Answer to Question 12

The Conservative Climate Foundation (CCF) is a not-for-profit charitable and educational organization organized, operated, and recognized as a tax exempt under Section 501(c)(3) of the Internal Revenue code as amended. The organization's mission is to engage and inform the public and policymakers about reducing global and domestic emissions with common sense, economic and environmentally sustainable strategies and solutions based on conservative principles. The United Nations Framework Convention on Climate Change is holding its 29th annual Conference of the Parties (COP) in Baku, Azerbaijan. CCF is bringing together policy leaders, business leaders, lawmakers and members of their staff to participate in a dialogue at COP29 with foreign governments and partners regarding global climate change issues. The delegation will showcase how conservative principles and policies can continue to make an impact on the issue of climate change on the world stage.

Dear Ms. Reif:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to Azerbaijan,[1] scheduled for November 13 to 18, 2024, sponsored by Conservative Climate Foundation.

You must complete an Employee Post-Travel Disclosure Form (which your employing Member must also sign) and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. If you are required to file an annual Financial Disclosure Statement, you must also report all travel expenses totaling more than $480 from a single source on the "Travel" schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

Because the trip may involve meetings with foreign government representatives, we note that House employees may accept, under the Foreign Gifts and Decorations Act (FGDA), gifts "of minimal value [currently $480] tendered as a souvenir or mark of courtesy" by a foreign government. Any tangible gifts valued in excess of minimal value received from a foreign government must, within 60 days of acceptance, be disclosed on a Form for Disclosing Gifts from Foreign Governments and either turned over to the Clerk of the House, or, with the written approval of the Committee, retained for official use.

---

[1] Please be aware that the Committee's review of the proposed trip does not extend to either the security situation in the destination country or security related to foreign travel in general. We recommend you contact the Office of House Security (OHS) for a safety and security briefing prior to your departure. OHS may be reached at (202) 226-2044 or ohsstaff@mail.house.gov. House travelers should also register for the U.S. State Department's Smart Traveler Enrollment Program at https://step.state.gov.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.

Sincerely,

Michael Guest

Jackie Hunley, Legislative Director
Congresswoman Mariannette Miller-Meeks
1034 Longworth House Office Building
Washington, D.C. 20515

Dear Jackie,

On behalf of the Conservative Climate Foundation (CCF), I am pleased to invite you to join our fourth annual bicameral Republican delegation to COP29 in Baku, Azerbaijan, from Wednesday, November 13 – Monday, November 18, 2024.

The Conservative Climate Foundation, a 501(c)3 non-profit organization, was founded in 2021 to support Republican Members of Congress and their staff to better understand climate and energy issues and conservative solutions to address them. CCF is dedicated to convening Republicans through organizing educational programming, networking opportunities with industry, think tanks, and innovators, as well as international delegations and domestic site visits.

Since ratification by the U.S. Senate in 1992, the United States has formally participated in the United Nations Framework Convention on Climate Change (UNFCCC). Each year the UNFCCC hosts the Conference of the Parties to the Convention (COP) to identify and assess international climate measures. In 2021, CCF brought the first-ever coordinated delegation of four Republican U.S. lawmakers to COP26 in Scotland. In 2022, the Foundation brought five Members and congressional staff to COP27 in Egypt, and last year CCF brought a delegation of 25 Republican staff to COP28 in Dubai, UAE.

Please join us this November at COP29 in Baku, Azerbaijan, for programming and media opportunities that will occur parallel to the official UN negotiations. CCF will arrange and pay for all travel, accommodations, and meals related to our trip's agenda, and we will assist in coordinating with the House Ethics Committee to facilitate this privately-sponsored travel.

Republican engagement at this international forum allows conservatives to highlight how U.S. energy leadership, innovation, resources, and commonsense policies can lead to lower global emissions, economic and job benefits, and deepened U.S. alliances. It is imperative the international community listen to and engage with conservative U.S. Members of Congress, and CCF is well-positioned to help educate on the importance of innovative, market-oriented solutions.

Please note, spots are limited, so we request your RSVP as soon as possible. We will be sharing additional agenda details in the coming months. If you or your staff would like to discuss this opportunity further, please contact me at elizabeth@rightonclimate.org.

Sincerely,

Elizabeth Daniels,
Executive Director, Conservative Climate Foundation
