Casey Davison  
Office of Representative Katherine Clark

Dear Casey Davison:

We are approaching you with a special opportunity to join CARE’s Learning Tour to Ecuador over the August recess. This trip will examine the importance of U.S. investments in community empowerment and development to address some of the root causes of migration and instability in the region, including issues of economic opportunity, access to health and adequate nutrition, food security, and gender-based violence. This trip will take place August 7-11 (including travel) and will include a bi-partisan delegation of policymakers.

Travel on a CARE Learning Tour will take you off the beaten path to spend genuine time in communities directly benefiting from U.S. investments. CARE Learning Tours prioritize time in the field, visiting program sites that allow you to meet with some of the most vulnerable beneficiaries of foreign assistance. We have over 12 years of experience implementing Congressional education trips, and CARE, along with our partners, has been working for decades in many of the communities you will visit. This allows us and other program implementers to bring delegations to uniquely remote and challenging contexts. The trip will feature a wide array of implementing partners, not just CARE, for you to get a deeper understanding of the work being done. Throughout the trip, you will have a chance to understand both the successes and the challenges facing communities in Ecuador, often articulated directly by the program participants themselves, to present a comprehensive view of what interventions supported through U.S. investments can accomplish.

In May 2020, Ecuador was the second Latin American country to be hit by COVID-19 and experienced some of the highest rates of infection and mortality in the region. The pandemic triggered a deep recession that led to an increase in poverty, gender-based violence and social instability. The pandemic also compounded pre-existing challenges in Ecuador, including frequent natural disasters, weak education systems, and regional migration forced by conflict. In fact, Ecuador is one of the largest recipients of refugees in Latin America, particularly from Venezuela, with more than 400,000 refugees and migrants living in or passing through the country. Women and girls are often the most vulnerable in conflict settings, and 88.5 percent of surveyed migrants, refugees, and displaced women reported having experienced some form of gender-based violence.

Despite these challenges, community members and leaders supported by international investment are making sustainable changes in their own communities. Ecuador implemented one of the most successful COVID-19 vaccination campaigns in the world, with 77 percent of its population now fully vaccinated. Migrants and host community entrepreneurs are working together to build economic opportunity, and young girls are leading campaigns to end sexual and gender-based violence in schools.

On your journey, you will meet these community leaders, see firsthand how critical U.S. investments are making a difference, and return to Capitol Hill with a deeper understanding of the link between U.S. foreign assistance, community development, and regional and international stability.

To allow sufficient time for planning, we would appreciate a response indicating your interest by Wednesday, July 6, 2022. Please let us know any additional information that would be helpful as well as ways we can tailor this opportunity to meet your needs and availability.

Sincerely,

Dear Mr. Davison:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to Ecuador, scheduled for August 7 to 11, 2022, sponsored by Cooperative for Assistance and Relief Everywhere, Inc. (CARE) and the Bill & Melinda Gates Foundation.

You must complete an Employee Post-Travel Disclosure Form (which your employing Member must also sign) and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. If you are required to file an annual Financial Disclosure Statement, you must also report all travel expenses totaling more than $415 from a single source on the “Travel” schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

Because the trip may involve meetings with foreign government representatives, we note that House employees may accept, under the Foreign Gifts and Decorations Act (FGDA), gifts “of minimal value [currently $415] tendered as a souvenir or mark of courtesy” by a foreign government. Any tangible gifts valued in excess of minimal value received from a foreign government must, within 60 days of acceptance, be disclosed on a Form for Disclosing Gifts from Foreign Governments and either turned over to the Clerk of the House, or, with the written approval of the Committee, retained for official use.

1 Please be aware that the Committee’s review of the proposed trip does not extend to either the security situation in the destination country or security related to foreign travel in general. We recommend you contact the Office of House Security (OHS) for a safety and security briefing prior to your departure. OHS may be reached at (202) 226-2044 or ohsstaff@mail.house.gov. House travelers should also register for the U.S. State Department’s Smart Traveler Enrollment Program at https://step.state.gov.
If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.

Sincerely,

Theodore E. Deutch

RE: CARE Learning Tour to Ecuador, August 7-11, 2022

To Whom It May Concern:

Since 2009, the CARE Learning Tours program has provided policymakers and influential opinion leaders the unique opportunity to see firsthand the impact of U.S. foreign assistance investments on health and development worldwide. CARE has engaged members of Congress and key staff from both political parties as well as influential opinion leaders on these Learning Tours.

On this CARE Learning Tour, we will be sponsoring a trip to Ecuador, which will include staff for members of the Senate and House of Representatives. This trip has been funded with the assistance of a grant provided to CARE by the Bill & Melinda Gates Foundation with the purpose of raising awareness about the importance of U.S. investments in confronting global poverty. A portion of the activities funded by the grant include congressional travel, and CARE is using some of the grant funds to support this specific trip. The Foundation did not play a role in organizing the trip and has not been involved in the selection or invitation of travel participants. This funding had not been earmarked for this specific trip as stated in Item 7 on the Private Sponsor Travel Certification Form.

We are committed to ensuring adherence to all Ethics Committee rules and regulations. For further information about CARE’s advocacy and lobbying structure, please see the attached description. If you have any questions, please feel free to contact me at (202) 569-7027.

Sincerely,

Rachel L. Hall

CARE and CARE Action Now Structure Explained

CARE, a 501(c)(3) organization, is a leading international humanitarian organization fighting global poverty that places special focus on working alongside poor women who, equipped with the proper resources, can assist whole families and entire communities escape poverty through improved basic education, prevent the spread of HIV, increase access to clean water and sanitation, and expand economic opportunities and the protection of natural resources. CARE also delivers emergency aid to survivors of war and natural disasters, and helps people rebuild their lives.

CARE established CARE Action Now in October, 2007 as a related but separately incorporated 501(c)(4) organization. Served by a mostly independent Board of Directors, CARE Action Now undertakes a variety of programs and activities in furtherance the organizations’ comparable missions, most notably directly influencing policymakers through public awareness campaigns, briefings, reports, meetings, testimony and other areas based on CARE’s experience of working with poor people around the world over more than 60 years. The two organizations share facilities and resources, allocating the costs between them based upon use, as is common in the nonprofit sector. CARE provides periodic funding to CARE Action Now using a written grant mechanism to support the range of its advocacy and lobbying activities. CARE Action Now is increasingly raising funds independent of CARE. This is a common structure for related nonprofit organizations, where a 501(c)(3) organization uses some of its limited funding on lobbying to support a related 501(c)(4) rather than doing the lobbying directly itself.

CARE serves as common paymaster for both organizations, so that all shared employees receive one paycheck from CARE for services provided to either CARE or CARE Action Now. CARE Action Now provides to CARE its allocable share of salary, benefits, and payroll taxes. All staff time that qualifies as “lobbying activity” under the Lobbying Disclosure Act that is conducted by staff registered as lobbyists for CARE Action Now is charged to CARE Action Now under this arrangement, although those employees may also perform non-lobbying services for CARE. CARE Action Now treats its reimbursement payments to CARE as expenditures for salary and related items on its books.

This relationship which is consistent with customary practice leads us to conclude that CARE has properly completed this form, including that it does not employ or retain lobbyists. However, we include this additional information in the interests of full transparency so that the committee may make this determination for itself.

This letter is submitted in response to your request regarding a learning trip beginning August 7, 2022. The Bill & Melinda Gates Foundation made a grant to CARE USA on October 9th, 2019 to fund various activities, including congressional tours to provide learning opportunities on U.S. foreign assistance programs.

I send this to confirm that the Bill & Melinda Gates Foundation is aware of this project and provided support, through the assistance of grant funding, to CARE USA for this project for the purpose of providing members of Congress, Congressional staff, other key decision-makers and influential individuals with the personal experience and knowledge of U.S. Government programs in the developing world and to provide follow-on information to tour participants, selecting countries that have a broad array of U.S. Government development projects.

However, the Foundation did not play a significant role in the project, or in organizing the related trip, and has not been involved in the selection or invitation of travel participants. Decisions regarding travel participants have been controlled by and under the sole discretion of CARE USA. This funding has not been directly or indirectly earmarked to finance any aspect of this trip.

If we can provide any additional information, please contact me at true.pfeifer@gatesfoundation.org, or 202.709.1780.
