Mr. Alejandro Cisneros
Office of the Honorable Young Kim
1306 Longworth House Office Building
Washington, DC 20515

Dear Mr. Cisneros:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to Mexico,¹ scheduled for August 26 to 29, 2024, sponsored by United Nations Foundation. We note you are not accepting return transportation expenses from the sponsor.

Committee travel regulations require that you submit your complete pre-trip approval request to the Committee at least 30 days before the commencement of the trip or it will not be granted. Despite your failure to do so in this instance, we are approving your current request. However, any future requests must adhere to the 30-day requirement or they will be denied.

You must complete an Employee Post-Travel Disclosure Form (which your employing Member must also sign) and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. If you are required to file an annual Financial Disclosure Statement, you must also report all travel expenses totaling more than \$480 from a single source on the "Travel" schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

Because the trip may involve meetings with foreign government representatives, we note that House employees may accept, under the Foreign Gifts and Decorations Act (FGDA), gifts "of minimal value [currently \$480] tendered as a souvenir or mark of courtesy" by a foreign government. Any tangible gifts valued in excess of minimal value received from a foreign government must, within 60 days of acceptance, be disclosed on a Form for Disclosing Gifts

¹ Please be aware that the Committee's review of the proposed trip does not extend to either the security situation in the destination country or security related to foreign travel in general. We recommend you contact the Office of House Security (OHS) for a safety and security briefing prior to your departure. OHS may be reached at (202) 226-2044 or ohsstaff@mail.house.gov. House travelers should also register for the U.S. State Department's Smart Traveler Enrollment Program at <https://step.state.gov>.

from Foreign Governments and either turned over to the Clerk of the House, or, with the written approval of the Committee, retained for official use.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.

Michael Guest

Tuesday, August 27 --- Manzanillo/Travel to Mexico City

Attire: Business Casual.

8:30am – 9:30am Breakfast and check-out of hotel

9:30am – 10:00am Transit via car to the main entrance of the Port of Manzanillo (security clearance procedures are necessary for facility access)

10:00am – 11:00am **Meeting with Personnel from the Mexican Navy, Port of Manzanillo Customs Office, and UNODC Container Control Programme Unit**

The delegation will meet with personnel from the Mexican Navy, and the National Customs Agency, and UNODC's Container Control Programme Unit to learn about the operation, history, and impact of the Port of Manzanillo, including background on recent multilateral security investments designed to tackle sea, land, and air cargo threats.

Amid growing concerns over declining foreign direct investment and security vulnerabilities, the Government of Mexico announced in September 2023 that it would partner with the UN to combat drug trafficking and other transnational organized crime activities in Manzanillo via UNODC's landmark port safety, supply chain security, and trade facilitation program known as the Container Control Programme—the first time the 20-year-old joint UNODC-World Customs Union programme would be implemented in Mexico.

As Mexico's most active seaport, Manzanillo has become critical to the Mexican economy, responsible for handling all Pacific Ocean cargo destined for the greater Mexico City area. Due to its location and scale, the port has also become a common entry point for imports from China, including chemicals used to produce fentanyl, which is subsequently smuggled into the U.S., making it a major frontline for the U.S. in the fight against the opioid epidemic.

Location: Port of Manzanillo National Customs Agency Office

11:00am – 11:15am Transit via car to Port of Manzanillo

11:15am – 1:15pm **Detailed Visit to the Port of Manzanillo and Observation of Container Control Programme Operations and Procedures**

The delegation will visit various operation sites within the port and learn about the implementation and success of the Container Control Programme. Launched in Mexico in September 2023 after successful implementation in 74 countries, the Container Control Programme operational at the Port of Manzanillo is a joint initiative supported by UNODC, the Government of Mexico, and U.S. Embassy Mexico City to increase port security measures and minimize the use of maritime shipping containers for illicit drug trafficking and other transnational organized crime activities.

The delegation will learn how these parties are utilizing inter-agency units to exchange information with counterparts in other countries, allowing users to share information about high-risk containers and verify their identification numbers. They will be briefed on how these efforts have resulted in seizures of a wide range of illegal goods, such as hard drugs and fentanyl precursor chemicals, as well as falsified or unlicensed medicines, ammunition, weapons, explosives, stolen vehicles, and goods which are counterfeit or otherwise violate intellectual property law.

1:15pm – 2:15pm

Presentation on UNODC Illicit Crop Monitoring Project

The delegation will learn about UNODC's Illicit Crop Monitoring Programme (ICMP) and how ICMP supports illicit crops surveys which are implemented jointly with concerned Governments to collect information on the area under illicit crop cultivation, cocaine and heroin production, prices, and estimates of the value of the illicit drug market.

ICMP uses GIS and geospatial analysis, satellite imagery and field surveys to monitor the extent and evolution of illicit crop cultivation and production, as well as the factors driving illicit cultivation. Operational in Colombia, Peru, and Bolivia for coca; Afghanistan, Mexico, and Myanmar for opium; and Nigeria for cannabis, the crop and socio-economic surveys help Governments in their policy development and in planning how to tackle illicit drug production. The direct participation of UNODC in national monitoring systems safeguards transparency of survey and estimation methodologies, ensures international comparability and gives additional credibility to the results.

2:15pm – 3:00pm

Transit via hired car to Oasis Ocean Club

3:00pm – 4:30pm

Working Lunch with UNODC Port of Manzanillo Management Team

The delegation will have a working lunch with the day-to-day UNODC management team to learn how the Container Control Programme was implemented, its recent success/challenges, and upcoming plans to expand the Programme to four additional ports: Ensenada and Lázaro Cárdenas on the Pacific coast, and Altamira and Veracruz on the Atlantic coast.

The Bicentennial Framework, which was launched in 2022, establishes a comprehensive, long-term approach for binational actions to pursue the safety, health and development of Mexican and U.S. societies, with a focus on addressing violence through a response driven by justice and the use of intelligence against organized crime and based on effective cooperation in law enforcement.

8:00am – 11:30am **Expert Guided Visit of Teotihuacán and Meeting with Andrés Morales, UNESCO Representative to Mexico**

Teotihuacán is an ancient Mesoamerican archeological complex located 30 miles northeast of Mexico City. The complex, which was designated a UNESCO World Heritage Site in 1987, was built between the 1st and 7th centuries A.D., and is characterized by the vast size of its monuments – in particular, the Temple of Quetzalcoatl and the Pyramids of the Sun and the Moon, laid out on geometric and symbolic principles. As one of the most powerful cultural centers in Mesoamerica, Teotihuacán extended its cultural and artistic influence throughout the region and beyond. By the time the Aztecs found the city in the 1400s and named it Teotihuacán (meaning “the place where the gods were created”), the city had been abandoned for centuries.

During the visit, the delegation will be briefed on UNESCO’s work in Mexico, which began in 1967, and how the organization, with U.S. support, provides specialized technical assistance to the Government of Mexico, as well as Mexican institutions, civil society organizations, and companies to help protect cultural heritage and promote collective resilience, especially in environments impacted by economic, industrial, tourism, or social transformation, as well as in times of crisis and emergency.

12. Description of the sponsor's interest in the subject matter of the trip and its role in organizing and/or conducting the trip:

The UN Foundation (UNF) works to educate all Americans, including the U.S. Congress, on the importance of a strong U.S.-UN relationship, with a focus on interconnected issues such as peace, security, and global health. This learning trip provides an opportunity for policymakers to better understand how the United Nations, the Government of Mexico, and U.S. Embassy Mexico City are working together to protect American lives by preventing fentanyl and precursor chemicals from entering the United States.

UNF is organizing all aspects of the program/logistics. UNF is handling all outreach to congressional offices and is the contact for planning purposes.

15b2. Provide the reason for selecting the location of the event or trip:

During the course of this learning trip, the delegation will travel to Manzanillo, Mexico and Mexico City, Mexico to learn how the U.S, Mexico, and the UN are addressing the opioid crisis and working to prevent the trafficking of opioid and synthetic opioids into the United States.

As Mexico's most active seaport, Manzanillo has become critical to the Mexican economy, responsible for handling all Pacific Ocean cargo destined for the greater Mexico City area. Due to its location and scale, the port has also become a common entry point for imports from China, including chemicals used to produce fentanyl, which is subsequently smuggled into the U.S., making it a major frontline for the U.S. in the fight against the opioid epidemic.

Amid growing concerns over declining foreign direct investment and security vulnerabilities, the Government of Mexico announced in September 2023 that it would partner with the UN and U.S. Embassy Mexico City to tackle drug trafficking and other transnational organized crime activities in Manzanillo with the assistance of the UN Office on Drugs and Crimes's landmark port safety, supply chain security, and trade facilitation program known as the Container Control Programme. The Programme—which has been supported via the Mexico-U.S. Bicentennial Framework for Security, Public Health and Safe Communities—has helped increase port security measures and minimized the use of maritime shipping containers for illicit drug trafficking and other transnational organized crime activities. While active in 74 countries, this marked the first time the 20-year-old joint UNODC-World Customs Union programme was introduced in Mexico.
