Ms. Katherine Phillips
Office of the Honorable Marie Gluesenkamp Perez
1431 Longworth House Office Building
Washington, DC 20515

Dear Ms. Phillips:

Pursuant to House Rule 25, clause 5(d)(2), the Committee on Ethics hereby approves your proposed trip to Midland, Texas, scheduled for October 5 to 7, 2026, sponsored by American Energy Policy Center, Diamondback Energy, and Ovintiv Inc. We remind you that, because the trip sponsor employs a federal lobbyist, you may participate in officially-connected activity on one calendar day only.

You must complete an Employee Post-Travel Disclosure Form (which your employing Member must also sign) and file it, together with a Sponsor Post-Travel Disclosure Form completed by the trip sponsor, with the Clerk of the House within 15 days after your return from travel. As part of that filing, you are also required to attach a copy of this letter and both the Traveler and Primary Trip Sponsor Forms (including attachments) you previously submitted to the Committee in seeking pre-approval for this trip. If you are required to file an annual Financial Disclosure Statement, you must also report all travel expenses totaling more than $525 from a single source on the "Travel" schedule of your annual Financial Disclosure Statement covering this calendar year. Finally, Travel Regulation § 404(d) also requires you to keep a copy of all request forms and supporting information provided to the Committee for three subsequent Congresses from the date of travel.

If you have any further questions, please contact the Committee's Office of Advice and Education at extension 5-7103.

Sincerely,

Michael Guest
Chairman

9(d). The second night of lodging is warranted because the distance to Midland, Texas, and available flight schedules require participants to arrive the evening before and depart the following morning, allowing for a full day of substantial educational programming on October 6.

12. Ovintiv and Diamondback Energy are oil and natural gas producers with operations in the Permian Basin and direct expertise in the operational, technological and environmental topics covered during the trip. As co-sponsors, the companies are assisting AEPC with site access, safety coordination and logistical planning and will provide technical experts to lead educational discussions and tours of drilling, completions, production and water-management operations. AEPC is responsible for the overall organization, lodging, transportation, meals, and administration of the trip.

15(a). Meal costs will be based on the FY 2026 GSA meals and incidental expenses for Midland, Texas: approximately $74 per person for the full programming day and $55.50 per person for each travel day. The approximate total is $185 per person for the three-day trip.

15(b). Midland, Texas, was selected because it is located in the Permian Basin, one of the country's leading oil and natural gas-producing regions, and provides direct access to the Diamondback Energy and Ovintiv operations that are the subject of the educational program. The location allows participants to visit active drilling, completions, production and water-management sites and learn directly from technical and operational experts at these locations.

AEPC Permian Field Tour Invite.png;

Katie,

I'm reaching out to invite you to participate in an upcoming educational field tour in the Permian Basin, hosted by the American Energy Policy Center (AEPC), from September 1–3.

AEPC is a 501(c)(3) nonprofit organization dedicated to advancing energy literacy through nonpartisan education. Through field tours, briefings, research, and thought leadership, AEPC helps policymakers and stakeholders better understand the role energy plays in America's economy, national security, environmental progress, and everyday life.

This program will provide staff with a firsthand look at oil and natural gas production across the Permian Basin. The itinerary will include a rig tour and additional educational site visits in West Texas. Participants will have opportunities to hear directly from energy operators and experts in the field and learn more about the technologies, infrastructure, workforce, environmental practices, and land-management considerations involved in energy development.

A detailed hour-by-hour agenda will be provided in advance.

Additional details and travel logistics are included in the attached overview. AEPC will also provide the materials necessary to support applicable congressional ethics and reporting requirements.

Please note that participation is limited, and spots will be filled on a first-come, first-served basis. This invitation is office-specific and non-transferable. However, if you are unable to attend, please feel free to connect us with the appropriate energy, environment, or natural resources staffer from your office.

To learn more or RSVP, please contact me at education@energymatters.org.

Best,
Kayla
