Dear Friend,

We are writing to invite you to join us this May in Southeast Louisiana for a site visit to learn about ongoing restoration efforts in the Mississippi River Delta and their economic implications. With the funding from the Deepwater Horizon oil spill, we have a unique opportunity to work across state lines at all levels of government toward a more resilient, comprehensively restored Gulf Coast.

In particular, we would like to share the latest update on our 2023 Coastal Master Plan, which contains projects that have been Congressionally authorized through Water Resources Development Acts. These restoration projects are critically important tools for addressing our land loss crisis, which has serious implications for the entire Gulf Coast's natural resource dependent economy. As we get closer to implementing these cornerstone projects, we want Congressional staff members to have opportunities to see the exciting possibilities associated with success of these projects, and to ask any questions about how the State of Louisiana is working with partners – both NGO and industry – and state and federal agencies to proactively address stakeholder concerns.

This two-day, one-night trip will include briefings from state officials, industry representatives, and local NGOs, centered around interactive boat tours of ongoing or recently completed restoration projects in coastal Louisiana. We will also take a tour of Port Fourchon, which is at the very leading edge of both land loss and large-scale restoration. Transportation, lodging, and meals will be covered.

The date of the trip will be May 4th-5th. **Please RSVP to Joseph.Orgeron@Nicholls.edu as soon as possible, as spots are limited, and ethics forms will have to be submitted by each participating office 30 days in advance.** This trip has been planned in accordance with ethics rules, and we will provide a full agenda for submission to the Ethics Committees.

We hope to see you on the Bayou!

Sincerely,

Louisiana Coastal Protection and Restoration Authority
Greater Lafourche Port Commission
