Name James A. McDermott

BLOCK A		BLOCK B	BLOCK C	BLOCK D	BLOCK E
Asset and/or Income Source Identify (a) each asset held for investment or production of income with a *fair market* value exceeding $1,000 at the end of the reporting period, and (b) any other reportable asset or sources of income which generated *more* than $200 in "unearned" income during the year. Provide complete names of stocks and mutual funds (do not use ticker symbols.) For all IRAs and other retirement plans (such as 401(k) plans) that are *self-directed* (i.e.,plans in which you have the power, even if not exercised, to select the specific investments), provide the value for each asset held *in the account that exceeds* the reporting thresholds. For retirement accounts which are not self-directed, provide only the name of the *institution holding* the account and its value at the end of the reporting period. For rental or other real property held for investment, provide a complete address. For an ownership interest in a privately-held business that is not publically traded, state the name of the business, the nature of its *activities, and* its geographic location in Block A. Exclude: *Your personal residence,* including second homes and vacation homes (unless there was rental income during the reporting period); any deposits totaling $5,000 or less in a personal checking or		**Year-End Value of Asset** at close of reporting year. If you use a *valuation method other* than fair market value, *please specify the* method used. If an asset was sold *and is* included only because it is generated *income,* the value should be "None."	**Type of Income** Check all columns that apply. For retirement *accounts that do not allow* you to choose specific *investments or that* generate tax-deferred *income* (such as 401(k) plans or IRAs), you may check the "None" column. Dividends, *interest, and capital gains,* even if reinvested, must be disclosed as income. Check "None" if the asset generated no income during the reporting period.	**Amount of Income** For retirement accounts that do not allow you to choose *specific* investments or that generate tax-deferred income (such as 401(k) plans or IRAs), you may check the "None" column. For all other assets, indicate the category *of income* by checking the appropriate box below. Dividends, interest, and capital gains, even if *reinvested, must be* disclosed as income. Check *"None" if no income was* earned or generated.	**Transaction** Indicate if asset had purchases (P), sales (S), or exchanges (E) exceeding $1,000 in reporting year.

Here's when your brokerage tax forms will be available

Vanguard Brokerage Services® will mail Tax Information Statements (Forms 1099-Consolidated) in two separate mailings, based on the activity in your account. For accounts that hold securities that don't typically reclassify income, your Tax Information Statements will be mailed and available online by January 28, 2011. If you received income from an investment--such as an open-end or closed-end mutual fund, real estate investment trust, or unit investment trust--that's classified as a registered investment company, your Tax Information Statements will be mailed and available online by February 18, 2011.

Disclosures

For Our Average Cost Clients

Average cost basis. The amount paid to purchase the shares redeemed, calculated by using the IRS-approved Average Cost Single Category method, with transaction and redemption fees incorporated where applicable.

Gain or allowable loss. The gain or loss realized by the redemption, calculated by subtracting the average cost from the redemption proceeds. Gains and losses are short-term if held a year or less, long-term if held more than a year.

For Our Brokerage Clients

Your brokerage cash and/or securities are held in custody at Vanguard Brokerage Services (VBS), a division of Vanguard Marketing Corporation, member FINRA and SIPC. Vanguard mutual funds, including Vanguard Brokerage money market settlement funds not held in Vanguard Brokerage Option (VBO) accounts through employer-sponsored retirement plans, are held directly by The Vanguard Group, Inc., and are not protected by SIPC.

I. General Information and Key Terms

Advice. VBS does not provide tax, investment, or legal advisory services, and no one associated with VBS is authorized to render such advice.

Direct Participation Program (DPP) and Real Estate Investment Trust (REIT). DPP and REIT securities are generally illiquid. The value of the security will be different than its purchase price. Any estimated value on your statement may not be realized when you seek to liquidate the security.

Dividend reinvestment. When reinvesting dividends, VBS combines cash distributions from the accounts of all clients who have requested reinvestment in the same security, and then uses that combined total to purchase additional shares of the security in the open market. The new shares are divided proportionately among the clients' accounts, in whole and fractional shares rounded to three decimal places. If the total purchase cannot be completed in one trade, clients will receive shares purchased at the weighted average price paid by VBS. Participants in our free dividend reinvestment program should refer to the "Transaction" area of the "Vanguard Brokerage Services Activity Detail" section of their Vanguard Brokerage statements for details of transaction history and dates. Note that "RD" refers to the stockholder of record date, and "PD" refers to the date that the dividend is paid. For FundAccess® mutual fund reinvestments, the "settle date" and "trade date" represent the day the transaction is entered in your account record. Call Vanguard Brokerage Services with any questions.

Reporting brokerage account discrepancies. Promptly report in writing any inaccuracies or discrepancies in your brokerage account (including unauthorized trading) to Vanguard Brokerage Services. Any oral communication must be confirmed in writing to further protect your rights, including your rights under the Securities Investor Protection Act. Contact Vanguard Brokerage Services, P.O. Box 1170, Valley Forge, PA 19482-1170, 800-992-8327.

Financial statement. A VBS financial statement is available for your inspection at any time upon request to VBS.

Free credit balance. Any free credit balance carried for your account represents funds payable on demand, which, although properly accounted for on VBS's books of record, are not segregated and may be used in the conduct of its business to the extent permitted by law.

Margin accounts. If you maintain a margin account, this is a combined statement of your general account and a special memorandum account maintained for you under Regulation T issued by the Board of Governors of the Federal Reserve System. The permanent record of the separate account as required by Regulation T is available for your inspection upon request to VBS. All securities must be held in your margin account. Note that open-end mutual fund trades will settle in your cash account and after 30 days be moved into your margin account.

Open orders. A good-till-canceled (GTC) order will remain in effect for 60 calendar days after the business day on which the order was placed. If the 60th day falls during a weekend or on a holiday, the order will be canceled on the next business day before the markets open. GTC orders are automatically entered on a "do not reduce" (DNR) basis. The limit price will not be adjusted when a stock goes "ex-dividend." Orders for securities undergoing corporate actions such as, but not limited to, stock splits, stock dividends, special cash dividends, and spin-offs may be canceled before the market opening on the ex-dividend date of the corporate action. You must maintain records of all open orders. Be sure to review your open GTC orders periodically.

Option accounts. Information regarding commissions and charges related to the execution of options transactions is provided in the transaction confirmations sent to you at the time of the transaction. These are also available upon request. You should advise us promptly of any material changes in your investment objectives or financial situation.

Tax information. After year-end, VBS is required to provide tax information to the IRS and other governmental authorities. At that time, you will receive necessary information on the annual tax information statement; use that statement to prepare your tax filings. Note that certain types of assets typically incur a need for corrected tax forms.

Trade execution. VBS may have acted as principal, agent, or both in the placement of trades in your account. Details are provided upon request to VBS.

FundAccess dollar-cost-averaging transactions. Vanguard Brokerage acts as an agent on these transactions and receives compensation from the fund company.

Average pricing. If average price transaction is indicated on this statement, details regarding the actual execution prices are available upon request to VBS.

When Issued. A short form of "when, as, and if issued." The term indicates a conditional transaction in a security authorized for issuance but not as yet actually issued. All "when issued" transactions are on an "if" basis, to be settled if and when the actual security is issued.

II. Portfolio Holdings

The net market value of the securities in your account, including short positions, is reflected in this statement on a trade date basis at the close of the statement period. The market prices have been obtained from quotation services that we believe to be reliable, however, we cannot guarantee their accuracy. Securities for which a price is not available are marked "NA" and are omitted from the total. Prices listed reflect quotations on the statement date. Current prices are listed to help you track your account and are not suitable for tax purposes.

Accrued interest represents interest earned but not yet received.

Some estimated values on statements not available. Vanguard Brokerage Services relies on external vendors to provide estimated, periodic valuation and market-price information for securities listed in your account statement. From time to time, this information is not available or is not received in time for posting to your account statement. In this case, the valuation or market price on your statement is indicated as "NA" or "Not Available," and the security has not been valued for purposes of calculating account totals. For owners of auction-rate securities, if an estimated valuation is provided on your account statement for auction-rate securities, please note that due to current illiquidity in the market, you may not be able to sell the security at or near the estimated valuation listed on your account statement. Please contact Vanguard Brokerage for current information regarding your investments and the current estimated valuations of your holdings.

The estimated annual income (EAI) and estimated yield (EY) figures are estimates and for informational purposes only; actual income and yield may be higher or lower. These figures are not considered to be a forecast or guarantee of future results. These figures are computed using information from providers believed to be reliable; however, no assurance can be made as to the accuracy. Since interest and dividend rates are subject to change at any time, and may be affected by current and future economic, political, and business conditions, they should not be relied on for making investment, trading, or tax decisions. These figures assume that the position quantities, interest and dividend rates, and prices remain constant. A capital gain or return of principal may be included in the figures for certain securities, thereby overstating them. Details regarding the formulas used to calculate the figures are available upon request to VBS.

The Remaining Amount You Are Required to Withdraw for 2010:	**$11,754.47**

Disclaimers and Other Important Information Regarding Your Required Minimum Distribution Summary
According to our records, you are required under federal tax law to take an annual minimum distribution from your retirement account. These required minimum distributions (RMDs) usually begin in the year you reach the age of 70 1/2. Failure to take the RMD when required may result in a 50% excise tax imposed on the amount you did not take.

You are allowed to take your RMD *in cash or securities. For a distribution to be made,* sufficient cash or securities must be available in your retirement account when we receive your distribution request and for subsequent distributions. If you changed your beneficiary after January 1 of this year and your new or prior beneficiary is your spouse who is more than ten years younger than you, you may need to recalculate the RMD amount stated above.
If you have more than one traditional individual retirement account (IRA), including SEP and SIMPLE IRAs, the RMD for these accounts can be aggregated and removed from a single traditional IRA. This exception does not apply to multiple qualified retirement plans (QRPs) such as profit sharing, money purchase pension, 401(k), and defined benefit plans. RMDs for QRPs must be removed from each QRP account.
NOTE: Any outstanding rollovers or recharacterizations that were not in your account on December 31 of the prior year should be added to your year-end fair market value for the previous year to calculate your RMD for the current year. Also, when taking your RMD, please consider any scheduled distribution amounts you have established which may allow you to automatically meet all or part of your RMD. Please contact us if you are interested in establishing instructions.

Using the information on our files, your RMD was determined by dividing your fair market value by a calculation factor determined by the Internal Revenue Service (IRS). The factor is based on your age at the end of the year and the age and relationship of your beneficiary(ies). We Strongly suggest that you verify this calculation with your tax professional, as there may be other pertinent information that could impact your RMD amount. To withdraw your RMD, contact your investment professional for the appropriate withdrawal form.

Cost Basis on fixed income securities is adjusted for amortization, accretion or principal paydowns. The method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. In the event, one or more of these attributes is changed, there may be a temporary incorrect adjusted cost basis reflected until the portfolio system is amended to reflect this change. These calculations will not be performed under certain circumstances, including those involving continuously callable bonds, foreign bonds, variable rates, bonds in default, index-linked bonds, bonds sold short or bonds that have a negative yield. This information is meant as a general guide and you should consult your tax advisor in the preparation of your tax returns.

[3] The cost basis of securities positions acquired prior to the availability of the PORTFOLIO EVALUATION SERVICE for this account, or delivered into this account, has been provided to PERSHING by your financial institution, and we make no representation as to the accuracy of such cost basis.

[5] Unrealized gains and losses are not reported for securities for which cost basis or market value is not available.

[6] The Remaining Balance represents your current ownership amount in the listed Asset Backed Security. The Remaining Balance is calculated by multiplying the quantity by the Factor (paydown factor) which is published by FNMA, GNMA and other agencies, which could be changed by the agencies after the statement date. The Remaining Balance is multiplied by the Market Price to determine the Market Value.

Disclosures and Other Information

Pricing - Securities prices may vary from actual liquidation value. Prices shown should only be used as a general guide to portfolio value. Prices are received from various pricing services. However, pricing services are sometimes unable to provide timely information. Where pricing sources are not readily available, particularly on certain debt securities, estimated prices may be generated by a matrix system taking various factors into consideration. The pricing of listed options takes into account the last closing price, as well as the current bid and offer prices. Where securities have not been priced, such securities have not been included in the Asset Allocation information at the beginning of this statement.

Reinvestment - The dollar amount of Mutual Fund distributions, Money Market Fund dividend income, Bank Deposit interest income, or dividends for other securities shown on your Statement may have been reinvested. You will not receive confirmation of these reinvestments. However, information pertaining to these transactions which would otherwise appear on confirmations, including the time of execution and the name of the person from whom your security was purchased, will be furnished to you upon written request to your introducing firm. In dividend reinvestment transactions, Pershing acts as your agent and receives payment for order flow, the source and nature of which payment will be furnished to you upon written request to your introducing firm.

Option Disclosure - Information with respect to commissions and other charges incurred in connection with the execution of option transactions has been included in confirmations previously furnished to you. A

summary of this information is available to you promptly upon your written request directed to your introducing firm. In order to assist your introducing firm in maintaining current background and financial information concerning your option accounts, please promptly advise them in writing of any material change in your investment objectives or financial situation. Expiring options which are valuable are exercised automatically pursuant to the exercise by exception procedure of the Options Clearing Corporation. Additional information regarding this procedure is available upon written request to your introducing firm.

Foreign Currency Transactions - Pershing may execute foreign currency transactions as principal for your account. Pershing may automatically convert foreign currency to or from U.S. dollars for dividends and similar corporate action transactions unless you instruct your financial organization otherwise. Pershing's currency conversion rate will not exceed the highest interbank conversion rate identified from customary banking sources on the conversion date or the prior business day, increased by up to 1%, unless a particular rate is required by applicable law. Your financial organization may also increase the currency conversion rate. This conversion rate may differ from rates in effect on the date you executed a transaction, incurred a charge, or received a credit. Transactions converted by agents (such as depositories) will be billed at the rates such agents use.

Proxy Vote - Securities held by you on margin (securities not fully paid for by you) may be lent by Pershing to itself or others in accordance with the terms outlined in the Margin Agreement. The right to vote your shares held on margin will be reduced by the amount of shares on loan. The Proxy Voting Instruction Form sent to you may reflect a smaller number of shares entitled to vote than the number of shares in your margin account.

Disclaimers and Other Important Information Regarding Your Required Minimum Distribution Summary

According to our records, you are required under federal tax law to take an annual minimum distribution from your retirement account. These required minimum distributions (RMDs) usually begin in the year you reach the age of 70 1/2. Failure to take the RMD when required may result in a 50% excise tax imposed on the amount you did not take.

You are allowed to take your RMD in cash or securities. For a distribution to be made, sufficient cash or securities must be available in your retirement account when we receive your distribution request and for subsequent distributions. If you changed your beneficiary after January 1 of this year and your new or prior beneficiary is your spouse who is more than ten years younger than you, you may need to recalculate the RMD amount stated above.

If you have more than one traditional individual retirement account (IRA), including SEP and SIMPLE IRAs, the RMD for these accounts can be aggregated and removed from a single traditional IRA. This exception does not apply to multiple qualified retirement plans (QRPs) such as profit sharing, money purchase pension, 401(k), and defined benefit plans. RMDs for QRPs must be removed from each QRP account.

NOTE: Any outstanding rollovers or recharacterizations that were not in your account on December 31 of the prior year should be added to your year-end fair market value for the previous year to calculate your RMD for the current year. Also, when taking your RMD, please consider any scheduled distribution amounts you have established which may allow you to automatically meet all or part of your RMD. Please contact us if you are interested in establishing instructions.

Using the information on our files, your RMD was determined by dividing your fair market value by a calculation factor determined by the Internal Revenue Service (IRS). The factor is based on your age at the end of the year and the age and relationship of your beneficiary(ies). We Strongly suggest that you verify this calculation with your tax professional, as there may be other pertinent information that could impact your RMD amount. To withdraw your RMD, contact your investment professional for the appropriate withdrawal form.

Cost Basis on fixed income securities is adjusted for amortization, accretion or principal paydowns. The method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. In the event, one or more of these attributes is changed, there may be a temporary incorrect adjusted cost basis reflected until the portfolio system is amended to reflect this change. These calculations will not be performed under certain circumstances, including those involving continuously callable bonds, foreign bonds, variable rates, bonds in default, index-linked bonds, bonds sold short or bonds that have a negative yield. This information is meant as a general guide and you should consult your tax advisor in the preparation of your tax returns.

3 *The cost basis of securities positions acquired prior to the availability of the* PORTFOLIO EVALUATION SERVICE for this account, or delivered into this account, has been provided to PERSHING by your financial institution, and we make no representation as to the accuracy of such cost basis.

5 Unrealized gains and losses are not reported for securities for which cost basis or market value is not available.

6 The Remaining Balance represents your current ownership amount in the listed Asset Backed Security. The Remaining Balance is calculated by multiplying the quantity by the Factor (paydown factor) which is published by FNMA, GNMA and other agencies, which could be changed by the agencies after the statement date. The Remaining Balance is multiplied by the Market Price to determine the Market Value.

Disclosures and Other Information

Pricing - Securities prices may vary from actual liquidation value. Prices shown should only be used as a general guide to portfolio value. Prices are received from various pricing services. However, pricing services are sometimes unable to provide timely information. Where pricing sources are not readily available, particularly on certain debt securities, estimated prices may be generated by a matrix system taking various factors into consideration. The pricing of listed options takes into account the last closing price, as well as the current bid and offer prices. Where securities have not been priced, such securities have not *been included in the Asset Allocation information at the beginning of this statement.*

Reinvestment - The dollar amount of Mutual Fund distributions, Money Market Fund dividend income, Bank Deposit interest income, or dividends for other securities shown on your Statement may have been reinvested. You will not receive confirmation of these reinvestments. However, information pertaining to these transactions which would otherwise appear on confirmations, including the time of execution and the name of the person from whom your security was purchased, will be furnished to you upon written request to your introducing firm. In dividend reinvestment transactions, Pershing acts as your agent and receives payment for order flow, the source and nature of which payment will be furnished to you upon written request to your introducing firm.

Option Disclosure - Information with respect to commissions and other charges *incurred in connection with the execution of option transactions has been included in confirmations previously furnished to you.* A

Portfolio Holdings *(continued)*

summary of this information is available to you promptly upon your written request directed to your introducing firm. In order to assist your introducing firm in maintaining current background and financial information concerning your option accounts, please promptly advise them in writing of any material change in your investment objectives or financial situation. Expiring options which are valuable are exercised automatically pursuant to the exercise by exception procedure of the Options Clearing Corporation. Additional information regarding this procedure is available upon written request to your introducing firm.

Foreign Currency Transactions - Pershing may execute foreign currency transactions as principal for your account. Pershing may automatically convert foreign currency to or from U.S. dollars for dividends and similar corporate action transactions unless you instruct your financial organization otherwise. Pershing's currency conversion rate will not exceed the highest interbank conversion rate identified from customary banking sources on the conversion date or the prior business day, increased by up to 1%, unless a particular rate is required by applicable law. Your financial organization may also increase the currency conversion rate. This conversion rate may differ from rates in effect on the date you executed a transaction, incurred a charge, or received a credit. Transactions converted by agents (such as depositories) will be billed at the rates such agents use.

Proxy Vote - Securities held by you on margin (securities not fully paid for by you) may be lent by Pershing to itself or others in accordance with the terms outlined in the Margin Agreement. The right to vote your shares held on margin will be reduced by the amount of shares on loan. The Proxy Voting Instruction Form sent to you may reflect a smaller number of shares entitled to vote than the number of shares in your margin account.

Messages

Please note that, under a rule amendment adopted by the New York Stock Exchange for shareholder meetings held on or after January 1, 2010, broker-dealers or clearing firms are no longer allowed to vote shares held in client accounts on uncontested elections of directors, unless the client has provided voting instructions. (It will continue to be the case that broker-dealers or clearing firms cannot vote client shares in contested director elections.) Consequently, if you want your shares voted on your behalf in any election of directors, you must provide voting instructions, as outlined in the proxy voting materials you receive in advance of an election of directors. Voting on matters presented at shareholders meetings, particularly the election of directors, is the primary method for shareholders to influence the direction taken by a publicly-traded company. We urge you to participate in election(s) by returning the voting instruction form(s) enclosed with proxy voting materials.

Although a money market mutual fund seeks to preserve the value of your investment at $1.00 per share, it is possible to lose money by investing in a money market mutual fund . Please see the money market mutual fund's prospectus or contact your investment professional for additional information.

Disclaimers and Other Important Information Regarding Your Required Minimum Distribution Summary

According to our records, you are required under federal tax law to take an annual minimum distribution from your retirement account. These required minimum distributions (RMDs) usually begin in the year you reach the age of 70 1/2. Failure to take the RMD when required may result in a 50% excise tax imposed on the amount you did not take.

You are allowed to take your RMD in cash or securities. For a distribution to be made, sufficient cash or securities must be available in your retirement account when we receive your distribution request and for subsequent distributions. If you changed your beneficiary after January 1 of this year and your new or prior beneficiary is your spouse who is more than ten years younger than you, you may need to recalculate the RMD amount stated above.

If you have more than one traditional individual retirement account (IRA), including SEP and SIMPLE IRAs, the RMD for these accounts can be aggregated and removed from a single traditional IRA. This exception does not apply to multiple qualified retirement plans (QRPs) such as profit sharing, money purchase pension, 401(k), and defined benefit plans. RMDs for QRPs must be removed from each QRP account.

NOTE: Any outstanding rollovers or recharacterizations that were not in your account on December 31 of the prior year should be added to your year-end fair market value for the previous year to calculate your RMD for the current year. Also, when taking your RMD, please consider any scheduled distribution amounts you have established which may allow you to automatically meet all or part of your RMD. Please contact us if you are interested in establishing instructions.

Using the information on our files, your RMD was determined by dividing your fair market value by a calculation factor determined by the Internal Revenue Service (IRS). The factor is based on your age at the end of the year and the age and relationship of your beneficiary(ies). We Strongly suggest that *you verify this calculation with your tax professional, as there may be other pertinent information that could impact* your RMD amount. To withdraw your RMD, contact your investment professional for the appropriate withdrawal form.

Cost Basis on fixed income securities is adjusted for amortization, accretion or principal paydowns. *The method of calculation is based upon the type of fixed income security and certain attributes, obtained from* sources believed to be reliable. In the event, one or more of these attributes is changed, there may be a temporary incorrect adjusted cost basis reflected until the portfolio system is amended to reflect this

change. These calculations will not be performed under certain circumstances, including those involving continuously callable bonds, foreign bonds, variable rates, bonds in default, index-linked bonds, bonds sold short or bonds that have a negative yield. This information is meant as a general guide and you should consult your tax advisor in the preparation of your tax returns.

[3] The cost basis of securities positions acquired prior to the availability of the PORTFOLIO EVALUATION SERVICE for this account, or delivered into this account, has been provided to PERSHING by your financial institution, and we make no representation as to the accuracy of such cost basis.

[5] Unrealized gains and losses are not reported for securities for which cost basis or market value is not available.

[6] The Remaining Balance represents your current ownership amount in the listed Asset Backed Security. The Remaining Balance is calculated by multiplying the quantity by the Factor (paydown factor) which is published by FNMA, GNMA and other agencies, which could be changed by the agencies after the statement date. The Remaining Balance is multiplied by the Market Price to determine the Market Value.

Disclosures and Other Information

Pricing - Securities prices may vary from actual liquidation value. Prices shown should only be used as a general guide to portfolio value. Prices are received from various pricing services. However, pricing services are sometimes unable to provide timely information. Where pricing sources are not readily available, particularly on certain debt securities, estimated prices may be generated by a matrix system taking various factors into consideration. The pricing of listed options takes into account the last closing price, as well as the current bid and offer prices. Where securities have not been priced, such securities have not been included in the Asset Allocation information at the beginning of this statement.

Reinvestment - The dollar amount of Mutual Fund distributions, Money Market Fund dividend income, Bank Deposit interest income, or dividends for other securities shown on your Statement may have been reinvested. You will not receive confirmation of these reinvestments. However, information pertaining to these transactions which would otherwise appear on confirmations, including the time of execution and the name of the person from whom your security was purchased, will be furnished to you upon written request to your introducing firm. In dividend reinvestment transactions, Pershing acts as your agent and receives payment for order flow, the source and nature of which payment will be furnished to you upon written request to your introducing firm.

Option Disclosure - Information with respect to commissions and other charges incurred in connection with the execution of option transactions has been included in confirmations previously furnished to you. A summary of this information is available to you promptly upon your written request directed to your introducing firm. In order to assist your introducing firm in maintaining current background and financial information concerning your option accounts, please promptly advise them in writing of any material change in your investment objectives or financial situation. Expiring options which are valuable are exercised automatically pursuant to the exercise by exception procedure of the Options Clearing Corporation. Additional information regarding this procedure is available upon written request to your introducing firm.

Foreign Currency Transactions - Pershing may execute foreign currency transactions as principal for your account. Pershing may automatically convert foreign currency to or from U.S. dollars for dividends and similar corporate action transactions unless you instruct your financial organization otherwise. Pershing's currency conversion rate will not exceed the highest interbank conversion rate identified from customary *banking sources on the conversion date or the prior business day, increased by up to 1%, unless a particular rate is required by applicable law.* Your financial organization may also increase the currency conversion rate. This conversion rate may differ from rates in effect on the date you executed a transaction, incurred a charge, or received a credit. Transactions converted by agents (such as depositories) will be billed at the rates such agents use.

Proxy Vote - Securities held by you on margin (securities not fully paid for by you) may be lent by Pershing to itself or others in accordance with the terms outlined in the Margin Agreement. The right to vote your shares held on margin will be reduced by the amount of shares on loan. The Proxy Voting Instruction Form sent to you may reflect a smaller number of shares entitled to vote than the number of shares in your margin account.

The Schedule of Realized Gains and Losses is not reported to the IRS. This Schedule may not reflect all cost basis adjustments necessary for tax reporting purposes; for example, it does not reflect disallowed losses from wash sale events. Adjustments to cost basis may have been made for prior income received and subsequently reclassified by the issuer as a return of capital. Typically these adjustments are received after year-end and there may be differences in cost basis reflected on your monthly client brokerage statement at year end versus any subsequent reports or online displays you may have available to you. Return of capital information has been obtained from sources we believe to be reliable.

When you report your cost basis on your tax return, it should be verified with your own records. In particular, there may be other adjustments which you need to make and you should consult with your tax advisor in order to properly report your gain or loss for tax purposes. Pershing shall not be responsible for and makes no representations or warranties with respect to the accuracy of any information that you report to the IRS or other taxing authorities, and, accordingly, disclaims any and all liability that may arise with respect to your use and reliance on the information provided herein for such reporting.

Cost Basis on fixed income securities is adjusted for amortization, accretion or principal paydowns. The method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. In the event, one or more of these attributes is changed, there may be a temporary incorrect adjusted cost basis reflected until the portfolio system is amended to reflect this change. These calculations will not be performed under certain circumstances, including those involving continuously callable bonds, foreign bonds, variable rates, bonds in default, index-linked bonds, bonds sold short or bonds that have a negative yield. This information is meant as a general guide and you should consult your tax advisor in the preparation of your tax returns.

[2]Realized gains and losses are not reported for securities for which cost basis or proceeds are not available.

Pershing has been advised by your financial organization that it does not receive payment for directing order flow. See the Terms and Conditions section of your brokerage account statement for a description of Pershing's payment for order flow practices.

For additional information regarding order-routing practices and the venues to which your financial organization's orders are routed, you may visit www.orderroutingdisclosure.com.

Upon written request to your financial organization, you may obtain the identity of the venue to which your orders were routed for the six months prior to your request and the time of transactions that may have resulted from such orders.

money market mutual fund's prospectus or contact your investment professional for additional information.

Please note that, under a rule amendment adopted by the New York Stock Exchange for shareholder meetings held on or after January 1, 2010, broker-dealers or clearing firms are no longer allowed to vote shares held in client accounts on uncontested elections of directors, unless the client has provided voting instructions. (It will continue to be the case that broker-dealers or clearing firms cannot vote client shares in contested director elections.) Consequently, if you want your shares voted on your behalf in any election of directors, you must provide voting instructions, as outlined in the proxy voting materials you receive in advance of an election of directors. Voting on matters presented at shareholders meetings, particularly the election of directors, is the primary method for shareholders to influence the direction taken by a publicly-traded company. We urge you to participate in election(s) by returning the voting instruction form(s) enclosed with proxy voting materials.

ANNUAL DISCLOSURE OF IMPORTANT INFORMATION TO RECIPIENTS OF PERIODIC STATEMENTS

If you have questions regarding any of this information, please contact your investment professional or financial organization (firm).

STATEMENT OF FINANCIAL CONDITION DATED DECEMBER 31, 2009

On December 31, 2009, Pershing's regulatory net capital of $1.3 billion was 18% of aggregate debit balances and in excess of the minimum requirement by $1.2 billion.

A complete copy of the December 31, 2009, Statement of Financial Condition is available at: www.pershing.com/footer/sofc.html. You may also request a free printed copy by calling (888) 860-8510.

BUSINESS CONTINUITY

To address interruptions to Pershing's normal course of business, Pershing maintains a business continuity plan, which includes geographically dispersed data centers and alternate processing facilities. The plan is annually reviewed and updated as necessary.

The plan outlines the actions Pershing will take in the event of a building, city or regional incident, including:

- Continuous processing support by personnel located in unaffected facilities
- Relocation of technology or operational personnel to alternate regional facilities
- Switching of technology data processing to an alternate regional data center

All Pershing operational facilities are equipped for resumption of business and are tested. Regarding all circumstances within Pershing's control, Pershing's recovery time objective for business resumption is four (4) hours, depending upon the availability of external resources. In the event that your firm experiences a significant business interruption, you may contact Pershing directly to process limited trade-related transactions, cash disbursements and security transfers. Instructions to Pershing must be in writing and transmitted via facsimile to (201) 413-5368 or by postal service as follows: Pershing LLC, P.O. Box 2065, Jersey City, New Jersey 07303-2065

For additional information about how to request funds and securities when your firm cannot be contacted due to a significant business interruption, please select the Business Continuity and Other Disclosures link at the bottom of the home page on the Pershing website at www.pershing.com. You may also call (201) 413-3635 for recorded instructions. If you cannot access the instructions from the above website or telephone number, you may call (213) 624-6100, extension 500, an alternate Pershing number for recorded instructions.

CREDIT INTEREST

You may receive interest on positive account balances, referred to as "free credit balances," provided that the funds are awaiting reinvestment and are subject to certain minimum balances and time requirements. Your firm may receive compensation from Pershing based on the amount of free credit balances in its client accounts. If you currently maintain free credit balances in your account solely for the purpose of receiving credit interest, and have no intention of investing the funds in the future, contact your investment professional or firm to discuss your investment options.

IMPORTANT INFORMATION ON CHECK DISBURSEMENTS

In situations where you request a check disbursement from your account, Pershing will receive and retain any interest or earnings generated on the amount of the check from the date it is disbursed until its final settlement and payment.

MARGIN DISCLOSURE

Securities purchased on margin in your account are your financial organization's collateral and Pershing's collateral for the loan to you. Interest you pay on the loan may be shared between your financial organization and Pershing. If the securities in your account decline in value, so does the value of the collateral supporting your loan. As a result, your financial organization or Pershing can take action, such as issue a margin call and/or sell securities or other assets in any of your accounts held with Pershing in order to maintain the required equity in the margin account. It is important that you fully understand the risks involved in trading securities on margin. These risks include, but are not limited to the following:

- You can lose more funds or securities than you deposit in the margin account.
- Your financial organization or Pershing can force the sale of securities or other assets in your account(s).
- Your financial organization or Pershing can sell your securities or other assets without contacting you.
- You are not entitled to choose which securities or other assets in your account(s) are to be liquidated or sold to meet a margin call.
- *Your financial organization or Pershing can increase its "house" maintenance margin* requirements at any time and is not required to provide you with advance written notice.
- You are not entitled to an extension of time on a margin call.
- Your written Margin Agreement with Pershing or your firm provides for certain important obligations by you. The Margin Agreement is a legally binding agreement, cannot be modified by conduct, and no failure on the part of Pershing or your firm at any time to enforce its rights under the Margin Agreement to the greatest extent permitted shall in any way be deemed to waive, modify or relax any of the rights granted to Pershing or your firm, including those rights vested in Pershing or your firm to deal with collateral on all loans advanced to you.

SECURITIES INVESTORS PROTECTION CORPORATION® (SIPC®) INFORMATION

Information regarding SIPC, including a SIPC brochure, may be obtained by contacting SIPC via its website at www.sipc.org or by telephone at (202) 371-8300.

FINANCIAL INDUSTRY REGULATORY AUTHORITY™ (FINRA™) INVESTOR EDUCATION AND PROTECTION

An investor brochure that includes information describing FINRA BrokerCheck® may be obtained from FINRA. The FINRA BrokerCheck Hotline Number is (800) 289-9999. The FINRA website address is www.finra.org.

SUBSTITUTE PAYMENT REIMBURSEMENT

As permitted under your Margin Agreement, Pershing may lend shares in your account when your account has a debit balance. In the instance in which your securities are on loan over an ex-dividend date, Pershing may issue a substitute payment to your account in lieu of the dividend and, subsequently, a reimbursement to compensate you for the tax differential.

A substitute payment received in lieu of a qualified dividend may be eligible for a reimbursement to the lender's account only if the account is open on the reimbursement date. Please note that these reimbursements are (1) credited at Pershing's discretion, (2) subject to change and (3) may be eliminated without advance notification. We suggest that you contact your tax advisor to discuss the tax treatment of substitute payments.

PERSHING'S PAYMENT FOR ORDER FLOW DISCLOSURE

Pershing sends certain equity orders to exchanges, electronic communication networks or broker-dealers during normal business hours and during extended trading sessions.

Some of these market centers provide payments to Pershing or charge access fees depending upon the characteristics of the order and any subsequent execution. In addition, Pershing may execute certain equity orders as principal. The details of these payments and fees are available upon written request.

Pershing receives payments for directing listed options order flow to certain options exchanges. Compensation is generally in the form of a per-option contract cash payment. This disclosure only applies to orders directed to Pershing by your firm. For a list of organizations that pay Pershing for order flow, please refer to www.orderroutingdisclosure.com.

BEST EXECUTION

Notwithstanding the previous paragraph regarding payment for order flow, Pershing selects certain market centers for routing non-directed orders that:-

- Provide execution of over-the-counter (OTC) and exchange-listed securities transactions *that agree to accept orders (transmitted electronically up to a specified size) and*
- Execute them at or better than the national best bid or offer (NBBO).

On certain larger orders, or if the designated market centers do not make a market in the subject security, Pershing directly contacts market centers to obtain an execution. The designated market centers to which orders are automatically routed are selected based on:

- The consistent high quality of their executions in one or more market segments
- Their ability to provide opportunities for executions at prices superior to the NBBO
- Service, accessibility and speed of execution
- Cost
- Counterparty credit worthiness

Pershing regularly reviews reports for quality of execution.

PERSHING PRIVACY POLICY *(In this section, the term "customer" refers to you.)*

Working on behalf of your firm, Pershing recognizes the importance of protecting the confidentiality of nonpublic personal information (NPPI) that it collects about its customers. The information is used to ensure accuracy in reporting and record keeping, maintain customer accounts and effect requested transactions. A top priority for Pershing is to keep this information secure.

1. Pershing collects NPPI from the following sources:
   - Applications, forms or other communications, including electronic communications (such as name, address, e-mail address, telephone number, Social Security number, assets and income)
   - Transactions with Pershing, its financial organizations or others
   - Nonaffiliated third parties, such as consumer or credit reporting agencies (credit worthiness and credit history), joint marketing partners or other entities who may service your account from time to time
2. Pershing may use personal information in order to operate its business in a prudent manner in accordance with industry standards and applicable law, which may include to:
   - Service and maintain accounts and transactions
   - Offer a broad range of services and products
   - Verify income and assets
   - Respond to inquiries and requests
   - Prevent fraud
   - Monitor and archive communications
   - Verify your identity in accordance with the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism (USA PATRIOT) Act of 2001
3. Pershing may disclose or share NPPI about its customers to its affiliates—such as banks, investment managers, mortgage lenders, securities broker-dealers and technology service providers—in order for its affiliates to provide and service accounts and transactions, such as data processing and loan servicing. This may, where permitted by local law, include archiving your personal information in a jurisdiction other than your own, which may not have equivalent data protection.
4. Pershing may also share personal information with government agencies, exchanges or other self-regulating organizations and law enforcement authorities as required or permitted by law, rule or regulation.
5. Pershing does not sell or rent personal information. Pershing may disclose or share personal information about its customers to nonaffiliated third parties with whom it has contracted to perform services on its behalf, such as printing, mailing, fraud prevention, technology providers and processing services, as well as your nonaffiliated firm, which has a clearing agreement with Pershing. These nonaffiliated third parties are required to protect the confidentiality and security of this information and use it in accordance as contractually agreed upon or instructed by Pershing. Pershing may also disclose NPPI about its customers as permitted or required by law.
6. Pershing does not disclose NPPI about former customers, except as permitted or required by law.
7. Pershing Internet websites may occasionally use a "cookie" to provide better service, facilitate its customers' use of the website, track usage of the website and address security hazards. A cookie is a small piece of information that a website you have accessed stores on your personal computer and which it can later retrieve. Pershing may also use cookies for some administrative purposes, for example, to store customer preferences for certain kinds of information. None will contain information that will enable anyone to contact our customers via telephone, email or any other means. Subject to changes in prevailing rules—or changes in your circumstances—you may, at any time, designate or change the federal and state income tax withholding election for distributions from your individual retirement arrangement, 403(b)(7) custodial account or qualified retirement plan. Simply notify your investment professional or firm.

Please note that if you do not have enough federal or state income tax withheld, you may be responsible for payment of estimated taxes. Penalties and interest may also apply.

FOREIGN CURRENCY TRANSACTIONS

Pershing may execute foreign currency transactions as principal for your account.

Pershing may automatically convert foreign currency to or from U.S. dollars for dividends and perform similar corporate action transactions unless you instruct your firm otherwise.

Pershing's currency conversion rate will not exceed the highest interbank conversion rate identified from customary banking sources on the conversion date or prior business day, increased by up to 1%, unless a particular rate is required by applicable law.

Your firm may also increase the currency conversion rate. This conversion rate may differ from rates in effect on the date you executed a transaction, incurred a charge or received a credit. Transactions converted by agents (such as depositories) will be billed at the rates such agents use.

SPECIAL NOTE FOR NON-U.S. ACCOUNTS

With respect to assets custodied by Pershing on your behalf, income and capital gains or distributions to you from your account may be taxable in your home jurisdiction and/or country of tax residence. Please consult your tax advisor for the appropriate tax treatment of your transactions.

CHARGES, BREAKPOINTS, FEES AND REVENUE SHARING RELATING TO MUTUAL FUNDS, MONEY FUNDS, FEDERAL DEPOSIT INSURANCE CORPORATION (FDIC)-INSURED BANK PRODUCTS AND ANNUITIES

Before investing in mutual funds, it is important that you understand the sales charges, expenses and management fees that you will be charged, as well as the breakpoint discounts to which you may be entitled. Understanding these charges and breakpoint discounts will assist you in identifying the best investment for your particular needs and may help you to reduce the cost of your investment. This section will give you general background information about these charges and discounts; however, sales charges, expenses, management fees and breakpoint discounts vary among mutual funds.

Therefore, you should discuss these matters with your investment professional and review each mutual fund's prospectus and statement of additional information (which are available from your investment professional) to obtain the specific information regarding the charges and breakpoint discounts associated with a particular mutual fund.

Mutual Fund Sales Charges

Investors who purchase mutual funds must make certain choices, including which funds to purchase and which share class is the most advantageous in light of their specific investing needs. Each mutual fund has a specified investment strategy. You should consider whether the mutual fund's investment strategy is compatible with your investment objectives. Additionally, many mutual funds offer different share classes. Although each share class represents a similar interest in the mutual fund's portfolio, the mutual fund will charge you different fees and expenses depending upon your choice of share class. As a general rule, Class A shares carry a "front-end" sales charge or "load" that is deducted from your investment at the time you buy the fund shares. This sales charge is a percentage of your total purchase.

As explained below, many mutual funds offer volume discounts to the front-end sales charge assessed on Class A shares at certain predetermined levels of investment, which are called "breakpoint discounts." In contrast, Class B and C shares usually do not carry any front-end sales charges. Instead, investors who purchase Class B or C shares pay asset-based sales charges, which may be higher or lower than the charges associated with Class A shares. Investors who purchase Class B or C shares may also be required to pay a sales charge known as a "contingent deferred sales charge" when they sell their shares, depending upon the rules of the particular mutual fund. This is known as a "back-end" sales charge or "load."

Mutual Fund Breakpoint Discounts

Most mutual funds offer investors a variety of ways to qualify for breakpoint discounts on the sales charge associated with the purchase of Class A shares. In general, most mutual funds provide breakpoint discounts to investors who make large purchases at one time. The extent of the discount depends upon the size of the purchase.

Generally, as the amount of the purchase increases, the percentage used to determine the sales load decreases. The entire sales charge may be waived for investors who make very large purchases of Class A shares. Mutual fund prospectuses contain tables that illustrate the available breakpoint discounts and the investment levels at which breakpoint discounts apply. Additionally, most mutual funds allow investors to qualify for breakpoint discounts based upon current holdings from prior purchases through Rights of Accumulation (ROAs) and from future purchases based upon Letters of Intent (LOIs). Mutual funds have different rules regarding the availability of ROAs and LOIs. Therefore, you should discuss these matters with your investment professional or firm and review the mutual fund's prospectus and statement of additional information to determine the specific terms upon which a mutual fund offers ROAs or LOIs.

ROAs—Many mutual funds allow investors to count the value of previous purchases of the same fund, or another fund within the same fund family, with the value of the current purchase to qualify for breakpoint discounts. Moreover, mutual funds may allow investors to count existing holdings in multiple accounts, such as individual retirement accounts (IRAs) or accounts at other financial organizations, to qualify for breakpoint discounts. Therefore, if you have accounts at other financial organizations and wish to take advantage of the balances in these accounts to qualify for a breakpoint discount, you must advise your investment professional about those balances. You may need to provide documentation if you wish to rely upon balances in accounts at another firm.

In addition, many mutual funds allow investors to count the value of holdings in accounts of certain related parties, such as spouses or children, to qualify for breakpoint discounts. Each mutual fund has different rules that govern when relatives may rely upon each other's holdings to qualify for breakpoint discounts. You should consult with your investment professional or firm and review the mutual fund's prospectus and statement of additional information to determine what these rules are for the fund family in which you are investing. If you wish to rely upon the holdings of related parties to qualify for a breakpoint discount, you should advise your investment professional or firm about these accounts. You may need to provide documentation to your investment professional or firm if you wish to rely upon balances in accounts at another firm. Mutual funds also follow different rules to determine the value of existing holdings. Some funds use the current net asset value (NAV) of existing investments in determining whether an investor qualifies for a breakpoint discount. However, a small number of funds use the historical cost, which is the cost of the initial purchase, to determine eligibility for breakpoint discounts. If the mutual fund uses historical costs, you may need to provide account records, such as confirmation statements or monthly statements, to qualify for a breakpoint discount based upon previous purchases. You should consult with your investment professional or firm and review the mutual fund's prospectus and statement of additional information to determine whether the mutual fund uses NAV or historical costs to *determine breakpoint eligibility.*

LOIs—Most mutual funds allow investors to qualify for breakpoint discounts by signing an LOI, which commits the investor to purchasing a specified amount of Class A shares within a defined period of time, usually 13 months. For instance, if an investor plans to purchase $50,000 worth of Class A shares over a period of 13 months, but each individual purchase would not qualify for a breakpoint discount, the investor could sign an LOI at the time of the first purchase and receive the breakpoint discount associated with a $50,000 investment on the first and all subsequent purchases. Additionally, some funds offer retroactive LOIs that allow investors to rely upon purchases in the recent past to qualify for a breakpoint discount. However, if an investor fails to invest the amount required by the LOI, the fund is entitled to retroactively deduct the correct sales charges based upon the amount that the investor actually invested. If you intend to make several purchases within a 13-month period, you should consult your investment professional and the mutual fund prospectus to determine if it would be beneficial for you to sign an LOI. As you can see, understanding the availability of breakpoint discounts is important because it may allow you to purchase Class A shares at a lower price. The availability of breakpoint discounts may save you money and may also affect your decision regarding the appropriate share class in which to invest. Therefore, you should discuss the availability of breakpoint discounts with your investment professional or firm and carefully review the mutual fund prospectus and its statement of additional information when choosing among the share classes offered by a mutual fund. If you wish to learn more about mutual fund share classes or mutual fund breakpoints, you can also review the investor alerts that are on the FINRA website at:

Mutual Fund Fees and Revenue Sharing

Pershing may receive servicing fees from mutual funds that participate in Pershing's mutual fund no-transaction-fee program (FundVest®) in lieu of clearance charges to your firm. Participation by your firm in this program is optional and your firm may share with Pershing in such fees. These fees may be considered revenue sharing and are a significant source of revenue for Pershing and may be a significant source of revenue for your firm. These fees are paid in accordance with an asset-based formula.

Pershing also receives operational reimbursements from mutual funds in the form of networking or omnibus processing fees. These reimbursements are based either on a flat fee per holding or a percentage of assets and are remitted to Pershing for its work on behalf of the funds. This work may include, but is not limited to, subaccounting services, dividend calculations and posting, accounting, reconciliation, client confirmation and statement preparation and mailing, and tax statement preparation and mailing. These fees are a significant source of revenue for Pershing. For additional details regarding Pershing's mutual fund no-transaction-fee program or a listing of funds that pay Pershing networking or omnibus fees, please refer to www.pershing.com/mutual_fund.htm.

Money Fund and FDIC-Insured Bank Product Fees and Revenue Sharing

Money fund and FDIC-insured bank deposit fee processing and revenue sharing are significant sources of revenue for Pershing and may be significant sources of revenue for your firm.

Pershing receives fees from money fund providers for making available money market funds or FDIC-insured bank deposit programs, which you have selected through your firm. These fees are paid in accordance with an asset-based formula. Your firm may share in these fees. A portion of Pershing's fees is applied against costs associated with providing services on behalf of the funds, which may include maintaining cash sweep systems, subaccounting services, dividend calculation and posting, accounting, reconciliation, client statement preparation and mailing, tax statement preparation and mailing, marketing and distribution-related support and other services.

Pershing receives processing fees from certain money fund and FDIC-insured bank product providers that may be associated with your firm. These fees reimburse Pershing for operational services it performs on behalf of the funds, which may include maintaining cash sweep systems, subaccounting services, dividend calculation and posting, accounting, reconciliation, client statement preparation and mailing, tax statement preparation and mailing, or other services. For a listing of money funds and FDIC-insured bank products that pay Pershing revenue-sharing and processing fees, please refer to www.pershing.com/money_fund.htm.

Fees Received by Affiliates

Pershing LLC makes available a variety of money market mutual funds on its platform under the names of "Dreyfus," "Pershing," "General" and "Universal," for which The Dreyfus Corporation (Dreyfus Corp.) serves as investment advisor and MBSC Securities Corporation (MSBC) serves as the distributor. Both the Dreyfus Corp. and MSBC are affiliates of Pershing LLC and receive compensation for delivering their respective services to the money market mutual funds.

Annuity Fees and Revenue Sharing

Pershing may receive servicing fees from certain insurance companies that participate in Pershing's annuity program. Participation by your firm in this program is optional. These fees may be considered revenue sharing and are a source of revenue for Pershing.

Pershing also receives operational reimbursement fees from certain insurance companies. A flat fee per holding is paid to Pershing for the services it provides, which may include, but is not limited to, posting, accounting, reconciliation and client statement preparation and mailing. These fees are a source of revenue for Pershing. For additional details regarding processing annuities and a listing of annuities that pay Pershing revenue-sharing and processing fees, please refer to www.pershing.com/annuity_fees.htm.

TERMS AND CONDITIONS

GENERAL INFORMATION

1. All orders and transactions shall be solely for your account and risk shall be subject to the constitution, rules, regulations, customs, usages, rulings and interpretations of the exchange or market and the clearing facility, if any, where the transactions are executed and/or settled, or if applicable, of the Financial Industry Regulatory Authority and to all applicable laws and regulations.
2. Whenever you are indebted to Pershing LLC ("Pershing") for any amount, all securities held by it for you in any account in which you have any interest shall secure all your liabilities to Pershing, and Pershing may in its discretion at any time, without tender, demand or notice to you, close or reduce any or all of your accounts by public or private sale or purchase or both of all or any securities carried in such accounts; any balance remaining due Pershing to be promptly paid by you.
3. Whenever you are indebted to Pershing for any amount, all securities carried for your account are or may be, without further notice to you, loaned or pledged by Pershing, either separately or under circumstances which will permit the commingling thereof, with other securities for any amount less than, equal to or greater than your liabilities to Pershing, but not under circumstances for an amount prohibited by law.
4. Title to securities sold to you, where Pershing has acted as principal, shall remain with Pershing until the entire purchase price is received or until the settlement date, whichever is later.
5. Any free credit balance carried for your account represents funds payable upon demand which, although properly accounted for on Pershing's books of record, are not segregated and may be used in the conduct of its business.
6. You may have received confirmations for transactions which do not appear on your statement. If so, the transactions will appear on your next periodic statement. Such transactions must be considered by you when computing the value of your account. This is especially true if you have written options which have been exercised.
7. If you maintain a margin account, this is a combined statement of your general account and a special memorandum account maintained for you under Regulation T of the Board of Governors of the Federal Reserve System. The permanent record of the separate account as required by Regulation T is available for your inspection upon request.
8. Interest charged on debit balances in your account appears on the statement. The rate of interest and period covered are indicated. The rate may change from time to time due to fluctuations in money rates or other reasons. Interest is computed as described in material previously furnished to you. Please contact your financial institution if you desire additional copies.
9. A financial statement of Pershing is available for your personal inspection at Pershing's offices. A copy of it will be mailed upon your written request or you can view it online at Pershing.com.
10. This statement should be retained for your records.
11. Dividends, interest and other distributions shown on this statement were classified as taxable or nontaxable based on certain information known as of the distribution date. This classification is subject to change and is solely intended for use as general information. After year end, Pershing is required to provide tax information to the Internal Revenue Service and other governmental authorities. At that time Pershing will provide that information on the annual tax information statement to you; use that statement to prepare your tax filings. The tax statement also includes other useful information to assist in accumulating the data to prepare your tax returns.
12. **Pershing does not provide tax, investment or legal advisory services and no one associated with Pershing is authorized to render such advice. Do not rely upon any such advice, if given. Investors are encouraged to consult their tax advisors to determine the appropriate tax treatment of their business.**
13. Pershing provides account protection for the net equity of securities positions and cash held in your account. Of this total, the Securities Investor Protection Corporation (SIPC) provides $500,000 of coverage, including $100,000 for claims for cash. Pershing provides additional protection on terms similar to SIPC for account net equity in excess of $500,000 through a commercial insurer. The account protection applies when a SIPC member firm fails financially and is unable to meet obligations to securities clients, but it does not protect against losses from the rise and fall in the market value of investments.
14. Pershing may trade for its own account as a market maker, specialist, odd lot dealer, *block positioner, arbitrageur or investor.* Consequently, at the time of any transaction you may make, Pershing may have a position in such securities, which position may be partially or completely hedged.
15. If average price transaction is indicated on the front of this statement your financial institution or Pershing may have acted as principal, agent or both. Details available upon request.
16. *This statement will be deemed conclusive and an account stated unless you advise* Pershing in writing of any objection to it within ten days after receipt. Any such objection should be sent to Pershing at One Pershing Plaza, Jersey City, NJ 07399, Attn: Compliance.
17. You are advised to report promptly any inaccuracy or discrepancy in your account (including unauthorized trading) to your financial organization and Pershing, the custodian of your account. Please be advised that any oral communication should be re-confirmed in writing to further protect your rights, including your rights under the Securities Investor Protection Act. Your financial organization's contact information can be found on the first page of this statement. Pershing's contact information is as follows: Pershing LLC; Legal Department; One Pershing Plaza; Jersey City, New Jersey 07399; (201) 413-3330. **ERRORS AND OMISSIONS EXCEPTED.**

PORTFOLIO HOLDINGS

This section includes the net market value of the securities in your account on a settlement date basis, including short positions, at the close of the statement period. The market prices have been obtained from quotation services, which we believe to be reliable; however, we cannot guarantee their accuracy. Securities for which a price is not available are marked "N/A" and are omitted from the Total.

The estimated annual income (EAI) and estimated current yield (ECY) figures are estimates and for informational purposes only. These figures are not considered to be a forecast or guarantee of future results. These figures are computed using information from providers believed to be reliable, however, no assurance can be made as to the accuracy. Since interest and dividend rates are subject to change at any time, and may be affected by current and future economic, political, and business conditions, they should not be relied on for making investment, trading, or tax decisions. These figures assume that the position quantities, interest and dividend rates, and prices remain constant. A capital gain or return of principal may be included in the figures for certain securities, thereby overstating them. Refer to www.pershing.com/business_continuity.html for specific details as to formulas used to calculate the figures. Accrued interest represents interest earned but not yet received.

THE ROLE OF PERSHING

Pershing carries your account as clearing broker pursuant to a clearing agreement with your financial institution. Pershing may accept from your financial institution without inquiry or investigation (i) orders for the purchase and sale of securities and other property and (ii) any other instructions concerning your account. Pershing is not responsible or liable for any acts or omissions of your financial institution or its employees and it does not supervise them. Pershing provides no investment advice nor does it assess the suitability of any transaction or order. Pershing acts as the agent of your financial institution and you agree that you will not hold Pershing or any person controlling or under common control with it liable for any investment losses incurred by you.

Pershing performs several key functions at the direction of your financial institution. It acts as custodian for funds and securities you may deposit with it directly or through your financial institution or that it receives as the result of securities transactions it processes. Inquiries concerning the positions and balances in your account may only be directed to the **Pershing Customer Service Department at (201) 413-3333.** All other inquiries regarding your account or activity should be directed to your financial institution. For a description of other functions performed by Pershing please consult the Disclosure Statement provided to you upon the opening of your account.

Your financial institution is responsible for adherence to the securities laws, regulations and rules which apply to it regarding its own operations and the supervision of your account, its sales representatives and other personnel. Your financial institution is also responsible for approving the opening of accounts and obtaining account documents; the acceptance and, in *certain instances, execution of securities orders; the assessment of the suitability of those* transactions, where applicable; the rendering of investment advice, if any, to you and in general, for the ongoing relationship that it has with you.

Pershing may capture and store data about you such as your financial information and investment objectives. However, Pershing is not reviewing this information and evaluating whether your investments comport with your financial status and objectives and you hereby release Pershing from any liability to do so. Similarly, Pershing may capture and store information about whether a broker or an introducing firm is registered in a given state. You hereby release Pershing from any liability to review this data or to evaluate whether a particular security is registered or exempt from registration in your State.

This notice is not meant as a definitive enumeration of every possible circumstance, but as a general disclosure. If you have any questions regarding this notice or if you would like additional copies of the Disclosure Statement, please contact your financial institution.

PAYMENT FOR ORDER FLOW PRACTICES

The following statement is provided to you as required by Rule 11Ac1-3 of the Securities Exchange Act of 1934.

Pershing sends certain equity orders to exchanges, Electronic Communication Networks, or broker-dealers during normal business hours and during extended trading sessions. Certain of these venues provide payments to Pershing or charge access fees to Pershing depending upon the characteristics of the order and any subsequent execution. In addition, Pershing may execute certain equity orders as principal. The details of these payments and fees are available upon written request. Pershing receives payments for directing listed options order flow to certain option exchanges. Compensation is generally in the form of a per option contract cash payment. For a listing of organizations that pay Pershing for order flow, please refer to www.orderroutingdisclosure.com.

__Best Execution:__ *Notwithstanding the previous paragraph regarding payment for order flow,* Pershing selects certain market centers to provide execution of over-the-counter and exchange-listed securities transactions which agree to accept orders, transmitted electronically up to a specified size, and to execute them at or better than the national best bid or offer (NBBO). On certain larger orders, or if the designated market centers do not make a market in the subject security, Pershing directly contacts market centers to obtain an execution. The designated market centers to which orders are automatically routed are selected based on the consistent high quality of their executions in one or more market segments and their ability to provide opportunities for executions at prices superior to the NBBO. If an order for an exchange-listed security is not immediately executable on the exchange to which it is routed, such order may be represented in the national marketplace using the various means available for price discovery. Pershing also regularly reviews reports for quality of execution purposes.

IMPORTANT ARBITRATION DISCLOSURES

- All parties to this agreement are giving up the right to sue each other in court, including the right to a trial by jury, except as provided by the rules of the arbitration forum in which a claim is filed.
- Arbitration awards are generally final and binding; a party's ability to have a court reverse or modify an arbitration award is very limited.
- The ability of the parties to obtain documents, witness statements and other discovery is generally more limited in arbitration than in court proceedings.
- The arbitrators do not have to explain the reason(s) for their award.
- The panel of arbitrators will typically include a minority of arbitrators who were or are affiliated with the securities industry.
- The rules of some arbitration forums may impose time limits for bringing a claim in arbitration. In some cases, a claim that is ineligible for arbitration may be brought in court.
- The rules of the arbitration forum in which the claim is filed, and any amendments thereto, shall be incorporated into this agreement.

IMPORTANT ARBITRATION AGREEMENT

Any controversy between you and us shall be submitted to arbitration before the financial industry regulatory authority or any other national securities exchange on which a transaction giving rise to the claim took place (and only before such exchange).

No person shall bring a putative or certified class action to arbitration, nor seek to enforce any predispute arbitration agreement against any person who has initiated in court a putative class action, who is a member of a putative class who has not opted out of the class with respect to any claims encompassed by the putative class action until; (i) the class certification is denied; (ii) the class is decertified; or (iii) the customer is excluded from the class by the court. Such forbearance to enforce an agreement to arbitrate shall not constitute a waiver of any rights under this agreement except to the extent stated herein. The laws of the State of New York govern.

If any of the above Terms and Conditions are unacceptable to you, please notify Pershing immediately in writing by certified mail to One Pershing Plaza, Jersey City, NJ 07399, Attn: Compliance.

Disclaimers and Other Important Information Regarding Your Required Minimum Distribution Summary

According to our records, you are required under federal tax law to take an annual minimum distribution from your retirement account. These required minimum distributions (RMDs) usually begin in the year you reach the age of 70 1/2. Failure to take the RMD when required may result in a 50% excise tax imposed on the amount you did not take.

You are allowed to take your RMD in cash or securities. For a distribution to be made, sufficient cash or securities must be available in your retirement account when we receive your distribution request and for subsequent distributions. If you changed your beneficiary after January 1 of this year and your new or prior beneficiary is your spouse who is more than ten years younger than you, you may need to recalculate the RMD amount stated above.

If you have more than one traditional individual retirement account (IRA), including SEP and SIMPLE IRAs, the RMD for these accounts can be aggregated and removed from a single traditional IRA. This exception does not apply to multiple qualified retirement plans (QRPs) such as profit sharing, money purchase pension, 401(k), and defined benefit plans. RMDs for QRPs must be removed from each QRP account.

NOTE: Any outstanding rollovers or recharacterizations that were not in your account on December 31 of the prior year should be added to your year-end fair market value for the previous year to calculate your RMD for the current year. Also, when taking your RMD, please consider any scheduled distribution amounts you have established which may allow you to automatically meet all or part of your RMD. Please contact us if you are interested in establishing instructions.

Using the information on our files, your RMD was determined by dividing your fair market value by a calculation factor determined by the Internal Revenue Service (IRS). The factor is based on your age at the end of the year and the age and relationship of your beneficiary(ies). We Strongly suggest that you verify this calculation with your tax professional, as there may be other pertinent information that could impact your RMD amount. To withdraw your RMD, contact your investment professional for the appropriate withdrawal form.

Cost Basis on fixed income securities is adjusted for amortization, accretion or principal paydowns. The method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. In the event, one or more of these attributes is changed, there may be a temporary incorrect adjusted cost basis reflected until the portfolio system is amended to reflect this change. These calculations will not be performed under certain circumstances, including those involving continuously callable bonds, foreign bonds, variable rates, bonds in default, index-linked bonds, bonds sold

short or bonds that have a negative yield. This information is meant as a general guide and you should consult your tax advisor in the preparation of your tax returns.

[3] The cost basis of securities positions acquired prior to the availability of the PORTFOLIO EVALUATION SERVICE for this account, or delivered into this account, has been provided to PERSHING by your financial institution, and we make no representation as to the accuracy of such cost basis.

[5] Unrealized gains and losses are not reported for securities for which cost basis or market *value is not available.*

[6] The Remaining Balance represents your current ownership amount in the listed Asset Backed Security. The Remaining Balance is calculated by multiplying the quantity by the Factor (paydown factor) which is published by FNMA, GNMA and other agencies, which could be changed by the agencies after the statement date. The Remaining Balance is multiplied by the Market Price to determine the Market Value.

Disclosures and Other Information

Pricing - Securities prices may vary from actual liquidation value. Prices shown should only be used as a general guide to portfolio value. Prices are received from various pricing services. However, pricing services are sometimes unable to provide timely information. Where pricing sources are not readily available, particularly on certain debt securities, estimated prices may be generated by a matrix system taking various factors into consideration. The pricing of listed options takes into account the last closing price, as well as the current bid and offer prices. Where securities have not been priced, such securities have not been included in the Asset Allocation information at the beginning of this statement.

Reinvestment - The dollar amount of Mutual Fund distributions, Money Market Fund dividend income, Bank Deposit interest income, or dividends for other securities shown on your Statement may have been reinvested. You will not receive confirmation of these reinvestments. However, information pertaining to these transactions which would otherwise appear on confirmations, including the time of execution and the name of the person from whom your security was purchased, will be furnished to you upon written request to your introducing firm. *In dividend reinvestment transactions, Pershing acts as your agent and* receives payment for order flow, the source and nature of which payment will be furnished to you upon written request to your introducing firm.

Option Disclosure - Information with respect to commissions and other charges incurred in connection with the execution of option transactions has been included in confirmations previously furnished to you. A *summary of this information* is available to you promptly upon your written request directed to your introducing firm. In order to assist your introducing firm in maintaining current background and financial information concerning your option accounts, please promptly advise them in writing of any material change in your investment objectives or financial situation. Expiring options which are valuable are exercised automatically pursuant to the exercise by exception procedure of the Options Clearing Corporation. Additional information regarding this procedure is available upon written request to your introducing firm.

Foreign Currency Transactions - Pershing may execute foreign currency transactions as principal for your account. Pershing may automatically convert foreign currency to or from U.S. dollars for dividends and similar corporate action transactions unless you instruct your financial organization otherwise. Pershing's currency conversion rate *will not exceed the highest interbank conversion rate identified from customary* banking sources on the conversion date or the prior business day, increased by up to 1%, unless a particular rate is required by applicable law. Your financial organization may also increase the currency conversion rate. This conversion rate may differ from rates in effect on the date you executed a transaction, incurred a charge, or received a credit. Transactions converted by agents (such as depositories) will be billed at the rates such agents use.

Proxy Vote - Securities held by you on margin (securities not fully paid for by you) may be lent by Pershing to itself or others in accordance with the terms outlined in the Margin Agreement. The right to vote your shares held on margin will be reduced by the amount of shares on loan. The Proxy Voting Instruction Form sent to you may reflect a smaller number of shares entitled to vote than the number of shares in your margin account.

Although a money market mutual fund seeks to preserve the value of your investment at $1.00 per share, it is possible to lose money by investing in a money market mutual fund . Please see the *money market mutual fund's prospectus or contact your investment professional for additional information.*

Please note that, under a rule amendment adopted by the New York Stock Exchange for shareholder meetings held on or after January 1, 2010, broker-dealers or clearing firms are no longer allowed to vote shares held in client accounts on uncontested elections of directors, unless the client has provided voting instructions. (It will continue to be the case that broker-dealers or clearing firms cannot vote client shares in contested director elections.) Consequently, if you want your shares voted on your behalf in any election of directors, you must provide voting instructions, as outlined in the proxy voting materials you receive *in advance of an election of directors.* Voting on matters presented at shareholders meetings, particularly the election of directors, is the primary method for shareholders to influence the direction taken by a

Disclaimers and Other Important Information Regarding Your Required Minimum Distribution Summary

According to our records, you are required under federal tax law to take an annual minimum distribution from your retirement account. These required minimum distributions (RMDs) usually begin in the year you reach the age of 70 1/2. Failure to take the RMD when required may result in a 50% excise tax imposed on the amount you did not take.

You are allowed to take your RMD in cash or securities. For a distribution to be made, sufficient cash or securities must be available in your retirement account when we receive your distribution request and for subsequent distributions. If you changed your beneficiary after January 1 of this year and your new or prior beneficiary is your spouse who is more than ten years younger than you, you may need to recalculate the RMD amount stated above.

If you have more than one traditional individual retirement account (IRA), including SEP and SIMPLE IRAs, the RMD for these accounts can be aggregated and removed from a single traditional IRA. This exception does not apply to multiple qualified retirement plans (QRPs) such as profit sharing, money purchase pension, 401(k), and defined benefit plans. RMDs for QRPs must be removed from each QRP account.

NOTE: Any outstanding rollovers or recharacterizations that were not in your account on December 31 of the prior year should be added to your year-end fair market value for the previous year to calculate your RMD for the current year. Also, when taking your RMD, please consider any scheduled distribution amounts you have established which may allow you to automatically meet all or part of your RMD. Please contact us if you are interested in establishing instructions.

Using the information on our files, your RMD was determined by dividing your fair market value by a calculation factor determined by the Internal Revenue Service (IRS). The factor is based on your age at the end of the year and the age and relationship of your beneficiary(ies). We Strongly suggest that you verify this calculation with your tax professional, as there may be other pertinent information that could impact your RMD amount. To withdraw your RMD, contact your investment professional for the appropriate withdrawal form.

Cost Basis on fixed income securities is adjusted for amortization, accretion or principal paydowns. The method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. In the event, one or more of these attributes is changed, there may be a temporary incorrect adjusted cost basis reflected until the portfolio system is amended to reflect this change. These calculations will not be performed under certain circumstances, including those involving continuously callable bonds, foreign bonds, variable rates, bonds in default, index-linked bonds, bonds sold

short or bonds that have a negative yield. This information is meant as a general guide and you should consult your tax advisor in the preparation of your tax returns.

3 The cost basis of securities positions acquired prior to the availability of the PORTFOLIO EVALUATION SERVICE for this account, or delivered into this account, has been provided to PERSHING by your financial institution, and we make no representation as to the accuracy of such cost basis.

5 Unrealized gains and losses are not reported for securities for which cost basis or market value is not available.

6 The Remaining Balance represents your current ownership amount in the listed Asset Backed Security. The Remaining Balance is calculated by multiplying the quantity by the Factor (paydown factor) which is published by FNMA, GNMA and other agencies, which could be changed by the agencies after the statement date. The Remaining Balance is multiplied by the Market Price to determine the Market Value.

Disclosures and Other Information

Pricing - Securities prices may vary from actual liquidation value. Prices shown should only be used as a general guide to portfolio value. Prices are received from various pricing services. However, pricing services are sometimes unable to provide timely information. Where pricing sources are not readily available, particularly on certain debt securities, estimated prices may be generated by a matrix system taking various factors into consideration. The pricing of listed options takes into account the last closing price, as well as the current bid and offer prices. Where securities have not been priced, such securities have not been included in the Asset Allocation information at the beginning of this statement.

Reinvestment - The dollar amount of Mutual Fund distributions, Money Market Fund dividend income, Bank Deposit interest income, or dividends for other securities shown on your Statement may have been reinvested. You will not receive confirmation of these reinvestments. However, information pertaining to these transactions which would otherwise appear on confirmations, including the time of execution and the name of the person from whom your security was purchased, will be furnished to you upon written request to your introducing firm. In dividend reinvestment transactions, Pershing acts as your agent and receives payment for order flow, the source and nature of which payment will be furnished to you upon written request to your introducing firm.

Option Disclosure - Information with respect to commissions and other charges incurred in connection with the execution of option transactions has been included in confirmations previously furnished to you. A summary of this information is available to you promptly upon your written request directed to your introducing firm. In order to assist your introducing firm in maintaining current background and financial information concerning your option accounts, please promptly advise them in writing of any material change in your investment objectives or financial situation. Expiring options which are valuable are exercised automatically pursuant to the exercise by exception procedure of the Options Clearing Corporation. Additional information regarding this procedure is available upon written request to your introducing firm.

Foreign Currency Transactions - Pershing may execute foreign currency transactions as principal for your account. Pershing may automatically convert foreign currency to or from U.S. dollars for dividends and similar corporate action transactions unless you instruct your financial organization otherwise. Pershing's currency conversion rate will not exceed the highest interbank conversion rate identified from customary banking sources on the conversion date or the prior business day, increased by up to 1%, unless a particular rate is required by applicable law. Your financial organization may also increase the currency conversion rate. This conversion rate may differ from rates in effect on the date you executed a transaction, incurred a charge, or received a credit. Transactions converted by agents (such as depositories) will be billed at the rates such agents use.

Proxy Vote - Securities held by you on margin (securities not fully paid for by you) may be lent by Pershing to itself or others in accordance with the terms outlined in the Margin Agreement. The right to vote your shares held on margin will be reduced by the amount of shares on loan. The Proxy Voting Instruction Form sent to you may reflect a smaller number of shares entitled to vote than the number of shares in your margin account.

Disclaimers and Other Important Information Regarding Your Required Minimum Distribution Summary

According to our records, you are required under federal tax law to take an annual minimum distribution from your retirement account. These required minimum distributions (RMDs) usually begin in the year you reach the age of 70 1/2. Failure to take the RMD when required may result in a 50% excise tax imposed on the amount you did not take.

You are allowed to take your RMD in cash or securities. For a distribution to be made, sufficient cash or securities must be available in your retirement account when we receive your distribution request and for subsequent distributions. If you changed your beneficiary after January 1 of this year and your new or prior beneficiary is your spouse who is more than ten years younger than you, you may need to recalculate the RMD amount stated above.

If you have more than one traditional individual retirement account (IRA), including SEP and SIMPLE IRAs, the RMD for these accounts can be aggregated and removed from a single traditional IRA. This exception does not apply to multiple qualified retirement plans (QRPs) such as profit sharing, money purchase pension, 401(k), and defined benefit plans. RMDs for QRPs must be removed from each QRP account.

NOTE: Any outstanding rollovers or recharacterizations that were not in your account on December 31 of the prior year should be added to your year-end fair market value for the previous year to calculate your RMD for the current year. Also, when taking your RMD, please consider any scheduled distribution amounts you have established which may allow you to automatically meet all or part of your RMD. Please contact us if you are interested in establishing instructions.

Using the information on our files, your RMD was determined by dividing your fair market value by a calculation factor determined by the Internal Revenue Service (IRS). The factor is based on your age at the end of the year and the age and relationship of your beneficiary(ies). We Strongly suggest that you verify this calculation with your tax professional, as there may be other pertinent information that could impact your RMD amount. To withdraw your RMD, contact your investment professional for the appropriate withdrawal form.

Cost Basis on fixed income securities is adjusted for amortization, accretion or principal paydowns. The method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. In the event, one or more of these attributes is changed, there may be a temporary incorrect adjusted cost basis reflected until the portfolio system is amended to reflect this change. These calculations will not be performed under certain circumstances, including those involving continuously callable bonds, foreign bonds, variable rates, bonds in default, index-linked bonds, bonds sold

short or bonds that have a negative yield. This information is meant as a general guide and you should consult your tax advisor in the preparation of your tax returns.

[3] *The cost basis of securities positions acquired prior to the availability of the* PORTFOLIO EVALUATION SERVICE for this account, or delivered into this account, has been provided to PERSHING by your financial institution, and we make no representation as to the accuracy of such cost basis.

[5] Unrealized gains and losses are not reported for securities for which cost basis or market value is not available.

[6] The Remaining Balance represents your current ownership amount in the listed Asset Backed Security. *The Remaining Balance is calculated by multiplying the quantity by the Factor (paydown factor)* which is published by FNMA, GNMA and other agencies, which could be changed by the agencies after the statement date. The Remaining Balance is multiplied by the Market Price to determine the Market Value.

Disclosures and Other Information

Pricing - Securities pricés may vary from actual liquidation value. Prices shown should only be used as a general guide to portfolio value. Prices are received from various pricing services. However, pricing services are sometimes unable to provide timely information. Where pricing sources are not readily available, particularly on certain debt securities, estimated prices may be generated by a matrix system taking various factors into consideration. The pricing of listed options takes into account the last closing price, as well as the current bid and offer prices. Where securities have not been priced, such securities have not been included in the Asset Allocation information at the beginning of this statement.

Reinvestment - The dollar amount of Mutual Fund distributions, Money Market Fund dividend income, Bank Deposit interest income, or dividends for other securities shown on your Statement may have been reinvested. You will not receive confirmation of these reinvestments. However, information pertaining to these transactions which would otherwise appear on confirmations, including the time of execution and the name of the person from whom your security was purchased, will be furnished to you upon written request to your introducing firm. In dividend reinvestment transactions, Pershing acts as your agent and receives payment for order flow, the source and nature of which payment will be furnished to you upon written request to your introducing firm.

Option Disclosure - Information with respect to commissions and other charges incurred in connection with the execution of option transactions has been *included in confirmations previously furnished to you.* A summary of this information is available to you promptly upon your written request directed to your introducing firm. In order to assist your introducing firm in maintaining current background and financial information concerning your option accounts, please promptly advise them in writing of any material change in your investment objectives or financial situation. Expiring options which are valuable are exercised automatically pursuant to the exercise by exception procedure of the Options Clearing Corporation. Additional information regarding this procedure is available upon written request to your introducing firm.

Foreign Currency Transactions - Pershing may execute foreign currency transactions as principal for your account. Pershing may automatically convert foreign currency to or from U.S. dollars for dividends and similar corporate action transactions unless you instruct your financial organization otherwise. Pershing's currency conversion rate will not exceed the highest interbank conversion rate identified from customary banking sources on the conversion date or the prior business day, increased by up to 1%, unless a particular rate is required by applicable law. Your financial organization may also increase the currency conversion rate. This conversion rate may differ from rates in effect on the date you executed a transaction, incurred a charge, or received a credit. Transactions converted by agents (such as depositories) will be billed at the rates such agents use.

Proxy Vote - Securities held by you on margin (securities not fully paid for by you) may be lent by Pershing to itself or others in accordance with the terms outlined in the Margin Agreement. The right to vote your shares held on margin will be reduced by the amount of shares on loan. *The Proxy Voting Instruction Form sent to you may reflect a smaller number of shares entitled to vote than the number of shares in your* margin account.

The Schedule of Realized Gains and Losses is not reported to the IRS. This Schedule may not reflect all cost basis adjustments necessary for tax reporting purposes; for example, it does not reflect disallowed losses from wash sale events. Adjustments to cost basis may have been made for prior income received and subsequently reclassified by the issuer as a return of capital. Typically these adjustments are received after year-end and there may be differences in cost basis reflected on your monthly client brokerage statement at year end versus any subsequent reports or online displays you may have available to you. Return of capital information has been obtained from sources we believe to be reliable.

When you report your cost basis on your tax return, it should be verified with your own records. In particular, there may be other adjustments which you need to make and you should consult with your tax advisor in order to properly report your gain or loss for tax purposes. Pershing shall not be responsible for and makes no representations or warranties with respect to the accuracy of any information that you report to the IRS or other taxing authorities, and, accordingly, disclaims any and all liability that may arise with respect to your use and reliance on the information provided herein for such reporting.

Cost Basis on fixed income securities is adjusted for amortization, accretion or principal paydowns. *The method of calculation is based upon the type of fixed income security and certain attributes, obtained from* sources believed to be reliable. In the event, one or more of these attributes is changed, there may be a temporary incorrect adjusted cost basis reflected until the portfolio system is amended to reflect this change. These calculations will not be performed under certain circumstances, including those involving continuously callable bonds, foreign bonds, variable rates, bonds in default, index-linked bonds, bonds sold short or bonds that have a negative yield. This information is meant as a general guide and you should consult your tax advisor in the preparation of your tax returns.

[2]Realized gains and losses are not reported for securities for which cost basis or proceeds are not available.

Individual Retirement Account Statement

Statement Period: 06/01/2010 - 06/30/2010

Messages *(continued)*

Although a money market mutual fund seeks to preserve the value of your investment at $1.00 per share, it is possible to lose money by investing in a money market mutual fund . Please see the money market mutual fund's prospectus or contact your investment professional for additional information.

Federal tax law generally requires that you take a Required Minimum Distribution (RMD) from your retirement account each year, beginning in the year you reach the age of 70 ½. Failure to take the RMD when required may result in a 50% excise tax to be paid by you to the Internal Revenue Service. If you are at least the age of 70 ½ this year, included in this statement is a Required Minimum Distribution Summary section which explains the amount that you are required to withdraw for this year. To request a distribution for this year, please contact your investment professional or financial organization for the appropriate forms and specific deadlines. To ensure that your distribution is processed this year, the distribution request form must be submitted in good order and processed by December 31. If you reached the age of 70 ½ this year, you have until April 1 of next year to take your RMD.

Note: Pershing LLC does not perform tax reporting for annuities linked to this account that are registered in your name, nor include the value of such annuities in the RMD calculation displayed in the Required Minimum Distribution Summary of your brokerage account statement. Tax reporting for such annuities is the responsibility of the issuing insurance company.

TERMS AND CONDITIONS

GENERAL INFORMATION

1. All orders and transactions shall be solely for your account and risk shall be subject to the constitution, rules, regulations, customs, usages, rulings and interpretations of the exchange or market and the clearing facility, if any, where the transactions are executed and/or settled, or if applicable, of the Financial Industry Regulatory Authority and to all applicable laws and regulations.
2. Whenever you are indebted to Pershing LLC ("Pershing") for any amount, all securities held by it for you in any account in which you have any interest shall secure all your liabilities to Pershing, and Pershing may in its discretion at any time, without tender, demand or notice to you, close or reduce any or all of your accounts by public or private sale or purchase or both of all or any securities carried in such accounts; any balance remaining due Pershing to be promptly paid by you.
3. Whenever you are indebted to Pershing for any amount, all securities carried for your account are or may be, without further notice to you, loaned or pledged by Pershing, either separately or under circumstances which will permit the commingling thereof, with other securities for any amount less than, equal to or greater than your liabilities to Pershing, but not under circumstances for an amount prohibited by law.
4. Title to securities sold to you, where Pershing has acted as principal, shall remain with Pershing until the entire purchase price is received or until the settlement date, whichever is later.
5. Any free credit balance carried for your account represents funds payable upon demand which, although properly accounted for on Pershing's books of record, are not segregated and may be used in the conduct of its business.
6. You may have received confirmations for transactions which do not appear on your statement. If so, the transactions will appear on your next periodic statement. Such transactions must be considered by you when computing the value of your account. This is especially true if you have written options which have been exercised.
7. If you maintain a margin account, this is a combined statement of your general account and a special memorandum account maintained for you under Regulation T of the Board of Governors of the Federal Reserve System. The permanent record of the separate account as required by Regulation T is available for your inspection upon request.
8. Interest charged on debit balances in your account appears on the statement. The rate of interest and period covered are indicated. The rate may change from time to time due to fluctuations in money rates or other reasons. Interest is computed as described in material previously furnished to you. Please contact your financial institution if you desire additional copies.
9. A financial statement of Pershing is available for your personal inspection at Pershing's offices. A copy of it will be mailed upon your written request or you can view it online at Pershing.com.
10. This statement should be retained for your records.
11. Dividends, interest and other distributions shown on this statement were classified as taxable or nontaxable based on certain information known as of the distribution date. This classification is subject to change and is solely intended for use as general information. After year end, Pershing is required to provide tax information to the Internal Revenue Service and other governmental authorities. At that time Pershing will provide that information on the annual tax information statement to you; use that statement to prepare your tax filings. The tax statement also includes other useful information to assist in accumulating the data to prepare your tax returns.
12. **Pershing does not provide tax, investment or legal advisory services and no one associated with Pershing is authorized to render such advice. Do not rely upon any such advice, if given. Investors are encouraged to consult their tax advisors to determine the appropriate tax treatment of their business.**
13. Pershing provides account protection for the net equity of securities positions and cash held in your account. Of this total, the Securities Investor Protection Corporation (SIPC) provides $500,000 of coverage, including $100,000 for claims for cash. Pershing provides additional protection on terms similar to SIPC for account net equity in excess of $500,000 through a commercial insurer. The account protection applies when a SIPC member firm fails financially and is unable to meet obligations to securities clients, but it does not protect against losses from the rise and fall in the market value of investments.
14. Pershing may trade for its own account as a market maker, specialist, odd lot dealer, block positioner, arbitrageur or investor. Consequently, at the time of any transaction you may make, Pershing may have a position in such securities, which position may be partially or completely hedged.
15. If average price transaction is indicated on the front of this statement your financial institution or Pershing may have acted as principal, agent or both. Details available upon request.
16. This statement will be deemed conclusive and an account stated unless you advise Pershing in writing of any objection to it within ten days after receipt. Any such objection should be sent to Pershing at One Pershing Plaza, Jersey City, NJ 07399, Attn: Compliance.
17. You are advised to report promptly any inaccuracy or discrepancy in your account (including unauthorized trading) to your financial organization and Pershing, the custodian of your account. Please be advised that any oral communication should be re-confirmed in writing to further protect your rights, including your rights under the Securities Investor Protection Act. Your financial organization's contact information can be found on the first page of this statement. Pershing's contact information is as follows: Pershing LLC; Legal Department; One Pershing Plaza; Jersey City, New Jersey 07399; (201) 413-3330. **ERRORS AND OMISSIONS EXCEPTED.**

PORTFOLIO HOLDINGS

This section includes the net market value of the securities in your account on a settlement date basis, including short positions, at the close of the statement period. The market prices have been obtained from quotation services, which we believe to be reliable; however, we cannot guarantee their accuracy. Securities for which a price is not available are marked "N/A" and are omitted from the Total.

The estimated annual income (EAI) and estimated current yield (ECY) figures are estimates and for informational purposes only. These figures are not considered to be a forecast or guarantee of future results. These figures are computed using information from providers believed to be reliable, however, no assurance can be made as to the accuracy. Since interest and dividend rates are subject to change at any time, and may be affected by current and future economic, political, and business conditions, they should not be relied on for making investment, trading, or tax decisions. These figures assume that the position quantities, interest and dividend rates, and prices remain constant. A capital gain or return of principal may be included in the figures for certain securities, thereby overstating them. Refer to www.pershing.com/business_continuity.html for specific details as to formulas used to calculate the figures. Accrued interest represents interest earned but not yet received.

THE ROLE OF PERSHING

Pershing carries your account as clearing broker pursuant to a clearing agreement with your financial institution. Pershing may accept from your financial institution without inquiry or investigation (i) orders for the purchase and sale of securities and other property and (ii) any other instructions concerning your account. Pershing is not responsible or liable for any acts or omissions of your financial institution or its employees and it does not supervise them. Pershing provides no investment advice nor does it assess the suitability of any transaction or order. Pershing acts as the agent of your financial institution and you agree that you will not hold Pershing or any person controlling or under common control with it liable for any investment losses incurred by you.

Pershing performs several key functions at the direction of your financial institution. It acts as custodian for funds and securities you may deposit with it directly or through your financial institution or that it receives as the result of securities transactions it processes. Inquiries concerning the positions and balances in your account may only be directed to the **Pershing Customer Service Department at (201) 413-3333.** All other inquiries regarding your account or activity should be directed to your financial institution. For a description of other functions performed by Pershing please consult the Disclosure Statement provided to you upon the opening of your account.

Your financial institution is responsible for adherence to the securities laws, regulations and rules which apply to it regarding its own operations and the supervision of your account, its sales representatives and other personnel. Your financial institution is also responsible for approving the opening of accounts and obtaining account documents; the acceptance and, in certain instances, execution of securities orders; the assessment of the suitability of those transactions, where applicable; the rendering of investment advice, if any, to you and in general, for the ongoing relationship that it has with you.

Pershing may capture and store data about you such as your financial information and investment objectives. However, Pershing is not reviewing this information and evaluating whether your investments comport with your financial status and objectives and you hereby release Pershing from any liability to do so. Similarly, Pershing may capture and store information about whether a broker or an introducing firm is registered in a given state. You hereby release Pershing from any liability to review this data or to evaluate whether a particular security is registered or exempt from registration in your State.

PAYMENT FOR ORDER FLOW PRACTICES

The following statement is provided to you as required by Rule 11Ac1-3 of the *Securities Exchange Act of 1934*.

Pershing sends certain equity orders to exchanges, Electronic Communication Networks, or broker-dealers during normal business hours and during extended trading sessions. Certain of these venues provide payments to Pershing or charge access fees to Pershing depending upon the characteristics of the order and any subsequent execution. In addition, Pershing may execute certain equity orders as principal. The details of these payments and fees are available upon written request. Pershing receives payments for directing listed options order flow to certain option exchanges. Compensation is generally in the form of a per option contract cash payment. For a listing of organizations that pay Pershing for order flow, please refer to www.orderroutingdisclosure.com.

Best Execution: Notwithstanding the previous paragraph regarding payment for order flow, Pershing selects certain market centers to provide execution of over-the-counter and exchange-listed securities transactions which agree to accept orders, transmitted electronically up to a specified size, and to execute them at or better than the national best bid or offer (NBBO). On certain larger orders, or if the designated market centers do not make a market in the subject security, Pershing directly contacts market centers to obtain an execution. The designated market centers to which orders are automatically routed are selected based on the consistent high quality of their executions in one or more market segments and their ability to provide opportunities for executions at prices superior to the NBBO. If an order for an exchange-listed security is not immediately executable on the exchange to which it is routed, such order may be represented in the national marketplace using the various means available for price discovery. Pershing also regularly reviews reports for quality of execution purposes.

IMPORTANT ARBITRATION DISCLOSURES

- All parties to this agreement are giving up the right to sue each other in court, including the right to a trial by jury, except as provided by the rules of the arbitration forum in which a claim is filed.
- Arbitration awards are generally final and binding; a party's ability to have a court reverse or modify an arbitration award is very limited.
- The ability of the parties to obtain documents, witness statements and other discovery is generally more limited in arbitration than in court proceedings.
- The arbitrators do not have to explain the reason(s) for their award.
- The panel of arbitrators will typically include a minority of arbitrators who were or are affiliated with the securities industry.
- The rules of some arbitration forums may impose time limits for bringing a claim in arbitration. In some cases, a claim that is ineligible for arbitration may be brought in court.
- The rules of the arbitration forum in which the claim is filed, and any amendments thereto, shall be incorporated into this agreement.

IMPORTANT ARBITRATION AGREEMENT

Any controversy between you and us shall be submitted to arbitration before the financial industry regulatory authority or any other national securities exchange on which a transaction giving rise to the claim took place (and only before such exchange).

No person shall bring a putative or certified class action to arbitration, nor seek to enforce any predispute arbitration agreement against any person who has initiated in court a putative class action, who is a member of a putative class who has not opted out of the class with respect to any claims encompassed by the putative class action until; (I) the class certification is denied; (II) the class is decertified; or (III) the customer is excluded from the class by the court. Such forbearance to enforce an agreement to arbitrate shall not constitute a waiver of any rights under this agreement except to the extent stated herein. The laws of the State of New York govern.

If any of the above Terms and Conditions are unacceptable to you, please notify Pershing immediately in writing by certified mail to One Pershing Plaza, Jersey City, NJ 07399, Attn: Compliance.

Disclaimers and Other Important Information Regarding Your Required Minimum Distribution Summary

According to our records, you are required under federal tax law to take an annual minimum distribution from your retirement account. These required minimum distributions (RMDs) usually begin in the year you reach the age of 70 1/2. Failure to take the RMD when required may result in a 50% excise tax imposed on the amount you did not take.

You are allowed to take your RMD in cash or securities. For a distribution to be made, sufficient cash or securities must be available in your retirement account when we receive your distribution request and for subsequent distributions. If you changed your beneficiary after January 1 of this year and your new or prior beneficiary is your spouse who is more than ten years younger than you, you may need to recalculate the RMD amount stated above.

If you have more than one traditional individual retirement account (IRA), including SEP and SIMPLE IRAs, the RMD for these accounts can be aggregated and removed from a single traditional IRA. This exception does not apply to multiple qualified retirement plans (QRPs) such as profit sharing, money purchase pension, 401(k), and defined benefit plans. RMDs for QRPs must be removed from each QRP account.

NOTE: Any outstanding rollovers or recharacterizations that were not in your account on December 31 of the prior year should be added to your year-end fair market value for the previous year to calculate your RMD for the current year. Also, when taking your RMD, please consider any scheduled distribution amounts you have established which may allow you to automatically meet all or part of your RMD. Please contact us if you are interested in establishing instructions.

Using the information on our files, your RMD was determined by dividing your fair market value by a calculation factor determined by the Internal Revenue Service (IRS). The factor is based on your age at the end of the year and the age and relationship of your beneficiary(ies). We Strongly suggest that you verify this calculation with your tax professional, as there may be other pertinent information that could impact your RMD amount. To withdraw your RMD, contact your investment professional for the appropriate withdrawal form.

Cost Basis on fixed income securities is adjusted for amortization, accretion or principal paydowns. The method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. In the event, one or more of these attributes is changed, there may be a temporary incorrect adjusted cost basis reflected until the portfolio system is amended to reflect this change. These calculations will not be performed under certain circumstances, including those involving continuously callable bonds, foreign bonds, variable rates, bonds in default, index-linked bonds, bonds sold

short or bonds that have a negative yield. This information is meant as a general guide and you should consult your tax advisor in the preparation of your tax returns.

[3] The cost basis of securities positions acquired prior to the availability of the PORTFOLIO EVALUATION SERVICE for this account, or delivered into this account, has been provided to PERSHING by your financial institution, and we make no representation as to the accuracy of such cost basis.

[5] Unrealized gains and losses are not reported for securities for which cost basis or market value is not available.

[6] The Remaining Balance represents your current ownership amount in the listed Asset Backed Security. The Remaining Balance is calculated by multiplying the quantity by the Factor (paydown factor) which is published by FNMA, GNMA and other agencies, which could be changed by the agencies after the statement date. The Remaining Balance is multiplied by the Market Price to determine the Market Value.

Disclosures and Other Information

Pricing - Securities prices may vary from actual liquidation value. Prices shown should only be used as a general guide to portfolio value. Prices are received from various pricing services. However, pricing services are sometimes unable to provide timely information. Where pricing sources are not readily available, particularly on certain debt securities, estimated prices may be generated by a matrix system taking various factors into consideration. The pricing of listed options takes into account the last closing price, as well as the current bid and offer prices. Where securities have not been priced, such securities have not been included in the Asset Allocation information at the beginning of this statement.

The Estimated Price as of Date only appears when the price date does not equal the statement date.

Reinvestment - The dollar amount of Mutual Fund distributions, Money Market Fund dividend income, Bank Deposit interest income, or dividends for other securities shown on your Statement may have been reinvested. You will not receive confirmation of these reinvestments. However, information pertaining to these transactions which would otherwise appear on confirmations, including the time of execution and the name of the person from whom your security was purchased, will be furnished to you upon written request to your introducing firm. In dividend reinvestment transactions, Pershing acts as your agent and receives payment for order flow, the source and nature of which payment will be furnished to you upon written request to your introducing firm.

Option Disclosure - Information with respect to commissions and other charges incurred in connection with the execution of option transactions has been included in confirmations previously furnished to you. A summary of this information is available to you promptly upon your written request directed to your introducing firm. In order to assist your introducing firm in maintaining current background and financial information concerning your option accounts, please promptly advise them in writing of any material change in your investment objectives or financial situation. Expiring options which are valuable are exercised *automatically pursuant to the exercise by exception procedure of the Options Clearing Corporation. Additional information regarding this procedure is available upon written request to your introducing firm.*

Foreign Currency Transactions - Pershing may execute foreign currency transactions as principal for your account. Pershing may automatically convert foreign currency to or from U.S. dollars for dividends and similar corporate action transactions unless you instruct your financial organization otherwise. Pershing's currency conversion rate will not exceed the highest interbank conversion rate identified from customary banking sources on the conversion date or the prior business day, increased by up to 1%, unless a particular rate is required by applicable law. Your financial organization may also increase the currency conversion rate. This conversion rate may differ from rates in effect on the date you executed a transaction, incurred a charge, or received a credit. Transactions converted by agents (such as depositories) will be billed at the rates such agents use.

Proxy Vote - Securities held by you on margin (securities not fully paid for by you) may be lent by Pershing to itself or others in accordance with the terms outlined in the Margin Agreement. The right to vote your shares held on margin will be reduced by the amount of shares on loan. The Proxy Voting Instruction Form sent to you may reflect a smaller number of shares entitled to vote than the number of shares in your margin account.

Disclaimers and Other Important Information Regarding Your Required Minimum Distribution Summary

According to our records, you are required under federal tax law to take an annual minimum distribution from your retirement account. These required minimum distributions (RMDs) usually begin in the year you reach the age of 70 1/2. Failure to take the RMD when required may result in a 50% excise tax imposed on the amount you did not take.

You are allowed to take your RMD in cash or securities. For a distribution to be made, sufficient cash or securities must be available in your retirement account when we receive your distribution request and for subsequent distributions. If you changed your beneficiary after January 1 of this year and your new or prior beneficiary is your spouse who is more than ten years younger than you, you may need to recalculate the RMD amount stated above.

If you have more than one traditional individual retirement account (IRA), including SEP and SIMPLE IRAs, the RMD for these accounts can be aggregated and removed from a single traditional IRA. This exception does not apply to multiple qualified retirement plans (QRPs) such as profit sharing, money purchase pension, 401(k), and defined benefit plans. RMDs for QRPs must be removed from each QRP account.

NOTE: Any outstanding rollovers or recharacterizations that were not in your account on December 31 of the prior year should be added to your year-end fair market value for the previous year to calculate your RMD for the current year. Also, when taking your RMD, please consider any scheduled distribution amounts you have established which may allow you to automatically meet all or part of your RMD. Please contact us if you are interested in establishing instructions.

Using the information on our files, your RMD was determined by dividing your fair market value by a calculation factor determined by the Internal Revenue Service (IRS). The factor is based on your age at the end of the year and the age and relationship of your beneficiary(ies). We Strongly suggest that you verify this calculation with your tax professional, as there may be other pertinent information that could impact your RMD amount. To withdraw your RMD, contact your investment professional for the appropriate withdrawal form.

Cost Basis on fixed income securities is adjusted for amortization, accretion or principal paydowns. The method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. In the event, one or more of these attributes is changed, there may be a temporary incorrect adjusted cost basis reflected until the portfolio system is amended to reflect this change. These calculations will not be performed under certain circumstances, including those involving continuously callable bonds, foreign bonds, variable rates, bonds in default, index-linked bonds, bonds sold

short or bonds that have a negative yield. This information is meant as a general guide and you should consult your tax advisor in the preparation of your tax returns.

3 The cost basis of securities positions acquired prior to the availability of the PORTFOLIO EVALUATION SERVICE for this account, or delivered into this account, has been provided to PERSHING by your financial institution, and we make no representation as to the accuracy of such cost basis.

5 Unrealized gains and losses are not reported for securities for which cost basis or market value is not available.

6 The Remaining Balance represents your current ownership amount in the listed Asset Backed Security. The Remaining Balance is calculated by multiplying the quantity by the Factor (paydown factor) which is published by FNMA, GNMA and other agencies, which could be changed by the agencies after the statement date. The Remaining Balance is multiplied by the Market Price to determine the Market Value.

Disclosures and Other Information

Pricing - Securities prices may vary from actual liquidation value. Prices shown should only be used as a general guide to portfolio value. Prices are received from various pricing services. However, pricing services are sometimes unable to provide timely information. Where pricing sources are not readily available, particularly on certain debt securities, estimated prices may be generated by a matrix system taking various factors into consideration. The pricing of listed options takes into account the last closing price, as well as the current bid and offer prices. Where securities have not been priced, such securities have not been included in the Asset Allocation information at the beginning of this statement.

The Estimated Price as of Date only appears when the price date does not equal the statement date.

Reinvestment - The dollar amount of Mutual Fund distributions, Money Market Fund dividend income, Bank Deposit interest income, or dividends for other securities shown on your Statement may have been reinvested. You will not receive confirmation of these reinvestments. However, information pertaining to these transactions which would otherwise appear on confirmations, including the time of execution and the name of the person from whom your security was purchased, will be furnished to you upon written request to your introducing firm. In dividend reinvestment transactions, Pershing acts as your agent and receives payment for order flow, the source and nature of which payment will be furnished to you upon written request to your introducing firm.

Option Disclosure - Information with respect to commissions and other charges incurred in connection with the execution of option transactions has been included in confirmations previously furnished to you. A summary of this information is available to you promptly upon your written request directed to your introducing firm. In order to assist your introducing firm in maintaining current background and financial information concerning your option accounts, please promptly advise them in writing of any material change in your investment objectives or financial situation. Expiring options which are valuable are exercised automatically pursuant to the exercise by exception procedure of the Options Clearing Corporation. Additional information regarding this procedure is available upon written request to your introducing firm.

Foreign Currency Transactions - Pershing may execute foreign currency transactions as principal for your account. Pershing may automatically convert foreign currency to or from U.S. dollars for dividends and similar corporate action transactions unless you instruct your financial organization otherwise. Pershing's currency conversion rate will not exceed the highest interbank conversion rate identified from customary banking sources on the conversion date or the prior business day, increased by up to 1%, unless a particular rate is required by applicable law. Your financial organization may also increase the currency conversion rate. This conversion rate may differ from rates in effect on the date you executed a transaction, incurred a charge, or received a credit. Transactions converted by agents (such as depositories) will be billed at the rates such agents use.

Proxy Vote - Securities held by you on margin (securities not fully paid for by you) may be lent by Pershing to itself or others in accordance with the terms outlined in the Margin Agreement. The right to vote your shares held on margin will be reduced by the amount of shares on loan. The Proxy Voting Instruction Form sent to you may reflect a smaller number of shares entitled to vote than the number of shares in your margin account.

Messages

Do not forget to make your annual contribution to your Traditional or Roth IRA for 2010, if you are eligible. Contributions for the 2010 tax year must be made by the April 15, 2011, deadline. The maximum contribution limit is $5,000 for 2010. Individuals aged 50 or older may also make an additional catch-up contribution of $1,000. When making your annual contribution, please indicate in writing the tax year for which the contribution should be applied.

Although a money market mutual fund seeks to preserve the value of your investment at $1.00 per share, it is possible to lose money by investing in a money market mutual fund . Please see the money market mutual fund's prospectus or contact your investment professional for additional information.

Disclaimers and Other Important Information Regarding Your Required Minimum Distribution Summary

According to our records, you are required under federal tax law to take an annual minimum distribution from your retirement account. These required minimum distributions (RMDs) usually begin in the year you reach the age of 70 1/2. Failure to take the RMD when required may result in a 50% excise tax imposed on the amount you did not take.

You are allowed to take your RMD in cash or securities. For a distribution to be made, sufficient cash or securities must be available in your retirement account when we receive your distribution request and for subsequent distributions. If you changed your beneficiary after January 1 of this year and your new or prior beneficiary is your spouse who is more than ten years younger than you, you may need to recalculate the RMD amount stated above.

If you have more than one traditional individual retirement account (IRA), including SEP and SIMPLE IRAs, the RMD for these accounts can be aggregated and removed from a single traditional IRA. This exception does not apply to multiple qualified retirement plans (QRPs) such as profit sharing, money purchase pension, 401(k), and defined benefit plans. RMDs for QRPs must be removed from each QRP account.

NOTE: Any outstanding rollovers or recharacterizations that were not in your account on December 31 of the prior year should be added to your year-end fair market value for the previous year to calculate your RMD for the current year. Also, when taking your RMD, please consider any scheduled distribution amounts you have established which may allow you to automatically meet all or part of your RMD. Please contact us if you are interested in establishing instructions.

Using the information on our files, your RMD was determined by dividing your fair market value by a calculation factor determined by the Internal Revenue Service (IRS). The factor is based on your age at the end of the year and the age and relationship of your beneficiary(ies). We Strongly suggest that you verify this calculation with your tax professional, as there may be other pertinent information that could impact your RMD amount. To withdraw your RMD, contact your investment professional for the appropriate withdrawal form.

Cost Basis on fixed income securities is adjusted for amortization, accretion or principal paydowns. The method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. In the event, one or more of these attributes is changed, there may be a temporary incorrect adjusted cost basis reflected until the portfolio system is amended to reflect this change. These calculations will not be performed under certain circumstances, including those involving continuously callable bonds, foreign bonds, variable rates, bonds in default, index-linked bonds, bonds sold short or bonds that have a negative yield. This information is meant as a general guide and you should consult your tax advisor in the preparation of your tax returns.

[3] The cost basis of securities positions acquired prior to the availability of the PORTFOLIO EVALUATION SERVICE for this account, or delivered into this account, has been provided to PERSHING by your financial institution, and we make no representation as to the accuracy of such cost basis.

[5] Unrealized gains and losses are not reported for securities for which cost basis or market value is not available.

[6] The Remaining Balance represents your current ownership amount in the listed Asset Backed Security. The Remaining Balance is calculated by multiplying the quantity by the Factor (paydown factor) which is published by FNMA, GNMA and other agencies, which could be changed by the agencies after the statement date. The Remaining Balance is multiplied by the Market Price to determine the Market Value.

Disclosures and Other Information

Pricing - Securities prices may vary from actual liquidation value. Prices shown should only be used as a general guide to portfolio value. Prices are received from various pricing services. However, pricing services are sometimes unable to provide timely information. Where pricing sources are not readily available, particularly on certain debt securities, estimated prices may be generated by a matrix system taking various factors into consideration. The pricing of listed options takes into account the last closing price, as well as the current bid and offer prices. Where securities have not been priced, such securities have not been included in the Asset Allocation information at the beginning of this statement.

The Estimated Price as of Date only appears when the price date does not equal the statement date.

Reinvestment - The dollar amount of Mutual Fund distributions, Money Market Fund dividend income, Bank Deposit interest income, or dividends for other securities shown on your Statement may have been reinvested. You will not receive confirmation of these reinvestments. However, information pertaining to these transactions which would otherwise appear on confirmations, including the time of execution and the name of the person from whom your security was purchased, will be furnished to you upon written request to your introducing firm. In dividend reinvestment transactions, Pershing acts as your agent and receives payment for order flow, the source and nature of which payment will be furnished to you upon written request to your introducing firm.

Option Disclosure - Information with respect to commissions and other charges incurred in connection with the execution of option transactions has been included in confirmations previously furnished to you. A summary of this information is available to you promptly upon your written request directed to your introducing firm. In order to assist your introducing firm in maintaining current background and financial information concerning your option accounts, please promptly advise them in writing of any material change in your investment objectives or financial situation. Expiring options which are valuable are exercised automatically pursuant to the exercise by exception procedure of the Options Clearing Corporation. Additional information regarding this procedure is available upon written request to your introducing firm.

Foreign Currency Transactions - Pershing may execute foreign currency transactions as principal for your account. Pershing may automatically convert foreign currency to or from U.S. dollars for dividends and similar corporate action transactions unless you instruct your financial organization otherwise. Pershing's currency conversion rate will not exceed the highest interbank conversion rate identified from customary banking sources on the conversion date or the prior business day, increased by up to 1%, unless a particular rate is required by applicable law. Your financial organization may also increase the currency conversion rate. This conversion rate may differ from rates in effect on the date you executed a transaction, incurred a charge, or received a credit. Transactions converted by agents (such as depositories) will be billed at the rates such agents use.

Proxy Vote - Securities held by you on margin (securities not fully paid for by you) may be lent by Pershing to itself or others in accordance with the terms outlined in the Margin Agreement. The right to vote your shares held on margin will be reduced by the amount of shares on loan. The Proxy Voting Instruction Form sent to you may reflect a smaller number of shares entitled to vote than the number of shares in your

The Schedule of Realized Gains and Losses is not reported to the IRS. This Schedule may not reflect all cost basis adjustments necessary for tax reporting purposes; for example, it does not reflect disallowed losses from wash sale events. Adjustments to cost basis may have been made for prior income received and subsequently reclassified by the issuer as a return of capital. Typically these adjustments are received after year-end and there may be differences in cost basis reflected on your monthly client brokerage statement at year end versus any subsequent reports or online displays you may have available to you. Return of capital information has been obtained from sources we believe to be reliable.

When you report your cost basis on your tax return, it should be verified with your own records. In particular, there may be other adjustments which you need to make and you should consult with your tax advisor in order to properly report your gain or loss for tax purposes. Pershing shall not be responsible for and makes no representations or warranties with respect to the accuracy of any information that you report to the IRS or other taxing authorities, and, accordingly, disclaims any and all liability that may arise with respect to your use and reliance on the information provided herein for such reporting.

Cost Basis on fixed income securities is adjusted for amortization, accretion or principal paydowns. The method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. In the event, one or more of these attributes is changed, there may be a temporary incorrect adjusted cost basis reflected until the portfolio system is amended to reflect this change. These calculations will not be performed under certain circumstances, including those involving continuously callable bonds, foreign bonds, variable rates, bonds in default, index-linked bonds, bonds sold short or bonds that have a negative yield. This information is meant as a general guide and you should consult your tax advisor in the preparation of your tax returns.

2Realized gains and losses are not reported for securities for which cost basis or proceeds are not available.

Effective January 1, 2011, Pershing LLC is amending the Traditional Individual Retirement Account Plan Document to include the following language. The existing no-transaction fee mutual fund account and cash management account maintenance fee waiver programs will also be discontinued. If you agree with these changes no further action is required by you. If you have any questions or concerns, please contact your investment professional.

Traditional Individual Retirement Account Plan Document
Article VIII, Section 10(a) is hereby amended and restated in its entirety to read:
10. Fees, Expenses, and Indebtedness
(a) Payment of Fees and Expenses. The annual maintenance, termination, and other administration fees shall be charged by the Custodian in accordance with the fee schedule that is then in effect. The fee schedule may be amended by the Custodian from time to time. A portion of the fees collected by the Custodian may be shared with the financial institution that introduced your account. Any administrative expenses, including fees for legal and/or accounting services incurred by the Custodian at the request of or necessitated by the actions of the Participant or designated Beneficiary or Beneficiaries, including, but not by way of limitation, the direction of investment of Custodial Account assets in an investment that causes the Custodial Account to realize unrelated business taxable income within the meaning of Section 512 of the Code, which are over and above the services set forth in the fee schedule shall be paid by the Participant and the Participant hereby covenants and agrees to pay the same. The Custodian's fees and expenses shall be automatically charged to the Custodial Account unless the Participant chooses to pay the fee in a timely manner before the Custodial Account has been so charged and fees or other administrative expenses that are not paid by the Participant when due may be charged to the Custodial Account. The Custodian reserves the right to liquidate any assets of the Custodial Account to collect any charge for which payment may at any time be past due. In the event of account termination by the Participant or the Custodian for any reason, the Custodian shall be entitled to receive the full termination fee, along with the full, nonprorated current year maintenance fees, regardless of the date during the year that the Account is terminated. Such amounts will be automatically charged against the IRA at the time the Participant terminates the IRA. Any reimbursement of fees charged against an Account will be recorded as a contribution to the Account and reported to taxing authorities accordingly. Specific fee details are provided in the current fee schedule available from the Custodian or from the financial organization that has introduced your Account to the Custodian.

Disclosure Statement, Section 8(a) is hereby amended and restated in its entirety to read:
Additional Financial Information
(a) Account Fees. If not accompanied by this Disclosure Statement and Individual Retirement Custodial Account Plan Document, a schedule of fees is available from the Custodian or from the financial organization that has introduced your account to the Custodian. The annual maintenance, termination, and other administration fees shall be charged by the Custodian for services hereunder in accordance with the current fee schedule that is in effect. At the discretion of the Custodian or the financial institution that introduced your account, you may receive an invoice for the account maintenance and other related fees that are due and payable upon receipt. Unless paid by you in a timely manner, fees will be automatically charged against the Account, or as you direct in writing, charged against another account held by the Custodian over which you have investment authority. You may not reimburse your IRA for account fees once they have been charged to your IRA. Any such reimbursement of annual maintenance or other

Messages *(continued)*

administrative fees charged to your account will be deemed a contribution to your IRA and reported to the IRS accordingly. The Custodian will notify you prior to changing the fee schedule. In the event of account termination either by you or by the Custodian for any reason, the Custodian shall be entitled to receive the full termination fee, along with the full, nonprorated current year maintenance fee, regardless of the date *during the year of the termination of the Custodial Account*

Note from Pershing LLC regarding estimated values on brokerage account statements

Pershing relies on external valuation vendors for estimated, periodic valuation and market price information that is included in your brokerage account statement. From time to time, this information is not available or is not received in time for posting to your brokerage account statement, resulting in a valuation or market price of N/A or Not Available. Please contact your investment professional for current information regarding your investments and account statement.

For owners of auction rate securities, please note that many auction rate securities have become illiquid due to current market conditions. As a result, it may not be possible to sell such securities at or near the estimated market price that is listed on your brokerage account statement.

Prohibition against Unlawful Internet Gambling

In accordance with the Unlawful Internet Gambling Enforcement Act of 2006, transactions associated with unlawful internet gambling are prohibited. Specifically, the Act "prohibits any person engaged in the business of betting or wagering from knowingly accepting payments in connection with the participation of another person in unlawful internet gambling." You must not initiate or receive wire transfers, checks, drafts or other debit/credit transactions that are restricted by the Act. For more information, please refer to: www.federalreserve.gov/newsevents/press/bcreg/20081112b.htm.

Pursuant to The Securities Exchange Act of 1934, Pershing LLC (Pershing) provides individual investors with certain financial information on a semi-annual basis.

Pershing's June Statement of Financial Condition is now available. On June 30, 2010, Pershing's net capital of $1.2 billion was 14.07% of aggregate debit balances and exceeded the minimum requirements by $987 million.

Pershing is also required to provide the most recent financial information as of this statement mailing. In accordance with this requirement, note that on July 31, 2010, Pershing's net capital of $1.2 billion was 14.80% of aggregate debit balances and exceeded the minimum requirement by $1.1 billion.

A copy of the June 30, 2010, Statement of Financial Condition is available at www.pershing.com/statement_of_financial_condition.html. You may also request a free, printed copy by calling (888) 860-8510.

If you are at least the age of 70 ½ this year, your statement has a required minimum distribution summary section which explains the amount you are required to withdraw for this year. Please take action immediately to ensure that your distribution is processed this year. If you have questions, please contact your investment professional or financial organization.

Do not forget to make your annual contribution to your Traditional or Roth IRA for *2010, if you are eligible. Contributions for the 2010 tax year must be made by the* April 15, 2011, *deadline.* The maximum contribution limit is $5,000 for 2010. Individuals aged 50 or older may also make an additional catch-up contribution of $1,000. When making your annual contribution, please indicate in writing the tax year for which the contribution should be applied.

Cost Basis Reporting in Effect Starting January 2011

Effective January 1, 2011, the Internal Revenue Service (IRS) is implementing new reporting requirements that will require Pershing LLC to report the original or adjusted cost (cost basis) of stocks sold that were purchased after January 1, 2011, in a U.S. taxpayer's non-retirement account.

To prepare for the new "cost basis" requirements, you, or your investment professional on your behalf, may choose to identify which shares (tax lots) are being selected when requesting a partial sale or transfer of stock. Your ability to change selected tax lots will be limited to the settlement date, or three business days after the disposition, whichever is later. If no specific selection is made, your existing default disposition method will be used, which is typically first-in, first-out (FIFO).

Please note that the cost basis reporting requirements are being phased in over a three-year period, and will initially impact only stock transactions. This change is mandated under the Emergency Economic Stabilization Act of 2008, which will require Pershing LLC to report the cost basis and gain/loss calculations for each security sale, transfer or exchange on IRS Form 1099-B or on transfer statements for tax reportable accounts. (Pershing LLC provides clearing and other related services, including the gain/loss calculations needed for tax reporting to your financial organization.) For more information, please contact your investment professional.

Please note that this statement message is based upon proposed regulatory guidance that is subject to change.

Disclosure Regarding Securities Lending in Margin Accounts

If you have a margin account, pursuant to your Margin Agreement with Pershing LLC and as permitted by law, margin securities in your account, may be used for, among other things, settling short sales and lending the securities for short sales. As a result, Pershing and your financial organization may receive compensation in connection therewith. Further, Pershing does not lend fully-paid-for securities without your written permission. Please contact your financial organization if you have any questions.

TERMS AND CONDITIONS

GENERAL INFORMATION

1. All orders and transactions shall be solely for your account and risk shall be subject to the constitution, rules, regulations, customs, usages, rulings and interpretations of the exchange or market and the clearing facility, if any, where the transactions are executed and/or settled, or if applicable, of the Financial Industry Regulatory Authority and to all applicable laws and regulations.
2. Whenever you are indebted to Pershing LLC ("Pershing") for any amount, all securities held by it for you in any account in which you have any interest shall secure all your liabilities to Pershing, and Pershing may in its discretion at any time, without tender, demand or notice to you, close or reduce any or all of your accounts by public or private sale or purchase or both of all or any securities carried in such accounts; any balance remaining due Pershing to be promptly paid by you.
3. Whenever you are indebted to Pershing for any amount, all securities carried for your account are or may be, without further notice to you, loaned or pledged by Pershing, either separately or under circumstances which will permit the commingling thereof, with other securities for any amount less than, equal to or greater than your liabilities to Pershing, but not under circumstances for an amount prohibited by law.
4. Title to securities sold to you, where Pershing has acted as principal, shall remain with Pershing until the entire purchase price is received or until the settlement date, whichever is later.
5. Any free credit balance carried for your account represents funds payable upon demand which, although properly accounted for on Pershing's books of record, are not segregated and may be used in the conduct of its business.
6. You may have received confirmations for transactions which do not appear on your statement. If so, the transactions will appear on your next periodic statement. Such transactions must be considered by you when computing the value of your account. This is especially true if you have written options which have been exercised.
7. If you maintain a margin account, this is a combined statement of your general account and a special memorandum account maintained for you under Regulation T of the Board of Governors of the Federal Reserve System. The permanent record of the separate account as required by Regulation T is available for your inspection upon request.
8. Interest charged on debit balances in your account appears on the statement. The rate of interest and period covered are indicated. The rate may change from time to time due to fluctuations in money rates or other reasons. Interest is computed as described in material previously furnished to you. Please contact your financial institution if you desire additional copies.
9. A financial statement of Pershing is available for your personal inspection at Pershing's offices. A copy of it will be mailed upon your written request or you can view it online at Pershing.com.
10. This statement should be retained for your records.
11. Dividends, interest and other distributions shown on this statement were classified as taxable or nontaxable based on certain information known as of the distribution date. This classification is subject to change and is solely intended for use as general information. After year end, Pershing is required to provide tax information to the Internal Revenue Service and other governmental authorities. At that time Pershing will provide that information on the annual tax information statement to you; use that statement to prepare your tax filings. The tax statement also includes other useful information to assist in accumulating the data to prepare your tax returns.
12. **Pershing does not provide tax, investment or legal advisory services and no one associated with Pershing is authorized to render such advice. Do not rely upon any such advice, if given. Investors are encouraged to consult their tax advisors to determine the appropriate tax treatment of their business.**
13. Pershing provides account protection for the net equity of securities positions and cash held in your account. Of this total, the Securities Investor Protection Corporation (SIPC) provides $500,000 of coverage, including $100,000 for claims for cash. Pershing provides additional protection on terms similar to SIPC for account net equity in excess of $500,000 through a commercial insurer. The account protection applies when a SIPC member firm fails financially and is unable to meet obligations to securities clients, but it does not protect against losses from the rise and fall in the market value of investments.
14. Pershing may trade for its own account as a market maker, specialist, odd lot dealer, block positioner, arbitrageur or investor. Consequently, at the time of any transaction you may make, Pershing may have a position in such securities, which position may be partially or completely hedged.
15. If average price transaction is indicated on the front of this statement your financial institution or Pershing may have acted as principal, agent or both. Details available upon request.
16. This statement will be deemed conclusive and an account stated unless you advise Pershing in writing of any objection to it within ten days after receipt. Any such objection should be sent to Pershing at One Pershing Plaza, Jersey City, NJ 07399, Attn: Compliance.
17. You are advised to report promptly any inaccuracy or discrepancy in your account (including unauthorized trading) to your financial organization and Pershing, the custodian of your account. Please be advised that any oral communication should be re-confirmed in writing to further protect your rights, including your rights under the Securities Investor Protection Act. Your financial organization's contact information can be found on the first page of this statement. Pershing's contact information is as follows: Pershing LLC; Legal Department; One Pershing Plaza; Jersey City, New Jersey 07399; (201) 413-3330. ERRORS AND OMISSIONS EXCEPTED.

PORTFOLIO HOLDINGS

This section includes the net market value of the securities in your account on a settlement date basis, including short positions, at the close of the statement period. The market prices have been obtained from quotation services, which we believe to be reliable; however, we cannot guarantee their accuracy. Securities for which a price is not available are marked "N/A" and are omitted from the Total.

The estimated annual income (EAI) and estimated current yield (ECY) figures are estimates and for informational purposes only. These figures are not considered to be a forecast or guarantee of future results. These figures are computed using information from providers believed to be reliable, however, no assurance can be made as to the accuracy. Since interest and dividend rates are subject to change at any time, and may be affected by current and future economic, political, and business conditions, they should not be relied on for making investment, trading, or tax decisions. These figures assume that the position quantities, interest and dividend rates, and prices remain constant. A capital gain or return of principal may be included in the figures for certain securities, thereby overstating them. Refer to www.pershing.com/business_continuity.html for specific details as to formulas used to calculate the figures. Accrued interest represents interest earned but not yet received.

THE ROLE OF PERSHING

Pershing carries your account as clearing broker pursuant to a clearing agreement with your financial institution. Pershing may accept from your financial institution without inquiry or investigation (i) orders for the purchase and sale of securities and other property and (ii) any other instructions concerning your account. Pershing is not responsible or liable for any acts or omissions of your financial institution or its employees and it does not supervise them. Pershing provides no investment advice nor does it assess the suitability of any transaction or order. Pershing acts as the agent of your financial institution and you agree that you will not hold Pershing or any person controlling or under common control with it liable for any investment losses incurred by you.

Pershing performs several key functions at the direction of your financial institution. It acts as custodian for funds and securities you may deposit with it directly or through your financial institution or that it receives as the result of securities transactions it processes. Inquiries concerning the positions and balances in your account may only be directed to the **Pershing Customer Service Department at (201) 413-3333.** All other inquiries regarding your account or activity should be directed to your financial institution. For a description of other functions performed by Pershing please consult the Disclosure Statement provided to you upon the opening of your account.

Your financial institution is responsible for adherence to the securities laws, regulations and rules which apply to it regarding its own operations and the supervision of your account, its sales representatives and other personnel. Your financial institution is also responsible for approving the opening of accounts and obtaining account documents; the acceptance and, in certain instances, execution of securities orders; the assessment of the suitability of those transactions, where applicable; the rendering of investment advice, if any, to you and in general, for the ongoing relationship that it has with you.

Pershing may capture and store data about you such as your financial information and investment objectives. However, Pershing is not reviewing this information and evaluating whether your investments comport with your financial status and objectives and you hereby release Pershing from any liability to do so. Similarly, Pershing may capture and store information about whether a broker or an introducing firm is registered in a given state. You hereby release Pershing from any liability to review this data or to evaluate whether a particular security is registered or exempt from registration in your State.

This notice is not meant as a definitive enumeration of every possible circumstance, but as a general disclosure. If you have any questions regarding this notice or if you would like additional copies of the Disclosure Statement, please contact your financial institution.

PAYMENT FOR ORDER FLOW PRACTICES

The following statement is provided to you as required by Rule 11Ac1-3 of the Securities Exchange Act of 1934.

Pershing sends certain equity orders to exchanges, Electronic Communication Networks, or broker-dealers during normal business hours and during extended trading sessions. Certain of these venues provide payments to Pershing or charge access fees to Pershing depending upon the characteristics of the order and any subsequent execution. In addition, Pershing may execute certain equity orders as principal. The details of these payments and fees are available upon written request. Pershing receives payments for directing listed options order flow to certain option exchanges. Compensation is generally in the form of a per option contract cash payment. For a listing of organizations that pay Pershing for order flow, please refer to www.orderroutingdisclosure.com.

Best Execution: Notwithstanding the previous paragraph regarding payment for order flow, Pershing selects certain market centers to provide execution of over-the-counter and exchange-listed securities transactions which agree to accept orders, transmitted electronically up to a specified size, and to execute them at or better than the national best bid or offer (NBBO). On certain larger orders, or if the designated market centers do not make a market in the subject security, Pershing directly contacts market centers to obtain an execution. The designated market centers to which orders are automatically routed are selected based on the consistent high quality of their executions in one or more market segments and their ability to provide opportunities for executions at prices superior to the NBBO. If an order for an exchange-listed security is not immediately executable on the exchange to which it is routed, such order may be represented in the national marketplace using the various means available for price discovery. Pershing also regularly reviews reports for quality of execution purposes.

IMPORTANT ARBITRATION DISCLOSURES

- All parties to this agreement are giving up the right to sue each other in court, including the right to a trial by jury, except as provided by the rules of the arbitration forum in which a claim is filed.
- Arbitration awards are generally final and binding; a party's ability to have a court reverse or modify an arbitration award is very limited.
- The ability of the parties to obtain documents, witness statements and other discovery is generally more limited in arbitration than in court proceedings.
- The arbitrators do not have to explain the reason(s) for their award.
- The panel of arbitrators will typically include a minority of arbitrators who were or are affiliated with the securities industry.
- The rules of some arbitration forums may impose time limits for bringing a claim in arbitration. In some cases, a claim that is ineligible for arbitration may be brought in court.
- The rules of the arbitration forum in which the claim is filed, and any amendments thereto, shall be incorporated into this agreement.

IMPORTANT ARBITRATION AGREEMENT

Any controversy between you and us shall be submitted to arbitration before the financial industry regulatory authority or any other national securities exchange on which a transaction giving rise to the claim took place (and only before such exchange).

No person shall bring a putative or certified class action to arbitration, nor seek to enforce any predispute arbitration agreement against any person who has initiated in court a putative class action, who is a member of a putative class who has not opted out of the class with respect to any claims encompassed by the putative class action until; (i) the class certification is denied; (ii) the class is decertified; or (iii) the customer is excluded from the class by the court. Such forbearance to enforce an agreement to arbitrate shall not constitute a waiver of any rights under this agreement except to the extent stated herein. The laws of the State of New York govern.

If any of the above Terms and Conditions are unacceptable to you, please notify Pershing immediately in writing by certified mail to One Pershing Plaza, Jersey City, NJ 07399, Attn: Compliance.

Disclaimers and Other Important Information Regarding Your Required Minimum Distribution Summary

According to our records, you are required under federal tax law to take an annual minimum distribution from your retirement account. These required minimum distributions (RMDs) usually begin in the year you reach the age of 70 1/2. Failure to take the RMD when required may result in a 50% excise tax imposed on the amount you did not take.

You are allowed to take your RMD in cash or securities. For a distribution to be made, sufficient cash or securities must be available in your retirement account when we receive your distribution request and for subsequent distributions. If you changed your beneficiary after January 1 of this year and your new or prior beneficiary is your spouse who is more than ten years younger than you, you may need to recalculate the RMD amount stated above.

If you have more than one traditional individual retirement account (IRA), including SEP and SIMPLE IRAs, the RMD for these accounts can be aggregated and removed from a single traditional IRA. This exception does not apply to multiple qualified retirement plans (QRPs) such as profit sharing, money purchase pension, 401(k), and defined benefit plans. RMDs for QRPs must be removed from each QRP account.

NOTE: Any outstanding rollovers or recharacterizations that were not in your account on December 31 of the prior year should be added to your year-end fair market value for the previous year to calculate your RMD for the current year. Also, when taking your RMD, please consider any scheduled distribution amounts you have established which may allow you to automatically meet all or part of your RMD. Please contact us if you are interested in establishing instructions.

Using the information on our files, your RMD was determined by dividing your fair market value by a calculation factor determined by the Internal Revenue Service (IRS). The factor is based on your age at the end of the year and the age and relationship of your beneficiary(ies). We Strongly suggest that you verify this calculation with your tax professional, as there may be other pertinent information that could impact your RMD amount. To withdraw your RMD, contact your investment professional for the appropriate withdrawal form.

Cost Basis on fixed income securities is adjusted for amortization, accretion or principal paydowns. The method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. In the event, one or more of these attributes is changed, there may be a temporary incorrect adjusted cost basis reflected until the portfolio system is amended to reflect this change. These calculations will not be performed under certain circumstances, including those involving continuously callable bonds, foreign bonds, variable rates, bonds in default, index-linked bonds, bonds sold short or bonds that have a negative yield. This information is meant as a general guide and you should consult your tax advisor in the preparation of your tax returns.

3 The cost basis of securities positions acquired prior to the availability of the PORTFOLIO EVALUATION SERVICE for this account, or delivered into this account, has been provided to PERSHING by your financial institution, and we make no representation as to the accuracy of such cost basis.

5 Unrealized gains and losses are not reported for securities for which cost basis or market value is not available.

6 The Remaining Balance represents your current ownership amount in the listed Asset Backed Security. The Remaining Balance is calculated by multiplying the quantity by the Factor (paydown factor) which is published by FNMA, GNMA and other agencies, which could be changed by the agencies after the statement date. The Remaining Balance is multiplied by the Market Price to determine the Market Value.

Disclosures and Other Information

Pricing - Securities prices may vary from actual liquidation value. Prices shown should only be used as a general guide to portfolio value. Prices are received from various pricing services. However, pricing services are sometimes unable to provide timely information. Where pricing sources are not readily available, particularly on certain debt securities, estimated prices may be generated by a matrix system taking various factors into consideration. The pricing of listed options takes into account the last closing price, as well as the current bid and offer prices. Where securities have not been priced, such securities have not been included in the Asset Allocation information at the beginning of this statement.

The Estimated Price as of Date only appears when the price date does not equal the statement date.

Reinvestment - The dollar amount of Mutual Fund distributions, Money Market Fund dividend income, Bank Deposit interest income, or dividends for other securities shown on your Statement may have been reinvested. You will not receive confirmation of these reinvestments. However, information pertaining to these transactions which would otherwise appear on confirmations, including the time of execution and the name of the person from whom your security was purchased, will be furnished to you upon written request to your introducing firm. In dividend reinvestment transactions, Pershing acts as your agent and

Portfolio Holdings *(continued)*

receives payment for order flow, the source and nature of which payment will be furnished to you upon written request to your introducing firm.

Option Disclosure - Information with respect to commissions and other charges incurred in connection with the execution of option transactions has been included in confirmations previously furnished to you. A summary of this information is available to you promptly upon your written request directed to your introducing firm. *In order to assist your introducing firm in maintaining current background and financial* information concerning your option accounts, please promptly advise them in writing of any material change in your investment objectives or financial situation. Expiring options which are valuable are exercised automatically pursuant to the exercise by exception procedure of the Options Clearing Corporation. Additional information regarding this procedure is available upon written request to your introducing firm.

Foreign Currency Transactions - Pershing may execute foreign currency transactions as principal *for your account. Pershing may automatically convert foreign currency* to or from U.S. dollars for dividends and similar corporate action transactions unless you instruct your financial organization otherwise. Pershing's currency conversion rate will not exceed the highest interbank conversion rate identified from customary banking sources on the conversion date or the prior business day, increased by up to 1%, unless a particular rate is required by applicable law. Your financial organization may also increase the currency *conversion rate. This conversion rate may differ from rates* in effect on the date you executed a transaction, incurred a charge, or received a credit. Transactions converted by agents (such as depositories) will be billed at the rates such agents use.

Proxy Vote - Securities held by you on margin (securities not fully paid for by you) may be lent by Pershing to itself or others in accordance with the terms outlined in the Margin Agreement. The right to vote your *shares held on margin will be reduced by the amount of* shares on loan. The Proxy Voting Instruction Form sent to you may reflect a smaller number of shares entitled to vote than the number of shares in your margin account.

Note from Pershing LLC regarding estimated values on brokerage account statements

Pershing relies on external valuation vendors for estimated, periodic valuation and market price information that is included in your brokerage account statement. From time to time, this information is not available or is not received in time for posting to your brokerage account statement, resulting in a valuation or market price of N/A or Not Available. Please contact your investment professional for current information regarding your investments and account statement.

For owners of auction rate securities, please note that many auction rate securities have become illiquid due to current market conditions. As a result, it may not be possible to sell such securities at or near the estimated market price that is listed on your brokerage account statement.

FEDERAL DEPOSIT INSURANCE CORPORATION (FDIC)-INSURED BANK DEPOSITS ARE NOT PROTECTED BY SECURITIES INVESTOR PROTECTION CORPORATION (SIPC). YOU MAY VIEW CURRENT MONEY MARKET FUND RATES BY VISITING WWW.PERSHING.COM AND SELECTING THE LINK AT THE BOTTOM OF THE PAGE TITLED "MONEY MARKET FUND AND FDIC INSURED BANK RATES AND BANK LISTS." PLEASE NOTE THAT WE MAY NOT OFFER ALL OF THE MONEY MARKET FUNDS LISTED ON THE PERSHING WEBSITE.

If you are at least the age of 70 ½ this year, your statement has a required minimum distribution summary section which explains the amount you are required to withdraw for this year. Please take action immediately to ensure that your distribution is processed this year. If you have questions, please contact your investment professional or financial organization.

Note: Pershing LLC does not perform tax reporting for annuities linked to this account that are registered in your name, nor include the value of such annuities in the calculation displayed in the required minimum distribution summary of your brokerage account statement. Tax reporting for such annuities is the responsibility of the issuing insurance company.

Do not forget to make your annual contribution to your *Traditional or Roth IRA for 2010, if you are eligible. Contributions for the 2010 tax year must be made by the April 15, 2011, deadline. The maximum* contribution limit is $5,000 for 2010. Individuals aged 50 or older may also make an additional catch-up contribution of $1,000. When making your annual contribution, please indicate in writing the tax year for which the contribution should be applied.

Disclosure Regarding Securities Lending in Margin Accounts

If you have a margin account, pursuant to your Margin Agreement with Pershing LLC and as permitted by law, margin securities in your account, may be used for, among other things, settling short sales and lending the securities for short sales. As a result, Pershing and your financial organization may receive compensation in connection therewith. Further, Pershing does not lend fully-paid-for securities without your written permission. Please contact your financial organization if you have any questions.

Disclaimers and Other Important Information Regarding Your Required Minimum Distribution Summary

According to our records, you are required under federal tax law to take an annual minimum distribution from your retirement account. These required minimum distributions (RMDs) usually begin in the year you reach the age of 70 1/2. Failure to take the RMD when required may result in a 50% excise tax imposed on the amount you did not take.

You are allowed to take your RMD in cash or securities. For a distribution to be made, sufficient cash or securities must be available in your retirement account when we receive your distribution request and for subsequent distributions. If you changed your beneficiary after January 1 of this year and your new or prior beneficiary is your spouse who is more than ten years younger than you, you may need to recalculate the RMD amount stated above.

If you have more than one traditional individual retirement account (IRA), including SEP and SIMPLE IRAs, the RMD for these accounts can be aggregated and removed from a single traditional IRA. This exception does not apply to multiple qualified retirement plans (QRPs) such as profit sharing, money purchase pension, 401(k), and defined benefit plans. RMDs for QRPs must be removed from each QRP account.

NOTE: Any outstanding rollovers or recharacterizations that were not in your account on December 31 of the prior year should be added to your year-end fair market value for the previous year to calculate your RMD for the current year. Also, when taking your RMD, please consider any scheduled distribution amounts you have established which may allow you to automatically meet all or part of your RMD. Please contact us if you are interested in establishing instructions.

Using the information on our files, your RMD was determined by dividing your fair market value by a calculation factor determined by the Internal Revenue Service (IRS). The factor is based on your age at the end of the year and the age and relationship of your beneficiary(ies). We Strongly suggest that you verify this calculation with your tax professional, as there may be other pertinent information that could impact your RMD amount. To withdraw your RMD, contact your investment professional for the appropriate withdrawal form.

Cost Basis on fixed income securities is adjusted for amortization, accretion or principal paydowns. The method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. *In the event, one or more of these attributes is changed, there may be a temporary incorrect adjusted cost basis reflected until the portfolio system is amended to reflect this* change. These calculations will not be performed under certain circumstances, including those involving continuously callable bonds, foreign bonds, variable rates, bonds in default, index-linked bonds, bonds sold short or bonds that have a negative yield. This information is meant as a general guide and you should consult your tax advisor in the preparation of your tax returns.

3 The cost basis of securities positions acquired prior to the availability of the PORTFOLIO EVALUATION SERVICE for this account, or delivered into this account, has been provided to PERSHING by your financial institution, and we make no representation as to the accuracy of such cost basis.

5 Unrealized gains and losses are not reported for securities for which cost basis or market value is not available.

6 The Remaining Balance represents your current ownership amount in the listed Asset Backed Security. The Remaining Balance is calculated by multiplying the quantity by the Factor (paydown factor) which is published by FNMA, GNMA and other agencies, which could be changed by the agencies after the statement date. The Remaining Balance is multiplied by the Market Price to determine the Market Value.

Disclosures and Other Information

Pricing - Securities prices may vary from actual liquidation value. Prices shown should only be used as a general guide to portfolio value. Prices are received from various pricing services. However, pricing services are sometimes unable to provide timely information. Where pricing sources are not readily available, particularly on certain debt securities, estimated prices may be generated by a matrix system taking various factors into consideration. The pricing of listed options takes into account the last closing price, as well as the current bid and offer prices. Where securities have not been priced, such securities have not been included in the Asset Allocation information at the beginning of this statement.

The Estimated Price as of Date only appears when the price date does not equal the statement date.

Reinvestment - The dollar amount of Mutual Fund distributions, Money Market Fund dividend income, Bank Deposit interest income, or dividends for other securities shown on your Statement may have been reinvested. You will not receive confirmation of these reinvestments. However, information pertaining to these transactions which would otherwise appear on confirmations, including the time of execution and the name of the person from whom your security was purchased, will be furnished to you upon written request to your introducing firm. In dividend reinvestment transactions, Pershing acts as your agent and

Portfolio Holdings *(continued)*

receives payment for order flow, the source and nature of which payment will be furnished to you upon written request to your introducing firm.

Option Disclosure - Information with respect to commissions and other charges incurred in connection with the execution of option transactions has been included in confirmations previously furnished to you. A summary of this information is available to you promptly upon your written request directed to your introducing firm. In order to assist your introducing firm in maintaining current background and financial information concerning your option accounts, please promptly advise them in writing of any material change in your investment objectives or financial situation. Expiring options which are valuable are exercised automatically pursuant to the exercise by exception procedure of the Options Clearing Corporation. Additional information regarding this procedure is available upon written request to your introducing firm.

Foreign Currency Transactions - Pershing may execute foreign currency transactions as principal for your account. Pershing may automatically convert foreign currency to or from U.S. dollars for dividends and similar corporate action transactions unless you instruct your financial organization otherwise. Pershing's currency conversion rate will not exceed the highest interbank conversion rate identified from customary banking sources on the conversion date or the prior business day, increased by up to 1%, unless a particular rate is required by applicable law. Your financial organization may also increase the currency conversion rate. This conversion rate may differ from rates in effect on the date you executed a transaction, incurred a charge, or received a credit. Transactions converted by agents (such as depositories) will be billed at the rates such agents use.

Proxy Vote - Securities held by you on margin (securities not fully paid for by you) may be lent by Pershing to itself or others in accordance with the terms outlined in the Margin Agreement. The right to vote your shares held on margin will be reduced by the amount of shares on loan. The Proxy Voting Instruction Form sent to you may reflect a smaller number of shares entitled to vote than the number of shares in your margin account.

FEDERAL DEPOSIT INSURANCE CORPORATION (FDIC)-INSURED BANK DEPOSITS ARE NOT PROTECTED BY SECURITIES INVESTOR PROTECTION CORPORATION (SIPC). YOU MAY VIEW CURRENT MONEY MARKET FUND RATES BY VISITING WWW.PERSHING.COM AND SELECTING THE LINK AT THE BOTTOM OF THE PAGE TITLED "MONEY MARKET FUND AND FDIC INSURED BANK RATES AND BANK LISTS." PLEASE NOTE THAT WE MAY NOT OFFER ALL OF THE MONEY MARKET FUNDS LISTED ON THE PERSHING WEBSITE.

Note from Pershing LLC regarding estimated values on brokerage account statements

Pershing relies on external valuation vendors for estimated, periodic valuation and market price information that is included in your brokerage account statement. From time to time, this information is not available or is not received in time for posting to your brokerage account statement, resulting in a valuation or market price of N/A or Not Available. Please contact your investment professional for current information regarding your investments and account statement.

Messages *(continued)*

For owners of auction rate securities, please note that many auction rate securities have become illiquid due to current market conditions. As a result, it may not be possible to sell such securities at or near the estimated market price that is listed on your brokerage account statement.

Do not forget to make your annual contribution to your Traditional or Roth IRA for 2010, if you are eligible. Contributions for the 2010 tax year must be made by the April 15, 2011, deadline. The maximum contribution limit is $5,000 for 2010. Individuals aged 50 or older may also make an additional catch-up contribution of $1,000. When making your annual contribution, please indicate in writing the tax year for which the contribution should be applied.

If you are at least the age of 70 ½ this year, your statement has a required minimum distribution summary section which explains the amount you are required to withdraw for this year. Please take action immediately to ensure that your distribution is processed this year. If you have questions, please contact your investment professional or financial organization.

Note: Pershing LLC does not perform tax reporting for annuities linked to this account that are registered in your name, nor include the value of such annuities in the calculation displayed in the required minimum distribution summary of your brokerage account statement. Tax reporting for such annuities is the responsibility of the issuing insurance company.

Disclosure Regarding Securities Lending in Margin Accounts

If you have a margin account, pursuant to your Margin Agreement with Pershing LLC and as permitted by law, margin securities in your account, may be used for, among other things, settling short sales and lending the securities for short sales. As a result, Pershing and your financial organization may receive compensation in connection therewith. Further, Pershing does not lend fully-paid-for securities without your written permission. Please contact your financial organization if you have any questions.

Disclaimers and Other Important Information Regarding Your Required Minimum Distribution Summary
According to our records, you may already have satisfied your annual required minimum distribution from your retirement account. These required minimum distributions (RMDs) usually begin in the year you reach the age of 70 1/2. Failure to take the RMD when required may result in a 50% excise tax imposed on the amount you did not take.

You are allowed to take your RMD in cash or securities. For a distribution to be made, sufficient cash or securities must be available in your retirement account when we receive your distribution request and for subsequent distributions. If you changed your beneficiary after January 1 of this year and your new or prior beneficiary is your spouse who is more than ten years younger than you, you may need to recalculate the RMD amount stated above.
If you have more than one traditional individual retirement account (IRA), including SEP and SIMPLE IRAs, the RMD for these accounts can be aggregated and removed from a single traditional IRA. This exception does not apply to multiple qualified retirement plans (QRPs) such as profit sharing, money purchase pension, 401(k), and defined benefit plans. RMDs for QRPs must be removed from each QRP account.
NOTE: Any outstanding rollovers or recharacterizations that were not in your account on December 31 of the prior year should be added to your year-end fair market value for the previous year to calculate your RMD for the current year. Also, when taking your RMD, please consider any scheduled distribution amounts you have established which may allow you to automatically meet all or part of your RMD. Please contact us if you are interested in establishing instructions.

Using the information on our files, your RMD was determined by dividing your fair market value by a calculation factor determined by the Internal Revenue Service (IRS). The factor is based on your age at the end of the year and the age and relationship of your beneficiary(ies). We Strongly suggest that you verify this calculation with your tax professional, as there may be other pertinent information that could impact your RMD amount. To withdraw your RMD, contact your investment professional for the appropriate withdrawal form.

Cost Basis on fixed income securities is adjusted for amortization, accretion or principal paydowns. The method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. In the event, one or more of these attributes is changed, there may be a temporary incorrect adjusted cost basis reflected until the portfolio system is amended to reflect this change. These calculations will not be performed under certain circumstances, including those involving continuously callable bonds, foreign bonds, variable rates, bonds in default, index-linked bonds, bonds sold short or bonds that have a negative yield. This information is meant as a general guide and you should consult your tax advisor in the preparation of your tax returns.

[3] The cost basis of securities positions acquired prior to the availability of the PORTFOLIO EVALUATION SERVICE for this account, or delivered into this account, has been provided to PERSHING by your financial institution, and we make no representation as to the accuracy of such cost basis.

[5] Unrealized gains and losses are not reported for securities for which cost basis or market value is not available.

[6] The Remaining Balance represents your current ownership amount in the listed Asset Backed Security. The Remaining Balance is calculated by multiplying the quantity by the Factor (paydown factor) which is published by FNMA, GNMA and other agencies, which could be changed by the agencies after the statement date. The Remaining Balance is multiplied by the Market Price to determine the Market Value.

Disclosures and Other Information

Pricing - Securities prices may vary from actual liquidation value. Prices shown should only be used as a general guide to portfolio value. Prices are received from various pricing services. However, pricing services are sometimes unable to provide timely information. Where pricing sources are not readily available, particularly on certain debt securities, estimated prices may be generated by a matrix system taking various factors into consideration. The pricing of listed options takes into account the last closing price, as well as the current bid and offer prices. Where securities have not been priced, such securities have not been included in the Asset Allocation information at the beginning of this statement.

The Estimated Price as of Date only appears when the price date does not equal the statement date.

Reinvestment - The dollar amount of Mutual Fund distributions, Money Market Fund dividend income, Bank Deposit interest income, or dividends for other securities shown on your Statement may have been reinvested. You will not receive confirmation of these reinvestments. However, information pertaining to these transactions which would otherwise appear on confirmations, including the time of execution and the name of the person from whom your security was purchased, will be furnished to you upon written request to your introducing firm. In dividend reinvestment transactions, Pershing acts as your agent and receives payment for order flow, the source and nature of which payment will be furnished to you upon written request to your introducing firm.

Option Disclosure - Information with respect to commissions and other charges incurred in connection with the execution of option transactions has been included in confirmations previously furnished to you. A summary of this information is available to you promptly upon your written request directed to your introducing firm. In order to assist your introducing firm in maintaining current background and financial information concerning your option accounts, please promptly advise them in writing of any material change in your investment objectives or financial situation. Expiring options which are valuable are exercised automatically pursuant to the exercise by exception procedure of the Options Clearing Corporation. Additional information regarding this procedure is available upon written request to your introducing firm.

Foreign Currency Transactions - Pershing may execute foreign currency transactions as principal for your account. Pershing may automatically convert foreign currency to or from U.S. dollars for dividends and similar corporate action transactions unless you instruct your financial organization otherwise. Pershing's currency conversion rate will not exceed the highest interbank conversion rate identified from customary banking sources on the conversion date or the prior business day, increased by up to 1%, unless a particular rate is required by applicable law. Your financial organization may also increase the currency conversion rate. This conversion rate may differ from rates in effect on the date you executed a transaction, incurred a charge, or received a credit. Transactions converted by agents (such as depositories) will be billed at the rates such agents use.

Proxy Vote - Securities held by you on margin (securities not fully paid for by you) may be lent by Pershing to itself or others in accordance with the terms outlined in the Margin Agreement. The right to vote your shares held on margin will be reduced by the amount of shares on loan. The Proxy Voting Instruction Form sent to you may reflect a smaller number of shares entitled to vote than the number of shares in your margin account.

The Schedule of Realized Gains and Losses is not reported to the IRS. This Schedule may not reflect all cost basis adjustments necessary for tax reporting purposes; for example, it does not reflect disallowed losses from wash sale events. Adjustments to cost basis may have been made for prior income received and subsequently reclassified by the issuer as a return of capital. Typically these adjustments are received after year-end and there may be differences in cost basis reflected on your monthly client brokerage statement at year end versus any subsequent reports or online displays you may have available to you. Return of capital information has been obtained from sources we believe to be reliable.

When you report your cost basis on your tax return, it should be verified with your own records. In particular, there may be other adjustments which you need to make and you should consult with your tax advisor in order to properly report your gain or loss for tax purposes. Pershing shall not be responsible for and makes no representations or warranties with respect to the accuracy of any information that you report to the IRS or other taxing authorities, and, accordingly, disclaims any and all liability that may arise with respect to your use and reliance on the information provided herein for such reporting.

Cost Basis on fixed income securities is adjusted for amortization, accretion or principal paydowns. The method of calculation is based upon the type of fixed income security and certain attributes, obtained from sources believed to be reliable. In the event, one or more of these attributes is changed, there may be a temporary incorrect adjusted cost basis reflected until the portfolio system is amended to reflect this change. These calculations will not be performed under certain circumstances, including those involving continuously callable bonds, foreign bonds, variable rates, bonds in default, index-linked bonds, bonds sold short or bonds that have a negative yield. This information is meant as a general guide and you should consult your tax advisor in the preparation of your tax returns.

[2]Realized gains and losses are not reported for securities for which cost basis or proceeds are not available.

FEDERAL DEPOSIT INSURANCE CORPORATION (FDIC)-INSURED BANK DEPOSITS ARE NOT PROTECTED BY SECURITIES INVESTOR PROTECTION CORPORATION (SIPC). YOU MAY VIEW CURRENT MONEY MARKET FUND RATES BY VISITING WWW.PERSHING.COM AND SELECTING THE LINK AT THE BOTTOM OF THE PAGE TITLED "MONEY MARKET FUND AND FDIC INSURED BANK RATES AND BANK LISTS." PLEASE NOTE THAT WE MAY NOT OFFER ALL OF THE MONEY MARKET FUNDS LISTED ON THE PERSHING WEBSITE.

Note from Pershing LLC regarding estimated values on brokerage account statements
Pershing relies on external valuation vendors for estimated, periodic valuation and market price information that is included in your brokerage account statement. From time to time, this information is not available or is not received in time for posting to your brokerage account statement, resulting in a valuation or market price of N/A or Not Available. Please contact your investment professional for current information regarding your investments and account statement.

For owners of auction rate securities, please note that many auction rate securities have become illiquid due to current market conditions. As a result, it may not be possible to sell such securities at or near the estimated market price that is listed on your brokerage account statement.

Do not forget to make your annual contribution to your Traditional or Roth IRA for 2010, if you are eligible. Contributions for the 2010 tax year must be made by the April 15, 2011, deadline. The maximum contribution limit is $5,000 for 2010. Individuals aged 50 or older may also make an additional catch-up contribution of $1,000. When making your annual contribution, please indicate in writing the tax year for which the contribution should be applied.

In accordance with federal regulations, individual retirement account (IRA) participants, with the exception of Roth IRAs, who are the age of 70 ½ or older must take their required minimum distribution (RMD) for the year in which they reach age 70 ½ and each calendar year thereafter. RMD amounts must be distributed by December 31 of each year except for IRA participants who turn 70 ½ during the current year. These participants may delay their current year RMD until April 1 of the following year. Beginning in January, your RMD information will be included in your IRA account statement. Should you need to have your

current year RMD amount calculated prior to receiving this information, please contact your investment professional or financial organization for assistance with your calculation request. With the exception of inherited IRAs, we will inform the Internal Revenue Service (IRS) of all IRA participants who are required to take an RMD from their IRA.

Disclosure Regarding Securities Lending in Margin Accounts

If you have a margin account, pursuant to your Margin Agreement with Pershing LLC and as permitted by law, margin securities in your account, may be used for, among other things, settling short sales and lending the securities for short sales. As a result, Pershing and your financial organization may receive compensation in connection therewith. Further, Pershing does not lend fully-paid-for securities without your written permission. Please contact your financial organization if you have any questions.

TERMS AND CONDITIONS

GENERAL INFORMATION

1. All orders and transactions shall be solely for your account and risk shall be subject to the constitution, rules, regulations, customs, usages, rulings and interpretations of the exchange or market and the clearing facility, if any, where the transactions are executed and/or settled, or if applicable, of the Financial Industry Regulatory Authority and to all applicable laws and regulations.
2. Whenever you are indebted to Pershing LLC ("Pershing") for any amount, all securities held by it for you in any account in which you have any interest shall secure all your liabilities to Pershing, and Pershing may in its discretion at any time, without tender, demand or notice to you, close or reduce any or all of your accounts by public or private sale or purchase or both of all or any securities carried in such accounts; any balance remaining due Pershing to be promptly paid by you.
3. Whenever you are indebted to Pershing for any amount, all securities carried for your account are or may be, without further notice to you, loaned or pledged by Pershing, either separately or under circumstances which will permit the commingling thereof, with other securities for any amount less than, equal to or greater than your liabilities to Pershing, but not under circumstances for an amount prohibited by law.
4. Title to securities sold to you, where Pershing has acted as principal, shall remain with Pershing until the entire purchase price is received or until the settlement date, whichever is later.
5. Any free credit balance carried for your account represents funds payable upon demand which, although properly accounted for on Pershing's books of record, are not segregated and may be used in the conduct of its business.
6. You may have received confirmations for transactions which do not appear on your statement. If so, the transactions will appear on your next periodic statement. Such transactions must be considered by you when computing the value of your account. This is especially true if you have written options which have been exercised.
7. If you maintain a margin account, this is a combined statement of your general account and a special memorandum account maintained for you under Regulation T of the Board of Governors of the Federal Reserve System. The permanent record of the separate account as required by Regulation T is available for your inspection upon request.
8. Interest charged on debit balances in your account appears on the statement. The rate of interest and period covered are indicated. The rate may change from time to time due to fluctuations in money rates or other reasons. Interest is computed as described in material previously furnished to you. Please contact your financial institution if you desire additional copies.
9. A financial statement of Pershing is available for your personal inspection at Pershing's offices. *A copy of it will be mailed upon your written request or you can view it online* at Pershing.com.
10. This statement should be retained for your records.
11. Dividends, interest and other distributions shown on this statement were classified as taxable or nontaxable based on certain information known as of the distribution date. This classification is subject to change and is solely intended for use as general information. After year end, Pershing is required to provide tax information to the Internal Revenue Service and other governmental authorities. At that time Pershing will provide that information on the annual tax information statement to you; use that statement to prepare your tax filings. The tax statement also includes other useful information to assist in accumulating the data to prepare your tax returns.
12. **Pershing does not provide tax, investment or legal advisory services and no one associated with Pershing is authorized to render such advice. Do not rely upon any such advice, if given. Investors are encouraged to consult their tax advisors to determine the appropriate tax treatment of their business.**
13. Pershing provides account protection for the net equity of securities positions and cash held in your account. Of this total, the Securities Investor Protection Corporation (SIPC) provides $500,000 of coverage, including $100,000 for claims for cash. Pershing provides additional protection on terms similar to SIPC for account net equity in excess of $500,000 through a commercial insurer. The account protection applies when a SIPC member firm fails financially and is unable to meet obligations to securities clients, but it does not protect against losses from the rise and fall in the market value of investments.
14. Pershing may trade for its own account as a market maker, specialist, odd lot dealer, block positioner, arbitrageur or investor. Consequently, at the time of any transaction you may make, Pershing may have a position in such securities, which position may be partially or completely hedged.
15. If average price transaction is indicated on the front of this statement your financial institution or Pershing may have acted as principal, agent or both. Details available upon request.
16. This statement will be deemed conclusive and an account stated unless you advise Pershing in writing of any objection to it within ten days after receipt. Any such objection should be sent to Pershing at One Pershing Plaza, Jersey City, NJ 07399, Attn: Compliance.
17. You are advised to report promptly any inaccuracy or discrepancy in your account (including unauthorized trading) to your financial organization and Pershing, the custodian of your account. Please be advised that any oral communication should be re-confirmed in writing to further protect your rights, including your rights under the Securities Investor Protection Act. Your financial organization's contact information can be found on the first page of this statement. Pershing's contact information is as follows: Pershing LLC; Legal Department; One Pershing Plaza; Jersey City, New Jersey 07399; (201) 413-3330. **ERRORS AND OMISSIONS EXCEPTED.**

PORTFOLIO HOLDINGS

This section includes the net market value of the securities in your account on a settlement date basis, including short positions, at the close of the statement period. The market prices have been obtained from quotation services, which we believe to be reliable; however, we cannot guarantee their accuracy. Securities for which a price is not available are marked "N/A" and are omitted from the Total.

The estimated annual income (EAI) and estimated current yield (ECY) figures are estimates and for informational purposes only. These figures are not considered to be a forecast or guarantee of future results. These figures are computed using information from providers believed to be reliable, however, no assurance can be made as to the accuracy. Since interest and dividend rates are subject to change at any time, and may be affected by current and future economic, political, and business conditions, they should not be relied on for making investment, trading, or tax decisions. These figures assume that the position quantities, interest and dividend rates, and prices remain constant. A capital gain or return of principal may be included in the figures for certain securities, thereby overstating them. Refer to www.pershing.com/business_continuity.html for specific details as to formulas used to calculate the figures. Accrued interest represents interest earned but not yet received.

THE ROLE OF PERSHING

Pershing carries your account as clearing broker pursuant to a clearing agreement with your financial institution. Pershing may accept from your financial institution without inquiry or investigation *(i) orders for the purchase and sale of securities and other property and (ii) any* other instructions concerning your account. Pershing is not responsible or liable for any acts or omissions of your financial institution or its employees and it does not supervise them. Pershing provides no investment advice nor does it assess the suitability of any transaction or order. Pershing acts as the agent of your financial institution and you agree that you will not hold Pershing or any person controlling or under common control with it liable for any investment losses incurred by you.

Pershing performs several key functions at the direction of your financial institution. It acts as custodian for funds and securities you may deposit with it directly or through your financial institution or that it receives as the result of securities transactions it processes. Inquiries concerning the positions and balances in your account may only be directed to the **Pershing Customer Service Department at (201) 413-3333.** All other inquiries regarding your account or activity should be directed to your financial institution. For a description of other functions performed *by Pershing please consult the Disclosure Statement provided to you upon the* opening of your account.

Your financial institution is responsible for adherence to the securities laws, regulations and rules which apply to it regarding its own operations and the supervision of your account, its sales representatives and other personnel. Your financial institution is also responsible for approving the opening of accounts and obtaining account documents; the acceptance and, in certain instances, execution of securities orders; the assessment of the suitability of those transactions, where applicable; the rendering of investment advice, if any, to you and in general, for the ongoing relationship that it has with you.

Pershing may capture and store data about you such as your financial information and investment objectives. However, Pershing is not reviewing this information and evaluating whether your investments comport with your financial status and objectives and you hereby release Pershing from *any liability to do so. Similarly, Pershing may capture and store information about whether a broker* or an introducing firm is registered in a given state. You hereby release Pershing from any liability to review this data or to evaluate whether a particular security is registered or exempt from registration in your State.

This notice is not meant as a definitive enumeration of every possible circumstance, but as a general disclosure. If you have any questions regarding this notice or if you would like additional copies of the Disclosure Statement, please contact your financial institution.

PAYMENT FOR ORDER FLOW PRACTICES

The following statement is provided to you as required by Rule 11Ac1-3 of the Securities Exchange Act of 1934.

Pershing sends certain equity orders to exchanges, Electronic Communication Networks, or broker-dealers during normal business hours and during extended trading sessions. Certain of these venues provide payments to Pershing or charge access fees to Pershing depending upon the characteristics of the order and any subsequent execution. In addition, Pershing may execute certain equity orders as principal. The details of these payments and fees are available upon written request. Pershing receives payments for directing listed options order flow to certain option exchanges. Compensation is generally in the form of a per option contract cash payment. For a listing of organizations that pay Pershing for order flow, please refer to www.orderroutingdisclosure.com.

Best Execution: Notwithstanding the previous paragraph regarding payment for order flow, Pershing selects certain market centers to provide execution of over-the-counter and exchange-listed securities transactions which agree to accept orders, transmitted electronically up to a specified size, and to execute them at or better than the national best bid or offer (NBBO). On certain larger orders, or if the designated market centers do not make a market in the subject security, Pershing directly contacts market centers to obtain an execution. The designated market centers to which orders are automatically routed are selected based on the consistent high quality of their executions in one or more market segments and their ability to provide opportunities for executions at prices superior to the NBBO. If an order for an exchange-listed security is not immediately executable on the exchange to which it is routed, such order may be represented in the national marketplace using the various means available for price discovery. Pershing also regularly reviews reports for quality of execution purposes.

IMPORTANT ARBITRATION DISCLOSURES

- All parties to this agreement are giving up the right to sue each other in court, including the right to a trial by jury, except as provided by the rules of the arbitration forum in which a claim is filed.
- Arbitration awards are generally final and binding; a party's ability to have a court reverse or modify an arbitration award is very limited.
- The ability of the parties to obtain documents, witness statements and other discovery is generally more limited in arbitration than in court proceedings.
- The arbitrators do not have to explain the reason(s) for their award.
- The panel of arbitrators will typically include a minority of arbitrators who were or are affiliated with the securities industry.
- The rules of some arbitration forums may impose time limits for bringing a claim in arbitration. In some cases, a claim that is ineligible for arbitration may be brought in court.
- The rules of the arbitration forum in which the claim is filed, and any amendments thereto, shall be incorporated into this agreement.

IMPORTANT ARBITRATION AGREEMENT

Any controversy between you and us shall be submitted to arbitration before the financial industry regulatory authority or any other national securities exchange on which a transaction giving rise to the claim took place (and only before such exchange).

No person shall bring a putative or certified class action to arbitration, nor seek to enforce any *predispute arbitration agreement against any person who has initiated in court a putative* class action, who is a member of a putative class who has not opted out of the class with respect to any claims encompassed by the putative class action until: (i) the class certification is denied; (ii) the class is decertified; or (iii) the customer is excluded from the class by the court. Such forbearance to enforce an agreement to arbitrate shall not constitute a waiver of any rights under this agreement except to the extent stated herein. The laws of the State of New York govern.

If any of the above Terms and Conditions are unacceptable to you, please notify Pershing immediately in writing by certified mail to One Pershing Plaza, Jersey City, NJ 07399, Attn: Compliance.
