Washington DC 20515

March 14, 2022

Mr. Eric Dunay
Legislative Assistant
Office of Representative Sharice Davids
1541 Longworth House Office Building
Washington, DC 20515

Dear Mr. Dunay,

I am writing to invite you to participate in an MIT seminar for senior Congressional staff on technology and policy options for addressing climate change. The seminar, **“Technology & Policy Paths to Net Zero,”** will take place on the MIT campus in Cambridge, MA from April 20 – 22. To allow for robust discussion, invitations are being extended only to senior Congressional staff who work on a variety of energy-related policy areas.

We are able to reimburse the cost of travel and hotel accommodations and are carefully following House and Senate Ethics Committee requirements. The necessary forms will be provided to you should you apply to attend.

As you will see in the attached agenda, the seminar will include sessions with a range of MIT faculty with expertise on potential technological and policy approaches to climate. The seminar will also include tours of The Engine, a technology incubator and venture fund spun off from MIT, and of our fusion energy laboratory.

On the morning of April 21, the seminar will include attendance at a broader MIT event at which the flagship research projects from our Climate Grand Challenges competition will describe their plans. That event will also include a panel discussion with outside experts on moving research breakthroughs from the lab to the marketplace.

The organizers of this seminar include Robert C. Armstrong, Director of the MIT Energy Initiative and Chevron Professor of Chemical Engineering; Robert Stoner, Deputy Director of the MIT Energy Initiative; and Professor Christopher Knittel from the MIT Sloan School of Management.

If you apply and are offered a place at the seminar, you will need to adhere to MIT’s Covid in-person event policies. Attendees will have to attest that they have been vaccinated and

boosted, or that they have a religious or medical reason for exemption. As of now, masks will be required at this event.

The seminar is sponsored by my office. If you would like to attend, please apply no later than close of business on Thursday, March 17 by [CLICKING HERE](#). This will allow sufficient time for filing the necessary paperwork with your Ethics Committee by March 21. Spaces are limited, so early application is strongly suggested.

If you have received this invitation in error and the seminar is not relevant to your portfolio, please feel free to forward it to a colleague who focuses on energy and/or climate issues.

Helen Haislmaier in the MIT Washington Office will be happy to answer any questions, and she can be reached at (202) 789-1828 or at helenh@mit.edu.

Sincerely,

A handwritten signature in black ink, appearing to read 'MTZL' with a long horizontal flourish extending to the right.

Maria T. Zuber

**Responses to Questions asked by the House of Representatives Committee on
Ethics regarding MIT's 2022 Senior Congressional Staff Seminar
"Technology and Policy Paths to Net Zero" being held
on the MIT Campus, April 20-22, 2022**

1. Has any other organization or individual not listed on the form made (or will make) an in-kind or financial contribution to the events, meals, or the travel on this trip? If so, please list

No other organization or individual has made or will make any contribution to the seminar. The seminar is being paid for entirely with funds provided by MIT's Office of the Vice President for Research.

2. Is any government entity, foreign or domestic, or any multinational organization funding, providing in-kind support, or helping organize any aspect of the trip and events on the trip?

No government entity, foreign or domestic, nor any multinational organization is providing any form of support for this seminar.

3. How are the funds raised that are used for this trip and events on the trip?

No funds were raised specifically for this trip and events on the trip. All funds used to support this trip and events come from discretionary accounts of the Vice President for Research.

4. If funds are solicited for this trip and events on this trip, are donors aware that their donations are used for congressional travel?

No funds are solicited for this trip or any events on this trip.

5. Does MIT or any other trip sponsors seek grants or specific donations to help directly or indirectly fund congressional travel?

MIT has sought grants from outside organizations for congressional events in the past but not for this seminar.

12. Are other attendees, other than the speakers and MIT's staff and officers, invited to attend the congressional events and trip?

There are no other attendees other than the congressional staff and MIT staff, faculty, officers or speakers.

13. Will any registered federal lobbyist or foreign agent registered under FARA be involved in any function of the funding, planning, organizing, scheduling, inviting, or any other in-kind activity associated with trip?

MIT has a staff person in our Washington office who is registered as a lobbyist. He is one of many people involved in recommending possible sessions to include in the agenda. He is a Ph.D. scientist with expertise in energy policy. No other lobbyist or foreign agent has been or will be involved in any way. MIT's lobbyist will not be attending the event.

14. Is MIT affiliated with an organization that retains or employs a registered federal lobbyist or foreign agent? If so, please describe.

One of MIT's employees in the Washington Office is registered as a lobbyist and hence MIT is referred to as a "client" under the Lobbying Disclosure Act. MIT is also a member of several higher education organizations that either employ registered federal lobbyists or are clients of lobbying firms. Those organizations are reported on MIT's I-990 form every year.

15. Is the signer of the Primary Trip Sponsor Form a corporate officer legally authorized by the corporation to sign the form and bind the corporation under penalty of law?

MIT faculty, in the course of their activities, have discretion to sign various disclosures and other forms, including a form of this nature. Dr Armstrong is not representing that he is an officer of MIT but he has the authority to sign this form on behalf of MIT.

16. Detail travel changes to originally submitted agenda.

On 4/12/22, JetBlue cancelled the 4/20/22 8:30am flight we had booked all the congressional staff on from DCA to Boston. They rebooked the staff on a variety of flights, some of which would have meant the staff would arrive after the start of the seminar so we found odd seats on other, earlier flights so we can hopefully still get everyone to MIT in time for the start of the program. As a result, some of the flight prices will be slightly more than the original estimate. Also, since the staff are now arriving at Logan airport on multiple flights at different times, we will not be able to provide a bus to pick everyone up. We are therefore advising the staff to take the subway or to try and share a cab ride if time
