Ms. Anneliese Slamowitz
Office of the Honorable Nanette Barragán
2312 Rayburn House Office Building
Washington, DC 20515

Dear Ms. Slamowitz:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to Las Vegas, Nevada, scheduled for January 5 to 7, 2026, sponsored by Consumer Technology Association. We remind you that, because the trip sponsor employs a federal lobbyist, you may participate in officially-connected activity on one calendar day only.

You must complete an Employee Post-Travel Disclosure Form (which your employing Member must also sign) and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. If you are required to file an annual Financial Disclosure Statement, you must also report all travel expenses totaling more than $480 from a single source on the "Travel" schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.

Sincerely,

Michael Guest

House Staffers Privately Sponsors Trip Forms Attachments Consumer Technology Association (CTA) LIT 2026

The Leaders in Technology (LIT) Program at CES brings together U.S. Congressional leaders and staff with innovators shaping the future of technology. Participation is by invitation and includes Members of Congress, Congressional Chiefs of Staff, Chief Counsel, Legislative Directors and Assistants, as well as Committee Staff who serve on committees such as Commerce, Science and Technology, Judiciary, and Transportation.

Historically, the LIT Program has welcomed more than 200 elected and appointed officials from federal, state, and local government. Through the program, policymakers and their staff gain firsthand exposure to groundbreaking technologies and engage in discussions on the policy issues driving innovation.

Invited participants will have the opportunity to explore and learn about advancements such as self-driving vehicles, cryptocurrency, trade and cybersecurity, and the role of Wi-Fi in everyday life, while also attending high-level discussions with industry leaders. The LIT Program provides a unique forum for public officials to connect with technology experts, deepening understanding of emerging innovations and their implications for society and governance.

The Consumer Technology Association (CTA) is the sole sponsor of the Leaders in Technology (LIT) Program at CES 2026. CTA's mission is to educate U.S. policymakers and ensure that innovation is protected from laws and regulations that could delay, restrict, or ban the development of emerging technologies across all sectors. To support this mission, CTA hosts policy sessions and roundtable discussions throughout the year on the most pressing issues in technology.

The LIT Program has a strong legacy of engaging policymakers. Historically, it has brought together more than 200 elected and appointed government officials who gain direct exposure to the innovative consumer technology industry. Participants experience groundbreaking products and engage in dialogue about the policy issues that shape the future of emerging technologies.

As part of the program, invitees also take part in the Innovation Policy Summit (IPS), which serves as a platform for thoughtful conversations on technology's role as an equalizing force. IPS topics for CES 2025 will include artificial intelligence, digital health, self-driving vehicle technology, and more. These discussions connect policymakers with industry leaders to explore opportunities and address challenges in rapidly evolving fields.

As the sole sponsor of the LIT Program, CTA extends the invitation and manages every aspect of the experience for participants. This includes conference coordination, travel arrangements, and overnight accommodation. By doing so, CTA ensures policymakers can focus fully on engaging with cutting-edge innovations and contributing to the important policy conversations that will shape the future of technology.

#15-2

The location for CES has been selected to meet the needs of the trade show and to accommodate the large number of guests attending from around the world. It provides the necessary space and resources for all exhibitors to showcase their technologies, as well as dedicated accommodation for Leaders in Technology (LIT) participants. Attendees have convenient access to the CES show floor, including the West and East Halls, allowing them to experience the latest innovations firsthand. In addition, LIT participants can engage in multiple Innovation Policy Summit (IPS) sessions, led by thought leaders, covering key issues and emerging trends in technology throughout the program.
