Mr. Tom Moran
Office of the Honorable Maria Elvira Salazar
2162 Rayburn House Office Building
Washington, DC 20515

Dear Mr. Moran:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to Israel,¹ scheduled for February 18 to 26, 2023, sponsored by American Israel Education Foundation.

You must complete an Employee Post-Travel Disclosure Form (which your employing Member must also sign) and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. If you are required to file an annual Financial Disclosure Statement, you must also report all travel expenses totaling more than the reporting threshold from a single source on the "Travel" schedule of your annual Financial Disclosure Statement covering this calendar year. That reporting threshold is currently \$415 but is set to adjust in 2023. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

¹ Please be aware that the Committee's review of the proposed trip does not extend to either the security situation in the destination country or security related to foreign travel in general. We recommend you contact the Office of House Security (OHS) for a safety and security briefing prior to your departure. OHS may be reached at (202) 226-2044 or ohsstaff@mail.house.gov. House travelers should also register for the U.S. State Department's Smart Traveler Enrollment Program at <https://step.state.gov>.

Because the trip may involve meetings with foreign government representatives, we note that House employees may accept, under the Foreign Gifts and Decorations Act (FGDA), gifts "of minimal value [currently \$415] tendered as a souvenir or mark of courtesy" by a foreign government. Any tangible gifts valued in excess of minimal value received from a foreign government must, within 60 days of acceptance, be disclosed on a Form for Disclosing Gifts from Foreign Governments and either turned over to the Clerk of the House, or, with the written approval of the Committee, retained for official use.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.

Sincerely,

Michael Guest
Chairman

- Church of the Holy Sepulcher

The Old City of Jerusalem is home to the holiest shrines of the three monotheistic religions, including the Temple Mount, the Church of the Holy Sepulcher, and the Al-Aqsa Mosque. The Holy Basin is the historic

location of Jerusalem and refers to the land surrounding the Old City, including the Mount of Olives, believed to be the departure point for Jesus' final entry into Jerusalem and the cemetery where Jews have been burying their dead for 2,500 years. The Holy Basin also includes the Western Wall, Judaism's holiest site, and the Temple Mount (Haram al-Sharif), sacred ground for Jews, Muslims, and Christians. Control over these sensitive areas remains among the largest disputes in the Middle East. The professionally guided survey will walk through all these sites and others, educating trip participants on their historical impact and their role in today's political discussions.

When Jerusalem was reunified in 1967, following 19 years of division, the State of Israel extended the city's boundaries to include the strategic hills surrounding Jerusalem. These hills served as launching pads between 1948 and 1967 for sniper and mortar attacks on Israeli parts of the city by the Jordanian Army. Since 1967, these hills have become vibrant neighborhoods, fully integrated into the fabric of Jerusalem. It is vital for those discussing the issue of Jerusalem to understand these neighborhoods' strategic importance and their relationship to the areas in the immediate vicinity.

Since 2001, Israeli communities bordering the Gaza Strip have been living under the threat of rocket fire. Since the Israeli withdrawal from the Gaza Strip in 2005 and the Hamas takeover of the Gaza Strip in 2007, the volume, range and accuracy of the rockets has only increased. More recently, Hamas has built dozens of terror tunnels to attack Israeli civilians. The delegation will meet with locals to

Lunch with Soldiers
-at Moshav Netiv HaAsara

In Israel, military service is mandatory for everyone over the age of 18, with several exceptions. Most Israelis join the army right after high school and serve for three years. As such, the Israel Defense Force (IDF) is an integral part of the fabric of Israeli society. During this lunch, participants will have the chance to meet with several soldiers serving in the southern region and hear about their experiences in the army. They will discuss the values of the Israel Defense Forces – known as Ruach Tzahal (literally “The Spirit of the IDF”). This overarching ethical code, and the guidelines and operation resulting from it, shape the mode of action applied by all IDF soldiers and units, both in peace and at war. During basic training, every IDF soldier studies and analyzes the code of ethics together with their commanders. It is customary for a framed copy of the code to be hung in every commander's office as a constant reminder of the IDF's values and guidelines.

10:45-11:30 AM **Israel's Narrow Waistline – Strategic Concerns**
Briefing at Alfei Menashe

Alfei Menashe is a Jewish community located on the western edge of the West Bank. Less than 10 miles from the Mediterranean Sea, Alfei Menashe provides a unique vantage point to discuss Israeli settlement policy, the routing of the security barrier, as well as Israel's narrow waistline. The sliver of Israeli land west of the West Bank is often referred to as the Hadera-Gadera rectangle, with the city of Hadera denoting the northern point, and the city of Gadera the southern point. The Hadera-Gadera rectangle is home to over 50 percent of Israel's population, as well as civilian infrastructure. The area is also home to Israel's "Silicon Valley", as well as Ben Gurion international airport. The discussion at Alfei Menashe will allow participants to see firsthand the proximity of Jewish and Arab neighborhoods in both Israel and the West Bank; as well as the strategic threats faced by the Israeli population living in Israel's narrow waistline.

12:30-2:00 PM **Minority Rights in Israel**
Lunch with Mohammad Darawshe
Director of Planning, Equality and Shared Living
Givat Haviva Educational Institute
-at the hotel, Studio 5

Approximately 22% of Israeli residents are part of the non-Jewish minority, which includes, among others, Muslims, Christians, and Druze. As a liberal, democratic state, Israel is rooted in liberty, the rule of law, free and fair elections, and full civil rights for all citizens. Our speaker, Mohammad Darawshe is currently

the director of planning, equality, and shared living at Givat Haviva Educational Institute –a non-profit organization founded in 1949 as the national education center of the Kibbutz Federation in Israel. His focus throughout his career is promoting coexistence and quality among Israel's Jewish and Arab-Palestinians citizens. He will discuss the current challenges facing minority groups in Israel, as well as ways the government of Israel and NGOs seek to address these challenges.

2:00-3:30 PM Depart for Zarit

2:30-3:30 PM En route briefing: The Jezreel Valley and Upper Galilee

Our tour guide will spend an hour during the drive from Israel's center to the north to provide the delegation a briefing on the Jezreel Valley and the Upper Galilee and the challenges facing these regions of the country. For thousands of years, the Jezreel Valley served as a land bridge linking Africa, Asia, and Europe, and serving as a thoroughfare for ancient caravans and, more frequently, armies. In 1948, following Israel's establishment, the combined forces of Iraq and Jordan attempted unsuccessfully to capture the valley to split the just-born Israel into two parts. In the early 20th century, after decades of neglect, Jewish pioneers drained the swamps in the valley, transforming this region into Israel's "breadbasket" known for wheat, cotton, sunflowers, and fishponds. The Jezreel Valley is also home to historical and biblical sites including Tel Megiddo and Nazareth.

Today it is an important symbol of Israel's complex and diverse political reality. The Jezreel Valley, together with the areas of the Lower and Upper Galilee, is home to the majority of Israel's Arab citizens. A survey of this area provides an opportunity to discuss and learn about Israel's Arab citizens – 20 percent of the population – each of which has full democratic, social and welfare rights, the right to vote and serve in the Knesset, and the opportunity to serve on Israel's Supreme Court.

The Upper Galilee is home to the largest variety of ethnic communities in Israel including Druze, Circassian, Arab Muslim and Arab Christian villages. The Galilee is also home to ancient Jewish and Christian holy sites that provide additional historical and political context to regional tensions. Just as in the case of the Jezreel Valley, the area illustrates the role of minorities in Israel. At the same time, the Upper Galilee is home to some of the most prominent industrial hubs.

3:30-4:15 PM Visit to Hezbollah Terror Tunnel
-at Zarit

Virtually all southern Lebanon is a maze of underground bunkers, rocket-launching sites, and interconnected tunnels built by the Iranian-backed Hezbollah terrorist organization. Hezbollah is the most powerful terrorist organization in the world, stronger than most national armies. They receive around \$700 million annually from Iran, along with advanced weapons, training, and political support. During this visit, the delegation will have the opportunity to go into a Hezbollah tunnel discovered by the Israel Defense Forces (IDF), to see firsthand the threat this terrorist army poses to Israel and the region. Hezbollah has created a network of tunnels hundreds of kilometers long to enable terrorists to stage an infiltration attack on military and civilian targets in northern Israel. The IDF conducted Operation Northern Shield between December 2018 and January 2019, to locate and destroy the tunnels. In January 2020, the IDF began installing a series of underground sensors along the northern border to detect any new subterranean tunnels being dug into Israeli territory from Lebanon. Participants will hear from an IDF officer who will guide them through the opening of the tunnel and share the anti-tunneling technology Israel is using to detect new tunnels.

4:15-5:15 PM **Israel's Northern Border Concerns I: Lebanon and Hezbollah**
Briefing with Colonel (Ret.) Miri Eisen

Eisen served in the Israeli Intelligence community and retired from active duty at the rank of full colonel in 2004. Over her twenty-year career in the military, she served as the deputy head of the combat intelligence corps, the personal assistant to the Director of Military Intelligence and as the intelligence officer in combat units and research departments. During this session she will provide an overview of the challenges faced by Israel on their border with Lebanon, including the threat of terrorist group Hezbollah.

As part of the seminar's focus on the complex religious fabric of Israeli society, the delegation will be visiting several of the most sacred sites for Christians in the Holy Land. Included is a guided survey and discussion of some of the most important events in the life of Jesus by the Sea of Galilee. Just as strategic surveys in Jerusalem focused on Jewish, Muslim, and Christian history and claims to the land, the site visits to the Christian sites help provide context for the competing religious narratives for the land of Israel. For example, we will be visiting the Mount of Beatitudes, where Jesus delivered the Sermon on the Mount,

the most studied and read speech of any religion in history. Our guide will also lead a discussion through Capernaum, the site of Jesus' ministry in the Galilee.

Ilan Shulman, a disabled IDF veteran, divides his time guiding geopolitical tours on the Galilee and Golan Heights, lecturing to students, giving geo-political briefings for delegations through various Israeli foreign ministry programs, and fulfilling his IDF reserve duties in the Northern Command's intelligence unit. Shulman was raised in Kibbutz Merom Golan near Israel's border with Syria, where one of his favorite jobs was herding the kibbutz cattle. Shulman served in the IDF's paratrooper's unit, rising to the position of company commander. He holds a BA in Israel and Middle East Studies. During this session he will take participants to the border between Israel and Syria and provide an overview of the Syrian civil war.

7:30 - 8:30 AM En route briefing: Jericho Road and the E-1 Corridor

Our tour guide will spend approximately one hour on the drive from Jerusalem to Masada - including Jericho Road - to discuss the strategic importance of the area east of Jerusalem. In 1948 and in 1967, the Jordanian army attacked Jerusalem from the east - the 1948 attack resulted in the city's division that lasted until 1967. Since then, Israel has established the City of Ma'ale Adumim east of Jerusalem, today home to some 40,000 residents. To the Palestinians, however, Ma'ale Adumim is the largest settlement on the West Bank. When Israel attempted to expand Ma'ale Adumim's boundary, into an area known as "E-1", the U.S. State Department stepped in and asked that no construction take place there. The issue needs to be examined with those discussing the future of Jerusalem in the context of the Israeli - Palestinian negotiations.

9:00- 10:30 AM **History and Geopolitics of the Roman Empire**
Guided survey of the National Archeological Park at Masada

Masada, which was excavated in the 1960s, is considered one of the most important archeological sites in Israel, indeed in the whole world. Masada was the site of the last stand of the Jews in Israel after the Romans destroyed Jerusalem and the Holy Temple in 70 A.D. A group of Jewish zealots fled to the Judean Desert and lived in the former mountaintop fortress of King Herod known as Masada for two years resisting the onslaught of the most powerful army in the world. Determined to break the resistance, the Romans finally scaled the mountain to capture and enslave the Jewish rebels. However, when they finally arrived, they found that all the men, women and children had killed themselves as a last act of defiance. The delegation will visit the magnificent ancient excavations; learn the narrative of Jewish resistance to the Romans backed by the archeological and historical evidence; and discuss the importance of the Masada story to the contemporary Middle East and the threats in the region.

10:30-11:15 AM Depart for Dead Sea

11:15 AM-1:00 PM **Exploration of the Dead Sea Region**
-at Hod hotel

During our drive to and from the Dead Sea area, as well as during our visit to the Dead Sea, our tour guide will discuss a variety of issues integral to understanding this desert region, and relations with both the Palestinians and Jordanians. For decades, Israel has been developing the agricultural potential of the desert. While the Middle East is suffering from water shortages, Israel, through modern technology and water conservation policies, including the recycling of over 80 percent of water used for domestic purposes and transferring it to agriculture, has literally "made the desert bloom." The key regional players also face serious environmental issues in the Dead Sea region. One of the major environmental concerns is the receding of the Dead Sea and the appearance of sinkholes, which cause the earth above to collapse. Roads, fields, and buildings have collapsed due to this phenomenon, and experts are concerned the tourist infrastructure along the Jordanian and Israeli shores of the Dead Sea are in danger. This issue has led to unprecedented cooperation between Israelis, Jordanians and Palestinians and serves as a model for regional cooperation.
