FRS Congressional Broadband Tour – Montana

August 17-20, 2021

The Foundation for Rural Service (FRS) is a 501c3 non-profit dedicated to enhancing quality of life in America by promoting a better understanding of rural issues. The vision of FRS is to harness the power of the rural communications industry to enrich lives in America.

The purpose of this trip is to educate Hill staff on the geographic and financial challenges of providing robust broadband service to remote rural areas, as well as to highlight the role rural telecom companies play in providing these essential services that support education, commercial activity, agriculture, health, and public safety. Attendees will visit with a range of small, rural telecommunications companies in Montana as well as companies that provide essential services to these companies. The group will also visit with rural community leaders and discuss ways in which the state has been enhanced by broadband applications. Drive times through Montana will give FRS staff an opportunity to provide educational sessions on the bus, as well as illustrate the difficulty of serving “last mile” areas in a highly rural state.

Per the Ethics rules, no registered lobbyists will attend this trip. All expenses will be paid in full by the Foundation for Rural Service (FRS) and will be subject to the daily per diem allowances for Senate and House employees—in other words, all meals, lodging and transportation for staffers will be covered by FRS within these allowance rates.

It was established for landless Chippewa (Ojibwe) Indians in the American West, but within a short period of time many Cree (Nēhiyaw) and Métis were also settled there. Board bus and travel to Ft. Benton. Known as the "Birthplace of Montana", Fort Benton is situated on the banks of the Missouri River and is a haven for history buffs as well as canoeists seeking the solitude and unique beauty of the Upper Missouri National Wild and Scenic River. Fort Benton is also located along the Lewis & Clark National Historic trail, the Nez Perce National Historic Trail, and is the gateway to the Upper Missouri River Breaks National Monument. Fort Benton first gained fame as a robe trading post. The discovery of gold in the Montana and Idaho Territories brought countless fortune seekers, outlaws, merchants and madams to this riverside town. Whiskey followed gold, and infamous trails were forged into Canada, including the Whoop-up Trail into Alberta and the Fort Walsh Trail into Saskatchewan. As the terminus for the 642-mile long Mullan Wagon Road, Fort Benton became a crucial link between Missouri and Walla Walla, Washington along the Columbia River. Steamboats plied the Missouri River to Fort Benton for thirty years, until the railroad signaled an end to this towns' prominence as the "Worlds Innermost Port". This once feisty outpost played such a vital role in the expansion of the West, that it is now registered as a National Historic Landmark.
