House staff were invited because of their work on education, workforce development, economic development, and social welfare issues. All have responsibility for these federal issues in their offices. The site visit will highlight the successes and challenges of education, workforce and economic development, and human services programs and initiatives in southeastern Louisiana.

Question #12 Interest and Role of Sponsors:

Jobs for the Future (JFF) identifies sites of interest and priority topics for site visit programming, including featured programs and initiatives, based on their evidence base, scalability, and quality. JFF develops and executes the agenda, coordinates logistics for the trip, and serves as the point of contact for staff. JFF will use grant funding from the Gates Foundation and the Conrad N. Hilton Foundation to support the Congressional Staff Network and this site visit.

The Gates Foundation is based in Seattle, Washington and has a mission to create a world where every person has the opportunity to live a healthy, productive life. The Conrad N. Hilton Foundation is a global humanitarian foundation based in Westlake Village, California, which aims to improve the lives of individuals living in poverty and experiencing disadvantage throughout the world.

Each sponsor's work is informed by research, analysis, and best practice. The missions of JFF, the Gates Foundation, and the Conrad N. Hilton Foundation support the purpose of the trip: highlighting innovative, evidence-based programs and policies that drive economic mobility. House attendees will learn about strategies that leaders in New Orleans are implementing to meet the region's talent needs; they will engage with economic development and workforce practitioners, educators, employers, and workers and learners who are involved in these programs.

JFF identifies sites of interest and priority topics for site visit programming, including featured programs and initiatives, based on their evidence base, scalability, and quality. JFF develops and executes the agenda, coordinates logistics for the trip, and serves as the point of contact for staff. The Gates Foundation and the Conrad N. Hilton Foundation fund the Congressional Staff Network and its site visits.

Question #15 (B) Part 2, Explanation of Location Choice:

JFF selected the southeast Louisiana region for this site visit because of the innovative K-12 and postsecondary education, workforce training, and economic development efforts underway on the ground, as well as the challenges that the region faces in terms of economic mobility, educational attainment, and labor shortages in critical industries.

The site visit will explore efforts to strengthen pathways into the workforce for youth and adults – particularly those who are un- and underemployed. Panels and site visits will explore how stakeholders are partnering across sectors to develop strong talent pipelines for key regional industries, with a focus on maritime, healthcare, and advanced manufacturing.

Attendees will learn about several models for scaling high-quality, career-connected learning for young people. Leaders from YouthForce NOLA will explain the intermediary function: how they coordinate a network for education, industry, and community partners to deliver career-connected learning opportunities for all NOLA public school students, including through effective stewardship of federal Perkins V funds and recent competitive awards from the Education Innovation and Research program and Apprenticeship Building America program. Staff will also learn how the New Orleans Career Center is expanding youth apprenticeship opportunities to new industries and occupations, and discuss how federal policymakers can help replicate quality youth work-based learning programs nationwide.

At the postsecondary level, staffers will visit Nunez Community College and Laitram, one of the institution's primary employer partners, to learn how they co-developed a successful apprenticeship program. Educators and industry experts will share how they are now replicating the Laitram model in "non-traditional" industries like aerospace manufacturing and maritime operations, to support the Port of NOLA's expansion and the launch of NASA's Artemis II rocket.

Staff will also learn about several initiatives that serve people with records and youth in the juvenile justice system, including Goodwill's Re-Integration Program (GRIP), supported in part by a U.S. DOL Reentry Opportunities Pathway Home award; Café Reconcile's implementation of a U.S. DOL Young Adult Reentry Partnership grant; and Nunez Community College's welding dual enrollment program that equips juvenile detainees with the skills they need for high-wage careers post-release.

During each session, speakers and staff will reflect on how federal policy can help scale, replicate, and better support these impactful regional and local initiatives. Programming will shed light on federal levers to foster strong and resilient regional economies, as well as what's needed to increase labor force participation rates and expand pathways to opportunity.

Question #18 Total Expenses for Each House Participant (Good Faith Estimates):

Transportation: Round trip economy class airfare from Washington, DC's Reagan National Airport (DCA) to Louis Armstrong New Orleans International Airport (MSY) = \$482 per person. On the ground transportation via chartered coach bus in NOLA = \$220 per person. Total transportation expenses = **\$702 per person**.

Lodging: Lodging at the New Orleans Marriott Hotel for two nights = **\$358.00 per person** (in line with the U.S. General Services Administration (GSA) per diem rate of \$179/night for New Orleans, LA in April 2026).

Meals: Meals for the three-day trip = **\$200 total** (in line with GSA per diem rates for New Orleans, LA).

Tuesday January 27, 2026

Good morning,

On behalf of Jobs for the Future, I'm writing to invite you to an upcoming Congressional Staff Network (CSN) site visit to New Orleans, Louisiana from Tuesday, April 7 – Thursday, April 9.

In New Orleans, staff will learn about regional, cross-sector efforts to strengthen pathways into the workforce for youth and adults – particularly those who are un- and underemployed. Chancellors from southeast Louisiana's community and technical colleges will discuss their industry-driven training models to strengthen talent pipelines for key industries, including training the workforce needed for the launch of NASA's Artemis II rocket. Secondary and higher education partners will share how they're supporting the Gulf Coast's maritime industry and the expansion of the Port of New Orleans, including a collaborative effort to develop a comprehensive "K-20" career pathways ecosystem for maritime manufacturing.

Leaders from NOLA's highly coordinated network of youth intermediaries, together with their industry partners, will share how they deliver career-connected learning that equips all young people for career success – especially "Opportunity Youth" who are disconnected from both school and work. Attendees will see these training programs, including youth apprenticeships, in action and hear directly from young people about their experience.

Staff will also learn about several workforce development initiatives that serve people with records and youth in the juvenile justice system, including Goodwill's Re-Integration Program (GRIP), supported in part by a U.S. DOL Reentry Opportunities Pathway Home award; Café Reconcile's implementation of a U.S. DOL Young Adult Reentry Partnership grant; and a welding dual enrollment program that equips juvenile detainees with the skills they need for high-wage careers post-release.

Please confirm your participation by Wednesday, February 25. Once you confirm your plans to participate, our team will share further information for the trip, including the agenda and the necessary ethics documentation.

Best,

Taylor Maag

Mapping NOLA's Youth Career-Connected Learning Ecosystem

YOUTHFORCE NOLA

1100 Poydras St # 1405
New Orleans, LA 70163

YouthForce NOLA serves as the intermediary for career-connected learning across New Orleans, coordinating a network of education, business, and community partners who, together, equip public school students with the skills they need to confidently pursue a wide range of opportunities after high school. Staffers will gain a better understanding of how intermediaries support the expansion of high-quality work-based learning and career exploration, including through effective administration of Perkins V funds and federal competitive grants - in recent years, a U.S. DOL Apprenticeship Building America [award](#) and an early-phase Education Innovation and Research [grant](#) from the U.S. Department of Education.

Speakers will also discuss the core components of quality career-connected learning, strategies to effectively teach durable skills, and updates that Louisiana recently made to the state's definition of work-based learning and school accountability framework.

Lunch & Session: Models for Postsecondary Access and Success in New Orleans

NUNEZ COMMUNITY COLLEGE

Leaders from Nunez Community College will share how their institution is taking a holistic approach to promote postsecondary enrollment, retention, and completion for students who are traditionally underrepresented in higher education. Discussion will cover key models to serve students in rural areas and adult learners, and how federal programs including the Workforce Innovation and Opportunity Act (WIOA) support these efforts.

Chalmette, LA 70043

Speakers will also dive deep into a key model for student access: dual enrollment. Half of Nunez Community College's total student body are dually enrolled, meaning they are high schoolers who are earning college credit concurrently. In addition to the institution's successful CTE dual enrollment programs with local high schools, they recently [expanded](#) the model to provide dual enrollment welding courses and hands-on internships to students from the juvenile detention center. Students in the summer internship program fabricate park benches, bicycle racks, and other products that outfit public parks and trails throughout St. Bernard Parish.

Community Colleges as Engines of Economic Mobility: Industry-Driven Training Models

NUNEZ COMMUNITY COLLEGE

This session will explore how southeast Louisiana's community and technical colleges are taking a collective - rather than competitive - approach to building industry-responsive training programs. Leaders will highlight regional sector-based training initiatives, including a mechatronics apprenticeship model; the Greater New Orleans Regional Advanced Manufacturing Partnership (GNO RAMP) sector partnership; and the Maritime Workforce Imperative – Gulf Coast, an initiative led by the Society of Manufacturing Engineers in collaboration with six community colleges across the Delta region.

New Orleans, LA 70130

The Port of New Orleans (Port NOLA) is central to the state economy – one in five jobs in Louisiana are [connected](#) to the maritime industry – and demand continues to grow. This pressure has accelerated industry efforts to reach untapped talent and hire from local communities. To support the port’s expansion and drive regional economic prosperity, the city designated Port NOLA the official facilitator of the region’s Transportation, Distribution, and Logistics sector partnership, launched with \$400k from ARPA funds.

Speakers will highlight a few key initiatives, including how employers partnered with Nunez Community College to [co-develop](#) a new Certificate of Technical Studies in Maritime Operations to equip residents of St. Bernard Parish with the skills

they need for high-wage maritime careers. Staffers will also learn about efforts to engage youth and their families, such as career exposure activities for elementary schoolers delivered in partnership with the nonprofit We Work the Waterways and free youth swimming classes with the community-based Open Waters.

Lunch & Panel: Workforce Development Strategies to Re-engage Disconnected Youth

Speakers will explain how community-based organizations are implementing interconnected solutions to foster an ecosystem that buoys young people as they find stability and momentum on their path toward education and employment. Discussion will elevate strategies to effectively braid funding across WIOA, SNAP E&T, and competitive grants like U.S. DOL STRIVE, and the role of the city's Youth Master Plan in strengthening coordination.

Staffers will also learn about Café Reconcile's exemplary model for youth workforce development, which provides paid career exploration, job readiness training, and work-based learning in tandem with robust case management services.

Dear Ms. Bykerk:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to New Orleans, Louisiana, scheduled for April 7 to 9, 2026, sponsored by Jobs for the Future, the Conrad N. Hilton Foundation, and the Bill & Melinda Gates Foundation.

You must complete an Employee Post-Travel Disclosure Form (which your employing Member must also sign) and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. If you are required to file an annual Financial Disclosure Statement, you must also report all travel expenses totaling more than \$525 from a single source on the "Travel" schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.

Sincerely,

Michael Guest
