	BLOCK A **Asset and/or Income Source** Identify (a) each asset held for investment or production of income with a fair market value exceeding $1,000 at the end of the reporting period, and (b) any other reportable asset or sources of income which generated more than $200 in "unearned" income during the year. Provide complete names of stocks and mutual funds (do not use ticker symbols.) For all IRAs and other retirement plans (such as 401(k) plans) provide the value for each asset held in the account that exceeds the reporting thresholds. For rental or other real property held for investment, provide a complete address or a description, e.g., "rental property," and a city and state. For an ownership interest in a privately-held business that is not publicly traded, state the name of the business, the nature of its activities, and its geographic location in Block A. Exclude: Your personal residence, including second homes and vacation homes (unless there was rental income during the reporting period); any deposits totaling $5,000 or less in a personal checking or saving accounts; and any financial interest in, or income derived from, a federal retirement program, including the Thrift Savings Plan. If you so choose, you may indicate that an asset or income source is that of your spouse (SP) or dependent child (DC), or is jointly held with your spouse (JT), in the optional column on the far left. For a detailed discussion of Schedule III requirements, please refer to the instruction booklet.	BLOCK B **Year-End Value of Asset** Indicate value of asset at close of reporting year. If you use a valuation method other than fair market value, please specify the method used. If an asset was sold during the reporting year and is included only because it generated income, the value should be "None." * This column is for assets held solely by your spouse or dependent child.	BLOCK C **Type of Income** Check all columns that apply. For retirement accounts that do not allow you to choose specific investments or that generate tax-deferred income (such as 401(k) plans or IRAs), you may check the "None" column. Dividends, interest, and capital gains, even if reinvested, must be disclosed as income. Check "None" if the asset generated no income during the reporting period.	BLOCK D **Amount of Income** For assets for which you checked "Tax-Deferred" in Block C, you may check the "None" column. For all other assets, indicate the category of income by checking the appropriate box below. Dividends, interest, and capital gains, even if reinvested, must be disclosed as income. Check "None" if no income was earned or generated. * This column is for income generated by assets held solely by your spouse or dependent child.	BLOCK E **Transaction** Indicate if asset had purchases (P), sales (S), or exchanges (E) exceeding $1,000 in reporting year.
