*House staff were invited because of their work on education, workforce development, economic development, and social welfare issues. All have responsibility for these federal issues in their offices. The site visit will highlight the successes and challenges of education, workforce and economic development, and human services programs and initiatives in Southern Nevada.*

**Question #12 Interest and Role of Sponsors:**

Jobs for the Future (JFF) identifies sites of interest and priority topics for site visit programming, including featured programs and initiatives, based on their evidence base, scalability, and quality. JFF develops and

executes the agenda, coordinates logistics for the trip, and serves as the point of contact for staff. JFF will use grant funding from the Bill & Melinda Gates Foundation and the Lumina Foundation to support the Congressional Staff Network and this site visit.

The Lumina Foundation is an independent, private foundation based in Indianapolis, Indiana that is committed to making opportunities for learning beyond high school available to all. The Bill & Melinda Gates Foundation is based in Seattle, Washington and has a mission to create a world where every person has the opportunity to live a healthy, productive life.

Each sponsor's work is informed by research, analysis, and best practice. The missions of JFF, the Bill & Melinda Gates Foundation, and the Lumina Foundation support the purpose of the trip: highlighting innovative, evidence-based programs and policies that drive economic mobility. House attendees will see strategies that leaders in Southern Nevada are implementing to meet the region's talent needs; they will engage with workforce practitioners, educators, employers, and workers and learners who are involved in these programs.

JFF identifies sites of interest and priority topics for site visit programming, including featured programs and initiatives, based on their evidence base, scalability, and quality. JFF develops and executes the agenda, coordinates logistics for the trip, and serves as the point of contact for staff. The Lumina Foundation and the Bill & Melinda Gates Foundation fund the Congressional Staff Network and its site visits.

#### **Question #15 (B) Part 2, Explanation of Location Choice:**

JFF selected the Las Vegas area for this site visit because of the innovative workforce training, economic development, and education efforts underway on the ground, as well as the challenges that the region faces in terms of economic diversification and resilience, cost of living, and labor shortages in critical industries.

The site visit will highlight Las Vegas' exemplary workforce system – which is a national leader in developing strong industry partnerships and leveraging community resources – its strong Career Technical Education pathways, and its innovative institutions of higher education. Panels and site visits will explore the impact of regional partners to develop strong talent pipelines in high-demand and growing sectors. Specifically, attendees will see how an expansive network of affiliate and partner sites expands access to American Job Center services; how public-private partnerships create pathways to economic mobility for incumbent workers; and how offering vocational and job readiness training inside of correctional facilities reduces recidivism and strengthens communities.

Staff will also learn about several education initiatives that offer a model for other states and regions facing similar challenges to consider. Among them, a comprehensive regional effort to rebuild the teacher talent pipeline; a successful effort to increase concurrent enrollment for high schoolers; and, at the institution level, proven strategies to improve retention and completion for first-generation college students.

During each session, speakers and staff will reflect on how federal policy can help scale, replicate, and better support these impactful regional and local initiatives. Programming will shed light on federal levers to foster strong and resilient regional economies.

**Question #18 Total Expenses for Each House Participant (Good Faith Estimates):**

**Transportation:** Round trip economy class airfare from Washington, DC's Reagan National Airport (DCA) to Harry Reid International Airport (LAS) = \$491 per person. On the ground transportation via chartered coach bus in Nevada = \$171 per person. Total transportation expenses = **\$662 per person**.

**Lodging:** Lodging at the Rio Hotel for two nights = **\$318.00 per person** (in line with the U.S. General Services Administration (GSA) per diem rate of \$159/night for Las Vegas, NV in March 2025).

**Meals:** Meals for the three-day trip = **\$236.00 total** (in line with GSA per diem rates for Las Vegas, NV).

January 7, 2025

Dear Congressional Staff Network Members,

I am writing to invite you to participate in an upcoming Congressional Staff Network (CSN) **site visit to Las Vegas, Nevada from Tuesday, March 18 – Thursday, March 20.**

This site visit will focus on infrastructure required to create and sustain effective, cross-sector approaches to economic and talent development – particularly the role that workforce boards can play as conveners across the learn-to-work ecosystem. Attendees will hear from the trailblazers behind the Hope for Prisoners (HFP) Vocational Village, which houses the first American Job Center co-located inside a correctional facility in the nation. Several of HFP's 260+ employer partners will join to offer insights on their experience and the benefits of second chance hiring.

Southern Nevada also offers a unique opportunity to learn about strategies to facilitate seamless transitions from education to work. Educators from Clark County School District, including from one of the top Career Technical Education schools in the country, will discuss key successes and challenges in their efforts to expand dual enrollment and embed work-based learning into high school curriculum. On the postsecondary side, leaders from three innovative institutions will discuss how they are pivoting the design and delivery of higher education to meet their students where they are, with a particular focus on improving retention and completion rates for first-generation students.

***Please confirm your participation by Wednesday, February 5.*** Once you confirm your plans to participate, our team will share final information for the trip, including the agenda and the necessary ethics documentation.

Best,

Taylor Maag  
Director, Workforce Policy  
Jobs for the Future

## Breakfast & Session: The Disconnected Youth Coalition

**MOVEMENT FITNESS**

3075 E Flamingo Rd  
Ste 102  
Las Vegas, NV 89121

Clark County has one of the highest rates of youth disconnection in the county, with 42,000 young people disconnected from both school and work – that’s one in six Clark County residents aged 16 to 24. While WIOA Title I Youth funding is the main federal funding source for “Opportunity Youth,” WIOA dollars fall far short of the scale of the challenge, covering service provision for just 1,000 disconnected youth per year.

To address the scale of this critical issue, Workforce Connections convened over 20 partners across philanthropic organizations, state agencies, community-based organizations, and postsecondary education providers to [launch](#) the Disconnected Youth Coalition. Staff will learn how this broad coalition is working to identify, engage, and provide career pathways opportunities for the 42,000 disconnected youth in Clark County. And young adults who have experienced these systems firsthand will share their perspective on youth disconnection and opportunities for federal policymakers to advance re-engagement efforts.
