12. Sponsor's interest in the subject matter and role in organizing the trip:

Center Forward's Healthcare Innovation Conference is being convened to bring together a bipartisan group of senior legislative staffers from the House of Representatives to discuss innovation and development in America's critical healthcare industries and how the federal government can foster business growth and further scientific progress. Center Forward's organizational mission is to provide centrists with the information they need to craft common-sense solutions and provide support in turning those ideas into results. Center Forward brings together Members of Congress, their staffs, not-for-profits, academic experts, trade associations, corporations, and unions to find common ground.

Center Forward is the sole organizer of the trip. Center Forward is planning the conference and is responsible for the organization and execution of the event logistics as well as the programming content. Discussion topics will include the venture capital ecosystem, innovative technologies, artificial intelligence applications for healthcare, supply chain onshoring, solutions for health disparities, new public-private partnership opportunities, and workforce development initiatives to support sensitive and growing industries. Conference attendees will be senior legislative staffers from House member offices, and will speak with researchers, business leaders, startup founders, academics, and local government officials in the Southern California area.

15.b.2) Provide the reason for selecting the location of the event or trip:

Southern California, specifically Los Angeles and San Diego, were selected as the location for the conference to give attendees an on-the-ground experience in two of America's largest innovation hub cities. The Southern California corridor has been the newest epicenter of healthcare innovation in the last decade. Coupled with a world-class universities providing a remarkable workforce pool, some of the most innovative and successful American companies have chosen to make a home in this portion of the country. Throughout the conference, attendees will see the results of investment in these industries and learn about the unique culture that attracts business growth and talent from around the world.

Dear Ms. Speno:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to Los Angeles and San Diego, California, scheduled for August 5 to 9, 2025, sponsored by Center Forward.

You must complete an Employee Post-Travel Disclosure Form (which your employing Member must also sign) and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. If you are required to file an annual Financial Disclosure Statement, you must also report all travel expenses totaling more than \$480 from a single source on the "Travel" schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.

Sincerely,

Michael Guest
Chairman

BREAKFAST ON YOUR OWN

Continental breakfast is available in Club Room from 6:30 am - 11:00 am

****Business Casual attire. Closed-toed shoes.**

- 8:20 am** Attendees meet in the hotel conference room.
- 8:30 am - 9:00 am** Transit to University of Southern California University Park Campus
3551 Trousdale Parkway, Los Angeles, CA 90089
- 9:00 am - 11:00 am** Tour and Presentation of the University of Southern California

While at the University of Southern California, staff will explore how one of the nation's leading research institutions is driving innovation across health sciences and biomedical engineering. The program will begin with a welcome from university leadership and a guided campus tour, providing an overview of USC's impact in education, research, and healthcare delivery.

Staff will then engage in a series of focused lab visits highlighting groundbreaking work in neurosciences, Alzheimer's research, and ophthalmology. The labs will highlight brain modeling and the development of the "bionic eyes". Throughout the visit, faculty experts will showcase how federal investment in research fuels medical innovation, while offering staff opportunities for Q&A about the future of interdisciplinary collaboration, translational medicine, and public-private partnerships in innovation.

Speakers include:

- Sam Adams, Chief Strategy Officer, University of Southern California Athletics
- Dr. Kassandra Elliot, Assistant Professor of Research Physiology and Neuroscience, University of Southern California
- Dr. Charles Liu, Professor of Clinical Neurological Surgery, University of Southern California
- Dr. Dan Nation, Professor of Gerontology and Medicine, University of Southern California

- 11:00 am - 11:30 am** Transit to Takeda

4501 Colorado Boulevard, Los Angeles, CA

11:30 am - 1:30 pm Tour and Presentation of Takeda

Staff will tour Takeda's state-of-the-art plasma manufacturing facility to gain a deeper understanding of how plasma-derived therapies are developed to treat rare and complex diseases. The program will begin with a working lunch and presentation by senior leadership, highlighting Takeda's history in plasma innovation, the patients it serves, and the company's ongoing role in advancing treatments that address critical unmet needs. Staff will then rotate through guided tours of Takeda's laboratory and manufacturing sites, including the fractionation, purification, and robotics operations that power large-scale plasma therapy production.

The visit will conclude with a patient speaker, offering a personal story connecting the science to the life-changing impact of these therapies. Throughout the visit, discussions will focus on how federal policies can support the plasma ecosystem and foster continued innovation in rare disease care.

Speakers include:

- Dayna Fladhammer, Director of Immunoglobulin Community Support Group, Takeda
- Vanessa Fontanes, Head of Quality Control Labs, Takeda
- Zhanna Ghevorkian, Head of Purification Manufacturing, Takeda
- Babak Haghiri, Head of Los Angeles Plasma Site, Global Manufacturing and Supply Operating Unit, Takeda
- Steven Weinstein, Fractionation Site Lead, Takeda

1:30 pm - 2:15 pm Transit to Kite

2355 Utah Avenue, El Segundo, CA 90245

2:15 pm - 4:15 pm Tour and Presentation of Kite

Staff will visit Kite Pharma's state of the art cell therapy manufacturing facility, where personalized CAR T-cell treatments are developed and delivered to cancer patients across the country. Through conversations with Kite's leadership team, including experts in translational research, technical operations, and clinical application, attendees will explore the scientific and logistical complexity of delivering individualized cancer therapies at scale. The visit will also feature firsthand insights from a CAR T-cell therapy

patient, offering a powerful perspective on the human impact of innovation.

Discussions will focus on the future of cell and gene therapy, regulatory frameworks for novel biologics, and access considerations for patients facing life-threatening diseases.

Speakers include:

- Laurie Adami, CAR T-cell therapy patient
- Laura Alquist, Senior Vice President, Global Head of Technical Operations, Kite
- Dr. David Barrett, Vice President, Cell Biology Research & Translational Medicine Lead, Kite
- Mitra Cruz, Vice President, Manufacturing Operations & El Segundo Facility Site Head, Kite
- Cindy Perettie, Executive Vice President, Global Head of Pharma, Kite

8:30 am - 10:00 am Transit to Edwards Life Sciences

1 Edwards Way, Irvine, CA 92614

10:00 am - 12:00 pm Tour and Presentation of Edwards Lifesciences

Staff will visit the global headquarters of Edwards Lifesciences, a leader in heart valve technologies and critical care innovation, to explore the company's work at the forefront of medical device development. The site visit will include guided tours through Edward's R&D and manufacturing labs, offering a firsthand look at how life-saving technologies move from concept to patient care.

Following the tour, senior leadership will lead a discussion on the unique policy challenges facing the medical device industry from FDA regulation and Medicare reimbursement to supply chain resilience and workforce development. The conversation will highlight where the federal government has helped accelerate innovation and where more flexibility could unlock greater progress in advancing patient access and outcomes.

Speakers include:

- Don Bobo, Corporate Vice President, Edwards Lifesciences
- Todd Brinton, Corporate Vice President, Edwards Lifesciences
- Diane Francis, Senior Vice President, Edwards Lifesciences
- Scott Herzog, Sr. Director, Communications, Edwards Lifesciences
- Sarah Huoh, Corporate Vice President, Public Affairs, Edwards Lifesciences

12:00 pm - 1:15 pm Transit to Ionis Pharmaceuticals | Understanding the Priority Review Program Briefing

2855 Gazelle Court, Carlsbad, CA 92010

Center Forward staff will provide an educational briefing on the FDA's Priority Review Voucher (PRV) program, with a focus on its application to rare diseases. The discussion will outline how PRVs serve as a market-based incentive to spur drug development in areas with limited commercial viability, such as rare pediatric conditions. Staff will explain the mechanics of the program, including how vouchers are awarded upon approval of qualifying therapies and can then be sold or transferred on the open market to expedite the FDA review of another product. The briefing will also touch on the policy rationale behind the program and its role in promoting innovation while facilitating timely access to life-saving treatments.

Speakers Include:

- Daniel Garza, Senior Healthcare Program Manager, Center Forward
- Katie Vlietstra Wonnemberg, Advisory Board, Center Forward

1:15 pm - 3:15 pm

Tour and Presentation of Ionis

Staff will tour Ionis Pharmaceuticals' state-of-the-art R&D facilities and engage in a policy-focused discussion on the role of RNA-targeted therapeutics in advancing treatment for rare and neurological diseases. The presentation will highlight Ionis' pioneering work in genetic medicine, its translational research pipeline, and the public-private ecosystem that supports biomedical innovation.

Staff will gain insight into how early-stage research moves from discovery to clinical development, and the unique challenges involved in bringing first-in-class therapies to patients. This visit offers a firsthand look at one of California's leading biotech innovators and its contributions to the future of personalized medicine.

Speakers include:

- Beth Hougen, Chief Financial Officer, Ionis
- Holly Kordasiewicz, Senior Vice President, Neurology Research, Ionis
- Hala Mirza, Senior Vice President, Corporate Affairs, Ionis
- Dr. Brett Monia, Chief Executive Officer, Ionis
- Eric Swayze, Executive Vice President, Research, Ionis

BREAKFAST ON YOUR OWN

Continental breakfast is available in Club Room from 6:30 am - 11:00 am

****Business casual attire for the day. Closed-toed shoes.**

- 8:30 am** Attendees meet in the hotel conference room.
- 8:30 am - 9:00 am** Transit to Rady Children's Hospital
3020 Children's Way, San Diego, CA 92123
- 9:00 am - 11:00 am** Tour and Presentation of Rady Children's Hospital

During this visit, staff will tour Rady Children's Hospital and hear from senior leadership about the hospital's cutting-edge work in pediatric healthcare innovation. This discussion will focus on how Rady's nationally recognized genomics program is transforming the diagnosis and treatment of rare and genetic diseases in children, highlighting the critical role of rapid whole genome sequencing in emergency and intensive care settings.

Staff will also engage with the hospital's senior leadership team to understand the federal and state policy landscape affecting pediatric healthcare delivery, research funding, and patient access to advanced therapies. The visit will provide a unique opportunity to see how investments in precision medicine are improving outcomes for the youngest and most vulnerable populations.

Speakers include:

- Clara Evans, Vice President of Government Affairs, Rady Children's Hospital
- Patrick Frias, President and CEO, Rady Children's Hospital
- Lynn Perez, Senior Vice President and Executive Director, Genomics Operations, Rady Children's Hospital

- 11:00 am - 11:30 am** Transit to Neurocrine
6027 Edgewood Bend Court, San Diego, CA 92130
- 11:30 am - 1:30 pm** Tour and Presentation of Neurocrine

While at Neurocrine's facilities, staff will tour the headquarters with senior leaders to discuss the company's mission-driven focus on

developing treatments for patients with neurological and endocrine-related disorders. The session will explore how Neurocrine approaches high-risk, high-reward science to address conditions like Parkinson's disease, epilepsy, and tardive dyskinesia—areas where therapeutic options remain limited.

Executives will share insights into the innovation environment in Southern California, the role of federal policy in shaping biotech investment, and how long-term research commitments can lead to breakthroughs in underfunded areas of medicine. This visit will offer a unique look into how a midsize biotech company is navigating regulatory, financial, and public health landscapes to bring new therapies to market.

Speakers include:

- Matt Abernathy, Chief Financial Officer, Neurocrine
- David Boyer, Chief Corporate Affairs Officer, Neurocrine
- Dr. Kyle Gano, Chief Executive Officer, Neurocrine

Congressional staff will tour Exact Sciences' advanced diagnostics facility and hear from senior scientific leadership about the company's work in early cancer detection and molecular testing. The briefing will explore how Exact Sciences integrates cutting-edge bioinformatics, statistical modeling, and multi-cancer screening technology to drive earlier interventions and improved outcomes.

Attendees will learn how the company's innovation in non-invasive screening is helping redefine cancer care, while also supporting public health goals around access and early detection. With insights from the company's leadership team—spanning product development, R&D, and technology assessment—staff will gain a comprehensive view of the policy, regulatory, and reimbursement considerations that shape precise diagnostics.

Speakers include:

- Gina Costa, Vice President, Product Development, Exact Sciences
- Frank Diehl, Senior Vice President, Research & Development, Exact Sciences

- Jorge Garcas, Executive Vice President, Chief Science Officer, Exact Sciences
- Isaac Kinde, Vice President, Technology Assessment, Exact Sciences

Dinner with Camp Pendleton Representatives

Representatives from Camp Pendleton will address the indispensable role of comprehensive healthcare for active-duty Marines and our veteran community. They will discuss the base's integrated approach—combining preventive medicine, mental health services, and innovative telehealth programs—to safeguard the physical readiness and resilience of active personnel. Equally vital, they'll highlight transitioning care protocols that ensure veterans receive seamless access to critical services such as PTSD treatment, substance-use recovery, and rehabilitative care. The officials will emphasize how these healthcare initiatives not only enhance mission readiness but also honor our commitment to those who have served.

Speakers Include:

- Captain Jenny S. Burkett, Commanding Officer, Navy Medicine Readiness and Training Camp Pendleton *(Invited)*
