal mortality outcomes, and sustainable investments to address gender-based violence and child marriage. Furthermore, you will visit program sites and meet with program participants in Malawi to see firsthand the impact of critical U.S. investments in programs combating poverty and building strong communities through empowering women and girls.

Located in Southeast Africa, Malawi is a landlocked country that relies heavily on imports of essential goods for its rapidly growing population. Although Malawi is notable for having 50 years of peaceful independence, it remains one of the poorest countries in the world. Malawi has one of the highest rates of child marriage globally, with almost half of all girls in Malawi married before 18-years-old, and 37 percent of children will be stunted by age five due to chronic malnutrition. However, with support of global investments, Malawi is making progress on certain development indicators. During the past fifteen years Malawi has experienced a 30 percent drop in under five mortality rates, innovative service models have significantly increased the percent of women giving birth in health facilities and Malawi is currently piloting a groundbreaking vaccine against malaria.

Travel on this CARE Learning Tour will take you off the beaten path to spend genuine time in communities. CARE Learning Tours highly prioritize time in the field, visiting program sites that allow you to meet with some of the most vulnerable beneficiaries of foreign assistance and to understand the impact of innovative programming supported by U.S. investments. We have over 10 years of experience implementing Congressional education trips, and CARE along with our partners have been working in many of the communities you will visit for decades, allowing us and other program implementers to bring delegations to uniquely remote areas. Through this experience, you will have a chance to understand both the successes as well as the challenges facing Malawi and the region, often articulated directly by the program participants themselves.

The United States is an active and critical partner in addressing health and development challenges. This Learning Tour will be a unique opportunity to explore these issues firsthand and return to Capitol Hill with a deeper understanding of how U.S. foreign assistance is helping to bolster communities, while also building a more stable and prosperous world for us all.

To allow enough time for planning, we appreciate a response indicating your interest in joining by Monday, September 30, 2019. We have asked Marielle Thete to provide further details on the trip and answer any questions you may have. You can reach her directly at Marielle.Thete@care.org or (202)779-6847.

Thank you for considering this opportunity.

Sincerely,

David Ray
Vice President for Policy & Advocacy, CARE USA
