Second Quarter 2015 Recap

If the first quarter was punctuated by a flurry of central-bank actions, the second quarter was notable for its subdued activity as central banks mostly held course.

The U.S. consumer continued to make headway, as the unemployment rate fell to 5.3% in June, the lowest point in seven years. Consumer spending in May had the biggest monthly increase in six years, as personal income jumped 0.5%.

Investors were caught up in a whirlwind, which included both volatility and surprising countertrend movements. Market reaction to the U.S. Federal Reserve's (Fed) June policy statement was a bit counterintuitive. Despite the Fed maintaining that the first interest-rate hike could come in September, equity prices pushed higher, bond yields fell and the dollar weakened to five-month lows. The large divergence between the Fed's projection and what futures traders are expecting suggests that financial markets are vulnerable to a significant rise in volatility.

If you have purchased the RetireOne Transamerica II annuity for your IRA account, you will receive a supplemental custodial statement for this asset.

Custodian: SEI Private Trust Company (SPTC), Oaks, PA 19456-1099. If you are using our Personal Trust Services, SPTC may also be acting as a full discretion trustee, an investment directed trustee, or an agent for trustee for your account. SPTC is a wholly owned subsidiary of SEI Investments.

Stated performance returns are calculated at the Account level other than for accounts held through the SEI Managed Accounts Program, in which case performance returns are calculated at the sub-account level and no performance returns are provided for assets held outside of the co-advised strategy. Gross performance is calculated gross of taxes and gross of fees. Other performance return types are calculated net of the referenced fees or taxes. Manager Fees refers to fees charged by SEI Investments Management Corporation (SIMC) by contract when providing investment management services. Financial Professional Fees mean the fees of the Financial Professional Firm that is not affiliated with SIMC. The tax rate is assigned at account opening and may be subsequently adjusted upon instruction from your Financial Professional. Please contact your Financial Professional if you have questions.
