U.S. House of Representatives Committee on Ethics
UN Foundation
Congressional Staff Delegation – Mozambique – August 10 – 17, 2024

Primary Sponsor Form – Attachment 1

A. List of Invited House Staff

Caitlin Peruccio, Legislative Counsel & Senior Policy Advisor, Congresswoman Rosa L. DeLauro (CT-03)

Harsh Patel, Health Policy Advisor, Rep. Ami Bera, M.D. (CA-06)

Max Harris, Foreign Policy Legislative Assistant, Rep. Grace Meng (NY-06)

Laura Titus, Deputy Legislative Director, Rep. Robert Aderholt (AL-04)

Ashley Juhn, Communications Director, Rep. Tom Kean (NJ-07)

B. 12. For *each* sponsor required to submit a sponsor form, describe the sponsor’s interest in the subject matter of the trip *and* its role in organizing and/or conducting the trip:

UNF is the sponsor of this trip, organizing the program and logistics. UNF handles all outreach to congressional staff and is the contact for planning purposes.

UN Foundation received a contribution from the Bill & Melinda Gates Foundation (BMGF), which was made with the knowledge that congressional travel generally might be funded. The BMGF has not played any role in organizing the trip, and has not been involved in the selection or invitation of the trip participants.

The UN Foundation works to educate all Americans, including Members and Staff of the U.S. Congress, on the importance of a strong U.S.-UN relationship, with a particular focus on bilateral and multilateral global health issues such as global immunization, malaria, and child health. Participants will learn how bilateral USAID, CDC, the President’s Malaria Initiative, and PEPFAR global health interventions work in complement with, and are amplified by, multilateral UN and Global Fund to Fight AIDS, Tuberculosis, and Malaria global health activities.

C. 15. b. 1) Detail the cost per day of meals (approximate cost may be provided):

Total meal cost, good faith estimate = \$430

- Sunday August 11: Dinner only, \$30
- Monday August 12: Breakfast, lunch, dinner: \$86
- Tuesday August 13: Breakfast, lunch, dinner: 86
- Wednesday August 14: Breakfast, lunch, dinner: 86
- Thursday August 15: Breakfast, lunch, dinner: 86
- Friday August 16: Breakfast and lunch only: \$56

D. 15. b. 2) Provide the reason for selecting the location of the event or trip:

During the trip, the delegation will travel to Mozambique to observe how the US and the UN are working together to eradicate polio and increase child immunization rates, reduce the burden of malaria, and improve access to HIV/AIDS interventions.

Mozambique was chosen for several reasons, including immunization as a key area of collaboration between the U.S. Government, UN, Global Fund, and Government of Mozambique; the country recently experienced a polio outbreak that required a multi-sectoral response to contain; the entire population of 33 million people is at risk of malaria; and the country continues to face a severe HIV epidemic.

This learning trip provides an opportunity for the delegation to learn about impact of bilateral global health programs led by CDC, USAID, the U.S. President's Malaria Initiative, and PEPFAR, and multilateral partnerships through UNICEF, WHO, Gavi, the Vaccine Alliance, and the Global Polio Eradication Initiative in Maputo and Nampula, Mozambique.

The delegation will conduct site visits to rural and urban health facilities, national vaccine cold storage, polio campaign monitoring, and malaria campaigns. Staff will also meet with community health workers, technical experts, public health NGOs, and families benefitting from US investments.

Working Dinner with IOM, UNHCR, WHO, UN Women

Due to the country's geography, Mozambique is highly exposed to severe weather-related events – including cyclones and flooding. Most recently, in early 2023, the country was hit twice by the same Tropical Cyclone Freddy, affecting 10 of 11 provinces, triggering health crises, spikes in water-borne diseases, and displacing nearly 200,000 individuals.

The delegation will have a working dinner with representatives from the UN International Organization for Migration (IOM), WHO, UNFPA, and UNHCR to discuss health service delivery in the wake of humanitarian emergencies, and the unique challenges displaced populations face in

receiving adequate health care – from maintaining adherence to critical medicines to routine immunization and malaria commodities.

Location: Restaurante NOM, Rua do Chuindi 45, Maputo, Mozambique

Anticipated Speakers in Attendance: Laura Tomm Bonde, Chief of Mission, IOM; Ahmed Baba Fall, Representative, UNHCR; Severin v. Xylander, Representative, WHO; Marie Laetitia Kayisire, Representative, UN Women

8:30am – 11:30am **Visit to the Instituto Nacional de Saude (INS)**

The delegation will visit the National Institute of Health (INS) in Mozambique, where they will meet Dr. Eduardo Samo Gudo, the INS Director General, for an introductory meeting and overview. The visit includes a tour of the National Health Reference Laboratory, highlighting malaria, global health security, USG, and UN investments.

The USG has supported INS to enhance its role in public health functions, such as disease surveillance, laboratory diagnosis, outbreak investigation, public health emergency management, and workforce development including the Field Epidemiology Training Program (FETP) to strengthen the capacity of health professionals. The President's Malaria Initiative (PMI) supports the malaria parasitology and entomology labs (including the insectary) and malaria specific FETP residents.

The delegation will also learn about INS's work on the health effects of climate change. Additionally, INS receives funding from the Global Fund to support community surveillance activities and lab systems through SIS-COVE, complementing the U.S. Government's investment. The visit will underscore U.S. support for Mozambique's health security and highlight capacity-building efforts in the national health system.

2:00pm – 2:30pm Coffee break; transition to second conference room at hotel

2:30pm – 4:00pm **Vaccination campaign micro-planning table-top exercise**

The delegation will participate in a table-top exercise aiming to simulate what it takes to develop a vaccination campaign micro-plan (based around polio outbreak response) and challenge them to create their own plan that leverages limited resources to reach the maximum number of children in a community. The microplan is an important tool for healthcare planning and service delivery. It identifies population location and helps with the rationalization of team workload in the delivery of immunization services. During this exercise, the delegation also will hear an overview of what a microplan is and how it has been used from experts working in Mozambique to develop/implement these plans along with local health care workers.

10:15am – 11:15am **Courtesy meeting with the Provincial Health Services and the
Provincial Health Directorates**

The delegation will meet with Provincial Health Authority leadership to understand how the U.S., in close collaboration with the Government of Nampula, is helping Mozambique build a healthier, more secure, more democratic, and more prosperous country for all citizens.

Nampula Province is located in northern Mozambique and is the most populous province with over 6.6 million inhabitants. Agriculture is key for the economy of Nampula with major crops including cashew nuts, cotton, corn, and cassava. The USG investments in health include but are not

limited to malaria, immunization, and health security, supporting a resilient health system for Mozambique. Nampula has the second highest incidence of malaria in the country. In 2023 there were 2.4 million cases of malaria reported. Despite the improvements in vaccine coverage Mozambique reported 204,863 zero dose children in 2023. Nampula province has the highest number of zero-dose children at 46,069. According to the 2022–2023 Demographic Health Survey only 25% of children in Nampula under 2 years old are fully vaccinated with basic antigens. In recent years, Nampula Province has faced outbreaks of numerous diseases, including polio, cholera, measles, and COVID-19. With USG support, ongoing efforts continue in rapid disease detection to and response to polio with five cases of vaccine-derived poliovirus type 2 detected since 2021 and cholera with 5,622 cases and 15 deaths recorded since October 1, 2023.

11:45am – 12:30pm **Visit to a Polio Environmental Sample Collection Site + AMOSTRA**

Observation and interaction with public health officers as they demonstrate environmental sampling to test for polio and discuss the polio environmental surveillance platform as an asset to refine polio response activities on the ground, disease detection and national health security. The delegation will also have an opportunity to see the project AMOSTRA.

AMOSTRA is funded through multiple technical areas (PEPFAR, TB, GHS) to transport samples (and results) from health facilities to reference laboratories, ensuring that samples are effectively transported from collection sites to testing labs in a timely and safe manner, assuring the

quality of samples during transport. AMOSTRA also returns physical test results, where available and necessary, back to the collection sites.

12:30pm – 1:00pm Boxed-lunch while in transit to CMAM Regional Medical Warehouse via hired car

1:00pm – 2:15pm **Visit and Tour of Central de Medicamentos e Artigos Medicos (Central Medical Stores) Nampula Regional Medical Warehouse**

The delegation will meet with Dr. Maria Etelvina, Head of the Nampula Regional Warehouse for a guided visit through the warehouse and see first-hand the \$7.9 million USG investment made to improve the availability and distribution of medical supplies in Nampula, Cabo Delgado, Niassa, and Zambezia.

The USG supported the construction of the Nampula regional warehouse, which is owned and operated by the Mozambican Government through CMAM. This is the second largest warehouse for health commodities in the country. This meeting will help the delegation understand how the U.S., in close collaboration with the Government of Nampula, is helping Mozambique build a healthier, more secure, and more prosperous country for all citizens by strengthening its supply chain system.

Global Fund is also working on a project to develop a second regional warehouse to mitigate supply and demand constraints and improve health commodity access.

Location: CMAM, Bairro de Murapaniua, Nampula

Anticipated Speakers in Attendance: Dr. Maria Etelvina, Head of the Nampula Regional Warehouse; Lucilo Williams, CMAM Pharmacy Director; Irene Benech, CDC Country Director; Jolene Nakao, CDC Associate Director, GHS & Public Health Response; Ritu Singh, USAID Integrated Health Office Director; Emily Hillman, USAID Family Health Division Chief; Salesio Macuacua, USAID Specialist in Child Health and Immunization; Monica Dea, USAID Global Health Security Advisor

2:45pm – 3:45pm **PIRCOM Community Dialogue Visit**

PIRCOM is an inter-religious organization that promotes health prevention messages and does advocacy for health issues in Mozambique - malaria, HIV, family planning, maternal and child health, nutrition and health security. It is supported by USG and Global Fund.

The delegation will attend a PIRCOM community dialogue at the Rapale Community and observe the interaction between the religious leader and the community members. The delegation will also have the opportunity to ask questions.

Anticipated Speakers in Attendance: Yari Torres-Mendoza, CDC/PMI; Irene Benech, CDC Country Director; Jolene Nakao, CDC Associate Director, GHS & Public Health Response; Luciana Flannery, CDC HQ Polio Expert, Polio Eradication Branch, GID, GHC; Arlete Tamele Mahumane, CDC Pediatric Treatment Advisor; Ritu Singh, USAID Integrated Health Office Director; Emily Hillman, USAID Family Health Division Chief; Salesio Macuacua, USAID Specialist in Child Health and Immunization; Monica Dea, USAID Global Health Security Advisor

3:45pm – 4:15pm Transit via hired car

4:15pm – 5:00pm **Tour of a Community Radio in Nampula City**

The delegation will visit a community radio supported via the local organization h2n and learn about the key role community radios play in promotion of health messages and dissemination of important information during emergency response. H2n is a local organization supported by the PMI project Fighting Malaria with Social and Behavioral Change (SBC), as well as other USG projects, and provides technical assistance to community radios such as this one. The community radio promotes health prevention messages (e.g., emergency response, malaria and nutrition) to communities via radio spots and debates. The delegation will be able to appreciate that community radios are a voice for the communities and a primary source of information. In addition, Global Fund provides significant support for community radios, a primary means of communication during severe weather disasters.

9:00am – 10:30am **Site Visit with Colaboração em Saúde (CCS) to Global Fund support TB services at Xipamanine Health Center, Maputo City**

CCS is the primary funding recipient for the Global Fund TB Grant. Maputo City Health Authorities (SPS) will greet and welcome the delegation at the site. Health care providers and CCS staff will show where TB patients receive services in the facility and respond to questions from the delegation. CCS is also receiving some PEPFAR funding for support for clinical services in Maputo City, including for People Living with HIV that are co-infected with TB, and can respond to questions and discuss how the Global Fund, the Government of Mozambique, and health partners in Mozambique are working together to fight TB and build a resilient and sustainable health system in Mozambique.

The site visit will allow the delegation to understand how Global Fund grants for the 2023-2025 implementation period are helping to expand access to community TB case finding in priority districts in the country. With the U.S. being the largest contributor to the Global Fund, this will

also be a valuable opportunity for the delegation to see the impact of U.S. investment across different platforms including PEPFAR.
