Strategic Survey of Jerusalem – Part I:

The Historic and Holy Basin and City of David

Guided survey of the Old City of Jerusalem

The Israeli-Palestinian conflict has consumed an enormous amount of time and manpower of members of consecutive American Administrations as well as members of Congress. One of the most intractable issues in the conflict has been the question of the future of Jerusalem. Jerusalem's City of David, more than any other site, represents the complexity of this conflict. The City of David is the site most archeologists agree to be the ancient city of Jerusalem that later became the capital of the united Israelite tribes under King David. This area is one of the most intensively excavated sides in the wider region. To Jewish Israelis, the site represents the beginning of their physical and emotional attachment to Jerusalem that has continued for over three thousand years. At the same time, much of the site is located in the predominantly Arab neighborhood of Silwan. The residents of Silwan, and the Palestinian Authority leadership are opposed to the archeological efforts being carried out in the City of David. In several instances, homes in Silwan were purchased and then destroyed to open up more areas for excavations. Palestinian leadership has denied the existence of any Jewish connection to Jerusalem.

The Old City of Jerusalem is home to the holiest shrines of the three monotheistic religions, including the Temple Mount, the Church of the Holy Sepulchre, and the Al-Aqsa Mosque. The Holy Basin is the historic location of Jerusalem and refers to the land surrounding the Old City, including the Mount of Olives, believed to be the departure point for Jesus' final entry into Jerusalem and the cemetery where Jews have been burying their dead for 2,500 years. The Holy Basin also includes the Western Wall, Judaism's holiest site, and the Temple Mount (Haram al-Sharif), sacred ground for Jews, Muslims, and Christians. Control over these sensitive areas remains among the largest disputes in the Middle East. The professionally guided survey will walk through all of these sites and others, educating trip participants on their historical impact and their role in today's political discussions.

When Jerusalem was reunified in 1967, following 19 years of division, the State of Israel extended the city's boundaries to include the strategic hills surrounding Jerusalem. These hills served as launching pads between 1948 and 1967 for sniper and mortar attacks on Israeli parts of the city by the Jordanian Army. Since 1967, these hills have become vibrant neighborhoods, fully integrated into the fabric of Jerusalem. It is vital for those discussing the issue of Jerusalem to understand these neighborhoods' strategic importance and their relationship to the areas in the immediate vicinity.

9:15 AM Depart for Yad Vashem

9:45 – 11:45 AM **Remembering the Victims of the Holocaust**
Visit to Yad Vashem Holocaust Memorial and Museum

One cannot understand Israel's worldview without understanding the trauma of the Holocaust. Israelis view threats to its destruction in light of the events of the 1930s and 1940s, when the German government's threats to exterminate the Jewish people were not taken seriously by the international community. This museum provides an important reference point as to how Israelis interpret the threat of an Iranian nuclear program and Iranian leaders committed to Israel's destruction. Yad Vashem has become a symbol of the Jewish people and its transformation from total helplessness to self-reliance and strength. Thus, a visit to Yad Vashem provides a historical context for the Jewish state. The museum's professional docent will guide the delegation through the main exhibit hall and the children's memorial.

The United States has been closely involved in negotiations between Israel and the Palestinians. Brig. Gen. (Res.) Udi Dekel is the managing director of INSS. He joined INSS in 2012, was head of the negotiations team with the Palestinians in the Annapolis process under the Olmert government. In February 2013 he was appointed Managing Director of INSS. His last post in the IDF was head of the Strategic Planning Division in the Planning Directorate of the General Staff, and as a reservist he is head of the Center for Strategic Planning. Previously he served as head of the Foreign Relations Division in the General Staff and head of the Research Division in the Israeli Air Force Intelligence. Brig. Gen. (res.) Dekel served as head of the Israel-UN-Lebanon committee following the Second Lebanon War and head of military committees with Egypt and Jordan. In addition, he headed a working group on strategic-operative cooperation with the United States. He served on the 2006 commission to update Israel's security concept and coordinated the formulation of IDF strategy. He will address the prospects for peace in the current political climate. He will also discuss the complex challenges that have prevented a final status agreement thus far.

Israel's Humanitarian Efforts in the Ukraine

Dinner with

- Yoel Hareven, Deputy Director, Sheba Medical Center
- Yotam Polizer, Co-CEO, IsraelAID
- Assaf Shmuelevitz, Blue Heart

- at the hotel

As the world considers the security of countries that border Russia, Israel is no stranger to having the Russian military operate along its own borders. For the past seven years, Moscow's military forces have been deployed in Syria, with de facto control of Syria's skies. As Iran stations its own proxy forces in Syria and uses the country as a passthrough to arm Hezbollah, Israel is forced to coordinate with Russia to defend itself from the growing Iranian threat. Despite Russia's military presence in Syria—along with Israel's unique role as a possible mediator between Russia and Ukraine—the Jewish state has provided vital aid to the Ukrainian people. Israel is leading some of the key efforts in Ukraine and on the borders—both through the official governmental channels, but also via civic organizations, veteran and new. In this session, representatives from key organizations on the ground will share their experiences on the frontlines of Russia's war against Ukraine.

Participants will visit the border between Israel and the Gaza Strip, and learn about the unique challenges faced by this area. Since 2001, Israeli communities bordering the Gaza Strip have been living under the threat of rocket fire. Since the Israeli withdrawal from the Gaza Strip in 2005 and the Hamas takeover of the Gaza Strip in 2007, the volume, range and accuracy of the rockets has only increased. More recently, Hamas has built dozens of terror tunnels to attack Israeli civilians. The delegation will meet with local residents to better understand the reality of living kilometers from Israel's border with Gaza, and how communities have sought to cope, both physically and psychologically.

Israel's Narrow Waistline – Strategic Concerns
Briefing at Alfei Menashe

Alfei Menashe is a Jewish community located on the western edge of the West Bank. Less than 10 miles from the Mediterranean Sea, Alfei Menashe provides a unique vantage point to discuss Israeli settlement policy, the routing of the security barrier, as well as Israel's narrow waistline. The sliver of Israeli land west of the West Bank is often referred to as the Hadera-Gadera rectangle, with the city of Hadera denoting the northern point, and the city of Gadera the southern point. The Hadera-Gadera rectangle is home to over 50 percent of Israel's population, as well as civilian infrastructure. The area is also home to Israel's "silicon valley", as well as Ben Gurion international airport. The discussion at Alfei Menashe will allow participants to see firsthand the proximity of Jewish and Arab neighborhoods in both Israel and the West Bank; as well as the strategic threats faced by the Israeli population living in Israel's narrow waistline.

Minority Rights in Israel

Lunch with Mohammad Darawshe
Director of Planning, Equality and Shared Living
Givat Haviva Educational Institute
-in Iksal

Approximately 22% of Israeli residents are part of the non-Jewish minority, which includes, among others, Muslims, Christians, and Druze. As a liberal, democratic state, Israel is rooted in liberty, the rule of law, free and fair elections, and full civil rights for all citizens. Our speaker, Mohammad Darawshe is currently the director of planning, equality and shared living at Givat Haviva Educational Institute –a non-profit organization founded in 1949 as the national education center of the Kibbutz Federation in Israel. His focus throughout his career is promoting coexistence and quality among Israel's Jewish and Arab-Palestinians citizens. He will discuss the current challenges facing minority groups in Israel, as well as ways the government of Israel and NGOs seek to address these challenges.

En route briefings:
The Jezreel Valley and Upper Galilee

Our tour guide will spend an hour during the drive from Israel's center to the north to provide the delegation a briefing on the Jezreel Valley and the Upper Galilee and the challenges facing these regions of the country. For thousands of years, the Jezreel Valley served as a land bridge linking Africa, Asia and Europe, and serving as a thoroughfare for ancient caravans and, more frequently, armies. In 1948, following Israel's establishment, the combined forces of Iraq and Jordan attempted unsuccessfully to capture the valley in order to split the just-born Israel into two parts. In the early 20th century, after decades of neglect, Jewish pioneers drained the swamps in the valley, transforming this region into Israel's "breadbasket" known for wheat, cotton, sunflowers and fish ponds. The Jezreel Valley is also home to historical and biblical sites including Tel Megiddo and Nazareth.

Today it is an important symbol of Israel's complex and diverse political reality. The Jezreel Valley, together with the areas of the Lower and Upper Galilee, is home to the majority of Israel's Arab citizens. A survey of this area provides an opportunity to discuss and learn about Israel's Arab citizens – 20 percent of the population – each of which has full democratic, social and welfare rights, the right to vote and serve in the Knesset, and the opportunity to serve on Israel's Supreme Court.

Historical Significance of the Sea of Galilee

Survey of historical and religious sites around the Sea of Galilee

- Mt. of Beatitudes – Sermon on the Mount
- Capernaum – Jesus' Village

As part of the seminar's focus on the complex religious fabric of Israeli society, the delegation will be visiting several of the most sacred sites for Christians in the Holy Land. Included is a guided survey and discussion of some of the most important events in the life of Jesus by the Sea of Galilee. Just as strategic surveys in Jerusalem focused on Jewish, Muslim, and Christian history and claims to the land, the site visits to the Christian sites help provide context for the competing religious narratives for the land of Israel. For example, we will be visiting the Mount of Beatitudes, where Jesus delivered the Sermon on the Mount, the most studied and read speech of any religion in history.

Israel's Northern Border Concerns II: Syria

Strategic survey of Israel's border with Syria

With Capt. (Res.) Ilan Shulman,

- at Ein Zivan

Captain (Res.) Ilan Shulman, a disabled IDF veteran, divides his time guiding geopolitical tours on the Galilee and Golan Heights, lecturing to students, giving geo-political briefings for delegations through various Israeli foreign ministry programs, and fulfilling his IDF reserve duties in the Northern Command's intelligence unit. Shulman was raised in Kibbutz Merom Golan near Israel's border with Syria, where one of his favorite jobs was herding the kibbutz cattle. Shulman served in the IDF's paratrooper's unit, rising to the position of company commander. He holds a BA in Israel and Middle East Studies. During this session he will take participants to the border between Israel and Syria and provide an overview of the Syrian civil war.

1:15-2:30 PM

Ethics in the Israel Defense Forces (IDF)

Lunch with IDF Soldiers

-at HaBokrim

Ruach Tzahal (Literally, 'Spirit of the IDF') represents the values of the Israel Defense Forces and stands as the foundation for the responsibilities of Israel's army. This overarching ethical code, and the guidelines and operation resulting from it, shape the mode of action applied by all IDF soldiers and units, both in peace and at war. During basic training, every IDF soldier studies and analyzes the code of ethics together with their commanders. It is customary for a framed copy of the code to be hung in every commanders office as a constant reminder of the IDF's values and guidelines.

2:30 PM

Travel back to Jerusalem via the Jordan Valley

3:00 – 4:00 PM

En route briefings:

Jordan: Relations with Israel, and the Growing Refugee Crisis

The tour guide will spend approximately an hour during the drive through the Jordan Valley to explore several topics related to Israel's eastern neighbor: specifically, Israeli-Jordanian strategic cooperation, as well as the implications of the Syrian civil war on the Kingdom. The Hashemite Kingdom of Jordan became the second Arab country after Egypt to recognize Israel when it signed a comprehensive peace agreement that ended nearly five decades of warfare. Shepherded by United States President Bill Clinton, the accord signed on Oct. 6, 1994, marked the onset of a new era of economic, cultural, and political dialogue and cooperation between the two countries.

In recent years, the two countries have worked together to combat the increased threat from terrorism by coordinating their security efforts and preventing infiltrations across their shared border. Today, Jordan hosts hundreds of thousands of Syrian refugees. Following our briefing on Israel's border with Syria, our guide will address how threats in the region impact Jordan internally, as well as relations and further potential for strategic partnership between Jordan, the United States, and Israel.

- 7:30-9:30 PM **Reflections on the Sabbath in Jerusalem**
Traditional Sabbath evening dinner with Professor Gil Troy
-at his home in Jerusalem

Israel, the only Jewish country in the world, boasts the unique tradition of honoring the Jewish Sabbath from Friday sundown until Saturday sundown. 80 percent of the Israeli population will commemorate the Sabbath, in various forms, which typically include a family dinner and special blessings. The Sabbath is especially significant in Jerusalem, home to the holiest site for Jews worldwide - the remains of the First and Second Temple. The delegation will be hosted by Professor Gil Troy and his family. Professor Troy, a renowned educator and author, will lead a discussion on the importance of Jerusalem to the Jewish, Christian and Muslim populations; the potential for a final status agreement on Jerusalem (arguably the most sensitive final status issue); and the diplomatic challenges faced by Israel and the United States regarding Israeli urban development in the area.

- 8:00 AM Breakfast on own

- 8:30 AM Depart for Masada
- 8:30 – 9:30 AM En route briefings:
Jericho Road and the E-1 Corridor

On the drive from Jerusalem to Masada, the delegation will travel on the highway known as the "Jericho Road" is the strategic importance of the area east of Jerusalem. In 1948 and in 1967, the Jordanian army attacked Jerusalem from the east – the 1948 attack resulted in the city's division that lasted until 1967. Since then, Israel has established the City of Ma'ale Adumim east of Jerusalem, today home to some

40,000 residents. To the Palestinians, however, Ma'ale Adumim is the largest settlement on the West Bank. When Israel attempted to expand Ma'ale Adumim's boundary, into an area known as "E-1", the U.S. State Department stepped in and asked that no construction take place there. The issue needs to be examined with those discussing the future of Jerusalem in the context of the Israeli-Palestinian negotiations.

10:00 AM-12:30 PM

History and Geopolitics of the Roman Empire

Guided survey of the National Archeological Park at Masada

Masada, which was excavated in the 1960s, is considered one of the most important archeological sites in Israel, indeed in the whole world. Masada was the site of the last stand of the Jews in Israel after the Romans destroyed Jerusalem and the Holy Temple in 70 A.D. A group of Jewish zealots fled to the Judean Desert and lived in the former mountaintop fortress of King Herod known as Masada for two years resisting the onslaught of the most powerful army in the world. Determined to break the resistance, the Romans finally scaled the mountain to capture and enslave the Jewish rebels. However, when they finally arrived, they found that all the men, women and children had killed themselves as a last act of defiance. The delegation will visit the magnificent ancient excavations; learn the narrative of Jewish resistance to the Romans backed by the archeological and historical evidence; and discuss the importance of the Masada story to the contemporary Middle East and the threats in the region.

12:30-1:30 PM

Exploration of the Dead Sea Region

-at Hod hotel

During our drive to and from the Dead Sea area, as well as during our visit to the Dead Sea, our tour guide will discuss a variety of issues integral to understanding this desert region, and relations with both the Palestinians and Jordanians. For decades, Israel has been developing the agricultural potential of the desert. While the Middle East is suffering from water shortages, Israel, through modern technology and water conservation policies, including the recycling of over 80 percent of water used for domestic purposes and transferring it to agriculture, has literally "made the desert bloom." The key regional players also face serious environmental issues in the Dead Sea region. One of the major environmental concerns is the receding of the Dead Sea and the appearance of sinkholes, which cause the earth above to collapse. Roads, fields and buildings have collapsed due to this phenomenon, and experts are concerned the tourist infrastructure along the Jordanian and Israeli shores of the Dead Sea are in danger. This issue has led to unprecedented cooperation between Israelis, Jordanians and Palestinians and serves as a model for regional cooperation.

We will process the range of topics explored, including the U.S.-Israel strategic partnership, prospects for Arab-Israeli peace, the experience of minorities in Israel, as well as greater existential threats throughout the region. Participants will also have the opportunity to share their takeaways, and ask any lingering questions that weren't covered during the week.

8:30-9:30 AM **Behind the Headlines: Israel and the International Media**
Briefing with Matti Friedman

Matti Friedman is a renowned reporter with a career that has taken him from Lebanon to Morocco, Cairo, Moscow and Washington, D.C., and to conflicts in Israel in the Caucasus. Mr. Friedman is a dynamic and insightful speaker who provides a journalist's perspective on how Israel's story is told by the international media, and how that media portrayal impacts the stories taking place on the ground.

9:30 AM Depart for Strategic Survey of Jerusalem

9:45 AM-12:30 PM **Strategic Survey of Jerusalem – Part I:**
The Historic and Holy Basin and City of David
Guided survey of the Old City of Jerusalem

The Israeli-Palestinian conflict has consumed an enormous amount of time and manpower of members of consecutive American Administrations as well as members of Congress. One of the most intractable issues in the conflict has been the question of the future of Jerusalem. Jerusalem's City of David, more than any other site, represents the complexity of this conflict. The City of David is the site most archeologists agree to be the ancient city of Jerusalem that later became the capital of the united Israelite tribes under King David. This area is one of the most intensively excavated sides in the wider region. To Jewish Israelis, the site represents the beginning of their physical and emotional attachment to Jerusalem that has continued for over three thousand years. At the same time, much of the site is located in the predominantly Arab neighborhood of Silwan. The residents of Silwan, and the Palestinian Authority leadership are opposed to the archeological efforts being carried out in the City of David. In several instances, homes in Silwan were purchased and then destroyed to open up more areas for excavations. Palestinian leadership has denied the existence of any Jewish connection to Jerusalem.

The Old City of Jerusalem is home to the holiest shrines of the three monotheistic religions, including the Temple Mount, the Church of the Holy Sepulchre, and the Al-Aqsa Mosque. The Holy Basin is the historic location of Jerusalem and refers to the land surrounding the Old City, including the Mount of Olives, believed to be the departure point for Jesus' final entry into Jerusalem and the cemetery where Jews have been burying their dead for 2,500 years. The Holy Basin also includes the Western Wall, Judaism's holiest site, and the Temple Mount (Haram al-Sharif), sacred ground for Jews, Muslims, and Christians. Control over these sensitive areas remains among the largest disputes in the Middle East. The professionally guided survey will walk through all of these sites and others, educating trip participants on their historical impact and their role in today's political discussions.

12:30 PM Depart for lunch

12:45-1:45 PM **Israel's Dynamic Political Map**

It is critical for trip participants to have an understanding of the parliamentary system in Israel. Tal Shalev will explain how the parliamentary party system works, how coalitions rise and fall, and how Israeli politics differ from American politics. Since the group will be visiting with government officials throughout the week, we believe it's important to provide this overview early in the seminar.

-at the hotel

For 15 years, as a reporter for all three of Israel's main channels, Ohad Hemo has taken the pulse of the Palestinian street and been the eyes and ears of ordinary Israelis hungry to understand the nuances of Palestinian society and politics. As a moment of enormous change in the Middle East and the rise of an Arab party in Israel's ruling coalition, Hemo will delve into the complexities of Gaza and the West Bank, into the thinking of Fatah and Hamas leaders, the reality of the Abraham Accords and young Palestinians in the West Bank and inside Israel itself.

10:00 AM Depart for Gilo

10:15-11:00 AM **Strategic Survey of Jerusalem, Part II: Post-1967 Neighborhoods**

When Jerusalem was reunified in 1967, following 19 years of division, the State of Israel extended the city's boundaries to include the strategic hills surrounding Jerusalem. These hills served as launching pads between 1948 and 1967 for sniper and mortar attacks on Israeli parts of the city by the Jordanian Army. Since 1967, these hills have become vibrant neighborhoods, fully integrated into the fabric of Jerusalem. It is vital for those discussing the issue of Jerusalem to understand these neighborhoods' strategic importance and their relationship to the areas in the immediate vicinity.

11:00 AM Depart for Yad Vashem

11:30 AM-1:30 PM **Remembering the Victims of the Holocaust**
Visit to Yad Vashem Holocaust Memorial and Museum

One cannot understand Israel's worldview without understanding the trauma of the Holocaust. Israelis view threats to its destruction in light of the events of the 1930s and 1940s, when the German government's threats to exterminate the Jewish people were not taken seriously by the international community. This museum provides an important reference point as to how Israelis interpret the threat of an Iranian nuclear program and Iranian leaders committed to Israel's destruction. Yad Vashem has become a symbol of the Jewish people and its transformation from total helplessness to self-reliance and strength. Thus, a visit to Yad Vashem provides a historical context for the Jewish state. The museum's professional docent will guide the delegation through the main exhibit hall and the children's memorial.

1:30 PM Depart for Ramallah, lunchboxes en route

2:45-3:45 PM **A View from the Palestinian Authority**

The United States has been closely involved in negotiations between Israel and the Palestinians. Dr. Tal Becker is a senior member of the Israeli peace negotiation team. In this position, he is on the front lines of many of Israel's most pressing diplomatic, legal and policy challenges. He is a veteran negotiator, and key behind the scenes representative, for Israel in a wide variety of contexts. During this session, he will address the prospects for peace in the current political climate. He will also discuss the complex challenges that have prevented a final status agreement thus far.

Dinner with

- Naama Gorodischer, Senior Programs Director, IsraelAid
- Assaf Shmuelevitz, Blue Heart
- Dr. Miriam Warshaviak

- at Fish Kitchen

As the world considers the security of countries that border Russia, Israel is no stranger to having the Russian military operate along its own borders. For the past seven years, Moscow's military forces have been deployed in Syria, with de facto control of Syria's skies. As Iran stations its own proxy forces in Syria and uses the country as a passthrough to arm Hezbollah, Israel is forced to coordinate with Russia to defend itself from the growing Iranian threat. Despite Russia's military presence in Syria—along with Israel's unique role as a possible mediator between Russia and Ukraine—the Jewish state has provided vital aid to the Ukrainian people. Israel is leading some of the key efforts in Ukraine and on the borders – both through the official governmental channels, but also via civic organizations, veteran and new. In this session, representatives from key organizations on the ground will share their experiences on the frontlines of Russia's war against Ukraine.

8:15-9:30 AM **Operation Guardian of the Walls and the Role of the Iron Dome**
Meeting with Lt. Col. Amnon Shefler
IDF International Spokesperson
-at the hotel

Debrief: Operation Guardian of the Walls

In May 2021 Israel responded to a barrage of rocket fire from Hamas in Gaza with Operation Guardian of the Walls. Over 11 days, thousands of rockets were fired from Gaza at innocent civilians in Israel; and Israel responded by targeting strategic Hamas positions within the Gaza Strip. During this debrief, Lt. Col. Shefler will provide an overview of the operation and the Israel Defense Force's strategy to combat Hamas terrorism.

9:30 AM Depart for the South

10:30-11:30 AM **Living Under the Threat of Rocket Fire: Life in the Gaza Envelope**
Tour of Kibbutz Kfar Aza and meeting with Chen Abrahams
Briefing at the border overlook
-at Kibbutz Kfar Aza

Participants will visit the border between Israel and the Gaza Strip, and learn about the unique challenges faced by this area. Since 2001, Israeli communities bordering the Gaza Strip have been living under the threat of rocket fire. Since the Israeli withdrawal from the Gaza Strip in 2005 and the Hamas takeover of the Gaza Strip in 2007, the volume, range and accuracy of the rockets has only increased. More recently, Hamas has built dozens of terror tunnels to attack Israeli civilians. The delegation will meet with local residents to better understand the reality of living kilometers from Israel's border with Gaza, and how communities have sought to cope, both physically and psychologically.

11:30 AM-12:30 PM **A Beacon of Hope**
Meeting with Yuval Roth and Naeem Al Baydah
Road to Recovery
-at Kibbutz Kfar Aza

Road to Recovery is a nonprofit organization of volunteers who believe that peace among Israelis and Palestinians can only come about through engagement and personal involvement, placing humanity before politics. Volunteers seek to break down barriers on a personal level, transporting Palestinian patients on round-trips from the West Bank and Gaza to hospitals throughout Israel for treatment, hospitalization and check-ups. During this session, we will meet with Israeli and Palestinian leaders of this organization.

Israel's Missile Defense Systems
Visit to Iron Dome Battery

More than a decade ago, Israel developed Iron Dome to protect its citizens from persistent and increasingly dangerous rockets fired by Iranian-backed terrorists. Since being deployed, Iron Dome has intercepted more than 90 percent of the rockets it has targeted—preventing war, saving countless lives, and reducing physical and psychological damage. Leaders in Congress have recognized the importance of Israel's missile defense system and have allocated more than \$1.6 billion for this technology. Participants will have the opportunity to visit an Iron Dome site and speak with the soldiers responsible for its operation.

360° Bird's Eye View
Briefing from the Azrieli Tower Rooftop

From the rooftop of the Azrieli center, participants will be standing at the highest observatory in the Middle East. The panoramic view stretches from Ashkelon in the south to Hadera in the north. On a clear day one can see almost 70 percent of the country, as far as Jerusalem to the East. The importance of this visit is to provide participants a geostrategic viewpoint from which to understand the narrow waistline of Israel, which at its narrowest spans 9 miles from the Mediterranean to the West Bank. Additionally, the area visible from this vantage point – referred to as the Hadera-Gadera rectangle – comprises a small rectangle of land that can be covered lengthwise in under an hour. This section of Israel includes over 50% of Israel's population, economic infrastructure, as well as its only International Airport.

4:00-5:00 PM

Regional Strategic Threats
Briefing with Brig.-Gen. (Res.) Nitzan Nuriel
Former Director of the Counter Terrorism Bureau;
Prime Minister's Office
-at Azrieli 38th floor

In order to understand the strategic threats facing Israel, participants must understand the unique situation facing Israel at the borders with the Gaza Strip, Lebanon, and Syria, all Iranian proxies. As the delegation leaves the border with Gaza, and prepares to head north to the borders with Lebanon and Syria, this briefing will provide an overview of each border, as well as the malign activity from Iran contributing to unrest in the region.

Israel's Narrow Waistline – Strategic Concerns

Briefing at Alfei Menashe

Alfei Menashe is a Jewish community located on the western edge of the West Bank. Less than 10 miles from the Mediterranean Sea, Alfei Menashe provides a unique vantage point to discuss Israeli settlement policy, the routing of the security barrier, as well as Israel's narrow waistline. The sliver of Israeli land west of the West Bank is often referred to as the Hadera-Gadera rectangle, with the city of Hadera

denoting the northern point, and the city of Hadera the southern point. The Hadera-Gadera rectangle is home to over 50 percent of Israel's population, as well as civilian infrastructure. The area is also home to Israel's "silicon valley", as well as Ben Gurion international airport. The discussion at Alfei Menashe will allow participants to see firsthand the proximity of Jewish and Arab neighborhoods in both Israel and the West Bank; as well as the strategic threats faced by the Israeli population living in Israel's narrow waistline.

11:30 PM Depart

12:15-2:15 PM **Minority Rights in Israel**
Lunch with Mohammad Darawshe
Director of Planning, Equality and Shared Living
Givat Haviva Educational Institute
-in Iksal

Approximately 22% of Israeli residents are part of the non-Jewish minority, which includes, among others, Muslims, Christians, and Druze. As a liberal, democratic state, Israel is rooted in liberty, the rule of law, free and fair elections, and full civil rights for all citizens. Our speaker, Mohammad Darawshe is currently the director of planning, equality and shared living at Givat Haviva Educational Institute –a non-profit organization founded in 1949 as the national education center of the Kibbutz Federation in Israel. His focus throughout his career is promoting coexistence and quality among Israel's Jewish and Arab-Palestinians citizens. He will discuss the current challenges facing minority groups in Israel, as well as ways the government of Israel and NGOs seek to address these challenges.

2:15 PM Depart

En route briefings:
The Jezreel Valley and Upper Galilee

Our tour guide will spend an hour during the drive from Israel's center to the north to provide the delegation a briefing on the Jezreel Valley and the Upper Galilee and the challenges facing these regions of the country. For thousands of years, the Jezreel Valley served as a land bridge linking Africa, Asia and Europe, and serving as a thoroughfare for ancient caravans and, more frequently, armies. In 1948, following Israel's establishment, the combined forces of Iraq and Jordan attempted unsuccessfully to capture the valley in order to split the just-born Israel into two parts. In the early 20th century, after decades of neglect, Jewish pioneers drained the swamps in the valley, transforming this region into Israel's "breadbasket" known for wheat, cotton, sunflowers and fish ponds. The Jezreel Valley is also home to historical and biblical sites including Tel Megiddo and Nazareth.

Today it is an important symbol of Israel's complex and diverse political reality. The Jezreel Valley, together with the areas of the Lower and Upper Galilee, is home to the majority of Israel's Arab citizens. A survey of this area provides an opportunity to discuss and learn about Israel's Arab citizens – 20 percent of the population – each of which has full democratic, social and welfare rights, the right to vote and serve in the Knesset, and the opportunity to serve on Israel's Supreme Court.

The Upper Galilee is home to the largest variety of ethnic communities in Israel including Druze, Circassian, Arab Muslim and Arab Christian villages. The Galilee is also home to ancient Jewish and Christian holy sites that provide additional historical and political context to regional tensions. Just as in the case of the Jezreel

9:00-11:00 AM

Historical Significance of the Sea of Galilee

Survey of historical and religious sites around the Sea of Galilee

- Mt. of Beatitudes – Sermon on the Mount
- St. Peter's Church
- Capernaum – Jesus' Village

As part of the seminar's focus on the complex religious fabric of Israeli society, the delegation will be visiting several of the most sacred sites for Christians in the Holy Land. Included is a guided survey and discussion of some of the most important events in the life of Jesus by the Sea of Galilee. Just as strategic surveys in Jerusalem focused on Jewish, Muslim, and Christian history and claims to the land, the site visits to the Christian sites help provide context for the competing religious narratives for the land of Israel. For example, we will be visiting the Mount of Beatitudes, where Jesus delivered the Sermon on the Mount, the most studied and read speech of any religion in history. Our guide will also lead discussions through Capernaum and St. Peter's Church.

11:00 AM

Depart for the Golan Heights

12:00-1:15 PM

Israel's Northern Border Concerns II: Syria

Strategic survey of Israel's border with Syria

With Capt. (Res.) Ilan Shulman

- at Ein Zivan

Captain (Res.) Ilan Shulman, a disabled IDF veteran, divides his time guiding geopolitical tours on the Galilee and Golan Heights, lecturing to students, giving geo-political briefings for delegations through various Israeli foreign ministry programs, and fulfilling his IDF reserve duties in the Northern Command's intelligence unit. Shulman was raised in Kibbutz Merom Golan near Israel's border with Syria, where one of his favorite jobs was herding the kibbutz cattle. Shulman served in the IDF's paratrooper's unit, rising to the position of company commander. He holds a BA in Israel and Middle East Studies. During this session he will take participants to the border between Israel and Syria and provide an overview of the Syrian civil war.

1:15-2:30 PM

Ethics in the Israel Defense Forces (IDF)

Lunch with IDF Soldiers

-at HaBokrim

Ruach Tzahal (Literally, 'Spirit of the IDF') represents the values of the Israel Defense Forces and stands as the foundation for the responsibilities of Israel's army. This overarching ethical code, and the guidelines and operation resulting from it, shape the mode of action applied by all IDF soldiers and units, both in peace and at war. During basic training, every IDF soldier studies and analyzes the code of ethics together with their commanders. It is customary for a framed copy of the code to be hung in every commanders office as a constant reminder of the IDF's values and guidelines.

2:30 PM Travel back to Jerusalem via the Jordan Valley

Jordan: Relations with Israel, and the Growing Refugee Crisis

The tour guide will spend approximately an hour during the drive through the Jordan Valley to explore several topics related to Israel's eastern neighbor: specifically, Israeli-Jordanian strategic cooperation, as well as the implications of the Syrian civil war on the Kingdom. The Hashemite Kingdom of Jordan became the second Arab country after Egypt to recognize Israel when it signed a comprehensive peace agreement that ended nearly five decades of warfare. Shepherded by United States President Bill Clinton, the accord signed on Oct. 6, 1994, marked the onset of a new era of economic, cultural, and political dialogue and cooperation between the two countries.

In recent years, the two countries have worked together to combat the increased threat from terrorism by coordinating their security efforts and preventing infiltrations across their shared border. Today, Jordan hosts hundreds of thousands of Syrian refugees. Following our briefing on Israel's border with Syria, our guide will address how threats in the region impact Jordan internally, as well as relations and further potential for strategic partnership between Jordan, the United States, and Israel.

7:30-9:30 PM **Reflections on the Sabbath in Jerusalem**
Traditional Sabbath evening dinner with Professor Gil Troy
-at his home in Jerusalem

Israel, the only Jewish country in the world, boasts the unique tradition of honoring the Jewish Sabbath from Friday sundown until Saturday sundown. 80 percent of the Israeli population will commemorate the Sabbath, in various forms, which typically include a family dinner and special blessings. The Sabbath is especially significant in Jerusalem, home to the holiest site for Jews worldwide - the remains of the First and Second Temple. The delegation will be hosted by Professor Gil Troy and his family. Professor Troy, a renowned educator and author, will lead a discussion on the importance of Jerusalem to the Jewish, Christian and Muslim populations; the potential for a final status agreement on Jerusalem (arguably the most sensitive final status issue); and the diplomatic challenges faced by Israel and the United States regarding Israeli urban development in the area.

En route briefings:

Jericho Road and the E-1 Corridor

On the drive from Jerusalem to Masada, the delegation will travel on the highway known as the "Jericho Road" is the strategic importance of the area east of Jerusalem. In 1948 and in 1967, the Jordanian army attacked Jerusalem from the east – the 1948 attack resulted in the city's division that lasted until 1967. Since then, Israel has established the City of Ma'ale Adumim east of Jerusalem, today home to some 40,000 residents. To the Palestinians, however, Ma'ale Adumim is the largest settlement on the West Bank. When Israel attempted to expand Ma'ale Adumim's boundary, into an area known as "E-1", the U.S. State Department stepped in and asked that no construction take place there. The issue needs to be examined with those discussing the future of Jerusalem in the context of the Israeli-Palestinian negotiations.

History and Geopolitics of the Roman Empire

Guided survey of the National Archeological Park at Masada

Masada, which was excavated in the 1960s, is considered one of the most important archeological sites in Israel, indeed in the whole world. Masada was the site of the last stand of the Jews in Israel after the Romans destroyed Jerusalem and the Holy Temple in 70 A.D. A group of Jewish zealots fled to the Judean Desert and lived in the former mountaintop fortress of King Herod known as Masada for two years resisting the onslaught of the most powerful army in the world. Determined to break the resistance, the Romans finally scaled the mountain to capture and enslave the Jewish rebels. However, when they finally arrived, they found that all the men, women and children had killed themselves as a last act of defiance. The delegation will visit the magnificent ancient excavations; learn the narrative of Jewish resistance to the Romans backed by the archeological and historical evidence; and discuss the importance of the Masada story to the contemporary Middle East and the threats in the region.

Exploration of the Dead Sea Region

-at Hod hotel

During our drive to and from the Dead Sea area, as well as during our visit to the Dead Sea, our tour guide will discuss a variety of issues integral to understanding this desert region, and relations with both the Palestinians and Jordanians. For decades, Israel has been developing the agricultural potential of the desert. While the Middle East is suffering from water shortages, Israel, through modern technology and water conservation policies, including the recycling of over 80 percent of water used for domestic purposes and transferring it to agriculture, has literally "made the desert bloom." The key regional players also face serious environmental issues in the Dead Sea region. One of the major environmental concerns is the receding of the Dead Sea and the appearance of sinkholes, which cause the earth above to collapse. Roads, fields and buildings have collapsed due to this phenomenon, and experts are concerned the tourist infrastructure along the Jordanian and Israeli shores of the Dead Sea are in danger. This issue has led to unprecedented cooperation between Israelis, Jordanians and Palestinians and serves as a model for regional cooperation.

Washington, DC 20515

Dear Mr. Ketchel:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to Israel,¹ scheduled for June 25 to July 3, 2022, sponsored by American Israel Education Foundation.

You must complete an Employee Post-Travel Disclosure Form (which your employing Member must also sign) and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. If you are required to file an annual Financial Disclosure Statement, you must also report all travel expenses totaling more than \$415 from a single source on the "Travel" schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

Because the trip may involve meetings with foreign government representatives, we note that House employees may accept, under the Foreign Gifts and Decorations Act (FGDA), gifts "of minimal value [currently \$415] tendered as a souvenir or mark of courtesy" by a foreign government. Any tangible gifts valued in excess of minimal value received from a foreign government must, within 60 days of acceptance, be disclosed on a Form for Disclosing Gifts from Foreign Governments and either turned over to the Clerk of the House, or, with the written approval of the Committee, retained for official use.

¹ Please be aware that the Committee's review of the proposed trip does not extend to either the security situation in the destination country or security related to foreign travel in general. We recommend you contact the Office of House Security (OHS) for a safety and security briefing prior to your departure. OHS may be reached at (202) 226-2044 or ohsstaff@mail.house.gov. House travelers should also register for the U.S. State Department's Smart Traveler Enrollment Program at <https://step.state.gov>.
