Dear Sarah,

We are pleased to invite you on a Learning Tour to Malawi over the Memorial Day recess. This trip will focus on how interventions in basic education and community-based healthcare help improve broader development outcomes in Malawi. It will take place May 24th - 31st (inclusive of travel) and include a bi-partisan, bicameral delegation of congressional staffers.

As you may know, CARE has been leading Learning Tour trips with members of Congress all over the world since 2009. CARE is excited to take this opportunity to show delegates first-hand the challenges that arise when access to education is restricted and how the U.S. is responding by investing in basic education to provide better economic and health opportunities for young people.

The Learning Tour will take you off the beaten path to spend time in communities directly benefiting from U.S. investments. We will prioritize time in the field, visiting program sites that allow you to meet with community members and local organizations. Our experience implementing Congressional education trips, and strong ties in many of the communities you will visit, allow us to bring delegations to uniquely remote and challenging contexts. The trip will feature a wide array of implementing partners beyond CARE for you to get a deeper understanding of the work being done. Throughout the trip, you will have a chance to understand both the successes and the challenges facing communities in Malawi, often articulated directly by the program participants themselves. Our goal is to present a comprehensive view of what interventions supported through U.S. investments can accomplish, and the challenges that remain.

Malawi faces significant challenges in education, with ongoing teacher shortages in schools and low completion rates. Currently, only 33 percent of children in Malawi finish primary school, and just 10 percent pursue upper secondary education or higher. More than half of the population lives in poverty and has experienced income reduction since the COVID-19 pandemic. Even so, we are seeing tremendous success from the investments in education infrastructure the U.S. and other donors have made in recent years. This Learning Tour will provide an on-the-ground look at how U.S. development investments are advancing basic education and broader development outcomes, including preventing child marriage, malnutrition, maternal and newborn mortality, and improving health outcomes and economic opportunity.

We hope you can join us. To allow sufficient time for planning, we would appreciate a response indicating your interest by April 17, 2026. Please let us know any additional information that would be helpful as well as ways we can tailor this opportunity to meet your needs and availability. You can reach me directly at anne.myers@care.org.

Sincerely,

CARE and CARE Action Now Structure Explained

CARE, a 501(c)(3) organization, is a leading international humanitarian organization fighting global poverty that places special focus on working alongside underprivileged women who, equipped with the proper resources, can assist whole families and entire communities escape poverty through improved basic education, prevent the spread of HIV, increase access to clean water and sanitation, and expand economic opportunities and the protection of natural resources. CARE also delivers emergency aid to survivors of war and natural disasters, and helps people rebuild their lives.

CARE established CARE Action Now in October 2007 as a related but separately incorporated 501 (c)(4) organization. Served by a mostly independent Board of Directors, CARE Action Now undertakes a variety of programs and activities in furtherance that organizations' comparable missions, most notably directly influencing policymakers through public awareness campaigns, briefings, reports, meetings, testimony, and other areas based on CARE's experience of working with poor people around the world over more than 60 years. The two organizations share facilities and resources, allocating the costs between them based upon use, as is common in the nonprofit sector. CARE provides periodic funding to CARE Action Now using a written grant mechanism to support the range of its advocacy and lobbying activities. CARE Action Now is increasingly raising funds independent of CARE. This is a common structure for related nonprofit organizations, where a 501(c)(3) organization uses some of its limited funding on lobbying to support a related 501(c)(4) rather than doing the lobbying directly itself.

CARE serves as common paymaster for both organizations, so that all shared employees receive one paycheck from CARE for services provided to either CARE or CARE Action Now. CARE Action Now provides to CARE its allocable share of salary, benefits, and payroll taxes. All staff time that qualifies as "lobbying activity" under the Lobby Disclosure Act that is under this arrangement, although those employees may also perform non-lobbying services for CARE. CARE Action Now treats its reimbursement payments to CARE as expenditures for salary and related items on its books.

This relationship which is consistent with customary practice leads us to conclude that CARE has properly completed this form, including that it does not employ or retain lobbyists. However, we include this additional information in the interest of full transparency so that the committee may make this determination for itself.

This letter is submitted in response to your request regarding a learning trip beginning May 24, 2026. The Gates Foundation made a grant to CARE USA on September 1st, 2025 to fund various activities, including congressional tours to provide learning opportunities on U.S. foreign assistance programs.

I send this letter to confirm that the Gates Foundation is aware of this project and has provided support, through the assistance of grant funding, to CARE USA for this project for the purpose of providing members of Congress, Congressional staff, other key decision-makers and influential individuals with the personal experience and knowledge of U.S. government programs in the developing world and to provide follow-on information to tour participants, selecting countries that have a broad array of U.S. government development projects.

However, the Foundation did not play a significant role in the project, or in organizing the related trip, and has not been involved in the selection or invitation of travel participants. Decisions regarding travel participants have been controlled by and under the sole discretion of CARE USA. This funding has not been directly or indirectly earmarked to finance any aspect of this trip.

Ms. Sarah Jacobs
Office of the Honorable Madeleine Dean
150 Cannon House Office Building
Washington, DC 20515

Dear Ms. Jacobs:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to Malawi,¹ scheduled for May 24 to 31, 2026, sponsored by Cooperative for Assistance and Relief Everywhere, Inc., Basic Education Coalition, and the Gates Foundation.

You must complete an Employee Post-Travel Disclosure Form (which your employing Member must also sign) and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. If you are required to file an annual Financial Disclosure Statement, you must also report all travel expenses totaling more than \$525 from a single source on the "Travel" schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

Because the trip may involve meetings with foreign government representatives, we note that House employees may accept, under the Foreign Gifts and Decorations Act (FGDA), gifts "of minimal value [currently \$525] tendered as a souvenir or mark of courtesy" by a foreign government. Any tangible gifts valued in excess of minimal value received from a foreign government must, within 60 days of acceptance, be disclosed on a Form for Disclosing Gifts from Foreign Governments and either turned over to the Clerk of the House, or, with the written approval of the Committee, retained for official use.

¹ Please be aware that the Committee's review of the proposed trip does not extend to either the security situation in the destination country or security related to foreign travel in general. We recommend you contact the Office of House Security (OHS) for a safety and security briefing prior to your departure. OHS may be reached at (202) 226-2044 or ohsstaff@mail.house.gov. House travelers should also register for the U.S. State Department's Smart Traveler Enrollment Program at <https://step.state.gov>.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.
