Dear Ms. Johnson:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to Austin, Texas, scheduled for May 4 to 6, 2022, sponsored by Global Women's Innovation Network.

You must complete an Employee Post-Travel Disclosure Form (which your employing Member must also sign) and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. If you are required to file an annual Financial Disclosure Statement, you must also report all travel expenses totaling more than \$415 from a single source on the "Travel" schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.

Sincerely,

Theodore E. Deutch

8:30 AM **Breakfast ft. Allison O'Brien, Oracle**
9:30 AM Snooze, an A.M. Eatery, 1109 E 5th Street

Overview: Due to travel complications, during this rescheduled meeting we heard from Allison O'Brien, who serves as Managing Director, Government Affairs for Oracle Corporation, where she oversees industry-leading political programs in support of Oracle's advocacy efforts, including diplomatic and policymaker engagement opportunities, the company's political action committee, and political compliance, transparency, and oversight objectives. Additionally, Ms. O'Brien manages internal and external operations for Oracle Corporate Affairs globally. Allison led us through a conversation about how cloud services help small businesses lead in innovation-driven fields in surprising ways.

5-minute drive

10:00 AM **The Future of Self-Driving Autos with Argo AI ft. Rachel Rathore**
11:00 AM 4800 East 7th Street

Overview: Argo AI is an autonomous driving technology company headquartered in Pittsburgh, Pennsylvania. The company was co-founded in 2016 by Bryan Salesky and Peter Rander, veterans of the Google and Uber automated driving programs. At Argo, they are on a mission to make the world's streets and roadways safe, accessible, and useful for all. Argo is extremely unique in how they handle partnerships to bring a better technology to market. They have partnerships with five leading scientific universities to lend principal scientists to the company and to bridge the gap between tech and academia. In this meeting we will learn about their goal for safer roads and how tech and academia are at the center of this endeavor.

Rachel Rathore is a member of the Public Policy and Government Relations team at Argo AI where she focuses on advancing autonomous vehicle policy at the federal level. Prior to joining Argo AI, Rachel served as Legislative Director for a senior member of the House Energy and Commerce Committee and advised on telecommunications and technology policy. She played a key role in drafting and advancing nine bills into law, including the STOP Robocalls Act, the Precision Agriculture Connectivity Act, and the Advancing Unmanned Delivery Services Act. Rachel is an Ohio native and holds a bachelor's degree in political science and geography from Miami University (OH). Rachel, who intimately understands the role that Congress plays in helping bringing new innovative technology to market, will not only discuss the tech and impact of this innovative company, but she will also discuss how Congress can help clear the path for new technologies like this to exist.

20-minute drive

11:30 AM **The Technical Innovation Behind Amazon Fulfillment ft.**
1:00 PM 2000 E Pecan St, Pflugerville, TX 78660

Overview: There is no question that Amazon is one of the most innovative companies in the world. At the center of that innovation are their fulfillment centers. While often discussed in the media, most people are not able to actually see what goes into fulfilling a single Amazon order. This meeting will be an opportunity for our delegation to see the groundbreaking tech that goes behind package fulfillment. After the tour, we will have with the facility's general manager to hear from him about the intricacies of this process. The tour of the facility was led by Mike Pelenero & Lee Fleming giving us an in depth look at all the processes of fulfillment along with the jobs available with flex hours and full-time benefits. The automation of many processes as they continue to increase production but maintain the jobs promised to Pflugerville Community Development Corp.

It is no secret that Amazon fulfillment centers host some of the most cutting-edge technologies in the US that are changing the America landscape. It is also known that the practices at fulfillment centers have come under intense scrutiny. During this visit our delegation had a hands-on experience of working with some of Amazon's most innovative technologies.

6:00 PM **Dinner and Conversation: Leading Authentically ft. Victoria Ford, President & CEO, Texas**
8:30 PM **Healthcare & Bioscience Institute**
III Forks, 11 Lavaca Street at Cesar Chavez, The Austin Room

Overview: Victoria Ford has over 29 years of Texas public policy and administration experience. In her most recent role as Chief Policy and Regulatory Officer at the Texas Health and Human Services Commission, Ford managed over 2,200 employees across five divisions which were responsible for regulating health care facilities, streamlining business processes and programs, enhancing data and analytics, and more. During her tenure at the agency, she also held the Acting Chief Operating Officer role twice, providing operational support to more than 38,000 employees.

She spent nearly 12 years as a Government Affairs advisor for K&L Gates a worldwide law firm helping fortune 500 corporations in the health care and other economic sectors, small businesses and non-profit organizations in navigating the executive and legislative branches in Texas.

In addition, Victoria served in other key roles in the health and human services policy arena world. During her tenure in the office of Governor Rick Perry, Ford held various roles related to health and human services policy including Senior Advisor. She also worked on other policy areas as Deputy Legislative director including tax policy and economic development issues. Ford also worked as Legislative Director for members in both the Texas House of Representatives and Texas State Senate.

Ford holds a bachelor's degree in political science from UT San Antonio and a Master of Public Administration. She has held several leadership and advisory roles at esteemed organizations such as the Child Advocacy Centers Association of Texas and the Leukemia and Lymphoma Society.

10:30 AM **Understanding the Local Politics of Austin with Mayor Steve Adler and his Team**
11:30AM Austin City Hall, 301 W 2nd St

Overview: During this meeting with the Mayor of Austin, we will discuss Austin's commitment to climate action. Per Protocol.com, "Austin is part of the C40 coalition, an international constellation of cities that have set aggressive climate targets in line with what the science demands and that represent more than a quarter of the global economy. The Austin Climate Equity Plan sets the city's climate agenda for the coming decades, including reaching net-zero emissions by 2040. That's 10 years ahead of the timeline identified in the Intergovernmental Panel on Climate Change report about limiting global warming to 1.5 degrees Celsius. It's also 10 years ahead of the federal government's net-zero goal set by President Joe Biden last year." In this meeting we will discuss these timely goals and what initiatives the Mayor is pursuing to achieve them.

Dear Ms. Johnson,

The Global Women's Innovation Network (GlobalWIN) invites you to join us for a delegation trip to Austin, Texas. We will depart from Washington, DC on Wednesday, May 4th and programming will begin upon arrival before departing Austin and returning to Washington, DC on the afternoon of Friday, May 6th. Although we are in the early planning stages, we will confirm policy discussions and site visits with companies at the forefront of innovation and technology, as well as with female leaders in health sciences, politics, and other industries. Your work on these topics and active participation in our discussions will be a great asset to our delegation, which will include senior staff from both Republican and Democratic House offices.

GlobalWIN was founded in 2009 as an educational nonpartisan 501(c)(3) non-profit organization. With Honorary Co-Chairs Senators Shelley Moore Capito (R-WV) and Maggie Hassan (D-NH), Congresswomen Cathy McMorris Rodgers (WA-05) Debbie Wasserman Schultz (FL-23), Chrissy Houlahan (PA-06), and Young Kim (CA-39), GlobalWIN provides a dynamic forum for women executives and thought leaders in academia, government, and business who are passionate about innovation and its potential to advance critical policy issues. GlobalWIN is dedicated to helping women in these fields and related policy debates by providing opportunities to: 1) recognize their contributions to innovation and related policy debates; 2) share their views & engage publicly; 3) access resources that might not otherwise be readily available to accomplish these objectives; 4) broaden their network across areas of expertise and beyond our borders.

GlobalWIN offers to cover your travel, hotel, and meal expenses related to the trip, in compliance with the rules under House ethics laws. For background, we have a record of successful Congressional staff delegation trips, including London in 2013, Brussels in 2014, and Dublin in 2015, New York City in 2016, London in 2017, and Paris in 2018, London in 2019, and Berlin 2020, as well as several others.

To ensure submission of ethics materials to the appropriate committees no later than Monday, April 4th, please let us know at your earliest convenience if you are interested in participating by sending an email to our Senior Director, Tizzy Brown at tizzy@helenmilby.com or by calling her at (603) 252-7496.

Sincerely,

Helen Milby
Executive Director, GlobalWIN

1:30 PM Lunch and Fireside Chat with Startup Founders with Oracle at the Capital Factory
3:30 PM 701 Brazos St, Austin, TX 78701

The Capital Factory is Austin's premiere entrepreneurial co-working space and start-up incubator. Using Oracle cloud technologies and through its community of peers, investors, and mentors, members of the Factory are able to get advice about fundraising, recruiting, intellectual property, marketing, sales & many other topics from the top tech CEOs in Texas, experienced entrepreneurs and investors. During this meeting we will get a tour of the facility and hear from several of the female startup founders who work there. We will get 5-minute pitches from each of them about their companies and learn about the barriers they are facing as they bring them to market.

4:00 PM The Role of Local Government with Mayor Steve Adler
5:00 PM Austin City Hall, West 2nd Street, Austin, TX

During this meeting with the Mayor of Austin, we will discuss Austin's commitment to climate action. Per Protocol.com, "Austin is part of the C40 coalition, an international constellation of cities that have set aggressive climate targets in line with what the science demands and that represent more than a quarter of the global economy. The Austin Climate Equity Plan sets the city's climate agenda for the coming decades, including reaching net-zero emissions by 2040. That's 10 years ahead of the timeline identified in the Intergovernmental Panel on Climate Change report about limiting global warming to 1.5 degrees Celsius. It's also 10 years ahead of the federal government's net-zero goal set by President Joe Biden last year." In this meeting we will discuss these timely goals and what initiatives the Mayor is pursuing to achieve them.

5:30 PM Reception ft. The Women of the Texas State Legislature
6:30 PM Texas Capitol, 1100 Congress Ave, Austin, TX 78701

During this reception with female lawmakers of the Texas state legislature we will have the opportunity to speak with them about Texas's unique legislative body. Unlike other state governments, Texas does not meet on a regular schedule and rather are often in special sessions per the needs of the state. As one of the largest states and largest economies in the country, the power of the Texas state government is incredibly important. We are excited to meet and learn about these legislators' journey's and what brought them to their roles.

Dinner and Journalism by and for Women with The 19th News

8:30 PM

The 19th is an independent, nonprofit newsroom reporting at the intersection of gender, politics and policy. The featured speaker at this dinner will be Amanda Zamora, the 19th's co-founder, and publisher. She spent nearly two decades as a digital editor, product manager and audience strategist at newsrooms including the Texas Tribune, ProPublica and The Washington Post. She serves as a board member for The American Press Institute and Chicas Poderosas. During this dinner we will discuss policy and politics around current events as they relate to women's issues. We will also talk about what goes into building a startup nonprofit independent news organization and the business of The 19th.

The Future of Self-Driving Autos with Argo AI

11:00 AM

4800 East 7th Street

Argo AI is an autonomous driving technology company headquartered in Pittsburgh, Pennsylvania. The company was co-founded in 2016 by Bryan Salesky and Peter Rander, veterans of the Google and Uber automated driving programs. At Argo, they are on a mission to make the world's streets and roadways safe, accessible, and useful for all. Argo is extremely unique in how they handle partnerships to bring a better technology to market. They have partnerships with five leading scientific universities to lend principal scientists to the company and to bridge the gap between tech and academia. In this meeting we will learn about their goal for safer roads and how tech and academia are at the center of this endeavor.

11:30 AM

Lunch and The Technical Innovation Behind Amazon Fulfillment

1:00 PM

There is no question that Amazon is one of the most innovative companies in the world. At the center of that innovation are their fulfillment centers. While often discussed in the media, most people are not able to actually see what goes into fulfilling a single Amazon order. This meeting will be an opportunity for our delegation to see the groundbreaking tech that goes behind package fulfillment. After the tour, we will have with the facility's general manager to hear from him about the intricacies of this process.

1:30 PM

Making Moving Through Cities More Sustainable with Lyft

2:30 PM

It's no secret cars have a profound effect on the environment. Ride share companies have sometimes been accused of making the situation worse, as they ensure more drivers are on the road and less commuters are taking public transit. The major rideshare companies like Lyft and Uber are now taking new initiatives to ensure that they are part of the climate solution.

How Austin Became One of the US's Top Destinations for Business and Travel

4:00 PM

Austin Visitors Bureau

Austin is one of the fastest growing cities in America and has quickly become a destination of both vacation travel and business centers. Many global companies, including some we are meeting with on this trip, have moved their headquarters to Austin in just the last few years. During this meeting we will both discuss why this is happening, and how the city is accommodating this rapid change. From incentive programs to housing needs, this meeting will discuss what rapid growth means for a mid-size city.

Thursday, May 5

6:30 PM **Dinner and Building a Women-Focused Workplace with Oracle**
8:00 PM

Oracle is one of those global companies that has recently moved its headquarters to Austin. During this dinner we will be talking about what goes into building a new campus for a global company. We will also be hearing from several of the company's top officials in Austin about how to intentionally create a company culture that puts women at the center.

9:00 AM **Breakfast and What we Can Learn from Dating Data with Bumble**
10:00 AM 1105 W 41st St

Bumble is most commonly known as the dating app where women speak first, but the innovative technology and ideas behind this unicorn company are far broader than a simple dating app. Whitney Wolfe, the company's Founder and CEO, is one of the few female tech billionaires in the world. Bumble has gone beyond simply being a dating app, and is now a connecting app, helping connect friends and business needs as well. Beyond that, they have an intense analytics team that provides insight into the culture of young people in America. This meeting will be a look at how this dating app became a unicorn.

10:30 AM **The Practical Use of 3D Printing Technology at Evonik**
11:30 AM 8222 N Lamar Blvd

Evonik is one of the world leaders in specialty chemicals. They may not manufacture tires, mattresses, medications, or animal feeds, but Evonik is part of all of those products –and many more. While they often contribute only small amounts of material, those contributions are precisely what make the difference. During this meeting we will look at how Evonik's 3D printing technology is creating a more nimble and ecologically sound ability to manufacture goods more sustainably.
