Attendees:

Welcome to AXPC's 2024 Summer Field Tour! The American Exploration & Production Council (AXPC) is a national trade organization representing the leading onshore independent oil and natural gas exploration and production companies. For more than 20 years, AXPC has hosted an annual Policymaker Field Tour of production operations in various basins across the US. We are proud to partner with Marathon Oil for this summer's trip.

You will be touring Marathon's operations in the Williston Basin. This field tour is one of the finest ways for energy policy professionals to view operations from drilling, to completion, to production and learn about the impact our industry makes on communities across the country. Not only will you get to tour active operations and see emerging technologies, you can have your questions answered by experts onsite.

You will wrap up the day with a community dinner where you will hear from vendors and community leaders and members about the impact of the industry from the local municipality level to nationwide.

Enclosed, you will find everything you need for the trip. Most importantly, we included blank pages for you to take notes that you can bring back to DC and your districts to help inform your energy policymaking moving forward.

I wish you safe travels and our team looks forward to seeing you in Dickinson!
