ATTACHMENT 2 – Question 12:

ITIF is a 501(c)(3) nonprofit organization founded in 2006 whose mission is to formulate and promote public policies to advance technological innovation and productivity. Recognizing the vital role of technology in ensuring American prosperity, ITIF focuses on innovation, productivity and digital economy issues. Our interest in the trip is to help staff better understand how new technologies and technology applications are developing and what the trends are likely to be in the future, so that they can better understand and respond to the technological challenges facing our nation.

ITIF is co-chaired by former members of Congress Ron Kind and Phil English and governed by a board of distinguished IT and innovation policy leaders and experts. Senators Chris Coons and Todd Young are the Foundation’s Honorary Senate Co-Chairs, and Congresswoman Suzan DelBene and Darrell Issa are the Foundation’s Honorary House Co-Chairs.

In addition to this policy conference, which we have hosted since 2012, we sponsor a set of regular trips with Members of Congress and/or senior House and Senate staff to high-tech and innovation hubs

around the country to hear from company leaders about new developments and issues, and to participate in educational forums on IT and innovation policy issues.

ITIF is the sole sponsor and is organizing and executing all aspects of this trip.
