EMPLOYEE POST-TRAVEL DISCLOSURE FORM [] Original [] Amendment

This form is for disclosing the receipt of travel expenses from private sources for travel taken in connection with official duties. This form does not eliminate the need to report privately-funded travel on the annual Financial Disclosure Statements of those employees required to file them. In accordance with House Rule 25, clause 5, you must complete this form and file it with the Clerk of the House, by email at gifttravelreports@mail.house.gov, within 15 days after travel is completed. Please do not file this form with the Committee on Ethics.

NOTE: Willful or knowing misrepresentations on this form may be subject to criminal prosecution pursuant to 18 U.S.C. § 1001.

Washington, DC 20515

Dear Mr. Chun:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to New York City, New York, scheduled for June 16 to 17, 2022, sponsored by Clean Fuels Alliance Foundation (F/K/A National Biodiesel Foundation), Hero BX, Clean Fuels Alliance America, Ag Processing, Inc, Incobrasa Industries, Ltd., Kolmar Americas, Inc., Minnesota Soybean Processors, Renewable Biofuels, Renewable Energy Group, Western Dubuque Biodiesel, LLC, and Western Iowa Energy, LLC. We remind you that, because some of the trip sponsors employ a federal lobbyist, you may participate in officially-connected activity on one calendar day only.

You must complete an Employee Post-Travel Disclosure Form (which your employing Member must also sign) and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. If you are required to file an annual Financial Disclosure Statement, you must also report all travel expenses totaling more than \$415 from a single source on the "Travel" schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.

Sincerely,

Theodore E. Deutch
Chairman

House Ethics – Sponsor Description and Role in the Trip

12. For each sponsor required to submit a sponsor form, describe the sponsor's interest in the subject matter of the trip and its role in organizing and/or conducting the trip:

Each tour sponsor is part of the biodiesel industry and has participated in the planning and/or conducting of the New York/New Haven tour.

Clean Fuels Alliance Foundation works closely with the Clean Fuels Alliance America to address issues affecting the nation -- cleaner air, greater economic development for rural communities, and enhanced national security through energy independence. Organized in 1994, the Foundation's mission is to accomplish outreach, education, research, and demonstration activities for the advancement of biodiesel. **The Foundation is the primary tour sponsor and has overall responsibility for planning, organizing, and implementing the tour.**

Clean Fuels Alliance America is a membership organization comprised of state, national, and international feedstock and feedstock processor organizations, biodiesel and renewable diesel suppliers, fuel marketers and distributors, and technology providers. This group works to create sustainable biodiesel and renewable industry growth through education, communication, governmental affairs, and technical and quality assurance programs. **Clean Fuels has coordinated the tour and will serve as the tour host/presenter.** Their lobbyist had no more than *de minimis* involvement in the planning, organizing, requesting, or arranging the trip.

Ag Processing, Inc (AGP) is a leading U.S. agribusiness with primary operations as a soybean processor/refiner producing and marketing soybean meal, refined soybean oil, and biodiesel. AGP's commitment to the biodiesel industry dates back more than two decades with its pioneering efforts to develop a new market for soybean oil. The cooperative built the first commercial-scale U.S. soy biodiesel plant in 1996 in Sergeant Bluff, Iowa. AGP's operations today consist of three biodiesel production plants (Algona and Sergeant Bluff, Iowa, and St. Joseph, Missouri) with a combined annual capacity of 175 million gallons. As a leading advocate for the establishment of industry quality standards, AGP continues to produce the highest quality biodiesel product available, receiving BQ-9000 certification of its biodiesel production. **AGP has contributed to tour planning and will participate on the tour.**

HERO BX is one of the top ten biodiesel production facilities in the nation. Located on Lake Erie, the company is a major supplier of biodiesel to the north-east corridor including New York City. The HERO BX mission is to be a reliable producer and distributor of biodiesel which exceeds industry standards. HERO BX's products reduce carbon emissions, create jobs in the United States, promote energy security and serve the community. **HERO BX has a general interest in supporting the growth of Bioheat® and has contributed to trip planning and will participate on the tour.**

Incobrasa Industries, Ltd. is a privately-owned corporation that receives and processes soybeans year-round at their production facility in central Illinois. They manufacture and ship soybean-derived products in the domestic market including biodiesel, animal feed, and bottled vegetable oil. The company's roots and industry experience go back about 50 years when its founders started operations in soybean oil extraction in Brazil. Using the most current

technology, Incobrasa is committed to producing top quality B100 and B99.9 biodiesel for use in the United States. Incobrasa has the capacity to produce 36 million gallons annually. **Incobrasa contributed to tour planning and has been invited to accompany the tour group.**

Kolmar Americas, Inc trades and markets oil products, petrochemicals, biofuels, and other specialty products throughout the United States, Canada, and Mexico. **Kolmar Americas has contributed to trip planning and will host a tour of the American GreenFuels biodiesel facility in New Haven, Connecticut for Congressional staffers.** American GreenFuels, a Kolmar Americas company, produces 40 million gallons of biodiesel per year and is the largest biodiesel producer in the Northeast, United States. The facility is integrated into the Port of New Haven.

Minnesota Soybean Processors is a 2,300 plus membership cooperative that owns and operates a soybean crush facility and 41 million gallon per year biodiesel operation in Brewster, Minnesota. Their goal is to provide a high-quality feed product for America's producers and a high-quality renewable fuel source. **Minnesota Soybean Processors has contributed to planning the tour and has been invited to accompany the tour group.**

Renewable Biofuels (RBF) owns and operates the BQ9000 certified, multi-feedstock RBF Port Neches Facility in Texas - the largest biodiesel production facility in North America - which became operational in December 2008. RBF has been serving wholesale biodiesel customers for over 10 years and has, in that time, developed a reputation for consistently and efficiently delivering the highest quality biodiesel. **RBF has contributed to tour planning and has been invited to accompany the tour group.**

Renewable Energy Group, Inc is a leading provider of cleaner, lower carbon intensity products and services. They are an international producer of biomass-based diesel, a developer of renewable chemicals and North America's largest producer of advanced biofuel. REG utilizes an integrated procurement, distribution, and logistics network to convert natural fats, oils, greases and sugars into lower carbon intensity products. With 14 active biorefineries, a feedstock processing facility, research and development capabilities and a diverse and growing intellectual property portfolio, REG is committed to being a long-term leader in bio-based fuel and chemicals. **REG has participated in planning the tour and will participate on the tour.**

Western Dubuque Biodiesel, LLC owns and operates a 30-million gallon per year biodiesel plant located in Farley, Iowa. Formed in 2005 by a group of eastern Iowa farmers and businesspeople, the Company has produced biodiesel for 15 years. The Company offers clean burning fuel produced from renewable energy resources, as well as crude glycerin which is used as an ingredient processing aid in cosmetics, toiletries, and personal care products. **Western Dubuque Biodiesel contributed to planning the tour and will participate on the tour.**

Western Iowa Energy, LLC manufactures, sells, and delivers up to forty-five million gallons of biodiesel annually from their facility in Wall Lake, IA. Western Iowa also owns the Agron terminaling facility in Watsonville, CA. The company is committed to production that makes sense both economically and environmentally for the state of Iowa and the nation. **Western Iowa Energy has contributed to planning the tour and will participate on the tour.**

FRIDAY, June 17, 2022

Starting at 6am **Continental Breakfast available in hotel**

7:30 am to 10:15 am **Tour starts at the hotel – Garment Meeting Room**

Welcome (5 minutes)- Tom Verry, Executive Director Clean Fuels Alliance Foundation

Biodiesel 101 & Industry Update (15 minutes)– Paul Winters, Director of Public Affairs and Federal Communication, Clean Fuels Alliance America. Paul will give participants an overview of the biodiesel industry and the federal and state policies that support its growth, such as the Renewable Fuels Standards (RFS) and tax credit.

New York City’s Current and Future Use of Biodiesel (30 minutes)- Keith Kerman, Deputy Commissioner, Chief Fleet Officer, City of New York/Department of Citywide Administrative Services will help participants understand how biodiesel use benefits the largest and most high-profile municipal fleet program in the United States. Keith coordinates with major agencies, including Police, Fire, and Sanitation, to direct all aspects of fleet operations for the City including repair, acquisitions, sustainability, fuel, contracting, emergency, safety, and risk management.

NYC Parks Biomass Diesel Overview (10 minutes)–Paris Apollon, Chief of Operations, New York City Department of Parks will inform participants that with B20, a blend of 20% biodiesel made from soybeans and 80% ultra-low sulfur diesel, Parks’ vehicles emit less greenhouse gas, reducing their carbon footprint. The Department takes being green very seriously, with 3,000 vehicles ranging from garbage trucks to lawn mowers to vans. NYC’s Parks Department was the first agency to pilot CNG vehicles and use biodiesel (B20, B50 or B100) for all diesel vehicles.

Bioheat Update (10 minutes) - Rocco Lacertosa, CEO, New York Oil Heating Association

New York City is the largest home heating oil market in the United States. Each year the city uses over one billion gallons of heating oil. New York City currently has a standard that requires a 5% blend of Bioheat® in all home heating oil. Rocco will talk about the city’s next step in adopting a heating oil standard that will require 20% blends of Bioheat® in the future.

Industry Roundtable (45 minutes)– Biodiesel producers will discuss the importance of federal and policies. Participants will learn how the industry has grown since the implementation of key federal policies and what happens to businesses when the policies are unstable. Panelists include Paul Teta, Vice President and Executive Corporate Counsel and Eli Peterson, Associate General Counsel, *Kolmar Americas*; Tom Brooks, General Manager, *Western Dubuque Biodiesel*; Tim Keaveney, Vice President of Sales, *HERO BX*; Brad Wilson, President and General Manager, *Western Iowa Energy and Agron Bioenergy*.

Questions and Answer Session (20 minutes)- lead by Tom Verry

10:15-10:30 am **Break –Meet in lobby at 10:25 am. Bus leaves hotel at 10:30 am.**

10:30 am **Depart Hotel for NYC Fire Department Station** (Engine 59, Ladder 30, 111 W 133rd St., New York, New York)

11:15 am to 12:15 pm **Tour NYC Fire Department Engine 59, Ladder 30 Firehouse**

The New York City Fire Department is the largest municipal fire department in the United States and the second largest in the world, after the Tokyo Fire Department. The FDNY employs approximately 11,051 uniformed firefighters and 4,414 uniformed EMTs, paramedics, and Fire Inspectors to serve more than 8 million residents within a 322-square mile area. Participants will learn why FDNY chose to use low blends of biodiesel over the last several years and looks to expand its use in the future. The facility maintains almost 1,000 pieces of equipment. Lieutenant William Finch will guide the tour through the station.

12:15 pm **Depart Fire Station for American Greenfuels, LLC** (30 Waterfront Street New Haven, CT 06512) **A box lunch will be served on the bus.**

1:45 pm – 3:30 pm **Tour American GreenFuels, LLC ***

Tour Facility: American GreenFuels, LLC produces approximately 40 million gallons of biodiesel per year and is the largest biodiesel producer in the Northeast, United States and along the eastern seaboard. The facility is located in New Haven, CT at the port terminal. American GreenFuels biodiesel is marketed both nationally and internationally, requiring high sustainability parameters. Participants will see the biodiesel plant up close, and with that, learn about feedstocks used to make biodiesel, as well as how biodiesel is produced. The tour will also show American GreenFuels’ tank storage and truck-rack delivery facilities. Paul Teta, Kolmar Vice President and Executive Corporate Counsel will guide the tour through the facility.

3:30 pm **Depart American Greenfuels for Olive and Oil** (124 Temple Street, New Haven, CT 06510)

3:45 pm – 5:45 pm **Wrap Up and Q&A**

Led by Tom Verry, Foundation Executive Director, the Sustainability Tour will conclude with a Q&A Session with tour participants, sponsors, and staff. Participants can ask questions, discuss the day’s events, and get one-on-one time with biodiesel experts.

House Ethics – Sponsor Description and Role in the Trip

12. For each sponsor required to submit a sponsor form, describe the sponsor's interest in the subject matter of the trip and its role in organizing and/or conducting the trip:

Each tour sponsor is part of the biodiesel industry and has participated in the planning and/or conducting of the New York/New Haven tour.

Clean Fuels Alliance Foundation works closely with the Clean Fuels Alliance America to address issues affecting the nation -- cleaner air, greater economic development for rural communities, and enhanced national security through energy independence. Organized in 1994, the Foundation's mission is to accomplish outreach, education, research, and demonstration activities for the advancement of biodiesel. **The Foundation is the primary tour sponsor and has overall responsibility for planning, organizing, and implementing the tour.**

Clean Fuels Alliance America is a membership organization comprised of state, national, and international feedstock and feedstock processor organizations, biodiesel and renewable diesel suppliers, fuel marketers and distributors, and technology providers. This group works to create sustainable biodiesel and renewable industry growth through education, communication, governmental affairs, and technical and quality assurance programs. **Clean Fuels has coordinated the tour and will serve as the tour host/presenter.** Their lobbyist had no more than *de minimis* involvement in the planning, organizing, requesting, or arranging the trip.

Ag Processing, Inc (AGP) is a leading U.S. agribusiness with primary operations as a soybean processor/refiner producing and marketing soybean meal, refined soybean oil, and biodiesel. AGP's commitment to the biodiesel industry dates back more than two decades with its pioneering efforts to develop a new market for soybean oil. The cooperative built the first commercial-scale U.S. soy biodiesel plant in 1996 in Sergeant Bluff, Iowa. AGP's operations today consist of three biodiesel production plants (Algona and Sergeant Bluff, Iowa, and St. Joseph, Missouri) with a combined annual capacity of 175 million gallons. As a leading advocate for the establishment of industry quality standards, AGP continues to produce the highest quality biodiesel product available, receiving BQ-9000 certification of its biodiesel production. **AGP has contributed to tour planning and will participate on the tour.**

HERO BX is one of the top ten biodiesel production facilities in the nation. Located on Lake Erie, the company is a major supplier of biodiesel to the north-east corridor including New York City. The HERO BX mission is to be a reliable producer and distributor of biodiesel which exceeds industry standards. HERO BX's products reduce carbon emissions, create jobs in the United States, promote energy security and serve the community. **HERO BX has a general interest in supporting the growth of Bioheat® and has contributed to trip planning and will participate on the tour.**

Incobrasa Industries, Ltd. is a privately-owned corporation that receives and processes soybeans year-round at their production facility in central Illinois. They manufacture and ship soybean-derived products in the domestic market including biodiesel, animal feed, and bottled vegetable oil. The company's roots and industry experience go back about 50 years when its founders started operations in soybean oil extraction in Brazil. Using the most current

technology, Incobrasa is committed to producing top quality B100 and B99.9 biodiesel for use in the United States. Incobrasa has the capacity to produce 36 million gallons annually. **Incobrasa contributed to tour planning and has been invited to accompany the tour group.**

Kolmar Americas, Inc trades and markets oil products, petrochemicals, biofuels, and other specialty products throughout the United States, Canada, and Mexico. **Kolmar Americas has contributed to trip planning and will host a tour of the American GreenFuels biodiesel facility in New Haven, Connecticut for Congressional staffers.** American GreenFuels, a Kolmar Americas company, produces 40 million gallons of biodiesel per year and is the largest biodiesel producer in the Northeast, United States. The facility is integrated into the Port of New Haven.

Minnesota Soybean Processors is a 2,300 plus membership cooperative that owns and operates a soybean crush facility and 41 million gallon per year biodiesel operation in Brewster, Minnesota. Their goal is to provide a high-quality feed product for America's producers and a high-quality renewable fuel source. **Minnesota Soybean Processors has contributed to planning the tour and has been invited to accompany the tour group.**

Renewable Biofuels (RBF) owns and operates the BQ9000 certified, multi-feedstock RBF Port Neches Facility in Texas - the largest biodiesel production facility in North America - which became operational in December 2008. RBF has been serving wholesale biodiesel customers for over 10 years and has, in that time, developed a reputation for consistently and efficiently delivering the highest quality biodiesel. **RBF has contributed to tour planning and has been invited to accompany the tour group.**

Renewable Energy Group, Inc is a leading provider of cleaner, lower carbon intensity products and services. They are an international producer of biomass-based diesel, a developer of renewable chemicals and North America's largest producer of advanced biofuel. REG utilizes an integrated procurement, distribution, and logistics network to convert natural fats, oils, greases and sugars into lower carbon intensity products. With 14 active biorefineries, a feedstock processing facility, research and development capabilities and a diverse and growing intellectual property portfolio, REG is committed to being a long-term leader in bio-based fuel and chemicals. **REG has participated in planning the tour and will participate on the tour.**

Western Dubuque Biodiesel, LLC owns and operates a 30-million gallon per year biodiesel plant located in Farley, Iowa. Formed in 2005 by a group of eastern Iowa farmers and businesspeople, the Company has produced biodiesel for 15 years. The Company offers clean burning fuel produced from renewable energy resources, as well as crude glycerin which is used as an ingredient processing aid in cosmetics, toiletries, and personal care products. **Western Dubuque Biodiesel contributed to planning the tour and will participate on the tour.**

Western Iowa Energy, LLC manufactures, sells, and delivers up to forty-five million gallons of biodiesel annually from their facility in Wall Lake, IA. Western Iowa also owns the Agron terminaling facility in Watsonville, CA. The company is committed to production that makes sense both economically and environmentally for the state of Iowa and the nation. **Western Iowa Energy has contributed to planning the tour and will participate on the tour.**

FRIDAY, June 17, 2022

Starting at 6am **Continental Breakfast available in hotel**

7:30 am to 10:15 am **Tour starts at the hotel – Garment Meeting Room**

Welcome (5 minutes)- Tom Verry, Executive Director Clean Fuels Alliance Foundation

Biodiesel 101 & Industry Update (15 minutes)– Paul Winters, Director of Public Affairs and Federal Communication, Clean Fuels Alliance America. Paul will give participants an overview of the biodiesel industry and the federal and state policies that support its growth, such as the Renewable Fuels Standards (RFS) and tax credit.

New York City’s Current and Future Use of Biodiesel (30 minutes)- Keith Kerman, Deputy Commissioner, Chief Fleet Officer, City of New York/Department of Citywide Administrative Services will help participants understand how biodiesel use benefits the largest and most high-profile municipal fleet program in the United States. Keith coordinates with major agencies, including Police, Fire, and Sanitation, to direct all aspects of fleet operations for the City including repair, acquisitions, sustainability, fuel, contracting, emergency, safety, and risk management.

NYC Parks Biomass Diesel Overview (10 minutes)–Paris Apollon, Chief of Operations, New York City Department of Parks will inform participants that with B20, a blend of 20% biodiesel made from soybeans and 80% ultra-low sulfur diesel, Parks’ vehicles emit less greenhouse gas, reducing their carbon footprint. The Department takes being green very seriously, with 3,000 vehicles ranging from garbage trucks to lawn mowers to vans. NYC’s Parks Department was the first agency to pilot CNG vehicles and use biodiesel (B20, B50 or B100) for all diesel vehicles.

Bioheat Update (10 minutes) - Rocco Lacertosa, CEO, New York Oil Heating Association
New York City is the largest home heating oil market in the United States. Each year the city uses over one billion gallons of heating oil. New York City currently has a standard that requires a 5% blend of Bioheat® in all home heating oil. Rocco will talk about the city’s next step in adopting a heating oil standard that will require 20% blends of Bioheat® in the future.

Industry Roundtable (45 minutes)– Biodiesel producers will discuss the importance of federal and policies. Participants will learn how the industry has grown since the implementation of key federal policies and what happens to businesses when the policies are unstable. Panelists include Paul Teta, Vice President and Executive Corporate Counsel and Eli Peterson, Associate General Counsel, *Kolmar Americas*; Tom Brooks, General Manager, *Western Dubuque Biodiesel*; Tim Keaveney, Vice President of Sales, *HERO BX*; Brad Wilson, President and General Manager, *Western Iowa Energy and Agron Bioenergy*.

Questions and Answer Session (20 minutes)- lead by Tom Verry

10:15-10:30 am **Break –Meet in lobby at 10:25 am. Bus leaves hotel at 10:30 am.**

10:30 am **Depart Hotel for NYC Fire Department Station** (Engine 59, Ladder 30, 111 W 133rd St., New York, New York)

11:15 am to 12:15 pm **Tour NYC Fire Department Engine 59, Ladder 30 Firehouse**

The New York City Fire Department is the largest municipal fire department in the United States and the second largest in the world, after the Tokyo Fire Department. The FDNY employs approximately 11,051 uniformed firefighters and 4,414 uniformed EMTs, paramedics, and Fire Inspectors to serve more than 8 million residents within a 322-square mile area. Participants will learn why FDNY chose to use low blends of biodiesel over the last several years and looks to expand its use in the future. The facility maintains almost 1,000 pieces of equipment. Lieutenant William Finch will guide the tour through the station.

12:15 pm **Depart Fire Station for American Greenfuels, LLC** (30 Waterfront Street New Haven, CT 06512) **A box lunch will be served on the bus.**

1:45 pm – 3:30 pm **Tour American GreenFuels, LLC ***

Tour Facility: American GreenFuels, LLC produces approximately 40 million gallons of biodiesel per year and is the largest biodiesel producer in the Northeast, United States and along the eastern seaboard. The facility is located in New Haven, CT at the port terminal. American GreenFuels biodiesel is marketed both nationally and internationally, requiring high sustainability parameters. Participants will see the biodiesel plant up close, and with that, learn about feedstocks used to make biodiesel, as well as how biodiesel is produced. The tour will also show American GreenFuels’ tank storage and truck-rack delivery facilities. Paul Teta, Kolmar Vice President and Executive Corporate Counsel will guide the tour through the facility.

6:20 pm **Depart via train for Washington, DC**

Attachment D

15 b (2) Provide the reason for selecting the location of the event or trip

New York City was chosen because of the city's use of biodiesel as an energy source in a large urban environment. New Haven, CT was chosen because of its proximity to NY City, and it is where the largest biodiesel producer in the Northeast is located, American GreenFuels.”
