This event is designed to deepen your understanding of microcredentials in higher education. Included with this invitation are the forms necessary for ethics rules compliance. **By Monday, July 8, 2024, you must submit these included forms and documents directly to the Ethics Committee by emailing them to travel.requests@mail.house.gov;**

- A Primary Trip Sponsor Form with all attachments, including a list of all House staff invitees and an hour-by-hour itinerary;

Attendance is by invitation only, with no outside observers or lobbyists. Funding is provided solely by grants from established foundations. No government, individual, foreign, corporate or special interest money is accepted. The foundations supporting this programming are the Gates Foundation, Lumina Foundation, and Strada Education Foundation. 12. For each sponsor required to submit a sponsor form, describe the sponsor's interest in the subject matter of the trip and its role in organizing and/or conducting the trip:

PNPI has designed the event to deepen participants' understanding of microcredentials. PNPI created the agenda, developed the invitation list, and is managing all event logistics. **All additional trip sponsors are only providing funding for the trip.** None of PNPI's funders, The Gates Foundation, Lumina Foundation, or Strada Education Foundation have played a role in organizing the referenced Congressional trip or in the selection or invitation of travel participants. Decisions regarding travel participants have been controlled by and were at all times under the sole discretion of PNPI.

The Bill & Melinda Gates Foundation is interested in expanding opportunities for all students to be able to complete a high-quality, affordable postsecondary education that leads to a sustaining career. Toward that end, it is important to help policymakers better understand all types of credentials and the impacts of quality on outcomes for students.

Lumina Foundation is interested in increasing postsecondary education attainment, including through the support of activities that ensure students, policymakers and other stakeholders deepen their understanding of the complexities behind microcredentials and short-term credentials.

Strada Education Foundation is committed to expanding opportunities of education to work for all students. To do so, students need quality and affordable postsecondary education opportunities and various pathways to work experiences that lead to successful futures. Policy makers need to be well informed of work being conducted in this space, have access to quality data and research from the field to properly assess impact for students and families.
