Attachment C Sponsor Interest and Role

Question 12. For each sponsor required to submit a sponsor form, describe the sponsor's interest in the subject matter of the trip and its role in organizing and/or conducting the trip:

Each tour sponsor is directly involved in the production and/or distribution of biodiesel, renewable diesel, and/or sustainable aviation fuel or is involved in the production of biofuel feedstock. The tour provides participants with a better understanding of the environmental and economic impacts of biodiesel, renewable diesel, and sustainable aviation fuel and supports each sponsor's efforts to create a positive legislative environment. Each of the sponsors listed here have made financial contributions to the tour and have been part of organizing and conducting the tour.

Clean Fuels Alliance Foundation works closely with the Clean Fuels Alliance America to address issues affecting the nation -- cleaner air, greater economic development for rural communities, and enhanced national security through energy independence. Organized in 1994, the Foundation's mission is to accomplish outreach, education, research, and demonstration activities for the advancement of biodiesel and its co-products to improve rural economic development, national security, air quality and the environment. **The Foundation is the primary tour sponsor and has overall responsibility for planning, organizing, and implementing the tour.**

ADM (Archer Daniels Midland Company). Headquartered in Chicago, ADM is one of the world's largest companies in the field of food technology. ADM is also a leading producer of transport biofuels, in particular bioethanol and biodiesel produced from vegetable oils in the EU, Brazil, Canada, and the U.S. The company has an ambitious goal of meeting the world's energy needs with the help of biofuels. In June 2022, ADM broke ground, in partnership with Marathon Petroleum Corp., on North Dakota's first dedicated soybean processing facility which will provide feedstock for 75 million gallons per year of renewable diesel. The company also plans to produce aviation fuel. **ADM contributed to tour planning and will accompany the tour group.**

Ag Processing, Inc (AGP) is a leading U.S. agribusiness with primary operations as a soybean processor/refiner producing and marketing soybean meal, refined soybean oil, and biodiesel. AGP's commitment to the biodiesel industry dates back more than two decades with its pioneering efforts to develop a new market for soybean oil. The cooperative built the first commercial-scale U.S. soy biodiesel plant in 1996 in Sergeant Bluff, Iowa. AGP's operations today consist of three biodiesel production plants (Algona and Sergeant Bluff, Iowa, and St. Joseph, Missouri) with a combined annual capacity of 175 million gallons. As a leading advocate for the establishment of industry quality standards, AGP continues to produce the highest quality biodiesel product available, receiving BQ-9000 certification of its biodiesel production. **AGP has contributed to tour planning and will participate on the tour.**

Clean Fuels Alliance America. Representing biodiesel, renewable diesel, and sustainable aviation fuel, Clean Fuels Alliance America advances the interests of its members by supporting sustainable biodiesel, renewable diesel, and sustainable aviation fuel industry growth. Clean Fuels serves as the industry's central coordinating entity for technical, environmental, and quality assurance programs and is the strongest voice for its advocacy, communications, and market development. **Clean Fuels has assisted with coordinating the tour and will be presenting during the tour.**

Gevo is a leading renewable chemicals and advanced biofuels company dedicated to delivering low carbon sustainable fuels and chemicals. Focused on development and commercialization, Gevo is engaged in technology, process, and intellectual property development targeted to large-scale

deployment of net-zero hydrocarbon fuels and chemicals. Gevo's primary market focus, given current demand and growing customer interest, is sustainable aviation fuel (SAF). **Gevo has contributed to trip planning and will participate in the tour.**

HERO BX is one of the top ten biodiesel production facilities in the nation. Located on Lake Erie, the company is a major supplier of biodiesel to the north-east corridor including New York City. The HERO BX mission is to be a reliable producer and distributor of biodiesel which exceeds industry standards. HERO BX's products reduce carbon emissions, create jobs in the United States, promote energy security and serve the community. **HERO BX has a general interest in supporting the growth of biodiesel and Bioheat and has contributed to trip planning and has been invited to accompany the tour.**

Indiana Soybean Alliance (ISA) is a statewide organization that serves Indiana soybean farmers. ISA collaborates with the Indiana Corn Marketing Council and the Indiana Corn Growers Association to build markets, connections and resources for Indiana corn and soybean farmers through checkoff investments and advocating for agriculture legislation and policies. The organization conducts many activities to educate consumers and the public on soy issues. Activities include hosting or speaking at public events, making presentations to school or civic organizations, participating in public workshops, and advertising about the many benefits of corn-based products. **Indiana Soybean Alliance contributed to tour planning and has been invited to accompany the tour.**

Innovative Ag Services. Innovative Ag Services Co. is a full-service farm cooperative, offering a complete line of supplies and services to meet all farm needs. Innovative Ag Services provides value-added products and services to more than 5,000 members in the grain, agronomy, feed, energy and building supply markets. Their 30+ locations are conveniently located throughout northeast and central Iowa, and southwestern Wisconsin. **Innovative Ag Services contributed to tour planning and has been invited to accompany the tour group.**

Minnesota Soybean Processors is a 2,300 plus membership cooperative that owns and operates a soybean crush facility and 41 million gallon per year biodiesel operation in Brewster, Minnesota. Their goal is to provide a high-quality feed product for America's producers and a high-quality renewable fuel source. **Minnesota Soybean Processors has contributed to planning the tour and has been invited to accompany the tour group.**

Renewable Energy Group Inc is a leading provider of cleaner, lower carbon intensity products and services. They are an international producer of biomass-based diesel, a developer of renewable chemicals and North America's largest producer of advanced biofuel. REG utilizes an integrated procurement, distribution, and logistics network to convert natural fats, oils, greases, and sugars into lower carbon intensity products. With 14 active biorefineries, a feedstock processing facility, R&D capabilities, and a diverse and growing intellectual property portfolio, REG is committed to being a long-term leader in bio-based fuels and chemicals. REG is a subsidiary of Chevron. **REG has contributed to planning the tour and will participate in the tour.**

Western Iowa Energy, LLC manufactures, sells, and delivers up to forty-five million gallons of biodiesel annually from their facility in Wall Lake, IA. Western Iowa also owns the Agron terminaling facility in Watsonville, CA. The company is committed to production that makes sense both economically and environmentally for the state of Iowa and the nation. **Western Iowa Energy has contributed to planning the tour and has been invited to accompany the tour group.**

Ms. Gianna Watson
Office of the Honorable Michelle Fischbach
1004 Longworth House Office Building
Washington, DC 21515

Dear Ms. Watson:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to New Orleans, Louisiana, scheduled for April 4 to 5, 2024, sponsored by Clean Fuels Alliance Foundation (F/K/A National Biodiesel Foundation), ADM, Ag Processing, Inc., Clean Fuels Alliance America, GEVO, Inc., Hero BX, Innovative AG Services, Indiana Soybean Alliance, Minnesota Soybean Processors, Renewable Energy Group, Inc., and Western Iowa Energy, LLC. We remind you that, because the trip sponsor employs a federal lobbyist, you may participate in officially-connected activity on one calendar day only.

You must complete an Employee Post-Travel Disclosure Form (which your employing Member must also sign) and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. If you are required to file an annual Financial Disclosure Statement, you must also report all travel expenses totaling more than \$480 from a single source on the "Travel" schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.

Sincerely,

Michael Guest
Chairman
