SCHEDULE A – ASSETS & "UNEARNED INCOME"

Name: JONATHAN E LEWIS

BLOCK A — Assets and/or Income Sources

Identify (a) each asset held for investment or production of income and with a fair market value exceeding $1,000 at the end of the reporting period, and (b) any other reportable asset or source of income which generated more than $200 in "unearned" income during the year.

Provide complete names of stocks and mutual funds (do not use only ticker symbols).

For all IRAs and other retirement plans (such as 401(k) plans) provide the value for each asset held in the account that exceeds the reporting thresholds.

For bank and other cash accounts, total the amount in all interest-bearing accounts. If the total is over $5,000, list every financial institution where there is more than $1,000 in interest-bearing accounts.

For rental and other real property held for investment, provide a complete address or description, e.g., "rental property," and a city and state.

For an ownership interest in a privately-held business that is not publicly traded, state the name of the business, the nature of its activities, and its geographic location in Block A.

Exclude: Your personal residence, including second homes and vacation homes (*unless* there was rental income during the reporting period); and any financial interest in, or income derived from, a federal retirement program, including the Thrift Savings Plan.

If you report a privately-traded fund that is an Excepted Investment Fund, please check the "EIF" box.

If you so choose, you may indicate that an asset or income source is that of your spouse (SP) or dependent child (DC), or jointly held with anyone (JT), in the optional column on the far left.

For a detailed discussion of Schedule A requirements, please refer to the instruction booklet.

BLOCK B — Value of Asset

Indicate value of asset at close of the reporting period. If you use a valuation method other than fair market value, please specify the method used.

If an asset was sold during the reporting period and is included only because it generated income, the value should be "None."

*Column M is for assets held by your spouse or dependent child in which you have no interest.

BLOCK C — Type of Income

Check all columns that apply. For accounts that generate tax-deferred income (such as 401(k), IRA, or 529 accounts), you may check the "Tax-Deferred" column. **Dividends, interest, and capital gains, even if reinvested, must be disclosed as income for assets held in taxable accounts.** Check "None" if the asset generated no income during the reporting period.

BLOCK D — Amount of Income

For assets for which you checked "Tax-Deferred" in Block C, you may check the "None" column. For all other assets indicate the category of income by checking the appropriate box below. **Dividends, interest, and capital gains, even if reinvested, must be disclosed as income for assets held in taxable accounts.** Check "None" if no income was earned or generated.

*Column XII is for assets held by your spouse or dependent child in which you have no interest.
