Ms. Mary Collins Atkinson
Office of the Honorable Mariannette Miller-Meeks
1716 Longworth House Office Building
Washington, DC 20515

Dear Ms. Atkinson:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to Egypt,[1] scheduled for November 10 to 14, 2022, sponsored by Conservative Climate Foundation.

You must complete an Employee Post-Travel Disclosure Form (which your employing Member must also sign) and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. If you are required to file an annual Financial Disclosure Statement, you must also report all travel expenses totaling more than $415 from a single source on the "Travel" schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

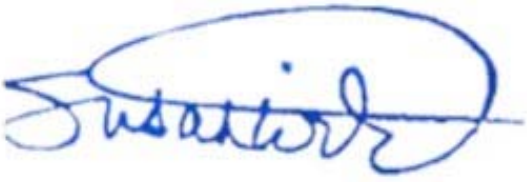
Because the trip may involve meetings with foreign government representatives, we note that House employees may accept, under the Foreign Gifts and Decorations Act (FGDA), gifts "of minimal value [currently $415] tendered as a souvenir or mark of courtesy" by a foreign government. Any tangible gifts valued in excess of minimal value received from a foreign government must, within 60 days of acceptance, be disclosed on a Form for Disclosing Gifts from Foreign Governments and either turned over to the Clerk of the House, or, with the written approval of the Committee, retained for official use.

---

[1] Please be aware that the Committee's review of the proposed trip does not extend to either the security situation in the destination country or security related to foreign travel in general. We recommend you contact the Office of House Security (OHS) for a safety and security briefing prior to your departure. OHS may be reached at (202) 226-2044 or ohsstaff@mail.house.gov. House travelers should also register for the U.S. State Department's Smart Traveler Enrollment Program at https://step.state.gov.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.

Sincerely,



Susan Wild

Answer to House Ethics Primary Sponsor Form Question 12:

The Conservative Climate Foundation (CCF) is a not-for-profit charitable and educational organization organized, operated, and recognized as a tax exempt under Section 501(c)(3) of the Internal Revenue code as amended. The organization's mission is to engage and inform the public and policymakers about reducing global and domestic emissions with common sense, economic and environmentally sustainable strategies and solutions based on conservative principles. The United Nations Framework Convention on Climate Change is holding its 27th annual Conference of the Parties (COP) in Sharm El-Sheikh, Egypt. CCF is bringing together policy leaders, business leaders, lawmakers and members of their staff to participate in a dialogue at COP27 with foreign governments and partners regarding global climate change issues. The delegation will showcase how conservative principles and policies can continue to make an impact on the issue of climate change on the world stage.

Members will be provided with discussion topics covered during the first two days of programming, through which they will seek consensus with their global counterparts to boost joint energy security through American innovation and technology exports.

1:30 PM - 2:30 PM – Closing session: Conversation on International Trade and Climate Policy
Location: Marhaba, "The Temple" (adjacent to Casa Bianca)

Topic: When it comes to climate, no nation is an island. Curbing global emissions while increasing economic prosperity will require international trade policies that help deploy clean energy technologies, leverage nations' carbon advantage, and hold environmental and human rights violators accountable. This panel will examine the current landscape of climate trade policy and explore emerging policy mechanisms.
